Attached - Amir Levine 2012-01-05

“Over a decade after its publication, one book on dating has people firmly in its grip.” —The New York Times We already rely on science to tell us what to eat, when to exercise, and how long to sleep. Why not use science to help us improve our relationships? In this revolutionary book, psychiatrist and neuroscientist Dr. Amir Levine and Rachel Heller scientifically explain why some people seem to navigate relationships effortlessly, while others struggle. Discover how an understanding of adult attachment—the most advanced relationship science in existence today—can help us find and sustain love. Pioneered by psychologist John Bowlby in the 1950s, the field of attachment posits that each of us behaves in relationships in one of three distinct ways: • Anxious people are often preoccupied with their relationships and tend to worry about their partner's ability to love them back • Avoidant people equate intimacy with a loss of independence and constantly try to minimize closeness. • Secure people feel comfortable with intimacy and are usually warm and loving. Attached guides readers in determining what attachment style they and their mate (or potential mate) follow, offering a road map for building stronger, more fulfilling connections with the people they love.

The School of Life business coach Samantha Clarke is on hand to help you navigate the difficult world of modern work and show you how to find a role you love and not be afraid to step away from a job that doesn't bring you joy. The Art of Living Alone and Loving It - Jane Mathews 2018-04-24

Whether you view living alone as the ultimate compromise or the ultimate luxury, it presents daily challenges, such as cooking for one, organising holidays, juggling finances, and avoiding the siren call of wine, Ugg boots and Netflix. And there are the less tangible tests, like nailing the octopus of loneliness to the wall, and holding your head high in a society where solo living is viewed (consciously or not) as the runner-up prize. Author Jane Mathews believes that to be truly content living alone, it pays to examine every aspect of your life-relationships, health, home, finances, interests and spirituality-and then take action. No matter what your unique situation, there's something here for you. Jane provides the map and you choose the route to a more joyful, contented life.

The Naked Marriage - Dave Willis 2019-02-12

"Now the man and his wife were both naked, but they felt no shame." (Genesis 2:25) Imagine a marriage with complete intimacy, vulnerability, transparency and trust. Imagine a marriage rooted in faith, friendship and mutual fulfillment. Imagine a marriage with amazing sex, but where great sex is only the icing on the cake. This might all sound too good to be true, but it's actually what God designed marriage to be, and He doesn't want you settling for anything less. Having a "Naked Marriage" is about much more than just nakedness in the bedroom (although that's part of the fun). It means being naked emotionally and spiritually as well as physically. It also means undressing all the misconceptions our culture has used to cover God's original, beautiful design for marriage and rediscovering all marriage can be. You and your spouse can have a thriving, Naked Marriage with a lifetime of love and laughter together. This book will show you how. About the Authors: Dave and Ashley Willis have become some of America's most trusted

teachers on marriage. Their books, blogs, videos and speaking events reach millions of couples worldwide. They are part of the team at XO Marriage and MarriageToday, which is the largest marriage-focused ministry in the USA. Dave and Ashley have four young sons and live near Dallas, TX.

Turn Your Mate into Your Soulmate - Arielle Ford 2015-12-29

Internationally bestselling author and relationship expert Arielle Ford offers the keys to re-discovering love, passion, respect, and renewed commitment, years after the simple act of falling in love and getting married. It's one thing to fall in love and get married. It is quite another thing to have a marriage you love. This is the true purpose of Turn Your Mate Into Your Soulmate. Author of the international bestseller *The Soulmate Secret*, Arielle Ford unlocks the wisdom learned in her own marriage along with expertise gleaned from friends and experts such as Harville Hendrix, John Gray, Dr. Helen Fisher, Neale Donald Walsch, and Marianne Williamson, to help readers find a happy middle ground between the rare, precious, and unattainable romantic notion of love, and the reality that happens when restlessness, anger, or disappointment set in and act as a stubborn barrier to happiness and fulfillment. Turn Your Mate into Your Soulmate explores and reveals: What love really is and is not, and how to infuse your life with richer, fulfilling love. Why we yearn to be connected to another person; Our soul and our sacred contracts around love. Why giving up perfectionism is the key to happiness. The purpose and benefits of marriage. Components of a healthy relationship. Moving beyond ourselves to infuse our relationships with God/Spirit/devotion. Breathing new life into old love by kick-starting the fun; Why changing partners may not be the answer and why re-envisioning the partner you have can be the path to happiness. Arielle lays the groundwork for the purpose and work needed for a healthy relationship, proving that marriage is not as simple as Happily Ever After—but that real love can be even better.

Deeper Dating - Ken Page 2014-12-30

With exercises, practical tools, and inspiring stories, Deeper Dating will guide you on a journey to find the love—and personal fulfillment—you long for. Lose weight. Be confident. Keep your partner guessing. At the end of the day, this soulless approach to dating doesn't lead to love but to insecurity and desperation. In Deeper Dating, Ken Page presents a new path to love. Out of his decades of work as a psychotherapist and his own personal struggle to find love, Page teaches that the greatest magnet for real love lies in our "Core Gifts"—the places of our deepest sensitivity, longing, and passion. Deeper Dating guides us to discover our own Core Gifts and empowers us to express them with courage, generosity, and discrimination in our dating life. When we do this, something miraculous happens: we begin to attract people who love us for who we are, we become more self-assured and emotionally available, and we lose our taste for relationships that chip away at our self-esteem. Without losing a pound, changing our hairstyle, or buying a single new accessory, we find healthy love moving closer . . . Deeper Dating integrates the best of human intimacy theory with timeless spiritual truths and translates them into a practical, step-by-step process.

How to Be Happy at Work - Annie McKee 2018-08-21

Life's too short to be unhappy at work "I'm working harder than I ever have, and I don't know if it's worth it anymore." If you're a manager or leader, these words have probably run through your mind. So many of us are feeling fed up, burned out, and unhappy at work: the constant pressure and stress, the unending changes, the politics--people feel as though they can't give much more, and performance is suffering. But it's work, after all, right? Should we even expect to be fulfilled and happy at work? Yes, we should, says Annie McKee, coauthor of the bestselling *Primal Leadership*. In her new transformative book, she makes the most compelling case yet that happiness--and the full engagement that comes with it--is more important than ever in today's workplace, and she sheds new light on the powerful relationship of happiness to individual, team, and organizational success. Based on extensive research and decades of experience with leaders, this book reveals that people must have three essential elements in order to be happy at work: A sense of purpose and the chance to contribute to something bigger than themselves A vision that is powerful and personal, creating a real sense of hope Resonant, friendly relationships With vivid and moving real-life stories, the book shows how leaders can use these powerful pillars to create and sustain happiness even when they're under pressure. By emphasizing purpose, hope, and friendships they can also ensure a healthy, positive climate for their teams and throughout the organization. How to Be Happy at Work deepens our understanding of what it means to be truly fulfilled and effective at work and provides clear,

practical advice and instruction for how to get there--no matter what job you have.
