Astrology and Sex - Vivian E. Robson 2005-03

Synastry is the branch of astrology that tells us how we relate to other people. How Joe relates to Mary & what Mary may think of that. In this complete, classic guide to astrology & relationships, Robson goes far beyond the usual "his planets vs: her planets." He studies the overall weight of the two charts, the fertility of the inner planets, the condition of the 7th house. He compares her-planets-to- his-planets as well as his-houses-to-her-houses. Robson considers how strongly the individual wants relationships - and how many, whether he/she will marry early or late - or not at all, the likelihood of children, the possibility of divorce. He gives rules for wedding dates. In an extraordinary appendix, he lists some 266 classified rules & aphorisms, culled from many ancient sources. This is perhaps the finest book ever written on astrology & relationships. About the author: Vivian Erwood Robson lived from 1890 to 1942. By trade he was a librarian. Like many librarians he had a natural bent for research, and, in his particular case, astrology. He studied ancient astrologers closely, including Ptolemy & William Lilly. His books on electional astrology, fixed stars, and relationships, are 20th century classics.

Rice and Beans for the Soul. Parte II - Alina A. Rubi 2022-12-04

We live in an age where our minds are rented and manipulated with bad news and trashy readings that affect our brains, our sensations, and moods. These virulent writings actively disrupt our decisions and program us to act out of fear. By limiting our ability to reason judiciously, we often issue opinions and make decisions on autopilot. Reading is the best food for the soul; it is very important to be selective with the type of information we feed our mind, because just as your physical health depends on the food you eat, your mental health is damaged if you subject it to toxic readings. Knowledge is vast, and this book brings you a diversity of topics which have been selected to nourish you correctly.

Note: I love rice and beans!
