### **Creating the Ethical Academy - Tricia**

Bertram Gallant 2011-09-22

For those who believe in the promise of higher education to shape a better future, this may be a time of unprecedented despair. Stories of students regularly cheating in their classes, admissions officers bending the rules for VIPs, faculty fudging research data, and presidents plagiarizing seem more rampant than ever before. If those associated with our institutions of higher learning cannot resist ethical corruption, what hope do we have for an ethical society? In this edited volume, higher education experts and scholars tackle the challenge of understanding why ethical misconduct occurs in the academy and how we can address it. The volume editor and contributing authors use a systems framework to analyze ethical challenges in common functional areas (e.g., testing and admissions, teaching and learning, research, fundraising, spectator sports, and governance), highlighting that misconduct is shaped by both individuals and the contexts in which they work, study, and live. The volume argues compellingly for colleges and universities to make ethics a strategic, institutional priority. Higher education researchers, students, and practitioners will find this volume and its application of empirical research, real-life examples, and illustrative case

studies to be an inspiring and applicable read.

### **Crossing Customs - Jay Davis 2013-09-13**

First Published in 1999. Routledge is an imprint of Taylor & Francis, an informa company.

### **Higher Education in Korea - Namgi Park 2002-05-03**

This definitive collection takes an in-depth look at the higher education system in Korea. The editors and contributors present a fundamentally Korean view of the important issues for the Korean higher education system. In systematic, well written essays, they construct theoretical perspectives to analyze the development of the higher education system in Korea's competitive society, a project never before undertaken in the English language.

*Yale Law Journal: Volume 125, Number 7 - May 2016 - Yale Law Journal 2016-06-22*

This issue of the Yale Law Journal include these contents: • Essay, "Fiduciary Political Theory: A Critique," by Ethan J. Leib and Stephen R. Galoob • Note, "The Modification of Decrees in the Original Jurisdiction of the Supreme Court," by James G. Mandilk In addition, the issue includes an extensive collection of Features by leading scholars, entitled "A Conversation on Title IX," growing out of an event sponsored by the Journal. Contributors include Michelle J. Anderson, Adele P. Kimmel, Catharine A.

MacKinnon, Dana Bolger, Zoe Ridolfi-Starr, and Alyssa Peterson & Olivia Ortiz. Subjects of these essays include institutional liability, costs of liability and schools' financial obligations, transparency in campus reporting, adjudicative processes, and using Title IX for preventing the bullying of LGBT students. This is the seventh issue of academic year 2015-2016. Quality formatting includes linked notes and an active Table of Contents (including linked Contents for individual articles), as well as active URLs in footnotes and proper Bluebook style.

**Voices of Conflict** - Reitumetse Obakeng Mabokela 2002-05-03

Examines how programs and structures at historically white universities have responded to the increasing enrollment of black students since the enactment of the Universities Amendment Act in 1983.

**Business Ethics and The Bhagavad Gita** - Subba Rao Pulapa 2020-09-17

The author of this book asserts that an absence of ethical leadership and unethical practices were the reasons for major global business scandals such as Enron, Satyam, Lehman Brothers, and WorldCom. This book analyses the causes for these unethical activities and interprets important verses from The Bhagavad Gita to show business executives and leaders how to lead ethically for the greater good of all stakeholders and society. As a remedy to avoid future scandals, the author points to several ethical directions, and the principle of Dharma, mentioned in The Bhagavad Gita by Lord Krishna, a major deity in Hinduism, who is considered Dharmātman (one who imbibes the Dharma). Written in conversation style using an executive education scenario, this book examines real world cases in various sectors like education, medical, non-government organizations (NGOs) and retail using the directions of the Dharmātman.

Working Equal - Elizabeth Creamer 2014-04-08

Working Equal exposes the myth of heroic individualism that is central to contemporary western thought. With more than 35% of full-time faculty with a spouse or partner in the same profession, dual career couples are a growing presence in higher education in the U.S.. This compelling and innovative volume examines and testifies to the contribution of intimate and

familial relationships to artistic, literary, and scientific accomplishment. An original study of a growing phenomena in higher education, Working Equal presents a new and invaluable portrait of contemporary faculty life.

The Academic Corporation - Edwin D. Duryea 2013-11-05

This book, the first ever overview of the subject, traces the history of the government of higher education from the middle ages through the 1950's and concludes with a look towards the future. It provides insight into the origins and progression of corporate organization associated with western universities, and explores whether and to what extent changing conditions raise the question of its obsolescence. It will be of interest to those who study higher education as well as the general public, governing board members, and professors.

**University Teaching** - James J.F. Forest 2014-04-08

First Published in 1998. Routledge is an imprint of Taylor & Francis, an informa company.

Victimology - Leah E. Daigle 2011-12-05

This book provides an overview of the field of victimology, with an overarching focus on the extent, causes, and responses to victimization.

*Gender, Sexuality and the UN's SDGs* - Drew Dalton 2023-06-27

Against the backdrop of Covid-19, this edited volume will utilize a gendered lens to explore the United Nation's Sustainable Development Goals (SDGs), with a clear focus on challenging the omission of sexuality in relation to the SDGs as well as analyzing the ways in which the SDGs are also equally relevant for Western countries. While acknowledging the importance of these goals, contributors unpack the exclusion of marginalized genders and sexualities as well as how popular media and social media contribute to the wider understanding of issues of gender and sexuality and the SDGs. This volume also dispels assumptions about the irrelevance of SDGs to countries in the West, with a particular focus on the UK. Chapters examine a variety of topics including: HIV/AIDS, sex work, global migration, climate change and environmental sustainability, poverty, education, and sexual harassment. This collection will be of interest to scholars, researchers, and students across Sociology, Gender & Sexuality Studies,

Education, Development Studies and Sustainability Studies.

**Higher Education in the Post-Communist World** - Paula L. W. Sabloff 2016-01-08

Following the collapse of the Soviet Union, the reorientation of formerly communist countries to the global market system necessitated a restructuring of their educational systems. This book demonstrates how various countries have attempted to reform their higher educational systems to compete in the global marketplace.

**Sexual Harassment in Higher Education** - Billie Wright Dziech 2018-10-10

Originally published in 1998, *Sexual Harassment in Higher Education* addresses the problem of sexual harassment on college campuses. This work reflects on a variety of aspects of sexual harassment, its litigation and law, as well as how the issues they demonstrate often have as much to do with linguistics or jurisprudence as with negative action, though there is a great deal of evidence of the latter. The book provides a clear-eyed and detailed assessment of the 'harassment' controversies now plaguing America's universities and colleges.

**Seeking Equity for Women in Journalism and Mass Communication Education** -

Ramona R. Rush 2013-04-03

This volume concentrates on the study and efforts of women and minority men to gain respect and parity in journalism and mass communication, and focuses on trends over the past three decades. Contributions to the volume provide a history of the equity efforts and offer updates on equity in the academy and in the professions. Theoretical and international perspectives on equity are also included, as are the concerns about equity from the new generations now coming into the profession. This anthology serves as a benchmark of women's current status in journalism and mass communication and provides a call to action for the future. As such, it is required reading for all concerned with establishing equity throughout the discipline.

**Butterfly Politics** - Catharine A. MacKinnon 2019-04-02

"Sometimes ideas change the world. This astonishing, miraculous, shattering, inspiring book captures the origins and the arc of the movement for sex equality. It's a book whose

time has come—always, but perhaps now more than ever." —Cass Sunstein, coauthor of *Nudge*

Under certain conditions, small simple actions can produce large and complex "butterfly effects." *Butterfly Politics* shows how Catharine A. MacKinnon turned discrimination law into an effective tool against sexual abuse—grounding and predicting the worldwide #MeToo movement—and proposes concrete steps that could have further butterfly effects on women's rights. Thirty years after she won the U.S. Supreme Court case establishing sexual harassment as illegal, this timely collection of her previously unpublished interventions on consent, rape, and the politics of gender equality captures in action the creative and transformative activism of an icon. "MacKinnon adapts a concept from chaos theory in which the tiny motion of a butterfly's wings can trigger a tornado half a world away. Under the right conditions, she posits, small actions can produce major social transformations." —New York Times

"MacKinnon [is] radical, passionate, incorruptible and a beautiful literary stylist... *Butterfly Politics* is a devastating salvo fired in the gender wars... This book has a single overriding aim: to effect global change in the pursuit of equality." —The Australian

"*Sexual Harassment of Working Women* was a revelation. It showed how this anti-discrimination law—Title VII—could be used as a tool... It was the beginning of a field that didn't exist until then." —U.S. Supreme Court Justice Ruth Bader Ginsburg

**The Emerging Markets and Higher Education** - Matthew S. McMullen 2002-06

Using an interdisciplinary approach, this book analyzes the relationship between higher education, the economy and government in the development of a democratic and market economy society in emerging market countries. (Poland, Czech Republic, Hungary, China, Hong Kong, Korea, Mexico, Chile and Brazil).

**Psychology at Work in Asia** - Anila Kamal 2013-02-21

This book provides important information about the development of psychology as a discipline in Asia. Several research papers related to organizational psychology and the influence of psychology on quality of life in countries throughout Asia are included. The papers which

appear herein were originally presented at the 3rd Convention of the Asian Psychological Association in Darwin, Australia during July, 2010; the 4th Convention of the Asian Psychological Association in Jakarta, Indonesia during July, 2012; and the International Conference on Industrial and Organizational Psychology at the National Institute of Psychology in Islamabad, Pakistan during April, 2012. The information presented here provides a valuable window into how psychology is taught and practiced throughout Asia, especially in the work place. Indigenous trends in research, theory and application are provided by authors who are native to, live and teach in the countries represented in the studies reported here. It is a must-read, not only for those in academic psychology and higher education, but also for those in business who are affected by changes in globalization of business practices. Psychologists, counselors, educators, and those with research interests in social sciences and cross-cultural research will find a wealth of current information.

*Sexual Harassment and Higher Education* - Billie Wright Dziech 2015-06-12

First Published in 1998. Routledge is an imprint of Taylor & Francis, an informa company.

**Tourism and Gender-based Violence** - Paola Vizcaino 2020-08-14

"This book focuses on the multiple and interconnected manifestations of violence that women/girls encounter in tourism consumption and production while seeking to open the debate on violence against sexual minorities (LGBT) and discussing men/boys as victims and perpetrators of GBV"--

**Two-Year Colleges for Women and Minorities** - Barbara Townsend 2002-12-24

This book focuses upon approximately 250 nonprofit, two-year colleges with a student body that is entirely female or at least 25 percent black, Hispanic, or Native American. These special-focus colleges include two-year colleges, historically black colleges (HBC's), Hispanic-serving institutions (HIS's) and tribal colleges, with some of these schools being church-affiliated. Many of these schools serve as shining examples of how a genuine commitment to access and achievement for female students of color can enhance these students' academic success.
