The Gift of Sex - Clifford Penner 2003-09-09
Are you hoping to reignite the passion in your relationship? Join Clifford and Joyce Penner as they share the time-tested secrets to finding fulfillment in your marriage. Clifford, a licensed clinical psychologist, and Joyce, a registered nurse and clinical nurse specialist, have been married for forty years--and they know firsthand that there are countless barriers that can get in the way of experiencing love and commitment, from anger or a lack of respect to external tension. But these obstacles don't have to last

forever. In *The Gift of Sex*, the Penners give you the tools you need to move past those barriers and embrace marriage as God intended it. This revised and updated version of *The Gift of Sex* features a new introduction, new illustrations, a section on addictions and the Internet, and a timely discussion on sexually transmitted diseases and their consequences. It also asks and answers key questions about biblical marriage, including: How does sex fit into God's design for marriage? Why did God create men and women to think about sex differently? How can I light the spark in my relationship again? Whether you're newlyweds or you've been married for decades, *The Gift of Sex* is a timeless guide to discovering the sexual fulfillment that

you and your spouse deserve.

Women and Sex Therapy - Ellen Cole
2014-03-18

Outstanding feminist scholars present seldom
discussed women's views of sexuality. In the
past, there has been little feminist discussion
among sexuality professionals and between
feminist therapists and sex therapists. The

valuable ideas expressed by the contributors to
this book are aimed at increasing the
possibilities for all therapists and counselors to
discuss with their clients the nature of sexuality,
and in particular, what women feel about sex.
Professionals provide remarkable perspectives
on issues that concern all women--orgasm, the
double standard, new reproductive options,
intimacy, bisexuality, and more.

sexuality and sexual problems. Appropriate for anyone who wants to progress to a more comprehensive and integrative understanding of sexual dysfunctions, this text will teach the reader how to treat the couple, rather than the individual. Now in a second edition, Systemic Sex Therapy presents 12 updated chapters and two new chapters, bringing the material up-to-date with the DSM-5. Each chapter examines the definition and description of a disorder, its etiology, assessment, treatment, research, and future directions. Experts in the field discuss issues ranging from pharmacology, sexual compulsivity, therapy with lesbian and gay couples, to chapters on male and female lack of desire. A standard text in the field, Systemic Sex Therapy integrates couple and sex therapy to inform the treatment of sexual problems, and to give beginning and experienced clinicians the abilities and confidence they need to produce viable change in their patients' lives.
