

Roll Against Regret A Geeklove Menage Romance 3d20

Charm the Geeks Allyson Lindt 2021-05-24 Jordan Chloe and I are notorious in the gaming world. Each new trade show stunt—from a fake marriage proposal to taking overbearing corporate egos down a notch—keeps us the us in the spotlight. When I'm arrested in front of the cameras for a crime I didn't commit, my boss discards me in favor of the next bad boy (but not too bad). Turns out there is such a thing as bad publicity. Chloe In our private lives, Jordan and I are just trying to get by, like anyone who hit adulthood being famous for their tentacle art and slash fiction. What would the public say if they knew their favorite naughty couple was vanilla in the bedroom? There are days I question if we deserve our reputation, and even more days where I wish we lived that life. Liz I should be content to be a modern day, corporate princess. My family name slips easily from tongues when people in this town talk about where the cash lives. But I'm desperate to define me. Chloe and Jordan offer me a night of exploration for all three of us, and wow the memories. But my name on top of theirs makes a feeding frenzy for the sharks. After all, in a world where scandal sells more advertising space than innovation, three people can't have a private happily ever after.

Author's Note: This book was previously released as *The Geeks and The Socialite*. It contains three people discovering who they are both in front of and behind the cameras. It's an FFM romance with all sorts of pairings—MF, FFM, and FF.

Control Games Allyson Lindt 2018-10-23 Julie is living her dream. She's opening a video-game themed cookie bouquet shop with her best friend. But even dreams come with stress and sleepless nights. Their primary investor, Dante, is as overbearing in real life as he is on his award winning cooking show. On the other hand, he's sexy as hell, and his boyfriend, Christopher, is as kind as he is a gorgeous, drool-worthy geek of a guy. She likes looking, but she'd rather have a hands-on experience. When the tension of trying to keep her business together threatens to tear Julie apart, Christopher's got a solution for teaching her to share the workload. If she can surrender control in the bedroom, it might help her delegate in the office. Is submission worth the cost? What starts as game where blindfolds and submission are the board pieces becomes more serious. Until Julie discovers that Dante and Christopher have kept a secret from her that shatters

her trust, leaving their hearts and jobs one move away from game over. Publisher's Note: This book was previously released under the same title. Fighting For It Allyson Lindt 2021-02-09 Luna Five years ago, I saved the world, but no one knows it. Ten years ago, I nearly destroyed the world's economy, and some people won't let me forget it. I have good friends who are helping me get back on my feet, after I screwed up big time, writing a dangerous piece of malware so I could draw a paycheck. Graham and Oz are sweeping me off my feet, to help relieve the stress. When a major

tech blog runs an anniversary piece on my mistake, all eyes are pointed at me again. This time, if I go down, everyone who supports me will go with me. There's no way I'm letting that happen to my friends. Even if it means walking away from the men I love.

Waiting For It Allyson Lindt 2020-06-30 Anne Crunch time. Two words every game developer fears, and I'm living the horror of impossibly long work days, that bleed into weekends. The only upside is spending a lot of that time with my sexy-as-sin boss. I probably shouldn't get physical him, but the need for stress relief is real, and so is the size of his... desk. Then word gets back to my best friend's brother. The guy whose house I practically grew up in. Who I thought saw me as a second sister. Talk about jealousy. Though I'm not sure if it's toward me, or my boss. Apparently they hooked up a few times, too. One thing leads to another leads to the three of us playing naked Twister without the mat. wants Emily, and Emily wouldn't mind all of the above As long as
Antonio has Justin and the Silicon Valley start-up they built

the one-night stand he played out the scorching fantasy with, of

Roll Against Regret Allyson Lindt 2019-03-01 Since I started dating Jackson, he's introduced me to a whole new world of exciting... in and out of the bedroom. Our latest shared fantasy is a bigger turn-on than any that have come before. He wants to watch me with another guy—a mutual friend from the online game we play. The three of us are in sync when it comes to slaying dragons, and our flirting heats up the circuits. When I meet the guy in person, the fantasy gets hotter. Turns out I already know Carter. He's the only man I've ever loved besides Jackson. Despite our complicated past, Jackson and Carter hit it off as well face-to-face as online, and I get one last, incredible night with Carter. While Jackson watches. One night isn't enough. I don't want to lose Jackson, but we're both hung up on Carter for different reasons. I need to decide if Jackson and I can keep Carter in our lives without destroying what we have. If not, I'll

have to relive the only regret I've ever had—sending Carter packing—and add a new one to the list, by losing Jackson. Running For It Allyson Lindt 2020-11-23 Violet It's best to leave the past behind. Ramsey's family is local royalty. Basically the Kennedys around here. And he doesn't have a problem using his money and connections to work the system. It's the reason he and I didn't work out, years ago. Then I make a mistake--I let a night of fun and relived memories lead to inviting him and his best friend-slash-campaign manager into my bed. With their smoldering looks and magic fingers, it's a mistake I'm tempted to

repeat. But I need to remember the people they are behind closed doors don't mesh with their public faces. Because in Ramsey and Hunter's world, appearance is everything, even if hearts get stomped on in the process. Other Books By Allyson Lindt

Faking Hate Allyson Lindt 2020-05-26 Jodie's got the perfect life plan—finish her graduate work at Stanford, land an internship at the most advanced transplant-research firm in the country, and become an innovator in the same field. There's no room in her life for the random variable and a one-night stand with a guy who has no interest in sharing the responsibility of a child. The only

person she can turn to is the stepbrother who made her life a living hell in high school. Logan is intelligent, sexy-as-hell, and asinine to a fault. He's got his kind moments, but they tend to end with him and Jodie screaming at each other... or screaming each other's names, after they lose all their clothes. If they can't stop the faking their hate long enough to find a solution for the pending new arrival in Jodie's life, they risk three futures.

Their Matchmaker Allyson Lindt 2019-06-11 Cynthia's dating service is one-of-a-kind. A combination of old-fashioned matchmaking and high-end computer algorithms, she guarantees

her matches. However, she needs an infusion of cash to stay afloat long enough to prove her theories work. No investment firm in town is nibbling, until she meets Aaron and Gavin. They're willing to give her a shot, on one condition—she has to prove her algorithm works by matching each of them. Their cocky attitudes and desire to flirt with anyone and everyone make Gavin and Aaron the kind of candidates Cynthia usually turns away without question. But with her business and dream on the line, she'll make an exception, reminding herself every step of the way there's a reason she never plugs herself into the algorithm, and she's not going to make an exception for the men who hold her company's future in their hands.

Looking For It Allyson Lindt 2019-12-24 Sadie Hooking up with my brother's two best friends was a bad idea. But when the guy I've crushed on for ages stumbles on my stash of toys, and offers to teach me how much fun they are with a partner, there's no way I'm saying no. Especially when his boyfriend wants to watch. It's just a one-time thing, though. Which is good, because I need headspace to focus on the Hollywood designer who's trying to scam me and others like me out of our hard-earned money. She's making my life a living hell for exposing her to the internet. Jax and Grayson offer a tempting distraction by exposing me. In my bedroom. At a company holiday party... If I can't unravel how I feel about them, and sift through the Hollywood-style legal trouble we've brought crashing down around us, the only things I'll be getting for Christmas are a broken career and a shattered heart.
