Loving Courageously - Barbara Gold 2016-06-08

"Loving Courageously is one of the best books I have read on the subjects of sex, intimacy, connection and relationships. It is a smart, easy read that is loaded with sage advice and insight from the lens of a highly experienced clinician. Loving Courageously is perfect for clients and therapists alike. Every individual and couple will be better off for having read this book. It is practical, interesting, positive and motivating. Loving Courageously is my new favorite 'must read book' for my own clients." - Neil Cannon, Ph.D., LMFT, AASECT Certified Sex Therapist & Supervisor, Denver, Colorado. Instructor, University of Michigan School of Social Work Sexual Health Certificate Program Believing that loving requires courage, Barbara Gold has written a book drawing on over thirty-five years of psychotherapy practice to help readers discover what is needed to develop a self to love and take good care of as they re-write the script they've learned and developed. They will learn about healthy relationships, including boundaries, effective communication and collaborative problem solving, as well as gain a better understanding of gender differences and creating and maintaining emotional and sexual intimacy in a committed partnership. Those who have or plan to have children will discover how to be a 'good enough' parent. Her book offers new ways of feeling, thinking and being, which will enhance both happiness and life quality.

The Sex Profession - Patricia Schiller 1981

Forthcoming Books - Rose Arny 1989

Who's who in the South and Southwest - 2002

Includes names from the States of Alabama, Arkansas, the District of Columbia, Florida, Georgia, Kentucky, Louisiana, Mississippi, North Carolina, Oklahoma, South Carolina, Tennessee, Texas and Virginia, and Puerto Rico and the Virgin Islands.

The Stories We Tell Ourselves - R. Scott Gornito 2014-10-21

Change the story. Change your life. From imagined catastrophes to play-by-play interpretations of others' behavior, we are expert storytellers, quick to fill in the blanks. Unfortunately, all too often our behavior is determined by baseless suspicions, which trigger needless pain. Real life passes us by as we fall for powerful fantasies of our own creation. It doesn't have to be this way. In *The Stories We Tell Ourselves*, author and therapist Scott Gornito shows us how to break the cycle of false assumptions that lead to unnecessary anxiety. By taking control of our reactions to the people around us, we can learn how to be truly present in our lives as we nurture the relationships that matter most. Based on more than 20 years of research and experience, Gornito demonstrates how family narratives, media, and past experiences shape compelling story lines that blind us to reality and wreak havoc on our relationships. Through persuasive examples, he models fresh, life-enhancing approaches to engaging with friends, business associates, and loved ones alike. Don't waste your life making up stories. *The Stories We Tell Ourselves* is a wake-up call and a compassionate, accessible guide to transforming your relationships-and your life.

What it Means to be a Man - Rhett Smith 2013-04-12

We hear the story of David and Goliath and wonder, "Do we have what it takes to slay the giant?" Men today are confronted with many different expectations of who they're supposed to be and what role they should be

filling. By looking at history, the clichés of manhood, and what intimacy with God looks like, this short book will help men (and women) rethink what it means to be a man in today's culture. Counselor and pastor Rhett Smith works through tough questions like: How can men look up to role models without following their flaws? Is it possible to strike a balance between passivity and aggression? How can men speak up, find intimacy, and take care of others without neglecting themselves? When Christ calls us to follow Him, He paves a path that is different than our cultural expectations, a path that leads us to a relationship with Him and to true knowledge of what it means to be a man.

Outwitting Stress - Nancy Rosenberg 2003

A guide to reducing stress at home and in the workplace for a happier, healthier life.

Who's who in Religion - 1992

Naked Marriage - Corey Allan 2016-11-11

From the back cover: Many couples have a false notion of what married life truly is - and these rose-colored assumptions tend to heighten expectations to such unrealistic levels that couples find themselves frustrated and feeling alone. What if marriage were designed for a specific purpose? What if some of the problems faced in marriage are not meant to be solved, they're meant to be lived through? Because many people don't understand what marriage is and could be, they hide from each other. To keep the peace, they continue the charades, each spouse reluctantly believing, "I guess this is just how it's supposed to be." Consequently, they refuse to get naked with each other in all of that word's scary yet glorious permutations: emotionally, spiritually, and physically. *Naked Marriage* encourages you to find yourself and fully reveal yourself, so you and your marriage can become fully alive.

Who's who in America - 2003

Hypnosis & Hypnotherapy - Calvin D. Banyan 2001

Professional techniques and procedures for doing outstanding hypnotherapy using direct suggestion, convincers, covert testing, age

regression and more. This is an exciting new book for professionals who are using hypnotherapy in their work (or would like to). It is highly organized and readable, and outlines and explains some of the most powerful and reliable techniques and procedures available to the modern hypnotherapist. A treasure of over 180 Hypnotherapy Techniques and Procedures that lead to successful hypnotherapy including: how to hypnotize every client, how to show every client that he or she was hypnotized, how to make your hypnotic suggestions more powerful than ever, how to make each session 10 times more powerful than the last one, how to covertly test your clients and use convincers that cannot fail, how to expertly conduct age regression sessions that are successful, how to work with overly-analytical, resistant or nervous clients, and how to amaze your clients and receive referrals from other professionals.

Diplomate Directory - 1990

Willard and Spackman's Occupational Therapy - Barbara A. Schell 2013-03-08

Willard and Spackman's Occupational Therapy, Twelfth Edition, continues in the tradition of excellent coverage of critical concepts and practices that have long made this text the leading resource for Occupational Therapy students. Students using this text will learn how to apply client-centered, occupational, evidence based approach across the full spectrum of practice settings. Peppared with first-person narratives, which offer a unique perspective on the lives of those living with disease, this new edition has been fully updated with a visually enticing full color design, and even more photos and illustrations. Vital pedagogical features, including case studies, Practice Dilemmas, and Provocative questions, help position students in the real-world of occupational therapy practice to help prepare them to react appropriately.

Who's who of Emerging Leaders in America - 1989

Case Management Resource Guide - 1991

Almost Gone - John Baldwin 2017-11-14

The never-before-told story about a teenage Christian girl who was seduced online by a charming Muslim man from Kosovo, and her father who worked with the FBI to save her from disappearing. Told from the viewpoint of both father and daughter, this is the incredible story of unconditional parental love, unwavering faith, and how God helped a family.

Gender and Sex in Counseling and Psychotherapy - Lucia Albino Gilbert
2009-09-01

Gender is still largely ignored as an "active" variable in counseling and is typically viewed as pertaining to women's issues or problems. The field has leap-frogged over gender, perhaps because it is too complex, perhaps because we resist change, or perhaps because our gender socialization is sufficiently effective as is. This book makes clear as to

why gender must be considered in understanding the client's concerns, the process of therapy, and the counselor's role in the therapeutic interaction. Effective therapy requires an understanding of gender theory and gender processes. The approach taken in this book explains complex concepts in understandable terms, provides summaries of pertinent research findings, and applies theory and research about gender to client case examples.
