Rival - Penelope Douglas 2014-08-26

From the BookTok sensation and New York Times bestselling author of Bully and Falls Boys comes the third novel in the Fall Away series. Two estranged teenagers play games that push the boundaries between love and war.... For the two years she was away at boarding school, Madoc had no word from Fallon. Back when they lived in the same house, she used to cut him down during the day and then leave her door open for him at night. Now he's ready to beat her at her own game.... Fallon can tell that Madoc still wants her, even if he acts like he's better than her. But she won't be scared away. Or pushed down. She'll call his bluff and fight back. That's what he wants right? As long as she keeps her guard up, he'll never know how much he affects her....

Medical Terminology - Barbara A. Gyls 1999-02

Each chapter in the volume features outlines, objectives, line drawings, pronunciation keys and worksheets for immediate feedback. The book uses word-building and the body-systems approach to teach terminology. Medical records sections relate the content to real-life situations.

Facial Palsy - Chieh-Han John Tzou 2021-05-27

This book offers a comprehensive overview of the surgical techniques available in reconstruction of the paralyzed face. It is divided into six parts. The first part introduces the topic of facial palsy, and the following parts provide detailed information on facial nerve reconstruction techniques, management of eye closure and smile reanimation. The book highlights symmetrization techniques and synkinesis and presents innovations and new frontiers in facial palsy. Written by an international group of experts who are committed to maintaining high standards and service in treating this condition and improving outcomes, it is a valuable source of information for clinicians and practitioners in plastic and reconstructive surgery, neurosurgeons and oral-and-maxillofacial surgeons, but also useful for researchers in this field.

The Benzo Book - Jack Hobson-Dupont 2006-06-01

FROM THE BACK COVER: Are you--or is someone you care about--taking tranquilizers or sleeping pills? You could be at risk of addiction without even knowing it. Benzos are the most commonly prescribed tranquilizers and sleeping pills, in use by millions of people. Doctors prescribe these drugs routinely without ever warning patients that regular use may cause a dangerous dependency. For many people, Benzos are much harder to quit than heroin, cocaine, crack and other illegal substances, even when taken under a physician's supervision. Benzo Withdrawal may last for months, even years. Get the facts about the drugs in your medicine cabinet--facts the pharmaceutical companies, and even the FDA, don't want you to know. The Benzo Book recounts the author's experience as an unwitting addict, with full details about minimizing withdrawal symptoms, and exposes the sociological, medical and economic factors which cause this widespread--yet largely unknown--problem.

She Came to Stay - Simone de Beauvoir 2006

Set in Paris on the eve of World War II, and sizzling with love, anger and revenge, "She Came to Stay" explores the changes wrought in the soul of a woman and a city soon to fall.

Nursing Care in Pediatric Respiratory Disease - Concettina Tolomeo 2012-01-03

Pediatric respiratory disorders are responsible for a number of acute and chronic health conditions and are a leading cause of pediatric emergency room visits and hospitalizations. More than ever, nurses and nurse practitioners must have an understanding of the anatomy, pathophysiology, diagnosis and state of the art treatments in pediatric respiratory disease as they are often the first to come in contact with and recognize respiratory problems in children. Nursing Care in Pediatric Respiratory Disease seeks to provide both nurses and nurse practitioners with this information in order to aid them in the diagnosis and treatment of children suffering from acute and chronic respiratory disorders. Nursing Care in Pediatric Respiratory Disease opens with an overview of the anatomy and physiology of the respiratory system, best practices for assessing respiratory symptoms in children, and common respiratory therapies and treatment methods. It then proceeds through an examination of varying acute and chronic upper and lower respiratory diseases spanning from asthma and cystic fibrosis to vocal cord paralysis and sinusitis in both hospital and ambulatory settings. Nursing Care in Pediatric Respiratory Disease provides nurses and other health care providers with a comprehensive and practical resource which allows them to collaborate and advocate more effectively, as well as educate both the family and child in management of respiratory disorders.

The Ultimate Guide To Choosing a Medical Specialty - Brian Freeman 2004-01-09

The first medical specialty selection guide written by residents for students! Provides an inside look at the issues surrounding medical specialty selection, blending first-hand knowledge with useful facts and statistics, such as salary information, employment data, and match statistics. Focuses on all the major specialties and features firsthand portrayals of each by current residents. Also includes a guide to personality characteristics that are predominate with practitioners of each specialty. "A terrific mixture of objective information as well as factual data make this book an easy, informative, and interesting read." -- Review from a 4th year Medical Student

History & Arts of the Dominatrix - Anne O Nomis 2013-12-18

The academic book on the history of the Dominatrix through the ages, with meticulous research from libraries and museums. From the ancient Dominatrix Goddess Inanna - Ishtar, the 17th - 19th Century Governess Dominatrix, the 20th Century 'Bizarre' ladies. Lastly Nomis theory on the Dominatrix's practices as the 'Seven Realm Arts'.

Men Are from Mars, Women Are from Venus: A Practical Guide for Improving Communication and Getting What You Want in Your Relationships - John Gray 2012-02-02

Now available as an ebook for the first time, the legendary relationships guide that mothers recommend to their daughters, friends give as gifts and brothers steal from their sisters, MEN ARE FROM MARS AND WOMEN ARE FROM VENUS is inarguably the definitive book on having a happy relationship.

Camus and Sartre - Ronald Aronson 2004-01-03

Until now it has been impossible to read the full story of the relationship between Albert Camus and Jean-Paul Sartre. Their dramatic rupture at the height of the Cold War, like that conflict itself, demanded those caught in its wake to take sides rather than to appreciate its tragic complexity. Now, using newly available sources, Ronald Aronson offers the first book-length account of the twentieth century's most famous friendship and its end. Albert Camus and Jean-Paul Sartre first met in 1943, during the German occupation

of France. The two became fast friends. Intellectual as well as political allies, they grew famous overnight after Paris was liberated. As playwrights, novelists, philosophers, journalists, and editors, the two seemed to be everywhere and in command of every medium in post-war France. East-West tensions would put a strain on their friendship, however, as they evolved in opposing directions and began to disagree over philosophy, the responsibilities of intellectuals, and what sorts of political changes were necessary or possible. As Camus, then Sartre adopted the mantle of public spokesperson for his side, a historic showdown seemed inevitable. Sartre embraced violence as a path to change and Camus sharply opposed it, leading to a bitter and very public falling out in 1952. They never spoke again, although they continued to disagree, in code, until Camus's death in 1960. In a remarkably nuanced and balanced account, Aronson chronicles this riveting story while demonstrating how Camus and Sartre developed first in connection with and then against each other, each keeping the other in his sights long after their break. Combining biography and intellectual history, philosophical and political passion, Camus and Sartre will fascinate anyone interested in these great writers or the world-historical issues that tore them apart.

177 Mental Toughness Secrets of the World Class - Steve Siebold 2010

Is it possible for a person of average intelligence and modest means to ascend to the throne of the world class? The answer is YES! Not only is it possible - it's being done everyday. This book shows you how. 177 takes you inside the thought processes, habits and philosophies of the world's greatest performers.

Beauvoir in Time - Meryl Altman 2020

"Beauvoir in Time situates Simone de Beauvoir's *The Second Sex* in the historical context of its writing and in later contexts of its international reception, from then till now. The book takes up three aspects of Beauvoir's work more recent feminists find embarrassing: "bad sex," "dated" views about lesbians, and intersections with race and class. Through close reading of her writing in many genres, alongside contemporaneous discourses (good and bad novels in French and English, outmoded psychoanalytic and sexological authorities, ethnographic surrealism, the writing of Richard Wright and Franz Fanon), and in light of her travels to the U.S. and China, the author uncovers insights more recent feminist methodologies obscure, showing Beauvoir is still good to think with today"--

Adult and Family Nurse Practitioner Certification Examination - Jill E. Winland-Brown 2009-01-01

The authors provide some excellent tools for teaching a venipuncture class though small, is complete in its coverage of topics related to phlebotomy. The unit on blood collection and venipuncture equipment is very thorough. . . Respiratory Care, review of the 1st Edition. Perfect for intensive one- or two-day phlebotomy courses! This user-friendly text concentrates on the crucial skills of blood specimen collection. . . making it a cost-effective, compact learning tool for cross training and continuing education.

Domme Chronicles - Sharyn Ferns 2013-12-16

This anthology of true life vignettes offers intimate glimpses into hot BDSM play between a female dominant and her boy. It includes passionate moments that cover the gamut of play: teasing, denial, chastity, flogging, caning, pegging, slapping, and much more. It also includes incredibly sweet exchanges full of tenderness and ownership, lots of kissing, laughter, affection, and silliness. "Your breaths come hard and fast. I bite you relentlessly, thrusting up against you from behind. Every new attack makes you wince and moan, but still you push back against me until I am shoving you up against the wall, tearing at your

skin like I am going to devour you."

Childhood Cancer Survivors - Nancy Keene 2014-03-01

More than 325,000 children, teens, and adults in the United States are survivors of childhood cancer. The surgery, radiation, chemotherapy, and stem cell transplants used to cure children can affect growing bodies and developing minds. If survivors know of these potential problems, they can take steps to identify, cope with, or treat them early if they do develop. The third edition of *Childhood Cancer Survivors* charts the territory for survivors by providing state-of-the-art information about: " Medical late effects from treatment " Emotional aspects of surviving cancer " Schedules for follow-up care " Challenges in the health-care system " Lifestyle choices to maximize health " Discrimination in employment or insurance Woven throughout the text are stories from more than 100 survivors and parents. Authors Keene, Hobbie, and Ruccione are experts in the field of childhood cancer. Keene is the mother of a survivor of childhood leukemia and the author of several books including *Childhood Leukemia*, *Childhood Cancer*, *Educating the Child with Cancer*, and *Chemo, Crazyness & Comfort*. Hobbie is Associate Director of the Cancer Survivorship Program at Children's Hospital of Philadelphia. Ruccione is Co-Director of the HOPE (Hematology-Oncology Psychosocial and Education) Program in the Children's Center for Cancer and Blood Diseases at Children's Hospital Los Angeles.

Winningham and Preusser's Critical Thinking Cases in Nursing - Barbara A. Preusser 2009

A collection of case studies for nursing students and practitioners offers 148 examples that foster creative thinking skills in medical-surgical, pediatric, maternity and psychiatric situations.

The Second Sex - Simone de Beauvoir 1997

Of all the writing that emerged from the existentialist movement, Simone de Beauvoir's groundbreaking study of women will probably have the most extensive and enduring impact. It is at once a work of anthropology and sociology, of biology and psychoanalysis, from the pen of a writer and novelist of penetrating imaginative power. *THE SECOND SEX* stands, five decades after its first appearance, as the first landmark in the modern feminist upsurge that has transformed perceptions of the social relationship of man and womankind in our time

Pediatric Decision-Making Strategies E-Book - Albert J. Pomeranz 2015-01-08

Designed to accompany Nelson Textbook of Pediatrics and Nelson Essentials of Pediatrics, *Pediatric Decision-Making Strategies* is a concise, user-friendly reference uses a unique algorithmic approach to facilitate diagnosis, testing, and basic treatment of common pediatric disorders. For any given symptom, an algorithm guides the reader through the appropriate investigative procedures and lab tests to reach definitive diagnoses. An updated format that enhances usability makes this medical reference book a must-have for medical students, residents, and practitioners treating pediatric patients. Explore concise, focused, and updated algorithms that cover the most common pediatric problems. Gain imperative knowledge from an expert author team that includes Dr. Robert M. Kliegman (of the Nelson line of textbooks), as well as references to related chapters in both Nelson Textbook of Pediatrics and Nelson Essentials of Pediatrics. Quickly access important information with a new standard format and trim size for practicality and usability. Consult this title on your favorite e-reader.
