### **The Acting Person and Christian Moral Life**

- Darlene Fozard Weaver 2011-11-18

What may we say about the significance of particular moral actions for one's relationship with God? In this provocative analysis of contemporary Catholic moral theology Darlene Fozard Weaver shows the person as a moral agent acting in relation to God. Using an overarching theological context of sinful estrangement from and gracious reconciliation in God, Weaver shows how individuals negotiate their relationships with God in and through their involvement with others and the world. Much of current Christian ethics focuses more on persons and their virtues and vices exemplified by the work of virtue ethicists or on sinful social structures illustrated in the work of liberation theologians. These judgments fail to appreciate the reflexive character of human action and neglect the way our actions negotiate our response to God. Weaver develops a theologically robust moral anthropology that

advances Christian understanding of persons and moral actions and contends we can better understand the theological import of moral actions by seeing ourselves as creatures who live, move, and have our being in God.

**Some Issues in Human Sexuality** - A Working Party of the House of Bishops 2003

This widely anticipated report will be welcomed by all who wish to come to a greater understanding of the issues surrounding homosexuality, bisexuality and transsexualism and the Church. It provides an in-depth account of the surrounding issues, and provides detailed analyses of key Scriptural passages.

*The Boswell Thesis* - Mathew Kuefler 2006-03

Few books have had the social, cultural, and scholarly impact of John Boswell's *Christianity, Social Tolerance, and Homosexuality*. Arguing that neither the Bible nor the Christian tradition was nearly as hostile to homoeroticism as was generally thought, its initial publication sent shock waves through university classrooms, gay

## Sex And The Church Gender Homosexuality And The Transformation Of Christian Ethics

communities, and religious congregations. Twenty-five years later, the aftershocks still reverberate. The Boswell Thesis brings together fifteen leading scholars at the intersection of religious and sexuality studies to comment on this book's immense impact, the endless debates it generated, and the many contributions it has made to our culture. The essays in this magnificent volume examine a variety of aspects of Boswell's interpretation of events in the development of sexuality from Classical Antiquity through the Middle Ages, including a Roman emperor's love letters to another man; suspicions of sodomy among medieval monks, knights, and crusaders; and the gender-bending visions of Christian saints and mystics. Also included are discussions of Boswell's career, including his influence among gay and lesbian Christians and his role in academic debates between essentialists and social constructionists. Elegant and thought-provoking, this collection provides a fitting twenty-fifth anniversary tribute

to the incalculable influence of Christianity, Social Tolerance, and Homosexuality and its author.

Sex and the Single Savior - Dale B. Martin  
2006-01-01

Probing into numerous questions about gender and sexuality, Dale Martin delves into the biblical texts anew and unearths surprising findings. Avoiding preconceptions about ancient sexuality, he explores the ethics of desire and marriage and pays careful attention to the original meanings of words, especially those used as evidence of Paul's opposition to homosexuality. For example, after a remarkably faithful reading of the scriptural texts, Martin concludes that our contemporary obsession with marriage--and the whole search for the "right" sexual relationships--is antithetical to the message of the gospel. In all of these essays, however, Martin argues for engaging Scripture in a way that goes beyond the standard historical-critical questions and the assumptions

## Sex And The Church Gender Homosexuality And The Transformation Of Christian Ethics

of textual agency in order to find a faith that has no foundations other than Jesus Christ.

**Men, Homosexuality, and the Gods** - Ronald Long 2013-02-01

Compare worldwide religious regulations involving gay sex and masculinity! Men, Homosexuality, and the Gods: An Exploration into the Religious Significance of Male Homosexuality in World Perspective is an eye-opening look at the traditions of particular religions and their edicts concerning gay sex. This book examines the origins of holy directives involving homosexuality—whether forbidden, tolerated, or mandatory—and establishes a link between theology, sex roles, and the sensitive issue of masculinity. This text draws a parallel between homosexuality and the idea of religion, suggesting that gay rights can be understood as a freedom of religion issue. While most readers are familiar with the traditional Islamic, Christian, and Hebrew prohibitions against sex between two males, this book also reveals other

historic religions from around the world that neither opposed nor looked down on homosexuality. Men, Homosexuality, and the Gods argues that masculinity is the universal theme that formed historical interpretation—warriors and men of high status could not be sexually receptive or “feminine” and still be called “men.” This intriguing text shows how the modern homophile movements are in effect redefining masculinity to obliterate the stigma of being a sexually receptive man. Men, Homosexuality, and the Gods examines the significance of homosexuality in such religions as: the Sambians of New Guinea the Taoists of Ancient China Plato and the later Stoics Islamic Sufism Native American culture Hebrew Scriptures early Christianity Buddhism Men, Homosexuality, and the Gods is an enlightening book that honors homosexual claims to moral integrity and appreciates religion and religious figures without rancor. Easy-to-read and free of technical language, this volume is for anyone

## Sex And The Church Gender Homosexuality And The Transformation Of Christian Ethics

who has an academic, professional, or personal interest in theology and homosexuality. The author is available for speaking engagements and can be contacted at [Ronldlong@aol.com](mailto:Ronldlong@aol.com)  
[Sex Difference in Christian Theology](#) - Megan K. DeFranza 2015-05-16

How different are men and women? When does it matter to us -- or to God? Are male and female the only two options? In [Sex Difference in Christian Theology](#) Megan DeFranza explores such questions in light of the Bible, theology, and science. Many Christians, entrenched in culture wars over sexual ethics, are either ignorant of the existence of intersex persons or avoid the inherent challenge they bring to the assumption that everybody is born after the pattern of either Adam or Eve. DeFranza argues, from a conservative theological standpoint, that all people are made in the image of God -- male, female, and intersex -- and that we must listen to and learn from the voices of the intersexed among us.

**Queer Theology** - Gerard Loughlin 2009-02-04  
Queer Theology makes an important contribution to public debate about Christianity and sex. A remarkable collection of specially commissioned essays by some of the brightest and best of Anglo-American scholars Edited by one of the leading theologians working at the interface between religion and contemporary culture Reconceptualizes the body and its desires Enlarges the meaningfulness of Christian sexuality for the good of the Church Proposes that bodies are the mobile products of changing discourses and regimes of power.

*Sex and the Church* - Kathy Rudy 1997  
In a provocative reexamination of the ethics of family, community, and sex, the author contends that the Christian right's campaign against homosexuality has come to limit the agenda for American Christianity as a whole. "We should be asking not whether gay people should be allowed to fit in, but rather which historically gay practices can help transform the schismatic,

## Sex And The Church Gender Homosexuality And The Transformation Of Christian Ethics

failing church today".

### **Contemporary Christianity and LGBT Sexualities** - Stephen Hunt 2016-05-13

The subject of gay and lesbian sexuality is perhaps the most vexed issue in the contemporary Christian Church. Many churches have been forced to confront the matter, both theologically and pastorally and in consequence, controversies have proved divisive within the Church, most notably between conservative and liberal orientated denominations, as well as evangelical churches. This book explores these themes from a sociological perspective, addressing not only gay and lesbian sexualities, but also bi- and transgendered sexualities. With rich empirical material being presented by a team of experts, this book constitutes the first comprehensive sociological study of 'non-hetero' sexualities in relation to contemporary Christianity. As such, it will appeal to sociologists, scholars of religion and theology as well as readers across a range of social sciences

### Religion, Culture, and Politics in the Twentieth-century United States - Mark Hulsether 2007

Key players and themes in US religion before the twentieth century -- Changes in the religious landscape in the early twentieth century -- Religion and social conflict in the early twentieth century -- Shifts in the religious landscape from World War II to the present -- Religion and evolving social conflicts from World War II to the present -- Cultural aspects of religion from World War II to the present -- Conclusion: consensus, pluralism, and hegemony in US religion.

**Radical Love** - Patrick S. Cheng 2011-03-01  
The first introductory textbook on the subject of queer theology. Contextual theologies have developed from a number of perspectives - including feminist theology, black theology, womanist theology, Latin American liberation theology, and Asian American theology - and a wide variety of academic and general introductions exist to examine each one.

## **Sex And The Church Gender Homosexuality And The Transformation Of Christian Ethics**

---

However, *Radical Love* is the first introductory textbook on the subject of queer theology. In this lucid and compelling introduction, Cheng provides a historical survey of how queer theology has developed from the 1950s to today and then explicates the themes of queer theology using the ecumenical creeds as a general framework. Topics include revelation, God, Trinity, creation, Jesus Christ, atonement, sin, grace, Holy Spirit, church, sacraments, and last things, as seen through the lenses of LGBT theologians.

### *Dignity, Dogmatism, and Same-Sex*

*Relationships* - Gilbert Rossing 2009-01-01

In response to the current culture wars over same-sex marriage, hate crime legislation, and the legalization of gay rights, *Dignity, Dogmatism, and Same-Sex Relationships* provides a thorough argument for an ethics of intimacy in same-sex relations, based equally on science and the Bible. After a rigorous interrogation of modern definitions of sexual

identity and the usage of biblical passages in support of cultural biases, the book redefines the notion of intimacy to include the physical, emotional, mental, social, and spiritual dimensions that compose human relationships. It thus approaches homosexuality from a whole person perspective and attempts to create understanding, rather than foment divisiveness. This more comprehensive definition of intimacy allows for a compassionate reading of Scripture in ongoing conversations about the nature of homosexuality and the full inclusion of gay, lesbian, bi-sexual, and transgender persons in society. It also encourages religious communities to do for same-sex couples what they already do for heterosexual couples: provide the information, counsel, and encouragement necessary to foster healthy sexual practices, meaningful interpersonal relationships, and a cohesive sense of community.

**The Subjective Eye** - Richard Valantasis

## Sex And The Church Gender Homosexuality And The Transformation Of Christian Ethics

2006-05-15

"One of the great joys of the academic life is to pay homage in a Festschrift to a scholar who has influenced both colleagues and students over years of interaction and friendship both professional and personal. This volume honors a scholar and theologian of historical theology, a theorist and a practitioner of religion and the arts, and a keen analyst of cultural trends both ancient and modern. . . . "[Margaret R.] Miles's prodigious production as a scholar has legendary qualities. Her dozen-plus books alone explore history, patristics, ancient philosophy, art and art history, spiritual formation and religious practice, critical theory, film, ethics and values, personal growth, gender and women's studies, as well as her true academic loves, Augustine and Plotinus. . . . The breadth and depth of her own work and her influence upon others demands an expansive volume, which the editors of this Festschrift unfortunately had to restrict to four categories--

Historical Theology, Religion and Culture, Religion and Gender, and Religion and the Visual Arts--in order to capture the heart of our appreciation for her." --from the Introduction  
**Reader's Guide to Lesbian and Gay Studies** - Timothy Murphy 2013-10-18

The Reader's Guide to Lesbian and Gay Studies surveys the field in some 470 entries on individuals (Adrienne Rich); arts and cultural studies (Dance); ethics, religion, and philosophical issues (Monastic Traditions); historical figures, periods, and ideas (Germany between the World Wars); language, literature, and communication (British Drama); law and politics (Child Custody); medicine and biological sciences (Health and Illness); and psychology, social sciences, and education (Kinsey Report).  
Ethical Issues that Matter - Enoch Hammond Oglesby 2002

Faith communities have always struggled with the questions of ethical method and cultural inclusivity. Accordingly, Ethical Issues that

## Sex And The Church Gender Homosexuality And The Transformation Of Christian Ethics

Matter enlarges the methodological discussion among ethicists and theologians by adopting the landscape of a mountain as a useful metaphor for racism. On a practical level, Ethical Issues that Matter is about the agonizing struggle to understand and to dismantle the mountain of racism in American society. According to the author, to do so would undoubtedly enhance the meaning and diversity of the Christian moral life.

**The Oxford Handbook of Theology, Sexuality, and Gender** - Adrian Thatcher 2015  
Selected essays draw on reason as a distinct source of theology, discussing evolutionary biology and behavioural genetics, psychology, anthropological research, philosophical research, and queer theory. It examines the history of theologies of sexuality and gender, with close analysis of the Bible and the Christian tradition.

**Trans-Gender** - Justin Sabia-Tanis 2018-06-25

Baby, You are My Religion - Marie Cartier

2014-09-11

Baby, You Are My Religion argues that American butch-femme bar culture of the mid-20th Century should be interpreted as a sacred space for its community. Before Stonewall—when homosexuals were still deemed mentally ill—these bars were the only place where many could have any community at all. Baby, You are My Religion explores this community as a site of a lived corporeal theology and political space. It reveals that religious institutions such as the Metropolitan Community Church were founded in such bars, that traditional and non-traditional religious activities took place there, and that religious ceremonies such as marriage were often conducted within the bars by staff. Baby, You are My Religion examines how these bars became not only ecclesiastical sites but also provided the fertile ground for the birth of the struggle for gay and lesbian civil rights before Stonewall.

Gays and Grays - Donal Godfrey 2008-04

## Sex And The Church Gender Homosexuality And The Transformation Of Christian Ethics

This book tells the story of a unique Catholic Parish, Most Holy Redeemer Parish in San Francisco. The story tells how the original parishioners (the gray) accepted the new gay community, especially in response to the AIDS epidemic.

*SCM Studyguide: Theology in the Contemporary World* - Ben Pugh 2017-11-30

No sooner have they mastered the basics than students of theology can quickly find themselves in over their heads. They are bombarded with claim and counter-claim as soon as they want to tackle anything topical. The contentious subjects tend to be the historical Jesus, gender and sexuality, or the atonement. Other subjects might be less contentious but attract an

astounding excess of literature. Take the vast literature tackling the subject of the Church, for instance, or the bloated body of tomes on various aspects of Pneumatology. This book tries to provide the bewildered and intimidated student with a primer that is at once introductory and incisive; approachable and informative. It will help those training for ministry to recover their fascination for the subject of theology and how it could apply to their future ministry. Subjects covered include - The Quests for the Historical Jesus - Third Article Theology - The Missional Church - Liberation Theology - Feminist, LGBT and Queer Approaches - Postmodern Faith and the Emerging Church - Nonviolent Atonement
