Riptide - Cameron Lindsey 2001-11-21
Jake Brennon enrolls at the University of Santa
Barbara, a beachside playground for rich kids
who like to party. Yearning to be respected by
his older brother Grant, Jake pledges Grant's
fraternity, Zeta Chi. After the mysterious death
of a member of Jake's pledge class, Jake vows to

uncover the truth. But the young men of Zeta
Chi may kill to keep it a secret.

Strange But True Stories from Japan - Jack
Seward 2011-07-05

Strange but True Stories from Japan is a
fascinating collection of vignettes, ranging from
historical to the personal. Here you will be
exposed to the goings-on of Americans serving
time in Japanese prisons and the many who
claimed the identity of Tokyo Rose. And learn
about the bizarre habits of the eels that roam the
Chikugo River. In this eclectic and, well,

strange, book you'll relive-from a distance-Kamakura's hara-kiri bloodshed and discover the surprising fate of the armless geisha, Tsumakichi. Seward also weaves touching memoir pieces between chapters that recount hilarious instances of fractured English and shocking-to-the-average-American Japanese cuisine. Written with an eye and ear for the theatrical and for the rhythm of Japanese life, this delightful but serious romp through modern Japan brings Seward's wide and varied cultural and military background to center stage.

The Unthinkable Thoughts of Jacob Green -
Joshua Braff 2004-10-09

It's 1977. Jacob Green, a Jewish kid from suburban New Jersey, sits on the stairs during his family's housewarming party, waiting for his father, Abram--charming host, everyone's best friend, and amateur emcee--to introduce him to the crowd. Housewarming parties, Annie Hall parties, and bar mitzvah parties punctuate Jacob's childhood and require command

performances by all the Green family members. But when the confetti settles and the drapes are drawn, the affable Abram Green becomes an egotistical tyrant whose emotional rages rupture the lives of his family. Jacob doesn't mean to disappoint his father, but he can't help thinking the most unthinkable (and very funny) thoughts about public-school humiliation, Hebrew-school disinclination, and in-home sex education (with the live-in nanny!). If only his mother hadn't started college at thirty-six (and fallen for her psychology professor). If only he were more like his rebellious older brother (suspended from Hebrew school for drawing the rabbi in a threesome with a lobster and a pig). If only Jacob could confront his overbearing father and tell him he doesn't want to sing in synagogue, attend est classes, write the perfect thank-you note, or even live in the same house with Abram Green. But, of course, he can't. That would be unthinkable. This self-assured, comic, yet piercing first novel deftly captures the struggle

of an imperfect boy trying to become a suitable son.

Kill Chain - Meg Gardiner 2007-05-31

When Evan Delaney's father disappears, the cops think he's fled the country to avoid prosecution. But Evan is sure that Phil has been abducted or killed for reasons associated with his work for Naval Intelligence. As Evan hunts for clues, she is attacked by an armed man. The attacker ends up dead -- and turns out to be a federal agent. Now Evan is on the run, implicated in his murder. Then she is contacted by a sinister duo -- a Madam and gigolo mother-and-son-team who claim that Phil was mixed up in their very dirty business. Can Evan save her father's reputation -- and his life? And can Jesse save Evan? Time is running out ...

Wax, Whips and My Hairy Bits - S J Carmine
2020-06-26

Ann has spent a lifetime reading safe, charming romantic novels leading to a series of dull, unexciting relationships where the sex has been

uninspiring and her needs and desires have come second place to a quick shag and a pint of Guinness. After experiencing an awakening she decides things have to change and she embarks on an erotic adventure. Join her in her quest for sexual liberation as she unleashes the passion within her and goes on a journey to find her very own Mr Uninhibited. You'll be rooting for Ann as her desire to emulate the erotica she has read develops into a comedy of erotic errors. From hair remover cream to handcuffs, nothing turns out as she hopes and she soon begins to realise that not everything or everyone is as they seem. Ann appears to be on an never ending learning curve but will she actually learn anything or is she destined for erotic mediocrity.

Smashing It Up: A Decade of Chaos with The Damned - Kieron Tyler 2017-06-12

From rank outsiders to pop stardom a decade later, The Damned blazed an anarchic trail through punk rock to achieve massive chart success. A beacon for the Sex Pistols and The

Clash to follow, they flung down the musical gauntlet in 1976 with Britain's first punk single 'New Rose'. *Smashing It Up: A Decade of Chaos* with The Damned is their definitive biography, drawing on new, in-depth research and interviews with associates and band members - including founders Brian James, Chris Millar (Rat Scabies), Raymond Burns (Captain Sensible) and David Lett (David Vanian). Conflict was rife: managers and labels came and went; bridges were burnt; opportunities squandered; and Kieron Tyler reveals how - and why - the wayward, wild and wilful Damned are the punk band that survived, and why they truly led the British Punk movement and outshone their contemporaries.

[Sane New World](#) - Ruby Wax 2014-11-04
The #1 UK bestseller that presents a funny, honest, and engaging look at the craziness of modern life, explaining why we're all just a little bit out of our minds. In *Sane New World*, Ruby Wax - comedian, writer and mental health

advocate - shows us just how our minds can send us mad as our internal critics play on a permanent loop tape 'Don't do that.. why you... you didn't... should have... but you didn't...'. Ruby knows those voices well. She has been on a tough but ultimately enlightening journey that has taken her from battling depression to achieving a Masters Degree from Oxford University in Mindfulness-based Cognitive Therapy. In *Sane New World*, Ruby helps us all understand why we sabotage our sanity, how our brains work and how we can rewire our thinking - often through simple mindfulness techniques - to find calm in a frenetic world.

[British Film Posters](#) - Sim Branaghan 2019-07-25
The first complete history of illustrated film posters in the UK covers every aspect of design, printing and display from the Victorian era to the arrival of Desktop Publishing in the 1980s. *British Film Posters* examines the contribution 'vintage' film posters have made to British popular art of the 20th century.

Close-Up - Kenneth McIntosh 2014-09-29
When members of "The Crime Scene Club" take a trip to the beach, the murder of a local surfer turns vacationland into a life and death mystery. Can forensic photography reveal the truth? Includes forensic notes from the story, ?graphic novel? illustrations and color photographs, sections on further reading, and for more information, bibliography, index, and profiles on the author, illustrator, and series consultant.

How to Be Human - Ruby Wax 2018-12-27
How to be Human is the only manual you need to help you upgrade your mind as much as you've upgraded your iphone. 'With this marvellous book, Ruby Wax has confirmed her position as one of the most readable, inspirational and engaging writers in the field of human mental health, happiness and fulfilment.' Stephen Fry "It took us 4 billion years to evolve to where we are now - completely brilliant and yet, some might say, emotionally dwarfed. The question is: can our more empathetic side catch

up in time to save us and the world? I've got nothing against smarts, but it's smarts without emotional awareness that got us into this position of being able to nuke each other into oblivion and rape the earth for oil." With a little help from a monk (who tells us how our mind works) and a neuroscientist (who tells us how our brain works), Ruby Wax answers every question you've ever had about: evolution, thoughts, emotions, the body, addictions, relationships, sex, kids, the future and compassion. Filled with witty anecdotes from Ruby's own life, and backed up by smart science and practical mindfulness exercises, How to be Human is the only manual you need to help you upgrade your mind as much as you've upgraded your iphone. 'Ruby has beautifully fused neurology and spirituality and given us a means to cope with operating both a mind and a brain. If this mental upgrade works then all other books will become defunct as we repose in bliss.' Russell Brand 'How to Be Human is, without

exaggeration, a lifeline; wise, practical and funny, it is a handbook for those in despair. It is actually for everyone alive, for the curious, or disillusioned or muddled or just plain happy.'

Joanna Lumley

Self-Defence (Alex Delaware series, Book 9) -

Jonathan Kellerman 2008-04-09

Could her murderous nightmares be repressed memories? *Self-Defence* is an ingenious and terrifying thriller from New York Times No. 1 bestseller Jonathan Kellerman. Perfect for fans of James Patterson and Harlan Coben. '[An] absorbing thriller in which Kellerman steers deftly round blind alleys and false clues to arrive at intolerable truths' - Literary Review Lucy Lowell is traumatised after serving jury duty on the trial of a depraved killer. Horrific images haunt her waking life and at night she's terrorised by the recurring nightmare of a small child watching a terrible scene unfold in a darkened wood. Lucy's terrified that she's losing her grip on reality. Her psychologist, Alex

Delaware, thinks her dreams are repressed memories of something very real - a very real murder. Alex knows that delving into Lucy's mind might awaken past terrors but nothing could have prepared him for the horrors about to be unleashed... What readers are saying about *Self-Defence*: 'Virtually impossible to put down!' 'Fantastic book' 'Five stars'

Gaylaw - William N. ESKRIDGE 2009-06-30

This text provides a comprehensive analysis of the legal issues concerning gender and sexual nonconformity in the United States. The text is split into three parts covering the post-Civil war period to the 1980s, contemporary issues and legal arguments.

Censoring Sex - John E. Semonche 2007-07-20

In this gracefully written, accessible and entertaining volume, John Semonche surveys censorship for reasons of sex from the nineteenth century up to the present. He covers the various forms of American media—books and periodicals, pictorial art, motion pictures, music

and dance, and radio, television, and the Internet. The tale is varied and interesting, replete with a stock of colorful characters such as Anthony Comstock, Mae West, Theodore Dreiser, Marcel Duchamp, Opie and Anthony, Judy Blume, Jerry Falwell, Alfred Kinsey, Hugh Hefner, and the Guerilla Girls. Covering the history of censorship of sexual ideas and images is one way of telling the story of modern America, and Semonche tells that tale with insight and flair. Despite the varieties of censorship, running from self-censorship to government bans, a common story is told. Censorship, whether undertaken to ward off government regulation, to help preserve the social order, or to protect the weak and vulnerable, proceeds on the assumption that the censor knows best and that limiting the choices of media consumers is justified. At various times all of the following groups were perceived as needing protection from sexually explicit materials: children, women, the lower classes,

and foreigners. As social and political conditions changed, however, the simple fact that someone was a woman or a day laborer did not support stereotyping that person as weak or impressionable. What would remain as the only acceptable rationale for censorship of sexual materials was the protection of children and unconsenting adults. For each mode of media, Semonche explains via abundant examples how and why censorship took place in America. Censoring Sex also traces the story of how the cultural territory contested by those advocating and opposing censorship has diminished over the course of the last two centuries. Yet, Semonche argues, the censorship of sexual materials that continues in the United States poses a challenge to the free speech that is part of the foundation upon which the nation is built. Indeed, in an era in which sexual images are pervasive and the need for reliable information about sex and sexuality is growing, he questions the remaining rationales for censorship and the

justification for placing obscenity outside the protection of the U. S. Constitution.

A Guide To Treatments that Work - Peter Nathan 2002-01-18

A fully revised and updated edition of this unique and authoritative reference The award-winning *A Guide to Treatments that Work* , published in 1998, was the first book to assemble the numerous advances in both clinical psychology and psychiatry into one accessible volume. It immediately established itself as an indispensable reference for all mental health practitioners. Now in a fully updated edition, *A Guide to Treatments that Work, Second Edition* brings together, once again, a distinguished group of psychiatrists and clinical psychologists to take stock of which treatments and interventions actually work, which don't, and

what still remains beyond the scope of our current knowledge. The new edition has been extensively revised to take account of recent drug developments and advances in psychotherapeutic interventions. Incorporating a wealth of new information, these eminent researchers and clinicians thoroughly review all available outcome data and clinical trials and provide detailed specification of methods and procedures to ensure effective treatment for each major DSM-IV disorder. As an interdisciplinary work that integrates information from both clinical psychology and psychiatry, this new edition will continue to serve as an essential volume for practitioners of every kind: psychiatrists, psychologists, clinical social workers, counselors, and mental health consultants.
