Communities in Action - National Academies of Sciences, Engineering, and Medicine 2017-04-27

In the United States, some populations suffer from far greater disparities in health than others. Those disparities are caused not only by fundamental differences in health status across segments of the population, but also because of inequities in factors that impact health status, so-called determinants of health. Only part of an individual's health status depends on his or her behavior and choice; community-wide problems like poverty, unemployment, poor education, inadequate housing, poor public transportation, interpersonal violence, and decaying neighborhoods also contribute to health inequities, as well as the historic and ongoing interplay of structures, policies, and norms that shape lives. When these factors are not optimal in a community, it does not mean they are intractable: such inequities can be mitigated by social policies that can shape health in powerful ways. *Communities in Action: Pathways to Health Equity* seeks to delineate the causes of and the solutions to health inequities in the United States. This report focuses on what communities can do to promote health equity, what actions are needed by the many and varied stakeholders that are part of communities or support them, as well as the root causes and structural barriers that need to be overcome.

[I Love Jesus, But I Want to Die](#) - Sarah J. Robinson 2021-05-11

A compassionate, shame-free guide for your darkest days “A one-of-a-kind book . . . to read for yourself or give to a struggling friend or loved one without the fear that depression and suicidal thoughts will be minimized, medicalized or over-spiritualized.”—Kay Warren, cofounder of Saddleback Church What happens when loving Jesus doesn't cure you of depression, anxiety, or suicidal thoughts? You might be crushed by shame over your mental illness, only to be told by well-meaning Christians to “choose joy” and “pray more.” So you beg God to take away the pain, but nothing eases the ache inside. As darkness lingers and color drains from your world, you're left wondering if God has abandoned you. You just want a way out. But there's hope. In *I Love Jesus, But I Want to Die*, Sarah J. Robinson offers a healthy, practical, and shame-free guide for Christians struggling with mental illness. With unflinching honesty, Sarah shares her story of battling depression and fighting to stay alive despite toxic theology that made her afraid to seek help outside the church. Pairing her own story with scriptural insights, mental health research, and simple practices, Sarah helps you reconnect with the God who is present in our deepest anguish and discover that you are worth everything it takes to get better. Beautifully written and full of hard-won wisdom, *I Love Jesus, But I Want to Die* offers a path toward a rich, hope-filled life in Christ, even when healing doesn't look like what you expect.

Never Let Me Go - Sachin Garg 2012

[No Way! Okay, Fine](#) - Brodie Lancaster 2017-06-27

"Brodie is whip smart; merging pop-culture references with vulnerable, personal experiences to create a collection that reads like a hilarious catch-up call with an old friend. What a pleasure to hear from this fresh, extremely relevant point of view." Abbi Jacobson, CO-CREATOR / WRITER / STAR of *BROAD CITY* "I wish Brodie was the voice of my inner monologue; narrating me through life with her fierce intelligence and never-ending pop culture references. Instead, I'll just settle for this extremely relatable, unashamedly funny, powerful and beautifully vulnerable book *No Way! Okay, Fine.*" - Courtney Barnett, ARIA award winning and Grammy nominated songwriter and musician. 'I identified early on that my role in relationships was the sidekick, the platonic female cast member in an all-male production, or the friend who was relied on selectively when other options were unavailable. I was the comic relief or the stand-in, never the lead. I knew this, I felt it, I wrote it down, but I didn't dare say it aloud because that would prove that I cared and caring wasn't cool.' From the small town in regional Australia where she was told that 'girls can't play the drums' to New York City and back again, Brodie has spent her life searching screens, books, music and magazines for bodies like hers, girls who loved each other, and women who didn't follow the silent instructions to shrink or hide that they've received since literal birth. This is the story of life as a young woman through the lenses of feminism and pop culture. Brodie's story will make you re-evaluate the power of pop culture in our lives - and maybe you will laugh and cry along the way. 'Brodie Lancaster is a thoughtful and patient writer, and this book is a generous, deep dive into her psyche. Brodie's thoughts about her body, her friends and lovers, her choices and fears are all presented with the same staccato blast of pop culture touchstones, and if you love boy bands/the internet/reality television/the Gilmore Girls/literally every other thing that is good in the world, you will adore this book.' - Emma Straub, bestselling author of *THE VACATIONERS* and *MODERN LOVERS*.

[Getting Over the X](#) - Steve Brookstein 2014-10-31

It was the stuff dreams were made of. It became the ultimate nightmare. Being the first winner of the X Factor in 2004, Steve Brookstein should have had it all. Instead, he tells a story of a man sold down the river by his own record label as they championed the runner-up, G4, and forced him into an album of cover songs. This is the story of what really happened, from vicious personal attacks by Sharon Osborne and Louis Walsh to threats from Max Clifford about going public. A decade on, and Max Clifford is inside and severely discredited. So, too was Andy Coulson, an editor who ran many of the untrue stories about Steve. He has been dubbed a pub singer, a fake, a flop and bitter as the narrative that begun on the show became adopted by journalists who thought he was fair game, frequently reviewing gigs that they hadn't been to or inventing quotes he hadn't said, and always regulated by a toothless Press Complaints Commission. Ten years on, Steve is now able to lift the lid on the show itself and analyse for the first time exactly what Max Clifford said when he rang to say, 'Talk to the press and we'll bury you.'

Practical Ethics - Peter Singer 2011-02-21

For thirty years, Peter Singer's Practical Ethics has been the classic introduction to applied ethics. For this third edition, the author has revised and updated all the chapters and added a new chapter addressing climate change, one of the most important ethical challenges of our generation. Some of the questions discussed in this book concern our daily lives. Is it ethical to buy luxuries when others do not have enough to eat? Should we buy meat from intensively reared animals? Am I doing something wrong if my carbon footprint is above the global average? Other questions confront us as concerned citizens: equality and discrimination on the grounds of race or sex; abortion, the use of embryos for research and euthanasia; political violence and terrorism; and the preservation of our planet's environment. This book's lucid style and provocative arguments make it an ideal text for university courses and for anyone willing to think about how she or he ought to live.

Tulisa - Sean Smith 2012-09-13

Tulisa Contostavlos is the most remarkable new star in the country today. She was an eleven-year-old schoolgirl when her Uncle Byron offered her £20 to be the singer in a new band with son Dappy and his friend Fazer. She held out for £50 and started on a rollercoaster ride to fame that led to her becoming an 'overnight' sensation on The X Factor. Tulisa is the first biography of a girl determined to leave behind a life in which underage sex, smoking weed, drinking cider and bullying were the norm. Her love of music and an unswerving desire to make money, buy a house of her own and drive a sports car provided her with the incentive to escape. The UK's leading celebrity biographer, Sean Smith, has discovered that behind the tough exterior and dazzling smile is a funny, loyal and sensitive young woman. He has travelled to the leafy streets of fashionable Belsize Park in North West London to uncover the truth about her upbringing, her relationship with her musician father, who left home when she was nine, and the mother who abandoned a singing career because of ongoing mental health problems, and whom Tulisa says she loves 'with all my heart.' He tells the story of N-Dubz and their mentor 'Uncle B', who tragically died on the threshold of their

success. They rose to become one of the most popular bands in the UK without ever capturing a mainstream audience, but their American adventure ended in disappointment. Tulisa describes her failed love affairs, her mercurial relationship with controversial cousin Dappy, her bond with sometime boyfriend Fazer and a cast of characters including Chipmunk, Tinchy Stryder and Mr Hudson, who make up the urban music scene she embraced. The book relives her X Factor triumph as mentor to the winners Little Mix, her feud with fellow judge Kelly Rowland, her fashion triumphs and disasters and her brave response to the online release of a sex tape. Tulisa is the gripping and inspirational story of how a lonely and bullied young girl transformed herself into 'The Female Boss' - a role model for a generation.

Beautiful for Ever - Helen Rappaport 2012

Madame Rachel had everything: a Mayfair address, the title of 'purveyor to Her Majesty the Queen', a shop full of exotic, expensive creams and potions. Her clientele were aristocratic, rich - and gullible. This is the true story of a woman who began life as a poor fish fryer in a disease-ridden, grubby corner of Victorian London. She ended up with a shop in New Bond Street, where her wealthy clients came in their droves, lured by the promise of eternal beauty. What they found there was a con-woman and fraudster who made a career out of lies, treachery and the desperate hopes of women wanting to be 'beautiful for ever'. Beautiful

For Ever also tells of the beginnings of the cosmetics industry, when women paid to be 'enamelled' with a paste of white lead that lasted up to a year, and of a society on the brink of change and modernity. It's a thrilling tale of love affairs, scandal, blackmail, high-profile court cases, suicide and fraud, with the extraordinary Madame Rachel right at the centre of it all. 'A remarkable story...Rappaport handles her scandalous Victorian melodrama with energy and aplomb, and produces a richly entertaining portrait of the seamy side of 19th century society' Daily Mail 'Admirable... Madame Rachel's story, which has been superbly researched by Rappaport, is intriguing in itself [and] sheds a fascinating light on the ladies of Victorian society' Daily Telegraph

This review evaluates work to date and sets out how Prevent will be implemented in the future. Specifically Prevent will aim to: respond to the ideological challenge of terrorism and the threat we face from those who promote it; prevent people from being drawn into terrorism and ensure that they are given appropriate advice and support; and work with sectors and institutions where there are risks of radicalization which need to be addressed
