

The Unspoken Alliance Israels Secret Relationship With Apartheid South Africa

The Palestinian People - Baruch Kimmerling
2009-07-01

In a timely reminder of how the past informs the present, Baruch Kimmerling and Joel Migdal offer an authoritative account of the history of the Palestinian people from their modern origins to the Oslo peace process and beyond.

Palestinians struggled to create themselves as a people from the first revolt of the Arabs in Palestine in 1834 through the British Mandate to the impact of Zionism and the founding of Israel. Their relationship with the Jewish people and the State of Israel has been fundamental in shaping that identity, and today Palestinians find

themselves again at a critical juncture. In the 1990s cornerstones for peace were laid for eventual Palestinian-Israeli coexistence, including mutual acceptance, the renunciation of violence as a permanent strategy, and the establishment for the first time of Palestinian self-government. But the dawn of the twenty-first century saw a reversion to unmitigated hatred and mutual demonization. By mid-2002 the brutal violence of the Intifada had crippled Palestine's fledgling political institutions and threatened the fragile social cohesion painstakingly constructed after 1967. Kimmerling and Migdal unravel what went right-

-and what went wrong--in the Oslo peace process, and what lessons we can draw about the forces that help to shape a people. The authors present a balanced, insightful, and sobering look at the realities of creating peace in the Middle East.

The Unspoken Alliance - Sasha Polakow-Suransky 2010

A revelatory account of Israel's secret military cooperation with apartheid South Africa. Prior to the Six-Day War, Israel was the darling of the international Left. But after its occupation of Palestinian territories in 1967, Israel found itself isolated from former allies and threatened anew by old enemies. Sasha Polakow-Suransky tells the full story of how Israel's booming arms industry and South Africa's isolation led to a hidden military alliance that grew deeper after the Likud Party came to power in 1977 and continued even after Israel passed sanctions against South Africa in the late 1980s. Polakow-Suransky has uncovered previously classified

details of countless arms deals conducted behind the backs of Israel's diplomatic corps and in violation of the United Nations arms embargo. Based on extensive archival research and interviews with former generals and high-level government officials in both countries, this book tells a troubling story of Cold War paranoia, moral compromises, and Israel's estrangement from the Left.--From publisher description.

The Muslim Revolt - Roger Hardy 2010

'We fail to understand Islam,' writes Roger Hardy in the introduction to this book, 'and we are paying a high price for our failure.' "The Muslim Revolt" explains, in layman's language, a phenomenon that still seems to madden and

perplex both the public and the policy-makers. In setting out to demystify Islamism and the forces that drive it, Hardy suggests that for the last two hundred years Muslims have been in revolt against Western domination - and against the failures and disappointments of modernisation. The book takes the form of a journey. Drawing on his travels and encounters as a journalist over the last thirty years, the author explains the political role of Islam in particular countries and regions - Egypt, Iran, Pakistan, Sudan, Saudi Arabia, Turkey, south-east Asia, Europe - while at the same time telling the story of Islamism from its origins in the era of European colonialism to the emergence of Al-Qaeda and the global jihadists of today. In a challenging conclusion, Hardy warns that without a subtler grasp of Islamism and its discontents, the West will lose its much-vaunted battle for Muslim 'hearts and minds'.

They're Burning the Churches - Patrick Noonan 2003

The Unspoken Alliance - Sasha Polakow-Suransky 2011-06-14

Prior to the Six-Day War, Israel was a darling of the international left, vocally opposed to apartheid and devoted to building alliances with black leaders in newly independent African nations. South Africa, for its part, was controlled by a regime of Afrikaner nationalists who had enthusiastically supported Hitler during World War II. But after Israel's occupation of Palestinian territories in 1967, the country found itself estranged from former allies and threatened anew by old enemies. As both states became international pariahs, a covert—and lucrative—military relationship blossomed between these seemingly unlikely allies. Based

on extensive archival research and exclusive interviews with former generals and high-level government officials in both countries, *The Unspoken Alliance* tells a troubling story of Cold War paranoia, moral compromises, and startling secrets.

Days of the Generals - Hilton Hamann 2001
An explosive, behind-the-scenes story from the South African Generals themselves about covert operations, strategic alliances and full-scale war.

White Schooldays - Isme Bennie 2014-12-10
As a young girl, Ismé Bennie didn't realize how privileged she was. A white South African growing up during the apartheid era, her life was one of pleasure. She was a child at play under the warm African sun. As she grew, however, and became more aware of the suffering of the black community in her country, she began to understand the evils of apartheid in a way that only those who lived through it can. *White Schooldays* is a reflection on the relative normalcy of Bennie's life in the 1940s and

The Unspoken Alliance Israels Secret Relationship With Apartheid South Africa

1950s-a life filled with her pets, family, sports, and friends. As a Jew, Bennie was a minority within a minority, but she still enjoyed the benefits of life as a white South African. Her everyday pleasurable experiences stand in stark contrast to the violence, discrimination, and political upheaval that went on around her. As Bennie changed from a girl to a woman, the bliss of ignorance faded away. White Schooldays is Bennie's homage to a way of life that was special and beautiful for those who were privileged enough to lead it...and a look at the political reality of the times to keep it all in perspective.

Apartheid's Reluctant Uncle - Thomas Borstelmann 1993

Borstelmann (history, Cornell U.) brings to light the neglected history of Washington's strong, but hushed, backing for the white supremacist National Party government that won power in South Africa in 1948, and for its formal establishment of apartheid. The Terrorist Album - Jacob Dlamini 2020-05-01
An award-winning historian and journalist tells the very human story of apartheid's afterlife, tracing the fates of South African insurgents, collaborators, and the security police through the tale of the clandestine photo album used to target apartheid's enemies. From the 1960s until the early 1990s, the South African security police and counterinsurgency units collected over 7,000 photographs of apartheid's enemies. The political rogue's gallery was known as the "terrorist album," copies of which were distributed covertly to police stations throughout the country. Many who appeared in the album were targeted for surveillance. Sometimes the security police tried to turn them; sometimes the goal was elimination. All of the albums were ordered destroyed when apartheid's violent collapse began. But three copies survived the memory purge. With full access to one of these surviving albums, award-winning South African historian and journalist Jacob Dlamini

The Unspoken Alliance Israels Secret Relationship With Apartheid South Africa

investigates the story behind these images: their origins, how they were used, and the lives they changed. Extensive interviews with former targets and their family members testify to the brutal and often careless work of the police. Although the police certainly hunted down resisters, the terrorist album also contains mug shots of bystanders and even regime supporters. Their inclusion is a stark reminder that apartheid's guardians were not the efficient, if morally compromised, law enforcers of legend but rather blundering agents of racial panic. With particular attentiveness to the afterlife of apartheid, Dlamini uncovers the stories of former insurgents disenchanted with today's South Africa, former collaborators seeking forgiveness, and former security police reinventing themselves as South Africa's newest export: "security consultants" serving as mercenaries for Western nations and multinational corporations. The Terrorist Album is a brilliant evocation of apartheid's tragic

caprice, ultimate failure, and grim legacy.

Mossad Exodus - Gad Shimron 2007

"In 1977, Israel's Mossad spy agency was given an assignment from former Prime Minister Menachem Begin to rescue thousands of Ethiopian Jewish refugees in Sudan and "deliver them" in the Jewish state. No stranger to action in enemy countries, the agency established a covert forward base in a deserted holiday village in Sudan, and deployed a handful of operatives to launch and oversee the exodus of the refugees to the Promised Land, by sea and by air, in the early 1980s. Gad Shimron, the author of this book, was one of their number. Shimron offers a thrilling firsthand account of how the operation was put in place, and how the Mossad team in Sudan brought it off, despite great personal risk, running a partying vacation spot for wealthy tourists by day as they stole through the

Neoliberal Apartheid - Andy Clarno 2017-03-07

This is the first comparative analysis of the political transitions in South Africa and Palestine since the 1990s. Clarno's study is grounded in impressive ethnographic fieldwork, taking him from South African townships to Palestinian refugee camps, where he talked to a wide array of informants, from local residents to policymakers, political activists, business representatives, and local and international security personnel. The resulting inquiry accounts for the simultaneous development of extreme inequality, racialized poverty, and advanced strategies for securing the powerful and policing the poor in South Africa and Palestine/Israel over the last 20 years. Clarno places these transitions in a global context while arguing that a new form of neoliberal apartheid has emerged in both countries. The width and depth of Clarno's research, combined with wide-

ranging first-hand accounts of realities otherwise difficult for researchers to access, make *Neoliberal Apartheid* a path-breaking contribution to the study of social change, political transitions, and security dynamics in highly unequal societies. Take one example of Clarno's major themes, to wit, the issue of security. Both places have generated advanced strategies for securing the powerful and policing the racialized poor. In South Africa, racialized anxieties about black crime shape the growth of private security forces that police poor black South Africans in wealthy neighborhoods. Meanwhile, a discourse of Muslim terrorism informs the coordinated network of security forces involving Israel, the United States, Jordan, and the Palestinian Authority that polices Palestinians in the West Bank. Overall, Clarno's pathbreaking book shows how the shifting relationship between racism, capitalism, colonialism, and empire has generated inequality and insecurity, marginalization and

The Unspoken Alliance - Sasha Polakow-Suransky 2010-05-25

A revealing account of how Israel's booming arms industry and apartheid South Africa's international isolation led to a secretive military partnership between two seemingly unlikely allies. Prior to the Six-Day War, Israel was a darling of the international left: socialist idealists like David Ben-Gurion and Golda Meir vocally opposed apartheid and built alliances with black leaders in newly independent African nations. South Africa, for its part, was controlled by a regime of Afrikaner nationalists who had enthusiastically supported Hitler during World War II. But after Israel's occupation of Palestinian territories in 1967, the country found itself estranged from former allies and threatened anew by old enemies. As both states

became international pariahs, their covert military relationship blossomed: they exchanged billions of dollars' worth of extremely sensitive material, including nuclear technology, boosting Israel's sagging economy and strengthening the beleaguered apartheid regime. By the time the right-wing Likud Party came to power in 1977, Israel had all but abandoned the moralism of its founders in favor of close and lucrative ties with South Africa. For nearly twenty years, Israel denied these ties, claiming that it opposed apartheid on moral and religious grounds even as it secretly supplied the arsenal of a white supremacist government. Sasha Polakow-Suransky reveals the previously classified details of countless arms deals conducted behind the backs of Israel's own diplomatic corps and in violation of a United Nations arms embargo. Based on extensive archival research and exclusive interviews with former generals and high-level government officials in both countries, *The Unspoken Alliance* tells a troubling story of

Cold War paranoia, moral compromises, and Israel's estrangement from the left. It is essential reading for anyone interested in Israel's history and its future.

Rethinking Africa - Bernedette Muthien 2021-05
This book critically opens new pathways for decolonial scholarship and the reclamation of indigenous self-definition by women scholars. Indigenous peoples around the world are often socially egalitarian and gender equal, matricentric, matrifocal, matrilineal, less violent, beyond heteronormative, ecologically sensitive, and with feminine or two-gender deities or spirits, and more. Bernedette Muthien has contributed to several publications over the years, while June Bam has made numerous key contributions in the field of rethinking and rewriting the African past more generally. In this book, indigenous women write their own herstory, define their own contemporary cultural and socio-economic conditions, and ideate future visions based on their lived realities. All chapters

her historicise the accepted 'histories' and theories of how we have come to understand the African past, how to problematise and rethink that discourse, and provide new and different herstorical lenses, philosophies, epistemologies, methodologies and interpretations. In a first of its kind in Africa and the world, this collection of essays is written by, with and for indigenous

southern African women from matricentric societies.

The Scientific Imagination in South Africa - William Beinart 2021-05-20
