

The Color Of Sex Whiteness Heterosexuality And The Fictions Of White Supremacy New Americanists

[American Book Publishing Record](#) - 2001

[Nineteenth-century Literature](#) - 2000

Contains articles which focus on a broad spectrum of significant figures in fiction, philosophy, and criticism such as Austen, Carlyle, Dickens, Thackeray, the Brontes, Tennyson, Browning, Arnold, Emerson, Hawthorne, Thoreau, Whitman, Twain, and Henry James.

[Forthcoming Books](#) - Rose Army 2001-08

[Set This House on Fire](#) - William Styron 2010-05-04

A New York Times bestseller by the author of *Sophie's Choice*: Two Americans search for the truth about a mysterious long-ago murder in Italy. Shortly after World War II, in the village of Sambuco, Italy, two men—Virginia attorney Peter Leverett and South Carolina artist Cass Kinsolving—crossed paths with Mason Flagg. They both had their own reactions to the gregarious and charismatic movie mogul's son. For the impressionable Peter, it was something close to awe. For the alcoholic Cass, it was unsettled rage. Then, after the rape and murder of a peasant girl, Mason's body was found at the base of a cliff—an apparent suicide. He'd been distraught, the authorities said, over committing such a heinous crime. Peter and Cass went their separate ways, and never spoke of it again. Now, years later, Peter is still haunted by what he knows—and by what he doesn't. He's sought out Cass in Charleston for closure, and something close to the truth. Together both men will share their tales of that terrible season in Italy, each with their own ghosts—and their own reasons to exorcise them. But neither Peter nor Cass is prepared for where this path of revenge, complicity, and atonement will take them. A profound exploration of the evil that men do, and what the innocent must endure to accommodate it, *Set This House on Fire* is more than a byzantine murder mystery, it's "one of the finest novels of our times" from the Pulitzer Prize-winning author of *The Confessions of Nat Turner*, *Darkness Visible*, and other modern classics (San Francisco Chronicle). This ebook features a new illustrated biography of William Styron, including original letters, rare photos, and never-before-seen documents from the Styron family and the Duke University Archives.

[The Tortilla Curtain](#) - T. C. Boyle 2019

When Delaney Mossbacher knocks down a Mexican pedestrian, he neither reports the accident nor takes his victim to hospital. Instead the man accepts \$20 and limps back to poverty and his pregnant 17-year-old wife, leaving Delaney to return to his privileged life in California. But these two men are fated against each other, as Delaney attempts to clear the land of the illegal immigrants who he thinks are turning his state park into a ghetto, and a boiling pot of racism and prejudice threatens to spill over.

[Kindred, Gift Edition](#) - Octavia Butler 2022-09-20

The New York Times best-selling author's time-travel classic that makes us feel the horrors of American slavery and indicts our country's lack of progress on racial reconciliation. The series adaptation from FX premieres December 13 on Hulu. Developed for television by writer/executive producer Branden Jacobs-Jenkins (*Watchmen*), executive producers also include Joe Weisberg and Joel Fields (*The Americans*, *The Patient*), and Darren Aronofsky (*The Whale*). Janicza Bravo (*Zola*) is director and an executive producer of the pilot. *Kindred* stars Mallori Johnson, Micah Stock, Ryan Kwanten, and Gayle Rankin. "I lost an arm on my last trip home. My left arm." Dana's torment begins when she suddenly vanishes on her 26th birthday from California, 1976, and is dragged through time to antebellum Maryland to rescue a boy named Rufus, heir to a slaveowner's plantation. She soon realizes the purpose of her summons to the past: protect Rufus to ensure his assault of her Black ancestor so that she may one day be born. As she endures the traumas of slavery and the soul-crushing normalization of savagery, Dana fights to keep her autonomy and return to the present. Blazing the trail for neo-slavery narratives like Colson Whitehead's *The Underground Railroad* and Ta-Nehisi Coates's *The Water Dancer*, Butler takes one of speculative fiction's oldest tropes and infuses it with lasting depth and power. Dana not only experiences the cruelties of slavery on her skin but also grimly

learns to accept it as a condition of her own existence in the present. "Where stories about American slavery are often gratuitous, reducing its horror to explicit violence and brutality, *Kindred* is controlled and precise" (New York Times).

[The Color of Sex](#) - Mason Stokes 2001-02-08

In *The Color of Sex* Mason Stokes offers new ways of thinking about whiteness by exploring its surprisingly ambivalent partnership with heterosexuality. Stokes examines a wide range of white-supremacist American texts written and produced between 1852 and 1915—literary romances, dime novels, religious and scientific tracts, film—and exposes whiteness as a tangled network of racial and sexual desire. Stokes locates these white-supremacist texts amid the anti-racist efforts of African American writers and activists, deepening our understanding of both American and African American literary and cultural history. *The Color of Sex* reveals what happens when race and sexuality meet, when white desire encounters its own ambivalence. As Stokes argues, whiteness and heterosexuality exist in anxious relation to one another. Mutually invested in "the normal," they support each other in their desperate insistence on the cultural logic of exclusion. At the same time, however, they threaten one another in their attempt to create and sustain a white future, since reproducing whiteness necessarily involves the risk of contamination. Charting the curious movements of this "white heterosexuality," *The Color of Sex* inaugurates a new moment in our ongoing attempt to understand the frenzied interplay of race and sexuality in America. As such, it will appeal to scholars interested in race theory, sexuality studies, and American history, culture, and literature.

[Towards an Asian American Biblical Hermeneutics](#) - Gale A. Yee 2021-07-28

Asian Americans are the fastest growing racial/ethnic population in the United States. Especially since the 1990s, readings by Asian American biblical scholars have been increasing to meet the particular theological and pastoral concerns of their Christian racial/ethnic seminarians, clergy, and churches. Gale A. Yee is one of their major interpreters, becoming the first Asian American and first woman of color president of the oldest professional guild devoted to the critical study of the Bible, the Society of Biblical Literature. This book is an anthology of her major, ground-breaking essays on Asian American theorizing and analysis of the biblical text. It is a retrospective of her growth of over almost three decades in wrestling with questions like "What is Asian American biblical hermeneutics and how does one undertake it?"

[Colorblindness, Post-raciality, and Whiteness in the United States](#) - Sherrow O. Pinder 2015-12-27

This book problematizes the ways in which the discourses of colorblindness and post-raciality are articulated in the age of Obama. Pinder debunks the myth that race does not matter and reconsiders the presumptive hegemony of whiteness through the dialectics of visibility and invisibility of race.

[Beside You in Time](#) - Elizabeth Freeman 2019-09-06

In *Beside You in Time* Elizabeth Freeman expands biopolitical and queer theory by outlining a temporal view of the long nineteenth century. Drawing on Foucauldian notions of discipline as a regime that yoked the human body to time, Freeman shows how time became a social and sensory means by which people assembled into groups in ways that resisted disciplinary forces. She tracks temporalized bodies across many entangled regimes—religion, secularity, race, historiography, health, and sexuality—and examines how those bodies act in relation to those regimes. In analyses of the use of rhythmic dance by the Shakers; African American slave narratives; literature by Mark Twain, Pauline Hopkins, Herman Melville, and others; and how Catholic sacraments conjoined people across historical boundaries, Freeman makes the case for the body as an instrument of what she calls queer hypersociality. As a mode of being in which bodies are connected to others and their histories across and throughout time, queer hypersociality, Freeman contends, provides the means for subjugated bodies to escape disciplinary regimes of time and to create new social worlds.

[The Color of Success](#) - Ellen D. Wu 2015-12-29

The Color of Success tells of the astonishing transformation of Asians in the United States from the "yellow peril" to "model minorities"--peoples distinct from the white majority but lauded as well-assimilated, upwardly mobile, and exemplars of traditional family values--in the middle decades of the twentieth century. As Ellen Wu shows, liberals argued for the acceptance of these immigrant communities into the national fold, charging that the failure of America to live in accordance with its democratic ideals endangered the country's aspirations to world leadership. Weaving together myriad perspectives, Wu provides an unprecedented view of racial reform and the contradictions of national

belonging in the civil rights era. She highlights the contests for power and authority within Japanese and Chinese America alongside the designs of those external to these populations, including government officials, social scientists, journalists, and others. And she demonstrates that the invention of the model minority took place in multiple arenas, such as battles over zoot suiters leaving wartime internment camps, the juvenile delinquency panic of the 1950s, Hawaii statehood, and the African American freedom movement. Together, these illuminate the impact of foreign relations on the domestic racial order and how the nation accepted Asians as legitimate citizens while continuing to perceive them as indelible outsiders. By charting the emergence of the model minority stereotype, The Color of Success reveals that this far-reaching, politically charged process continues to have profound implications for how Americans understand race, opportunity, and nationhood.

African American Review - 2001

As the official publication of the Division on Black American Literature and Culture of the Modern Language Association of America, African American review promotes an exchange among writers and scholars in the arts, humanities, and social sciences who hold diverse perspectives of African American literature and culture.

Extravagant Abjection - Darieck Scott 2010-07-12

Summary: Challenging the conception of empowerment associated with the Black Power Movement and its political and intellectual legacies, this title contends that power can be found not only in martial resistance, but, surprisingly, where the black body has been inflicted with harm or humiliation.
