How to Attract Women Zac Miller 2020-03-08 Can I Ask You a Question? What would life be like if you knew exactly how to attract women? If you could get the girls you've always wanted? If you could be a man women were sexually drawn to... would that change your life? Hi, my name is Zac Miller. In my many years here on earth I've had my share of experiences with women. And like most men, I wasn't born knowing what attracts women or what they want, but there came a point in my life where I was fed up and did something about it. Many men just say "women are crazy," and they leave it at that, not trying to understand them. I couldn't have that... While women are in fact crazy, I have put together a book which explains what they want, what attracts them to men, and how you can start attracting women. It's taken me many, many years, and many, many sleepless nights, but after all was said and done, I believe I have made the best book available when it comes teaching men everything it takes to successfully attract women. Here's What You'll Learn in This Book Chapter 1: Appearance - While it's been this way for many years, the advent of website profiles and dating apps has made a masculine appearance much more important for men in this day and age. Here I share with you the many ways you can appear more attractive to women, as well the ideal body type women are looking for in a man (hint: it's not abs). Chapters 2 & 3: Attractive & Unattractive Qualities - Ever notice how women are attracted to jerks and "bad boys?" It's because they display many attractive qualities women desire. In these chapters, I share with you what exactly these qualities are, while also going over attributes you need to stay away from, which push women away. Chapter 4 & 5: Talking to Women - Next, we go over how to talk to women and connect with them, in turn attracting them to you. I show you how to approach girls, get their contact information, and how to conversant with them afterwards to secure a date. I go over the number one mistake most guys make during this process, as well as the one quality that will put you above all other men when talking to women (hint: it's not a lifted truck). Chapter 6: The Date - We then go over how to handle the date. I show you exactly how to ask for the date, where to go, and what to do during the date. This includes conversation topics that release dopamine (feel good) chemicals in a woman's brain, as well as techniques you can employ during the date to keep her attention. I then go over what to do after the date to keep her interested in you for the long run to make her your girlfriend. Chapter 7: The What If's? - What if she flakes on the date? What if she says maybe? What if she starts losing interest? All these questions and more are handled in this chapter, showing you the exact techniques to employ to handle each situation, which will keep a woman interested in you. Appendix - I provide 70 opening messages, original to this book, to use when texting girls. These are unique, funny messages, which will make you stand out from other men. As a FREE bonus, only to buyers of this book, I provide you with my special report, *Subconscious Attraction: 3 Techniques that Will Attract Her Subconsciously*. What Women Want When They Test Men Bruce Bryans 2015-08-13 Discover What Women Want in a Man and How They Secretly Test You For it If you pay close enough attention to what really attracts women, you'll find that what women want is a man with a backbone. Women want to be with a man who knows how to take the lead and make decisions; one who has strong personal boundaries and knows how to love her like...a man. Unfortunately, a lot of men have difficulty accepting the truth that many women prefer to be with a man who isn't afraid to stand up to them, who challenges them, and who refuses to be pushed around by women (or anything else for that matter). This is especially true of women who seek a more traditional male-female gender role dynamic in their romantic relationships. Even if a man knows how to attract women, cultivating a mind-blowing relationship with one requires a different set of skills entirely. Women want men who can make them feel secure - men with strong boundaries and unwavering commitment. Sadly, most dating and relationship books rarely show men how to keep a woman happy without them having to sacrifice their manhood in the process. *How to Understand Women and Pass Their Tests With Unshakeable Confidence* Men around the world have no idea that the women they know and love are testing them. These men go about their lives interacting with the opposite sex in absolute darkness, ignorant to the fact that they're being judged, appraised, approved, and rejected based on their subconscious reactions to female testing. If you had no idea that women test men and why they have to, you're about to take a journey onto a road less traveled - the more mysterious side of female psychology and how women think. *Attract Women Through Authenticity and Be the Strong Man a Woman Wants For a Relationship* It's important for a man to learn how to walk that thin line between caring, thoughtful lover and firm, assertive leader. The man who masters the art of being the perfect gentleman and a strong alpha male is the ideal specimen to a high-quality woman. This is what you're going to learn in this book. So if you're dating or in a relationship and women constantly create drama, lose interest in you, or manipulate you, it's time you finally got some advice from one of the only relationship books for men that won't turn you into a doormat. Here's what you're going to learn inside: How to be radically honest with a woman and why this makes her MORE attracted to you. The reason why women test men CONSISTENTLY and how to use this knowledge to deepen a woman's desire. (Hint: This is the key to female psychology and how women think.) How to be confident with difficult women. What women want in a man and how to give it to them. How to make a woman happy without becoming a complete doormat of a man. How to seduce your wife and get her in the mood by responding like a MAN whenever she "pokes the bear." How to be firm and say "No" to the woman you love without destroying intimacy. How to keep a woman interested in you by doing the ONE thing MOST men are deathly afraid of doing. How to avoid unnecessary arguments, fights, and drama with a woman by using a simple communication technique. The best way to secretly test a woman's level of romantic interest in you (as well as her emotional maturity) before making a long-term commitment. How to stop living in fear of what a woman might think, say, or do if she disagrees with or disapproves of you in any way. And much, much more... Would You Like to Know More? Get started right away and learn how to become the attractive man that has zero difficulty keeping a woman's respect, desire, and unwavering support. Habits take time to form, but I guarantee that you will begin to see changes from the very beginning. You will be taken through a step by step formula that will help you to easily develop the high status humor skills and alpha male body language habits that women are subconsciously attracted to at a primal level. You will discover how fun and exciting it is to confidently approach practically any woman, anytime, anywhere and instantly have a fun and humorous connection with her. I'll show you a guaranteed foolproof method that has allowed me to engage attractive women in deep and thoughtful rapport by asking the right questions that cause her to become emotionally aroused. Men are aroused more by visual cues. A man looks at a woman searching for sexual stimuli like a jeweler looks for perfection in a flawless gem. Visual cues convey information about a woman's health, fertility, and youth. Women are aroused more by psychological cues. A woman looks at a man much like a detective would a suspected criminal who is about to commit another crime. The visual cues a woman looks for are status, resources, commitment, kindness, stability, and humor. Just as you are attracted to a beautiful face, ass, and breasts, so are women attracted to "male cleavage," or the attractor factors that include high status humor. I'm going to show you how to develop those psychological cues that women can't help but be attracted. With a little practice, you'll start to notice that women will begin to smile at you more when you stimulate the emotional part of their brains that make them laugh. You'll especially notice how they will start engaging you more

in a playful manner and will then want to start spending more time with you. Women want men to pursue them for sex. The problem is, too many guys are either too passive and conceal their sexual interest in women, or they act like aggressive idiots and drive them away. Luckily for you, there is a very cool and natural way to approach and attract women so they become interested in you first, and I'm going to show you how to do it. There is no doubt that women want to be sexually attractive and desired by men. They are actively looking for those men who have the ability to unlock the code to their natural instinctive desires. This book is going to teach you how to develop those traits and skills that tap into a woman's primal needs and desires. You grew up with a modern "female blueprint" and I'm going to show you how to record over it. I'm happy for the women's liberation movement and equality, but along with it became the feminization of American society. The Equal Rights Movement for women in the 60's has caused role reversals and gender confusion that contradicts the conditioning of tens of thousands of years of customary male-female roles. Male and female blueprints that took around 200,000 years to evolve upended suddenly over the last 50. That is a 4,000 to 1 ratio! That's like starting on less than the 1-inch line on a football field of a hundred yards. It's no wonder the modern male population is so confused. One of the primary reasons so many feminized males (often referred to as wusses) are unsuccessful in attracting women is they act like women themselves. It won't work! You can't reverse a few hundred thousand years of conditioning over a 50-year period and expect different results. The methods you're about to learn were scientifically tested and proven to work in social experiments. This information has been carefully researched and documented from experts in the fields of evolutionary psychology, sociology, neuroscience, evolutionary biology, anthropology, and many other fields too numerous to mention. This book can change your life!

Get Your Shit Together David Tee 2014-12-23 Average or below-average dating life? It's time to change that. NOW it's time for YOU to learn and ADOPT the mindset of "the natural". This is THE shortcut that lets you avoid YEARS of struggling with this area of your life so that you can become the type of guy women NATURALLY want to spend time with. This is THE action plan for men who want to see a massive improvement in their dating lives QUICKLY. It's NOT about "How to bang as many girls as possible". The contents of this book are far more important and life-changing than that. Mainstream dating advice is generic and doesn't address or even acknowledge the core underlying issues which cause men to struggle to attract women or even hold their attention or interest for more than a couple of minutes. And the end of the day, if you don't see yourself as somebody who deserves to have beautiful, strong, intelligent, independent, sexy women in his life, then it won't happen. David T., author Some men resort to using "pickup artist" tricks to fool women into believing that they are attractive, when deep down they know that the only reason they are using "game" techniques is because they don't feel like they're enough of a man to attract women naturally. They get occasional results, but ultimately remain unfulfilled. Why waste years in the gym or trying to get rich to impress girls, or spending countless hours learning about "pickup artist" tricks and practising your "game", when you can just read this book and get on with your life? David T., author This book explains the EXACT STEPS TO TAKE and the MINDSET that will allow you to stand out above the VAST MAJORITY of men. Most men do not understand what makes women attracted and make the SAME MISTAKES AGAIN AND AGAIN, finding themselves dealing with rejections time and time again. So what DOES make a woman feel attracted to a man? It's not about looks, money, your height, your skin colour, your income level, or the car you drive. IT'S ABOUT HOW YOU SEE YOURSELF. All but the most superficial women don't mind if you're "flawed" in some way. The key is to become a man who is comfortable in his own skin despite what you might think is unattractive about yourself. It's when a woman can see that you're good at expressing your authentic self, and that your authentic self is a guy who knows he is enough, that she can decide that she's into you. You don't need to buy her drinks and flowers, do her favours, be a "nice guy" or pretend to be a "bad boy" to win her affection. You just need to become a man who is perfectly at ease with himself and knows that any challenges life throws at him won't throw HIM off his path in life. This book will teach you how to adopt this mindset. If right now you believe that you are deserving of anything less than the highest quality women who YOU find attractive, then YOU NEED THIS BOOK. Do you want THE SOLUTION, or do you have MORE EXCUSES to not tackle this area of your life once and for all? DO NOT download this book if you're not prepared to have your entire mindset challenged with regards to meeting and attracting women. This is NOT a long book. Because the concepts in it are not complex and don't require going into excessive detail. You'll be delighted at how quickly you can internalize the mindset explain within, and apply it to your life. THE SOLUTION STARTS WITH YOU. Delve deeply into the 3 CORE PRINCIPLES a man must internalise in order to become successful in this area of life. Learn how to BECOME A MAN WHO IS COMFORTABLE IN HIS OWN SKIN, able to EXPRESS YOUR AUTHENTIC SELF WITHOUT FEAR OF REJECTION. Trying to attract and create deep connections with women will ALWAYS be a HUGE CHALLENGE without a solid grasp of these principles. Contains the CLEAR AND SOLID ACTION PLAN to guide you through the process of becoming the man who DESERVES and NATURALLY ATTRACTS the type of women he desires. Get a Man Ray Baker 2018-01-21 Have you ever wondered why some girls get tremendous amounts of attention from the opposite sex while you sit off to the side by yourself? Do you know what skills and behaviors these girls have that make them more attractive and more desirable than most? Are you attracted to a guy, but you have no idea how to get his attention? Or better yet, do you have his attention, but no matter what you do he's not moving things forward? You aren't alone! Most women have these same concerns. It's not like anyone is taught in school how to attract a mate. Instead we focus on the practicalities of life, such as math, literature and the sciences. Unfortunately by the time women hit their late teens and early twenties a chasm is created: those who can attract the guy of their dreams and those who can't. And believe it or not, it has little to do with how pretty, athletic or smart you are. My name is Billy Baker, and I own and run DatingXLence. Time and time again I've been asked by female friends of mine what they needed to do to catch the eye of a guy they liked. It only makes sense to ask me these things, right? I mean, I'm a guy (who likes girls!) and I run a dating review website. So of course I've figured out my fair share of what works and what doesn't in the attraction game. After speaking with other friends of mine, doing some research and then getting some female friends to actually try out the suggestions I've made in this eBook. I decided to compile all of the useful information you'll need to "get that guy" - whatever man that is that suits your fancy - into this original text. Now, some of the things I suggest you do may be challenging, time consuming or just plain weird. But time and time again I've shown both myself and my friends that human behavior is fairly predictable as long as certain things take place at certain times. I hope you can read this eBook with an open mind, sometime to process the information and a friend or two to try out my suggestions and ideas. And if you are able to put everything into play, you'll have a bevy of men fighting for your attention in no time! Ray Baker

How to be an Attractive Man Adam Kisiel 2019-10-27 "How to be an Attractive Man" is a book for men of any age who are searching for effective ways to look and feel better. 101 tips have been divided into seven sections, applying respectively to face, body, personality, mind, clothing, hygiene & grooming and living habits. Some time ago, being a perfectly ordinary-looking guy, I was searching for methods to improve my appearance and found an ocean of ideas, tricks, tips and advice, some obstreperous, some easy, some ridiculous, some brilliant. And some even depended on quasi-psychological ways to influence other people's minds, which is complete nonsense. That search gave me food for thought, which in turn persuaded me to write this guide, because I wanted to select the methods that are the simplest, most effective, and depend entirely on you. When you want someone to become interested in you, you usually think how to make her (or him) find you attractive. That is, you start thinking how to deal with the way they see you, and that approach is - and will always be - wrong. That's why this is not a handbook on how to deal with people, but a guide on how to deal with yourself. The only way for others to find you attractive is to become so. This is a book which aims to show you how to achieve that.
