Guitars: Amazing Facts and Trivia - Nigel Cawthorne 2016-09-15

More than an instrument, the guitar is a global institution, and this book is loaded with enough crazy facts, stories, anecdotes to keep you amazed for hours.

The Electric Guitar - André Millard 2004-07-20
"In *The Electric Guitar*, scholars working in American studies, business history, the history of technology, and musicology come together to explore the instrument's importance as an invention and its peculiar place in American culture. Documenting the critical and evolving relationship among inventors, craftsmen, musicians, businessmen, music writers, and fans, the contributors look at the guitar not just as an instrument but as a mass produced consumer good that changed the sound of popular music and the self-image of musicians."--BOOK JACKET.

Ultimate Star Guitars - Dave Hunter 2017-04
First published in 2010, *Ultimate Star Guitars*, the first illustrated history of iconic guitars and their owners, is now expanded to include 32 additional instruments. Where other best-selling guitar histories look at the rank-and-file models, *Ultimate Star Guitars* is unique in profiling the specific favorites of famous players - oftentimes million-dollar babies, such as the 1968 Stratocaster that Jimi Hendrix burned at Woodstock and which sold at Sotheby's in 1993 for \$1.3 million. Guitar journalist Dave Hunter explains the stories behind each: the important sessions on which they were used, landmark tours and gigs on which they were played, modifications made by their owners, and more. From twangy country to scorching metal, from

full-throttle punk to sophisticated jazz, and from gut-punch blues to lo-fi indie rock, *Ultimate Star Guitars* is illustrated with performance and candid photography of the artists with their star guitars, relevant memorabilia, and more often than not, studio shots of the guitars or signature models based on them. An information-packed visual feast for guitar enthusiasts!

Pete Townshend - Pete Townshend 2012

Noting that Pete Townshend has sold over 100 million records over a fifty-year period only partly quantifies his accomplishments. During his career, this legendary musician has been credited with the creation of the concept album, worked as a literary editor, developed scripts for television and the stage, and written songs that have defined a generation. In one of the most eagerly awaited autobiographies of recent times, singer, songwriter and lead guitarist of The Who tells his story for the first time. From the sex, drugs and smashing guitars, to the death of Keith Moon, the inspiration behind his acclaimed music, and wanting to give it all up, this is a frank and eloquently written story of ambition, relentless perfectionism and rock 'n' roll excess. One of the greatest rock stories yet to be told, Pete Townshend: Who I Am is destined to become a landmark music memoir.

Star Guitars - Dave Hunter 2014-09

These are the guitars so famous that their names are often household words: B. B. King's Lucille, Eric Clapton's Blackie, Stevie Ray Vaughan's First Wife, Billy F Gibbons' Pearly Gates, Neil Young's Old Black, and many more. Here's the first-ever illustrated history of the actual guitars of the stars that made the music. Other best-selling guitar histories look at the rank-and-file models, but this book is unique in profiling the actual "star guitars"--the million-dollar babies, such as the 1968 Stratocaster that Jimi Hendrix burned at Woodstock, which sold at Sotheby's auction house in 1993 for \$1,300,000. Amateurs buy guitars to emulate the stars--Clapton's Strat, Slash's Les Paul--and this book explains the stars' modifications, thus showing how others can recreate those famous tones.

Strangest Angels Play Electric Guitars. . . - Tom Demalon 2002

Strangest angels play electric guitars... Set against the backdrop of the rough, seedy Hollywood club scene, four musicians struggle in a million to one shot bid for success in the music world. But, when guitarist Francis McCombe falls in love with Spriglet, a strange girl who

doesn't speak, their world will never be the same. Taking their name from the haunting lead singer, Spriglet, the band, creates a stir, fueled as much by their offstage antics as their growing reputation as a musical force. Spriglet will lead them on a surreal, bittersweet trip from the dives of Hollywood to the heights of superstardom. Although written with a firsthand insight into the music industry, that world is merely the setting for this warm, sweet, tender, funny love story that is weird, wonderful, and full of the real...steeped in fantasy and rooted in truth. Much more than only rock and roll, this is a story of love, faith, and friendship, an enchanting journey filled with an eccentric cast of characters and told with humor and grit. "...a great authentic-without-trying feel to it...I totally got sucked in by the characters and the dialogue...drama, sex, comedy, drugs, suspense, and tragedy" Kim Richey, Grammy-nominated, Lost Highway Records artist "...a poignant look at music and other matters of the heart...heartfelt and clever...engaging and amusing" Tyler Pittman, Columbia Records "...comes alive through references to past and present popular music...a fun and informative read...magical" Sandra Faucett, ROCKRGRL magazine
