The Albatross Syndrome - Adrian Summer
2014-06-23

Be careful what you wish for . . . "By the time I'm thirty, I'll have a cracking bird, a fuck off pad and a top of the range BM." London, New Year's Eve 1999. Leigh Harper's prophetic youthful words are ringing loudly in his ears. On the brink of a new Millennium and on the wrong side of thirty, he's trapped in a dead-end relationship and a job he can't stand. What's more, he's been in lust with Melanie from the office for ever and a day and she's about to be transferred to the Leicester branch. But with his girlfriend away and a party to end all parties organised, everything's about to change dramatically for Leigh, just not necessarily in quite the way he would have planned . . . The Albatross Syndrome is a zany, laugh out loud novel about the messy

world of love, life and relationships in the 21st century.

Dictionary of the British English Spelling System - Greg Brooks 2015-03-30

This book will tell all you need to know about British English spelling. It's a reference work intended for anyone interested in the English language, especially those who teach it, whatever the age or mother tongue of their students. It will be particularly useful to those wishing to produce well-designed materials for teaching initial literacy via phonics, for teaching English as a foreign or second language, and for teacher training. English spelling is notoriously complicated and difficult to learn; it is correctly described as much less regular and predictable than any other alphabetic orthography.

However, there is more regularity in the English spelling system than is generally appreciated. This book provides, for the first time, a thorough account of the whole complex system. It does so by describing how phonemes relate to

graphemes and vice versa. It enables searches for particular words, so that one can easily find, not the meanings or pronunciations of words, but the other words with which those with unusual phoneme-grapheme/grapheme-phoneme correspondences keep company. Other unique features of this book include teacher-friendly lists of correspondences and various regularities not described by previous authorities, for example the strong tendency for the letter-name vowel phonemes (the names of the letters) to be spelt with those single letters in non-final syllables.

The Burdens of Disease - J. N. Hays 2009-10-15
A review of the original edition of *The Burdens of Disease* that appeared in *ISIS* stated, "Hays has written a remarkable book. He too has a message: That epidemics are primarily dependent on poverty and that the West has consistently refused to accept this." This revised edition confirms the book's timely value and provides a sweeping approach to the history of

disease. In this updated volume, with revisions and additions to the original content, including the evolution of drug-resistant diseases and expanded coverage of HIV/AIDS, along with recent data on mortality figures and other relevant statistics, J. N. Hays chronicles perceptions and responses to plague and pestilence over two thousand years of western history. Disease is framed as a multidimensional construct, situated at the intersection of history, politics, culture, and medicine, and rooted in mentalities and social relations as much as in biological conditions of pathology. This revised edition of *The Burdens of Disease* also studies the victims of epidemics, paying close attention to the relationships among poverty, power, and disease.

Death in Venice and Other Stories (Vintage Classic Europeans Series) - Thomas Mann
2018-11-27

The Vintage Classics Europeans series - with covers provided by textile design firm Wallace

Sewell, these are must-have editions of European masterpieces, celebrating the warp and weft of a shared literary treasury Aging writer Gustave von Aschenbach is disappointed by Venice. The skies are leaden, the air is thick and sultry, and a sickening stench emanates from the murky labyrinth of canals. It would hardly be sensible to stay, especially not when rumours of a 'sickness' spread through the city. And yet Aschenbach cannot leave: he has seen an entirely beautiful young boy and has fallen under an enchantment. He must stay near the boy, though never speaking to him, even until it is too late. Also includes the stories 'LITTLE HERR FRIEDEMANN', 'THE JOKER', 'THE ROAD TO THE CHURCHYARD', 'GLADIUS DEI', 'TRISTAN' and 'TONIO KRUGER'. TRANSLATED FROM THE GERMAN BY DAVID LUKE 'Mann was a master magician of German - and world - literature in the twentieth century' Sunday Telegraph

Wolf Hall - Hilary Mantel 2020-11-05
Inglaterra, década de 1520. Henry VIII ocupa o trono, mas não tem herdeiros. O cardeal Wolsey, o seu conselheiro principal, é encarregue de garantir a consumação do divórcio que o papa recusa conceder. É neste ambiente de desconfiança e de adversidade que surge

Thomas Cromwell, primeiro como funcionário de Wolsey e, mais tarde, como seu sucessor.

Thomas Cromwell é um homem verdadeiramente original. Filho de um ferreiro cruel, é um político genial, intimidante e sedutor, com uma capacidade sutil e mortal para manipular os outros e as circunstâncias. Impiedoso na perseguição dos seus próprios interesses, é tão ambicioso na política quanto na vida privada. A sua agenda reformadora é executada perante um parlamento que atua em benefício próprio e um rei que flutua entre paixões românticas e acessos de raiva homicida. Escrito por uma das grandes escritoras do nosso tempo, Wolf Hall é um romance absolutamente singular.

Leopoldstadt - Tom Stoppard 2020-08-25

****Winner of the Tony Award for Best Play****

Finally making its Broadway debut in a limited engagement run, Tom Stoppard's humane and heartbreaking Olivier Award-winning play of love, family, and endurance At the beginning of the twentieth century, Leopoldstadt was the old, crowded Jewish quarter of Vienna, a city humming with artistic and intellectual excitement. Stoppard's epic yet intimate drama centers on Hermann Merz, a manufacturer and baptized Jew married to Catholic Gretl, whose extended family convene at their fashionable apartment on Christmas Day in 1899. Yet by the time the play closes, Austria has passed through the convulsions of war, revolution, impoverishment, annexation by Nazi Germany, and the Holocaust, which stole the lives of

65,000 Austrian Jews alone. From one of today's most acclaimed playwrights, Leopoldstadt is a human and heartbreaking drama of literary brilliance, historical verisimilitude, and powerful emotion.
