Women and the Family - Beth Hess 2014-06-17
Despite the pervasive changes that have taken place in women's lives in the past twenty-five years--increased participation in the labor force, the attainment of higher levels of education, and higher salaries--comparable changes in the division of family labor and in the roles of men have lagged considerably. In this timely book, the editors and other experts in feminism and family studies examine the effects of two decades of influence by the women's movement on sex roles and child rearing. While applauding some positive changes, the contributors point to powerful forces of resistance to equality between the sexes, especially "the question of family"--the fear of depriving children of maternal attachment and the belief that working mothers are placing their own interests above those of other family members--as an issue that, until fully addressed, prevents genuine equality between the sexes.

The Adolescent as Decision-Maker - 2014-06-28
This book reviews current theories and research on adolescent development and their implications for education. It is organized around the theme of the adolescent as decision-maker, and covers areas of normal development that are crucial for the transition to independence. The issues raised by the thoughtful reviews will stimulate discussion and debate and will provide new perspectives on adolescence.

Encyclopedia of Sex and Gender - Carol R. Ember 2003-12-31

The central aim of this encyclopedia is to give the reader a comparative perspective on issues involving conceptions of gender, gender differences, gender roles, relationships between the genders, and sexuality. The encyclopedia is divided into two volumes: Topics and Cultures. The combination of topical overviews and varying cultural portraits is what makes this encyclopedia a unique reference work for

students, researchers and teachers interested in gender studies and cross-cultural variation in sex and gender. It deserves a place in the library of every university and every social science and health department. Contents:- Glossary. Cultural Conceptions of Gender. Gender Roles, Status,

and Institutions. Sexuality and Male-Female Interaction. Sex and Gender in the World's Cultures. Culture Name Index. Subject Index. Répertoire Mondial Des Institutions de Sciences Sociales - Unesco 1985
