*This Is How You Lose the Time  
War* - Amal El-Mohtar  
2019-07-16

Two time-traveling agents from  
warring futures, working their  
way through the past, begin to  
exchange letters—and fall in  
love in this thrilling and  
romantic book from award-  
winning authors Amal El-  
Mohtar and Max Gladstone. In  
the ashes of a dying world, Red  
finds a letter marked “Burn  
before reading. Signed, Blue.”  
So begins an unlikely

correspondence between two  
rival agents in a war that  
stretches through the vast  
reaches of time and space. Red  
belongs to the Agency, a post-  
singularity technotopia. Blue  
belongs to Garden, a single  
vast consciousness embedded  
in all organic matter. Their  
pasts are bloody and their  
futures mutually exclusive.  
They have nothing in  
common—save that they’re the  
best, and they’re alone. Now  
what began as a battlefield  
boast grows into a dangerous  
game, one both Red and Blue  
are determined to win. Because  
winning’s what you do in war.  
Isn’t it? A tour de force  
collaboration from two  
powerhouse writers that spans  
the whole of time and space.  
[The Space Dust Of Me Will  
Whisper "I Love You" Into The  
Infinity Of The Universe](#) -  
Eleanor Friedman Da

*When the Dust Settles* - Lucy Easthope 2022-03-31  
THE SUNDAY TIMES  
BESTSELLER A RADIO 4  
BOOK OF THE WEEK CHOSEN  
AS A BOOK OF THE YEAR BY  
THE TELEGRAPH AND THE  
NEW STATESMAN "A  
marvellous book" Rev Richard  
Coles "Gripping... filled with  
compassion." Sunday Times  
"Remarkable... hopeful and  
uplifting." Mail on Sunday "An  
antidote to despair" Daily  
Mirror "Enthralling... vivid and  
humane" Observer  
"Exemplary" New Statesman  
When a plane crashes, a bomb  
explodes, a city floods or a  
pandemic begins, Lucy  
Easthope's phone starts to  
ring. Lucy is a world-leading  
authority on recovering from  
disaster. She holds  
governments to account,  
supports survivors and helps

communities to rebuild. She  
has been at the centre of the  
most seismic events of the last  
few decades, advising on  
everything from the 2004  
tsunami and the 7/7 bombings  
to the Grenfell fire and the war  
in Ukraine. Lucy's job is to pick  
up the pieces and get us ready  
for what comes next. Lucy  
takes us behind the police tape  
to scenes of chaos, and into  
government briefing rooms  
where confusion can reign. She  
also looks back at the many  
losses and loves of her life and  
career, and tells us how we can  
all build back after disaster.  
When the Dust Settles lifts us  
up, showing that humanity,  
hope and humour can - and  
must - be found on the darkest  
days.

**Baby Dust** - Deanna Roy  
2011-08-07

From the USA Today  
Bestselling author of *Forever  
Innocent* comes this novel  
about surviving loss. The five  
women sitting in the circle of  
chairs all had great dreams of  
motherhood. Then their babies  
died. Melinda sees blood on the  
floor every day after her loss.

on 2023-07-08 by guest

Dot believes the wrath of God caused her baby to die. Teenage Tina is trolling internet dating sites for a father for another baby, and Janet's failure to cry means her wedding is off. Stella, the support group leader, must help them while facing the old choices that cost her ever having a family of her own. Based on the stories of dozens of real survivors, *Baby Dust* is a moving tribute to the strength of mothers who must endure this impossible loss.

**Immortal Stars** - J M Wise  
2020-06-22

A two part book of a poet whose soul has been a masochist, sadist, and has been on both sides of the love spectrum. The first part includes over 130 poems induced with intense illustrations. The second part contains two creative non-fiction, vivid, and poetically enhanced novelettes that are chronologically inclined.

*Love And Space Dust Volume II*  
- David Jones 2022-01-29

A long awaited sequel to the international best seller *Love*

*And Space Dust, Volume II* continues the journey into the stars. Heartfelt poetry of raw emotion, *Love And Space Dust II* brings the narrative of the first volume to a conclusion. It's a story of healing, of hope, of searching for true love and how, in the infinite cosmos, through galaxies and time, soulmates always find each other. David Jones is an internationally best selling author of six poetry books and a novella. He runs the popular @storydj Instagram account which is followed by over a quarter of a million poetry lovers from around the world.

*In a Cloud of Dust* - Alma Fullerton 2015-03-16

In a Tanzanian village school, Anna struggles to keep up. Her walk home takes so long that when she arrives, it is too dark to do her homework. Working through the lunch hour instead, she doesn't see the truck from the bicycle library pull into the schoolyard. By the time she gets out there, the bikes are all gone. Anna hides her disappointment, happy to help her friends learn to balance

Downloaded from  
[legacy.opendemocracy.net](https://legacy.opendemocracy.net)  
on 2023-07-08 by guest

and steer. She doesn't know a compassionate friend will offer her a clever solution—and the chance to raise her own cloud of dust. Brought to life by Brian Deines' vivid oil paintings, Alma Fullerton's simple, expressive prose captures the joy of feeling the wind on your face for the first time. Inspired by organizations like The Village Bicycle Project that have opened bicycle libraries all across Africa, *In a Cloud of Dust* is an uplifting example of how a simple opportunity can make a dramatic change in a child's life.

**Loud World, Quiet Thoughts**

- David Jones 2019-10-10

From the author of the best selling poetry collection *Love And Space Dust* and the writer behind the internationally famous poetry account @storydj comes a book about love, heartbreak, life - and how to survive all three amongst the noise of our modern world. *Loud World, Quiet Thoughts* is divided into two parts. The first consists of short prose, aphorisms and quotes focused on the deafening noise of the

modern world; of social media, of television, and pressure. It embodies the endless anxiety of contrasting voices and white noise so loud that it drowns out our own thoughts. The second consists of beautiful poetry drawn from our quietest thoughts and the depths of our souls, thoughts about love and heartbreak and, most of all, hope. Above all else, *Loud World, Quiet Thoughts* is a book about reconciling the secret spaces of your heart with the white noise of the world outside.

**Love And Space Dust - MR**

DAVID. JONES 2014-04-25

"...*Love & Space Dust* is a poetry anthology exploring love and eternity. Timeless poetry of feeling and emotion, *Love & Space Dust* carries readers on a journey through love, life and relationships, and then far beyond, into the stars and the far flung galaxies, where all that remains of the feelings we once felt and the lives we once lived is love and space dust."-- Back cover.

Dust - Joseph A. Amato 2001

A history of dust, discussing

Downloaded from  
[legacy.opendemocracy.net](http://legacy.opendemocracy.net)  
on 2023-07-08 by guest

dust's role as a condition of life and as a measure of the small until the beginning of the twentieth century.

*Dust* - Hugh Howey 2016

Wool introduced the world of the silo. Shift told the story of its creation. Dust will describe its downfall.

*Love as the Stars Went Out* - David Jones 2015-05-13

From the author of 'Love and Space Dust' and 'Could You Ever Live Without?', 'Love as the Stars Go Out' is a collection of poetry from the end of the world. Poems of love, feeling and emotion, the collection encompasses all of life, and even beyond.

*A General Theory of Love* - Thomas Lewis 2007-12-18

This original and lucid account of the complexities of love and its essential role in human well-being draws on the latest scientific research. Three eminent psychiatrists tackle the difficult task of reconciling what artists and thinkers have known for thousands of years about the human heart with what has only recently been learned about the primitive

functions of the human brain. A General Theory of Love demonstrates that our nervous systems are not self-contained: from earliest childhood, our brains actually link with those of the people close to us, in a silent rhythm that alters the very structure of our brains, establishes life-long emotional patterns, and makes us, in large part, who we are.

Explaining how relationships function, how parents shape their child's developing self, how psychotherapy really works, and how our society dangerously flouts essential emotional laws, this is a work of rare passion and eloquence that will forever change the way you think about human intimacy.

**Moonlight and You** - David Jones 2017-04-30

"You were never my dream to dream." Moonlight And You is not only about dreams, but what remains of those dreams after the dawn, and what is left of our wildest hopes, our most vivid fantasies and our fairytale loves. The book explores themes of love, relationships,

Downloaded from  
[legacy.opendemocracy.net](http://legacy.opendemocracy.net)  
on 2023-07-08 by guest

heartbreak and loss but also hope, and the search for happiness. Its setting is ethereal night's beneath the moon, when time stands still and anything in the world seems possible. Moonlight And You blurs the boundaries between love, dreams and reality. It delves into our dreams, and how we might hold onto them after the embers of the dawn. David Jones is the author of the best selling Love And Space Dust, Could You Ever Live Without, Highway Heart, Love As The Stars Went Out, and Death's Door.

**The Space Dust Of Me Will Whisper "I Love You" Into The Infinity Of The Universe**

- Carly Long Da 2019-06-04  
Only \$6.99! Perfect Journal, Diary, Notebook - Amazing design and high quality cover and paper. - Matte Cover. - Perfect size 6x9" - No Spiral - Use it as a journal, note taking, composition notebook, makes a great gift!

*Highway Heart* - David Jones  
2016-04-27

Highway Heart is a collection

of poetry, with over one hundred original poems on love, relationships, life and the universe. The theme is journeys - the travel we undertake in life, the type of internal travel which traces roads inside our hearts. Half an exploration of the difficulties in finding the correct road in life, and half a bitter sweet celebration of the myriad of strange, exciting, heartbreaking and unexpected paths we discover for ourselves, 'Highway Heart' is above all else the poetic tale of a journey.

**Star Dust** - Emma Barry  
2015-10-14

A divorcee searching for her new normal gets tangled up in the Space Race—and the astronaut next door. Houston, 1962 Anne-Marie Smith wanted normal: a loving husband, two beautiful kids, and a well-kept house. But when she catches her husband cheating, she decides that normal isn't worth it. Now in a new city with a new job, she's trying to find her new normal—but she knows it doesn't include the

on 2023-07-08 by guest

sexy playboy astronaut next door. Commander Kit Campbell has a taste for fast: fast cars, fast planes, and even faster women. But no ride he's ever taken will be as fast as the one he's taking into orbit. He's willing to put up with the prying adoration of an entire country if it will get him into space. But Anne-Marie and Kit's inconvenient attraction threatens both normal and fast. As the space race heats up, his ambitions and their connection collide and combustion threatens their plans... and their hearts. space race romance, astronaut hero, divorced heroine, military romance, 1960s romance, mad men romance, moon race romance, navy officer hero, aviator hero

**Evaluating the Biological Potential in Samples**

**Returned from Planetary Satellites and Small Solar System Bodies**

- National Research Council 1998-10-14

For the first time since the Apollo program, NASA and space agencies abroad have plans to bring samples to Earth

from elsewhere in the solar system. There are missions in various stages of definition to gather material over the next decade from Mars, an asteroid, comets, the satellites of Jupiter, and the interplanetary dust. Some of these targets, most especially Jupiter's satellites Europa and Ganymede, now appear to have the potential for harboring living organisms. This book considers the possibility that life may have originated or existed on a body from which a sample might be taken and the possibility that life still exists on the body either in active form or in a form that could be reactivated. It also addresses the potential hazard to terrestrial ecosystems from extraterrestrial life if it exists in a returned sample. Released at the time of the International Committee on Space Research General Assembly, the book has already established the basis for plans for small body sample retruns in the international space research community.
