Seraph of the End: Guren Ichinose: Catastrophe at Sixteen (manga) 1 - Takaya Kagami 2023-07-25

How far would you go to get what you most desire? For Guren Ichinose, a fifteen-year-old magic user born into a lowly clan, that journey begins when he is forced to enroll at an academy run by his order's mortal enemies. There, while endlessly tormented by his insufferably privileged classmates, Guren must hide his true strength and weave his way through intrigue and deceit amid the rising winds of war. This all-new manga adaptation of the standalone light novel prequels to the hit manga *Seraph of the End* follows Guren as he takes his first steps toward inevitable calamity—the apocalypse that ushered in the reign of vampires. It is a tale of catastrophe, of star-crossed love, lies, and the search for an escape from destiny. How far will Guren go, and what-or whom-must he sacrifice for his ambitions?

Sixteen - S. A. Jarrett 2016-07-12

Kimi was very excited to turn sixteen; she really hoped it would mean change as she saw her life as pretty dull. Little did she know that, on the morning of her sixteenth birthday, she would wake up alone. She was not only alone but was also in a world where everything looked the same apart from the fact that there were no other people, the weather was nondescript, and there was no sound. The only thing that seemed normal was when Kimi returned to her bedroom. When she looked out of the window, she was able to see all the comings and goings of a normal day, but why couldn't anyone see her? Confused and alone, Kimi ended up in her best friend Claras house, where she finds out that a boy called Karl had exactly the same life as her. The bad news was that he was in a different country. The story developed as the two found a way to communicate but started to realize that very strange things were happening to them. Someone else was also trying to get in touch and had some life-changing information to share with them both.
