[New Materialisms](#) - Diana Coole 2010-08-19

New Materialisms brings into focus and explains the significance of the innovative materialist critiques that are emerging across the social sciences and humanities. By gathering essays that exemplify the new thinking about matter and processes of materialization, this important collection shows how scholars are reworking older materialist traditions, contemporary theoretical debates, and advances in scientific knowledge to address pressing ethical and political challenges.

In the introduction, Diana Coole and Samantha Frost highlight common themes among the distinctive critical projects that comprise the new materialisms. The continuities they discern include a posthumanist conception of matter as lively or exhibiting agency, and a reengagement with both the material realities of everyday life and broader geopolitical and socioeconomic structures. Coole and Frost argue that contemporary economic, environmental, geopolitical, and technological developments demand new accounts of nature, agency,

*Downloaded from
legacy.opendemocracy.net
on 2022-12-01 by guest*

and social and political relationships; modes of inquiry that privilege consciousness and subjectivity are not adequate to the task. New materialist philosophies are needed to do justice to the complexities of twenty-first-century biopolitics and political economy, because they raise fundamental questions about the place of embodied humans in a material world and the ways that we produce, reproduce, and consume our material environment.

Contributors Sara Ahmed Jane Bennett Rosi Braidotti Pheng Cheah Rey Chow William E. Connolly Diana Coole Jason Edwards Samantha Frost Elizabeth Grosz Sonia Kruks Melissa A. Orlie

Urology in Childhood - D. Innes Williams 2012-12-06
Volume XV "Urology in Childhood" was written in 1956/57 and was the first in the series of the Encyclopedia of Urology to appear. This present volume has been constructed as a supplement and the original intention was to deal only with those subjects

in which there have been significant advances during the intervening sixteen years. As the work has proceeded, however, it has become evident that there is no aspect of paediatric urology which has not been developed, and no topic which has not been illuminated by many contributions to the literature. Indeed, there has been such a copious flow of publications devoted to children's urinary tract disease that a full review is no longer possible within the compass of a volume of this size: the decision as to what should be left out has therefore been a matter of the greatest difficulty. The choice has been inevitably arbitrary and many omissions are regretted. The attempt has been made, however, to report the most notable developments of the subject, and perhaps the greatest change in the practice of paediatric urology has been the full integration with paediatric nephrology. The team approach to infant disease in particular has led to greatly improved results. I

have been fortunate to have Dr. T. M.

from Pen (elope) with love xxx - Diana Button 2020-03-24

Who are we? What are poems and stories? Can their messages touch us so deeply that we are transformed like The Ugly Duckling transforms into the magnificent swan it was all along? These are some of the questions that are at the heart of this book of poems, prose pieces and letters from two decades of Diana's writing life. It is a collection of work filled with imagery, insights, intimacy and emotion. From Pen (elope) with love takes us to the centre of the human heart and invites us to dance with our humanness, our vulnerabilities, our passions, our childlike wonder and delight, all the while, heading in the direction of our true home. This book will speak to anyone who is on the path of self-discovery and spiritual awakening. It is also for fellow writers and poets seeking nourishment, encouragement, and company on the journey.

Bulsa Sunsuelima - Rüdiger Schott 2006

Sex has been sadly neglected in studies of African folktales. The present book assembles 29 erotic folktales of the Bulsa in Northern Ghana. Most of the Bulsa stories rendered here have been tape-recorded in Buli, their language. Part I of the book contains stories about Sexual Organs. Part II comprises stories about Sexual Intercourse. The erotic folktales of the Bulsa will be investigated in the context of their religious beliefs and their social practices. The book will thus give an intimate view not only of sexual views and practices, but also of the ethos and the world-view of an African people.

The Big, Fun, Sexy Sex Book - Lisa Rinna 2013-01-08

Downloaded from
legacy.opendemocracy.net

The New York Times bestselling authors of *Rinnavation* and *She Comes First* reveal candid and fun tips to improving your marriage by rejuvenating your sex life—and getting from “no-go” to the Big O. **JUST SAY O!** Have flannel pj’s replaced your silky negligees? Are you more likely to nod off cuddling the remote—instead of your partner? Are you too tired for sex? Is foreplay becoming “boreplay”? Too much comfort in your relationship can strip your sex life of its XXX rating and render your love life . . . lifeless. New York Times bestselling authors Ian Kerner, a nationally recognized sex counselor, and vivacious television personality Lisa Rinna are on a mission to help you get from “no-go” to the Big O. Mind-blowing sex is just pages away—now let’s have some fun! **IT’S NEVER TOO LATE TO GET THE SEX LIFE YOU’VE ALWAYS WANTED!** • Sexy scenarios and hot new moves to amp up the adventure! • The best sexual positions to make you climax •

Confidence boosters that make you feel sexier than ever and bring out your inner thrill-seeker • Oral sex and hand job tips that will make his body go nuclear • Fixes for common bedroom problems such as low desire, mismatched libidos, and sexual boredom • Tips for coping with sexual “male-functions” such as premature ejaculation, erectile disorder, and a propensity for porn • The ten-step sex workout • The most amazing sex of your life—at any age, even after kids!

Love Lost in Translation - K. Renato Lings 2013

Love Lost in Translation systematically examines the biblical stories and passages that are generally assumed to deal with, or comment on, homoerotic relationships: Noah and Ham, Sodom and Gomorrah, Leviticus 18:22, Deuteronomy 23:17-18, Judges

Downloaded from
legacy.opendemocracy.net
on 2022-12-01 by guest

19, Romans 1:26-27, and 1 Corinthians 6:9. K. Renato Lings convincingly demonstrates that mistranslations of these texts into Greek, Latin and other languages occurred early, and that serious errors continue to be committed by translators today. This explains the painful controversy about same-sex relationships, which has rocked Christian churches for decades. Words and phrases that are to do with sex in literary and spoken English - Responses to offending language from the eighteenth and nineteenth century - Thomas Eger 2006-06-15

Seminar paper from the year 2001 in the subject English Language and Literature Studies - Linguistics, grade: 1,0, Bielefeld University, 12 entries in the bibliography, language: English, abstract: In his book "Dr. Bowdler's Legacy" Noel Perrin tells us in the first chapter that a big change of morality took place with the turn of the nineteenth century in England. He puts it as follows: "... the first new

generation of the nineteenth century (grew) up more strait-laced, inhibited, and conventional than its parents, so that sons discussed their fathers' wild oaths, and daughters worried about their mothers' loose sexual behaviour." According to Perrin one of the cornerstones of this new way of thinking was that the people began to acquire a more reserved attitude towards sexuality. The chief cause of this tendency was what can be called the rise of the idea of delicacy, or "the new prudery". From the middle of the eighteenth century onwards, delicacy came to be regarded as a special and precious characteristic - especially among women. Basically, it means that people felt offended as soon as they were confronted with sexuality in whatever form. Blushing and fainting were outward indicators of this new propriety. Another consequence was that people began to keep away from anything that might be a burden on their conscience. An

on 2022-12-01 by guest*

important result of this trend was the emergence of the idea of expurgation in literature. That is people simply started to remove "words or scenes that were considered likely to offend or shock". The pioneering work in this field was Dr. Bowdler's "Family Shakespeare", which was published in 1807. Dr. Bowdler's aim was - according to the fashion of his time - "to exclude from this publication whatever is unfit to be read aloud by a gentleman to a company of ladies". In another passage he says that he wants to enable a father to read one of Shakespeare's plays to his family circle "without incurring the danger of falling unawares among words and expressions which are of such a nature as to raise a blush on the cheek of modesty ...". As he says in the preface to the first edition, Bowdler was primarily concerned with profanity and obscenity. In this essay I will constrict myself to the field of obscenity in its sexual dimension. In the first part of my paper I will watch a

Victorian at work by examining Bowdler's version of "Romeo and Juliet" and comparing it to Shakespeare's. What kind of words and passages does he change and in what way does he revise them? Does he treat different terms in different ways?

Women, the Recited Qur'an, and Islamic Music in Indonesia
- Anne Rasmussen 2010-08-23
"Rasmussen has written a classic study of the world of Islamic soundscapes, performances and forms of musical piety in that most complex of societies, Indonesia. With great sensitivity, an alert musical response to players, reciters and audiences, a keen practitioner's ear and eye for subtlety as well as for the complexities of 'noise', she changes common assumptions about Muslim music and, not least, gender in changing Islamic ritual cultures. Her own political awareness and her professional as well as personal relations with women Qu'ran reciters contribute to an exciting an original volume that I recommend to any one

exploring the riches of Islamic performances and debates in the contemporary world."—Michael Gilsean, author of *Lords of the Lebanese Marches: Violence and Narrative in an Arab Society*

15 XXX Stories - B.

Prendergast 2010-12-29

Leave this book on your coffee table and I guarantee your girlfriend will blush! Typically, erotica is aligned with the spirit of romance novels—dramatic and emotional with watered-down descriptions of sex. However, in the tradition of erotica written by men, such as the Marquis de Sade, this book contains more mechanical, visual descriptions of sex with less melodrama. Author Prendergast reveals erotic thoughts and dreams within the most random characters—a single mother, a priest, a French art historian, a goth teenager, an exotic voodoo-practicing duchess, an uptight English barrister, and a sassy black nurse. All of these combine to make for an

enjoyable, genuine read with subtle humor and fun, sexy encounters. In the opening story, "Birth of a Slut," Prendergast begins hard and bold with a group of basketball players pulling a double train on two hot, fit college girls. One is a sweet, loyal "good girl" whose man has recently cheated on her, while the other is an inimitable slut, the amazing, sexually-insatiable Katie who is both disarmingly charming and shamelessly promiscuous. Read only this first story, wanker, and you will be hooked.

Darwin and the Making of Sexual Selection - Evelleen

Richards 2017-04-27

Sexual selection, or the struggle for mates, was of considerable strategic importance to Darwin's theory of evolution as he first outlined it in the "Origin of Species," and later, in the "Descent of Man," it took on a much wider role. There, Darwin's exhaustive elaboration of sexual selection throughout the animal kingdom was directed to substantiating his view that

*Downloaded from
legacy.opendemocracy.net
on 2022-12-01 by guest*

human racial and sexual differences, not just physical differences but certain mental and moral differences, had evolved primarily through the action of sexual selection. It was the culmination of a lifetime of intellectual effort and commitment. Yet even though he argued its validity with a great array of critics, sexual selection went into abeyance with Darwin's death, not to be revived until late in the twentieth century, and even today it remains a controversial theory. In unfurling the history of sexual selection, Evelleen Richards brings to vivid life Darwin the man, not the myth, and the social and intellectual roots of his theory building."

World Translations Index - 1996

Sex between Body and Mind -

Katie Sutton 2019-12-06
Ideas about human sexuality and sexual development changed dramatically across the first half of the 20th century. As scholars such as Magnus Hirschfeld, Iwan

Bloch, Albert Moll, and Karen Horney in Berlin and Sigmund Freud, Wilhelm Stekel, and Helene Deutsch in Vienna were recognized as leaders in their fields, the German-speaking world quickly became the international center of medical-scientific sex research—and the birthplace of two new and distinct professional disciplines, sexology and psychoanalysis. This is the first book to closely examine vital encounters among this era's German-speaking researchers across their emerging professional and disciplinary boundaries. Although psychoanalysis was often considered part of a broader "sexual science," sexologists increasingly distanced themselves from its mysterious concepts and clinical methods. Instead, they turned to more pragmatic, interventionist therapies—in particular, to the burgeoning field of hormone research, which they saw as crucial to establishing their own professional relevance. As sexology and psychoanalysis diverged, heated debates arose

around concerns such as the sexual life of the child, the origins and treatment of homosexuality and transgender phenomena, and female frigidity. This new story of the emergence of two separate approaches to the study of sex demonstrates that the distinctions between them were always part of a dialogic and competitive process. It fundamentally revises our understanding of the production of modern sexual subjects.

Saxophone, Oral Sex, Blowjob?
From A To Z Handbook - Simin
Seksener 2020-10-20

Attention! After you apply the things in this book, your partner can fall in love again, turning him into a sex slave of yourself. In this book, grown-ups will inspire women who want to hold on to themselves. I'm Simin Seksener. After a successful school and business life, I got out of everything and started their apartments from my experience. My goal of life is live, enjoy and live again, enjoy. I am one of those who think that fantasy and sexuality

have an important place for a pleasant, fulfilling and pleasurable life. What I tell in this book is a formulation of the sections I live from my own life. Includes sexual content as a clue to women who think that the men they love are moving away from them, who think that their men are no longer attractive, and who complain about indifference. I hope that my clues in this book, which contains fantasies that everyone will find a piece of from their own life or that they cannot imagine and realize, will shed light on the sexual lives of both male and female readers. As these events passed through my head, I tried to describe in detail the moments I enjoyed sexually. I hope I have been successful. Includes 18+ Erotic elements. Keywords: blowjob, oral sex, marriage, married, couple, real sex story, sexual, sexual fantasies, oral, anal, wife, husband, relationship, love, faith, cheat, erotism, erotic, sensational sex, orgasm, passion, hidden fantasies, Ultimate Turn-Ons, Untapped

Studies in the Psychology of Sex (Vol. 1-6) - Havelock Ellis
2020-07-14

This edition contains three studies which seem to me to be necessary prolegomena to that analysis of the sexual instinct which must form the chief part of an investigation into the psychology of sex. The first sketches the main outlines of a complex emotional state which

Downloaded from
legacy.opendemocracy.net
on 2022-12-01 by guest

is of fundamental importance in sexual psychology; the second, by bringing together evidence from widely different regions, suggests a tentative explanation of facts that are still imperfectly known; the third attempts to show that even in fields where we assume our knowledge to be adequate a broader view of the phenomena teaches us to suspend judgment and to adopt a more cautious attitude. So far as they go, these studies are complete in themselves; their special use, as an introduction to a more comprehensive analysis of sexual phenomena, is that they bring before us, under varying aspects, a characteristic which, though often ignored, is of the first importance in obtaining a clear understanding of the facts: the tendency of the sexual impulse to appear in a spontaneous and to some extent periodic manner, affecting women differently from men. This is a tendency which, later, I hope to make still more apparent, for it has practical and social, as well as psychological, implications.

Here—and more especially in the study of those spontaneous solitary manifestations which I call auto-erotic—I have attempted to clear the ground, and to indicate the main lines along which the progress of our knowledge in these fields may best be attained. _x000D_ _x000D_ _x000D_

The Psychology of Sex (Vol. 1-6) - Havelock Ellis

2020-12-17

This edition contains three studies which seem to me to be necessary prolegomena to that analysis of the sexual instinct which must form the chief part of an investigation into the psychology of sex. The first sketches the main outlines of a complex emotional state which is of fundamental importance in sexual psychology; the second, by bringing together evidence from widely different regions, suggests a tentative explanation of facts that are still imperfectly known; the third attempts to show that even in fields where we assume our knowledge to be adequate a broader view of the phenomena teaches us to

suspend judgment and to adopt a more cautious attitude. So far as they go, these studies are complete in themselves; their special use, as an introduction to a more comprehensive analysis of sexual phenomena, is that they bring before us, under varying aspects, a characteristic which, though often ignored, is of the first importance in obtaining a clear understanding of the facts: the tendency of the sexual impulse to appear in a spontaneous and to some extent periodic manner, affecting women differently from men. This is a tendency which, later, I hope to make still more apparent, for it has practical and social, as well as psychological, implications. Here—and more especially in the study of those spontaneous solitary manifestations which I call auto-erotic—I have attempted to clear the ground, and to indicate the main lines along which the progress of our knowledge in these fields may best be attained.

Social Histories of Disability and Deformity - David M.

Turner 2006-09-27

Collecting together essays written by an international set of contributors, this book provides an important contribution to the emerging field of disability history. It explores changes in understandings of deformity and disability between the sixteenth and twentieth centuries, and reveal the ways in which different societies have conceptualised the normal and the pathological. Through a variety of case studies including: early modern birth defects, homosexuality, smallpox scarring, vaccination, orthopaedics, deaf education, eugenics, mental deficiency, and the experiences of psychologically scarred military veterans, this book provides new perspectives on the history of physical, sensory and intellectual anomaly. Examining changes over five centuries, it charts how disability was delineated from other forms of deformity and disfigurement by a clearer medical perspective. Essays shed light on the experiences of oppressed minorities often

*Downloaded from
legacy.opendemocracy.net
on 2022-12-01 by guest*

hidden from mainstream history, but also demonstrate the importance of discourses of disability and deformity as key cultural signifiers which disclose broader systems of power and authority,

citizenship and exclusion. The diverse nature of the material in this book will make it relevant to scholars interested in cultural, literary, social and political, as well as medical, history.
