**De strijd rond de waarheid  
over homoseksualiteit -**

Satinover, Jeffrey

Wat zegt de wetenschap nu eigenlijk echt? Psychiater Jeffrey Satinover onderzoekt wat daar in de massamedia over gezegd wordt. Veel van het onderzoek is ondeugdelijk, en het onderzoek dat wel deugdelijk is, zegt in de meeste gevallen dat homoseksualiteit te veranderen is: niemand wordt 'zo geboren'. Het model dat dr. Satinover ontwikkelde, is gebaseerd op de moderne wetenschap en op psychologische inzichten in gewoonten, dwanggedrag en verslaving. Homoseksualiteit is, schrijft hij, 'slechts een van de vele aandoeningen van de ziel, die deel uitmaken van onze gevallen natuur'. De door gelovigen gewaardeerde traditie en het moderne wetenschappelijke onderzoek ontmoeten elkaar in dit boek in

een verrassende nieuwe visie op een van de meest controversiele kwesties van onze tijd, niet alleen om medeleven te betonen, maar ook om hoop te geven aan hen die willen veranderen. 'Veruit de beste, meest uitgebreide en scherpe verhandeling over dit onderwerp die ik ooit heb gelezen.' - Roger Sider, MD, medisch directeur Pine Rest Hospital 'Uitmundend en goed geschreven. Een belangrijke stap voorwaarts in het verkrijgen van meer inzicht in homoseksualiteit en de mogelijkheid tot verandering.' - Alan P. Medinger (1936-2010), oud-president Regeneration Ministries 'Een briljante discussie over hoe onze maatschappij de joods-christelijke ethiek heeft vervangen door een moderne vorm van heidendom.' - Yarden Weidenfeld, directeur Toward Tradition

### Hoover's War on Gays -

Douglas M. Charles 2015-09-18

At the FBI, the “Sex Deviates” program covered a lot of ground, literally; at its peak, J. Edgar Hoover’s notorious “Sex Deviates” file encompassed nearly 99 cubic feet or more than 330,000 pages of information. In 1977-1978 these files were destroyed—and it would seem that four decades of the FBI’s dirty secrets went up in smoke. But in a remarkable feat of investigative research, synthesis, and scholarly detective work, Douglas M. Charles manages to fill in the yawning blanks in the bureau’s history of systematic (some would say obsessive) interest in the lives of gay and lesbian Americans in the twentieth century. His book, Hoover’s War on Gays, is the first to fully expose the extraordinary invasion of US citizens’ privacy perpetrated on a historic scale by an institution tasked with protecting American life. For much of the twentieth century, when exposure might mean nothing short of ruin, gay

American men and women had much to fear from law enforcement of every kind—but none so much as the FBI, with its inexhaustible federal resources, connections, and its carefully crafted reputation for ethical, by-the-book operations. What Hoover’s War on Gays reveals, rather, is the FBI’s distinctly unethical, off-the-books long-term targeting of gay men and women and their organizations under cover of “official” rationale—such as suspicion of criminal activity or vulnerability to blackmail and influence. The book offers a wide-scale view of this policy and practice, from a notorious child kidnapping and murder of the 1930s (ostensibly by a sexual predator with homosexual tendencies), educating the public about the threat of “deviates,” through WWII’s security concerns about homosexuals who might be compromised by the enemy, to the Cold War’s “Lavender Scare” when any and all gays working for the US government shared the fate of suspected Communist sympathizers.

Charles's work also details paradoxical ways in which these incursions conjured counterefforts—like the Mattachine Society; ONE, Inc.; and the Daughters of Bilitis—aimed at protecting and serving the interests of postwar gay culture. With its painstaking recovery of a dark chapter in American history and its new insights into seemingly familiar episodes of that story—involving noted journalists, politicians, and celebrities—this thorough and deeply engaging book reveals the perils of authority run amok and stands as a reminder of damage done in the name of decency.

Stand Strong America - Alex McFarland 2016-06-01

Americans are weary of the poor character and decisions of their leaders. Widespread corruption has led many to lose hope and succumb to fear. - Every day Americans nervously watch the national debt climb to a whopping \$20 trillion (with no solutions in sight). - Government bailouts are the norm, and entitlement

spending is out of control. - Civil unrest and racial divide intensify. - Drug use, porn obsession, and human trafficking increase. - Terrorist threats and attacks are a daily occurrence. - The exercise of free speech is becoming a thing of the past. Stand Strong America provides Americans real answers and courage to stand strong in the midst of uncertainty and fear—offering a vision of hope that reignites the fervor and courageous faith that existed when the republic of America was created. Authors Jason Jimenez and Alex McFarland chart the amazing story of how America became the greatest nation on earth and what Americans must do to regain that greatness. Be encouraged and empowered by this clear and invigorating message that will challenge you to love God, cherish freedom, pray for a better tomorrow, make a difference, and stand strong no matter the cost.

Front Porch Politics - Michael Stewart Foley 2013-09-17

"Reading this book revives the

spirit of civic action today for those who are unjustifiably forlorn about overcoming injustice."—Ralph Nader An on-the-ground history of ordinary Americans who took to the streets when political issues became personal The 1960s are widely seen as the high tide of political activism in the United States. According to this view, Americans retreated to the private realm after the tumult of the civil rights and antiwar movements, and on the rare occasions when they did take action, it was mainly to express their wish to be left alone by government—as recommended by Ronald Reagan and the ascendant New Right. In fact, as Michael Stewart Foley shows in *Front Porch Politics*, this understanding of post-1960s politics needs drastic revision. On the community level, the 1970s and 1980s witnessed an unprecedented upsurge of innovative and impassioned grass roots political activity. In Southern California and on the Lower East Side of Manhattan, tenants challenged landlords

with sit-ins and referenda; in the upper Midwest, farmers vandalized power lines and mobilized tractors to protect their land; and in the deindustrializing cities of the Rust Belt, laid-off workers boldly claimed the right to own their idled factories. Meanwhile, activists fought to defend the traditional family or to expand the rights of women, while entire towns organized to protest the toxic sludge in their basements. Recalling Love Canal, the tax revolt in California, ACT UP, and other crusades famous or forgotten, Foley shows how Americans were propelled by personal experiences and emotions into the public sphere. Disregarding conventional ideas of left and right, they turned to political action when they perceived, from their actual or figurative front porches, an immediate threat to their families, homes, or dreams. *Front Porch Politics* is a vivid and authoritative people's history of a time when Americans followed their outrage into the streets. Addressing today's readers, it

is also a field guide for effective activism in an era when mass movements may seem impractical or even passé. The distinctively visceral, local, and highly personal politics that Americans practiced in the 1970s and 1980s provide a model of citizenship participation worth emulating if we are to renew our democracy.

**The Home Maker** - Elisha-Rei Jacobs 2020-02-11

The family has been under scrutiny especially during the twentieth century; and exploded momentum-wise into the twenty first century where society's inclusivity not only found its way, but also attempt to some degree of success; alter God's divine blueprint of the components of a family. According to the scriptures; the components consist of the following and in the same order: a father, a mother and children. For example, society or what I would like to call "world pattern," now encourages young people to have children and live together

before getting married. The book addresses the roles of a man and a woman who are married to each other, further explains the role of a father and a mother should they decide to have children. The central message of the book is: When the children leave the house, they will take the home with them. The man (husband), is the disciplinarian, while the woman (home maker), provides the three N's; of Nourish Nurture and Nurse. In this study, I have come to realise that God wired women differently from man. There are scriptural evidences to show that women have the same strength as man if not more. A narrative I believe should be prominent in our conversations. For too long we assumed and continue to say that women are weak; when they are frequently reminded as such; they begin to believe and become vulnerable when threatened during domestic violent episodes. What is amazing, and also makes me an admirer and an advocate of women's strength, is the

amount of pain they withstand, during the assault, then deny it took place. The only way to at least minimise violence in the home; and provide a healthy and happy atmosphere for children to grow, is for God to build the house. Psalm 127:1 King James Version (KJV) 127 Except the Lord build the house, they labour in vain that build it: except the Lord keep the city, the watchman waketh but in vain.

### **Walking the Bridgeless**

**Canyon** - Kathy Baldock

2014-08-15

In 2001, Kathy Baldock, a straight conservative evangelical Christian, met Netto Montoya, a lesbian Native American, on the local hiking trails near her home in the Sierra Nevada Mountains. Their friendship challenged Baldocks cultural and religious beliefs about gay, lesbian, bisexual, and transgender people. In *Walking the Bridgeless Canyon: Repairing the Breach between the Church and the LGBT Community*, Baldock uncovers the historical, cultural,

medical, and political filters of discrimination through which the LGBT community is seen. With the foundation firmly established, she examines the most controversial filter of all: what the Bible says about same-sex behavior. Ten years of research, as well as relationships with thousands of gay, lesbian, bisexual, and transgender people, led to answering important questions: How did history, culture, science, and politics intertwine to create social discrimination against the gay and transgender community? When and why did the conservative Christian community turn their focus on the gay and transgender community? Should Christian fellowship be extended to gay and transgender people? Should civil marriages, or even Christian marriages, be granted to them? In 2001, Kathy Baldock, a straight conservative Evangelical Christian, met Netto Montoya, a lesbian Native American, on the local hiking trails near her home in the Sierra Nevada

Mountains. Their friendship challenged Baldock's cultural and religious beliefs about gay, lesbian, bisexual, and transgender people. In *Walking the Bridgeless Canyon: Repairing the Breach between the Church and the LGBT Community*, Baldock dissects the historical, cultural, medical, and political filters of discrimination through which the LGBT community is seen. With the foundation firmly established, she examines the most controversial filter of all: what the Bible says about same-sex behavior. Ten years of research, as well as relationships with thousands of gay, lesbian, bisexual, and transgender people, led to answering important questions: How do history, culture, science, and politics intertwine to create social discrimination against the gay and transgender community? When and why did the conservative Christian community turn their focus on the gay and transgender community? Should Christian fellowship be extended to gay and

transgender people? Should civil marriages, or even Christian marriages, be granted to them? What is happening within the LGBT Christian movement today? Baldock carefully constructs a timeline narrative as she untangles the details of various influences and influencers. Along the way, she shares fascinating stories and testimonies enriching the historical journey. Finally, for those who are wondering how they might enter into productive and respectful conversations about the intersection of faith and sexual orientation or gender identity, this book offers the resources and tools needed to make informed and wise, Christ-centered choices."

**Multiplying Identities** - Elizabeth Ann Armstrong 1998

*Analysing Identities in Discourse* - Rosana Dolón 2008

The discursive construction of identity is often under the control of the dominant forces in society and frequently results in forms of

manipulation and abuse. This awareness led to the celebration of the First International Conference on CDA (València 2004), where over three-hundred academics working in the field of Critical Discourse Analysis became actively engaged in this important issue. The seven studies included in this volume have been selected as representative of those areas of human experience that have been given most intellectual attention and considered to be in fact in need for critical unravelling. Ethnic categorization in multicultural classrooms, patriotic discourse construction in Chinese readers, the denial of Palestinian identity in schoolbooks, the diverse constructions of European identities, Arabs constructing themselves on the worldwide web, identity construction in sexual assault trials, the representations of a dangerous 'other' in cases of PLWHAs, are the contextual perspectives embraced in this book to account for forms of power

abuse in the discursive construction of identities.

### **Saving a Sick America -**

Michael L. Brown, PhD

2017-09-26

Nationally syndicated radio host and columnist Michael Brown provides a handbook for a biblically-based moral and cultural renaissance, revealing that the key to recapturing America's greatness consists in returning to our spiritual and moral roots. America is at a tipping point, and never has this been more apparent than right now. We are in danger of losing our spiritual and moral heritage, making many believe that we have fallen beyond the point of recovery. This book is here to say, that, yes, we have fallen. In fact, fallen much further than we realize, but that our country's best days are ahead—with the help of a radical, moral, and cultural revolution, beginning with the church. This book is a manual for the revolution. On all fronts, Americans are talking about the need for revolution, arguing from the left and the right that "the status quo must

go!” This book comes at just the right time, as people are wondering what in the world has happened to our country—from the homes to the college campuses, from the inner cities to the White House, from our national debt to the material found on our computers and TV screens. In clear, compelling prose, Brown covers topics ranging from the sexualization of pop culture to the dumbing down of our schools to the undermining of family structures to a pervasive culture of entitlement, while pointing consistently to the Bible’s solution to these issues. A radical call for reformation written with sobriety and hope, *Saving a Sick America* provides the inspiration and guidance necessary for a moral and cultural revolution.

### **Encyclopedia of Gay Histories and Cultures -**

George Haggerty 2013-11-05  
First Published in 2000.  
Routledge is an imprint of Taylor & Francis, an informa company.

Queer Callings - Mark D. Jordan 2023-11-07

A passionate exhortation to expand the ways we talk about human sex, sexuality, and gender. Twenty-five years ago, Mark D. Jordan published his landmark book on the invention and early history of the category “sodomy,” one that helped to decriminalize certain sexual acts in the United States and to remove the word sodomy from the updated version of a standard English translation of the Christian Bible. In *Queer Callings*, Jordan extends the same kind of illuminating critical analysis to present uses of “identity” with regard to sexual difference. While the stakes might not seem as high, he acknowledges, his newest history of sexuality is just as vital to a better present and future. Shaking up current conversations that focus on “identity language,” this essential new book seeks to restore queer languages of desire by inviting readers to consider how understandings of “sexual identity” have shifted—and continue to shift—over time. *Queer*

Callings re-reads texts in various genres—literary and political, religious and autobiographical—that have been preoccupied with naming sex/gender diversity beyond a scheme of LGBTQ+ identities. Engaging a wide range of literary and critical works concerned with sex/gender self-understanding in relation to “spirituality,” Jordan takes up the writings of Oscar Wilde, Marcel Proust, Djuna Barnes, Samuel R. Delany, Audre Lorde, Geoff Mains, Eve Kosofsky Sedgwick, Gloria Anzaldúa, Maggie Nelson, and others. Before it’s possible to perceive sexual identities differently, Jordan argues, current habits for classifying them have to be disrupted. In this way, Queer Callings asks us to reach beyond identity language and invites us to re-perform a selection of alternate languages—some from before the invention of phrases like “sexual identity,” others more recent. Tracing a partial genealogy for “sexual identity” and allied phrases, Jordan reveals that the terms are

newer than we might imagine. Many queer folk now counted as literary or political ancestors didn’t claim a sexual or gender identity: They didn’t know they were supposed to have one. Finally, Queer Callings joins the writers it has evoked to resist any remaining confidence that it’s possible to give neatly contained accounts of human desire. Reaching into the past to open our eyes to extraordinary opportunities in our present and future, Queer Callings is a generatively destabilizing and essential read.

*Outlasting the Gay Revolution* - Michael L. Brown 2023-11-23  
Outlasting the Gay Revolution is more than a prophetic proclamation that the gay revolution is destined for failure. As a revolutionary manifesto of sorts, and a wake-up call to the faithful and freedom-loving throughout the country, it lays out how and why the cultural tide of our country will ultimately turn. We must stand together for what is right and good by taking hold of these eight principles: Never

compromise your convictions;  
Take the high moral ground;  
Cherish sexual purity; Defend  
natural marriage; Celebrate  
gender distinctions; Propagate  
the truth; Turn to God; and  
Refuse to throw in the towel.  
*Encyclopedia of Lesbian and  
Gay Histories and Cultures* -  
Bonnie Zimmerman 2021-06-13  
A rich heritage that needs to be  
documented Beginning in  
1869, when the study of  
homosexuality can be said to  
have begun with the  
establishment of sexology, this  
encyclopedia offers accounts of  
the most important  
international developments in  
an area that now occupies a  
critical place in many fields of  
academic endeavors. It covers  
a long history and a dynamic  
and ever changing present,  
while opening up the academic  
profession to new scholarship  
and new ways of thinking. A  
groundbreaking new approach  
While gays and lesbians have  
shared many aspects of life,  
their histories and cultures  
developed in profoundly  
different ways. To reflect this  
crucial fact, the encyclopedia

has been prepared in two  
separate volumes assuring that  
both histories receive full,  
unbiased attention and that a  
broad range of human  
experience is covered. Written  
for and by a wide range of  
people Intended as a reference  
for students and scholars in all  
fields, as well as for the  
general public, the  
encyclopedia is written in user-  
friendly language. At the same  
time it maintains a high level of  
scholarship that incorporates  
both passion and objectivity. It  
is written by some of the most  
famous names in the field, as  
well as new scholars, whose  
research continues to advance  
gender studies into the future.  
Revolution - Michael L. Brown  
2020-10-06

A revolution of repentance by  
the power of the Holy Spirit is  
needed in the church to bring  
renewal to a hurting nation.  
After reading Revolution you  
will understand what a biblical  
revolution looks like and how  
to implement it, starting within  
your own heart, and going  
outward from there. This book  
is not a call to the violent

overthrow of the government, nor is it a call to take up arms, nor is it a call to political activism in and of itself. It is a call to something far more extreme, a call to live out the gospel with all its radical claims, a call for the people of God to impact this generation with the prophetic message of repentance, a call to spark the most sweeping counterculture movement in our nation's history, a call to take back the moral high ground that has been stolen from under our feet, a call to follow Jesus by life or by death. Revolution answers such questions as: What is the role of the Christian and the church during these tumultuous times? How are we to respond to the racial upheaval happening in our nation? What is the church's role in healing the divide in our fractured, divided country? Dr. Brown turns up the volume in this call to God's remnant people to pray, repent, and act according to the teachings of Jesus--who is calling us to holy revolution.

**Lgbt, Encyclopedia of Lesbian, Gay, Bisexual, and Transgender History in America: H.D. to queer theory** - Marc Stein 2004  
Online version of the 3-vol. work published by Gale providing a comprehensive survey of lesbian and gay history and culture in the United States.

**The Lavender Scare** - David K. Johnson 2023-03-22  
A new edition of a classic work of history, revealing the anti-homosexual purges of midcentury Washington. In *The Lavender Scare*, David K. Johnson tells the frightening story of how, during the Cold War, homosexuals were

considered as dangerous a threat to national security as Communists. Charges that the Roosevelt and Truman administrations were havens for homosexuals proved a potent political weapon, sparking a “Lavender Scare” more vehement and long-lasting than Joseph McCarthy’s Red Scare. Drawing on declassified documents, years of research in the records of the National Archives and the FBI, and interviews with former civil servants, Johnson recreates the vibrant gay subculture that flourished in midcentury Washington and takes us inside the security interrogation rooms where anti-homosexual purges ruined the lives and careers of thousands of Americans. This enlarged edition of Johnson’s classic work of history—the winner of numerous awards and the basis for an acclaimed documentary broadcast on PBS—features a new epilogue, bringing the still-relevant story into the twenty-first century. *Encyclopedia of Lesbian and Gay Histories and Cultures* -

[Jezebel's War With America](#) - Michael L. Brown 2019  
Jezebel died 3,000 years ago. But her spirit lives today.

Jezebel was the most wicked woman in the Bible, a powerful seductress who killed the prophets, led Israel into idolatry and immorality, and emasculated men. She was seductive and determined to snuff out the voices coming against her, because these voices were calling out for repentance. In twenty-first-century America, Jezebel is not a person. But it's as if the spirit of Jezebel is alive again today. The influence of the same demonic force is being felt in the massive increase of pornography and sexual temptation, the militant spirit of abortion, the rise of radical feminism, and most importantly, in the attempt to silence prophetic voices. Just as Jezebel clashed with strong men almost three thousand years ago, the demonic spirit of Jezebel is powerful in America, and it is going after the church. This eye-opening book not only unveils the satanic plot to destroy America, beginning with an all-out assault on the church, but it will equip every believer with tools to defeat the

enemy in their own personal lives as well as in the nation. This book will show you how the spirit of Jezebel is active in America today and teach you how to protect the church.

### **Jézabel harca Amerika ellen**

- Michael L. Brown 2021-07-05  
Jézabel királyné háromezer éve halott, de szelleme kísért A 21. század Amerikáját átjárja Jézabel szelleme. Háromezer évvel ezelőtt, Izraelben, Isten választottaival egy gonosz királyné szállt szembe. Ma ugyanez a szellem fenyegeti az amerikai kereszténységet. Michael L. Brown könyve ébresztő üzenet. Rávilágít,

miért életbevágó a hívőknek... - legyőzni az alattomosan beszivárogni akaró szexuális bűnöket - kiállni az egyetlen igaz Isten mellett, a boszorkányság és varázslás erőivel szemben - hallatni a hangunkat az abortusz gonoszságával szemben - ellenállni az erőszakos feminizmus nyomásának - ragaszkodni a nemek klasszikus - bibliai - meghatározásához Jézabel nem közeleg, hanem már eljött; és sajnos nagyon elégedett azzal, amit a világban tapasztal. De még nem jutottunk el a totális szellemi és erkölcsi mélypontra. Még mindig van lehetőség a megtérésre, egyéni és nemzeti szinten egyaránt! Bátran álljunk bele a szellemi-lelki megújulás isteni programjába, amely még egyedülálló lehet az emberiség történelmében!
