The Dubrow Diet - Heather Dubrow 2018-10-16

When you've tried practically every diet and have struggled for years to reach and maintain a healthy weight, what do you do next? If you're Heather and Terry Dubrow, MD, you create your own diet based on cutting-edge and Nobel-prize winning science that promises not just unprecedented metabolic control, but also an internal cellular rejuvenation with powerful antiaging effects. Then, after creating a diet that can transform your life from the inside out, you want to help as many people as possible look and feel their best, so you write a book about it! In The Dubrow Diet, Orange County's favorite reality TV couple share the diet and exercise plan they created to end their own decades-long yo-yo dieting and flip on what they call the "ageless switch." The central concept is called interval eating, a practice based on research showing that when you eat is perhaps the most important factor in weight loss and weight control. With interval eating, the Dubrows will introduce you to a simple eating schedule that can help you: ● reprogram your cells to go after stored fat for fuel. ● lower insulin and normalize blood sugar. ● fight off chronic inflammation linked to almost every major disease. ● activate a process known as autophagy, your cells' self-cleaning process and an antiaging game changer. ● increase your energy. ● finally reach your goal weight. ● rejuvenate your skin and overall appearance. So, what are you waiting for? You have more power than you realize over the hormones that regulate your weight and the molecular factors that determine how you age. It's time to take advantage of this power with a diet that is not only doable but also sustainable and even fun! The Dubrows wouldn't have it any other way.

It absolutely charmed me."—Reese Witherspoon (A Reese Witherspoon Book Club Pick) "The perfect book to get lost in . . . Josie Silver's characters sneak their way into your heart and stay."—Jill Santopolo, author of *The Light We Lost* Two people. Ten chances. One unforgettable love story. Laurie is pretty sure love at first sight doesn't exist anywhere but the movies. But then, through a misted-up bus window one snowy December day, she sees a man who she knows instantly is the one. Their eyes meet, there's a moment of pure magic...and then her bus drives away. Certain they're fated to find each other again, Laurie spends a year scanning every bus stop and cafe in London for him. But she doesn't find him, not when it matters anyway. Instead they "reunite" at a Christmas party, when her best friend Sarah giddily introduces her new boyfriend to Laurie. It's Jack, the man from the bus. It would be. What follows for Laurie, Sarah and Jack is ten years of friendship, heartbreak, missed opportunities, roads not taken, and destinies reconsidered. One Day in December is a joyous, heartwarming and immensely moving love story to escape into and a reminder that fate takes inexplicable turns along the route to happiness.

Delicious Gluten-Free Food - 2016-08-04

Mowgli - Nisha Katona 2018-04-19

In 2014, barrister Nisha Katona had a nagging obsession to build a restaurant serving the kind of food Indians eat at home and on the street. The first Mowgli restaurant opened in Liverpool in late 2014, blowing away the critics forming legions of fans. The simple dishes of a Mowgli menu are a million miles away from the curry stereotype. These dishes convey the truth that real Indian food is extremely healthy, often vegan, and always packed with fresh flavour. She gave up her 20 year career as a full time barrister to build Mowgli Liverpool and opened Manchester Mowgli less than a year later. There are now three restaurants with two more venues about to open, and plans for further expansion. Nisha, a dedicated curry evangelist, has fond hopes for Mowgli's growth and she still insists on hand picking curry virgins for her kitchens, hand training each new Mowgli chef.
