**Tantra** - Georg Feuerstein, Ph.D. 1998-07-28  
A leading yoga researcher offers a clear and lively introduction to the history, philosophy, and practice of the Tantric spiritual tradition Tantra—often associated with Kundalini Yoga—is a fundamental dimension of Hinduism, emphasizing the cultivation of “divine power” (shakti) as a path to infinite bliss. Tantra has been widely misunderstood in the West, however, where its practices are often confused with eroticism and licentious morality. Tantra: The Path of Ecstasy dispels many common misconceptions, providing an accessible introduction to the history, philosophy, and practice of this extraordinary spiritual tradition. The Tantric teachings are geared toward the attainment of enlightenment as well as spiritual power and are present not only in Hinduism but also Jainism and Vajrayana Buddhism. In this book, Georg Feuerstein offers readers a clear understanding of authentic Tantra, as well as appropriate guidance for spiritual practice and the attainment of higher consciousness.

**Radical Ecstasy** - Dossie Easton 2011-08-02  
For millennia, seekers have used physical and emotional extremes to achieve transcendence and exaltation. Today, many BDSM and leather practitioners are discovering the potential of SM practice to reach personal, interpersonal and spiritual goals. In Radical Ecstasy, bestselling BDSM/sexuality authors Easton and Hardy document their own journeys into the transcendent realm of kink. With their trademark frankness and humor, they share their own stories and philosophies. They also share techniques that have worked for them -

techniques which combine tantric breathing, visualization and movement with a combined half-century of BDSM experience - to create states of transcendence during solo and partnered sexual and BDSM practice. As outrageously revolutionary as any sex book published in the last decade, *Radical Ecstasy* sets the stage for the new millennium in BDSM and sacred-sex practices - a "must" for any kink, tantra, pagan or sacred-sex practitioner.

"Amazingly mindful exploration of that which cannot be easily put into words... the ecstatic experience from sex to sadomasochism, from trance to intuition to archetypes and spiritual awakening. Totally real and personal. Not a 'how to' but a nurturing 'can do' book." - Fakir Musafar, father of the modern primitive movement.

"Progressive, deliciously honest, and HOT HOT HOT! Dossie and Janet ask difficult questions about the nature of sex, intimacy and ecstasy, then they actually manage to answer the questions, plus turn us on when they do. These two erotically gifted women have a way with words - and sex. They raise the bar on erotic writing and sex education to new heights. I'm in awe." - Annie Sprinkle, Ph.D., prostitute/porn star turned sex guru/sexologist

"Fascinating, heartfelt, honest, real stories of the heart/spirit/energy connection experienced in the passionate rituals of intimate consensual power play. These two courageous women write brilliantly of how erotic energies connect us with the big love we all seek from the source." - Cleo Dubois, educator, ritualist, video producer/star

**The Art of Everyday Ecstasy** - Margot Anand 1999-04-20

"Ecstasy is about waking up and finding that you are in love with life." Most people think of ecstasy in terms of sexual ecstasy, which Tantric sex expert Margot Anand wrote about in her bestselling *The Art of Sexual Ecstasy*. Now, in *The Art of Everyday Ecstasy*, Anand expands our definition of ecstasy and shows how we can harness its energy to help us live, work, and love more passionately, joyfully, and with true spiritual focus. Our modern, work-obsessed, stress-filled culture—what Anand calls the "anti-ecstatic conspiracy"—has dulled our spirits, thrown us off balance, and alienated us from meaningful everyday experiences. In this inspirational journey toward finding the healing

nature of ecstasy, Anand explains how the two types of ecstatic experiences—the moments of epiphany called Ecstatic Awakenings, and Everyday Ecstasy, or the Ecstasy of Flow, a connection to our power and inner wisdom—can help us move beyond pain and doubt to reach our highest potential. Based on the spiritual path of Tantra, Anand shows how to use the natural energy system of our bodies—the seven chakras—as a map to ecstasy. As she guides us through the chakras, she explains how each one plays an important role in transforming energy into erotic passion, healing, empowerment, compassion, creativity, insight, and gratitude. Blocked chakras manifest themselves in surprising ways; wholeness can be achieved only when all of the chakras are open with energy flowing freely. By transforming negative behavioral patterns into positive ones and strengthening ourselves physically, emotionally, and spiritually, we can improve our health, sex life, career, relationships, and find profound meaning in everyday moments. With personal anecdotes, exercises, meditations, and rituals, *The Art of Everyday Ecstasy* shows us how to bring ecstatic energy into the body, mind, heart, and spirit—"to embrace every moment in our totality, to respond bodily, feel from the heart, perceive with clarity, and be fully present to others and to life."

**The Tantra Connection** - Monika Müller 2009-09

Having started the new millennium we are in the midst of imminent changes. This era was foreseen five millennia ago, and described in tantric scriptures as the transition from the "Age of Darkness" to the "Age of Truth". The main intention of this book is to heighten the reader's understanding of this transformation and to assist in this time of change we are going through, individually as well as in society. Tantra considers the spiritual component of sexuality as it presents a balanced approach to life. Like Tantra this text is designed to enhance and support individual spiritual growth - in unity within a healing body. Holistic health is an ever-present undercurrent, since the work intertwines the conscious use of energy in the body with knowledge gleaned from ancient Tantra. Some parallels, between ancient East Indian Tantra and the highly developed cosmology of the pre-columbian Mayan culture, are also identified. The work is based on personal experiences. These have led the author to an energetic understanding of Tantra. Describing the use of certain meditations, different modes of energy-cleansing and cultivated sexuality, it attempts to reinforce the reader's courage and self-confidence. The goal is to master life, eventually becoming a "whole" human being - a microcosm within the macrocosm. In this context, the work seeks to clarify - from the focal point of energy and social programming - the adversities and opportunities that couples face as soon as either partner begins the journey to Self. It concludes, by pointing to a possible future vision - enabled by our consciousness and the actions we can take to bring on deepened awareness.

**Tantric Quest** - Daniel Odier 1997-04-01  
 The author reveals his passionate experiences with a female Tantric master who taught him the suppressed practices of her ancient order. In 1968 Daniel Odier left Europe for the Himalayas, searching for a master who could help him go where texts and intellectual searching could no longer take him. He wanted everything: the wisdom and spirituality gained from the life of an ascetic and the beauty, love, and sensuality of a life of passion. He found both in Shivaic Tantrism, the secret spiritual path that seeks to transcend ego and rediscover the divine by embracing the passions. In an isolated Himalayan forest Odier met Devi, a great yogini who would take him on a mystical journey like none he had ever imagined. At times taking him beyond the limits of sexual experience, at times threatening him with destruction, she taught him what it is to truly be alive and to know the divine nature of absolute love. This is the personal memoir of one of France's most honored writers. Tantrism is the only ancient philosophy to survive all historical upheavals, invasions, and influences to reach us intact by uninterrupted transmission from master to disciple, and the only one to retain the image of the Great Goddess as the ultimate source of power.

**Living Tantra** - Jan Day 2021-11-09  
Tantra originated in India many centuries ago but it's uniquely placed to help people use real life as grist to the mill for spiritual

transformation. The purpose of the book is to articulate what Tantra can be in our modern times and how it can be applied to all aspects of our everyday life. Traditionally Tantra was a path that brought spirituality out of the caves and monasteries and into the life of householders. It didn't seek to separate sexuality and spirituality and to force people to make a choice but rather to integrate the life of family and relationship with spirituality. This includes sexuality but it's not all about sexuality, and this is a rare book that applies Tantra to every aspect of life. Living Tantra is a body of work that aims to bring the essence and core message of tantra into relevance for our contemporary life and society as a path of spiritual growth and human development. It's based on her legendary workshops which book up via word of mouth and attracts attendees from across Europe and North America, especially Sweden, Austria, USA, Germany, Spain and the Czech Republic. The exercises here come out of these workshops and mean that we can benefit from this work in our own homes. The principles of Living Tantra are to use all life, all experience to learn and become more conscious of ourselves and the world around us, to care more for ourselves, each other and the world and to develop greater compassion. Tantra includes everything. It is the weaving together of all that is.
