The Saint - Madeline Hunter 2003-11-04

Nationally bestselling author Madeline Hunter has captivated fans with unforgettable romance novels filled with suspense, seduction, mystery, and love. Now meet "the Saint" in this sizzling tale of a mysterious aristocrat, a high-spirited American beauty, and an affair that begins with an innocent temptation...and leads to the most exquisitely dangerous of seductions. Vergil Duclairc was a man used to getting his way. And as the newly appointed guardian of Miss Bianca Kenwood, he was determined to find her and bring her back to live with his family. The last thing he expected was to find his new ward scandalously costumed and employed as a theatrical singer. Bianca had no interest in giving up her independence, but there was something compelling about this handsome and brooding viscount who seemed to think he owned her and her inheritance. As she allows herself to be swept back to his country estate, she discovers that Vergil is a man of secrets and sensuality, and that she is not immune to his inscrutable charm...nor is he to hers. Suddenly, in a moment that would change everything, they are thrust into a world of dangerous intrigue, where enemies abound and only the passion that ignites between them can save them—or prove their glorious undoing.

Wicked Beauty - Katee Robert 2022-06-07

She was the face that launched a thousand ships, the fierce beauty at the heart of Olympus...and she was never ours to claim. *A scorchingly hot modern retelling of Helen of Troy, Achilles, and Patroclus that's as sinful as it is sweet.* In Olympus, you either have the power to rule...or you are ruled. Achilles Kallis may have been born with nothing, but as a child he vowed he would claw his way into the poisonous city's inner circle. Now that a coveted role has opened to anyone with the strength to claim it, he and his partner, Patroclus Fotos, plan to compete and double their odds of winning. Neither expect infamous beauty Helen Kasios to be part of the prize...or for the complicated fire that burns the moment she looks their way. Zeus may have decided Helen is his to give to away, but she has her own plans. She enters into the competition as a middle finger to the meddling Thirteen rulers, effectively vying for her own hand in marriage. Unfortunately, there are those who would rather see her dead than lead the city. The only people she can trust are the ones she can't keep her hands off—Achilles and Patroclus. But can she really believe they have her best interests at heart when every stolen kiss is a battlefield? "Deliciously inventive...Red-hot."—Publishers Weekly

This is Pleasure - Mary Gaitskill 2019-11-07

'Gets deep under your skin ... Gaitskill is uniquely attuned to the moment.' Sunday Times 'Gaitskill achieves a superb feat. She distils the suffering, anger, reactivity, danger and social recalibration of the

#MeToo movement into an extremely potent, intelligent and nuanced account.' Sarah Hall, Guardian 'I don't know why I behaved the way I did, and I kept doing it; he kept doing it. And though I might once have easily brushed it away, suddenly I could not. Nor could I confront him. The conversation moved too quickly.' This is Pleasure is an extraordinary work by one of the world's finest writers, and achieves more in 15,000 words than most full-length novels. Following the unravelling of the life of a male publisher undone by allegations of sexual impropriety and harassment, and the female friend who tries to understand, and explain, his actions, it looks unflinchingly at our present moment and rejects moral certainties to show us that there are many sides to every story. Mary Gaitskill has spent her whole career mining the complexity of human relationships on both an individual and societal scale with wisdom and grace. Here her insights are more piercing and timely than ever.

My Not So Wicked Stepbrother - Jennifer Peel 2019-01-29

"Wickedly charming, flirty, and clever. This is the ultimate friends to lovers story. I loved it!" Becky Monson, Number One Bestselling Author of the Spinster Series "You'll want to crawl between the covers of this book and never leave." - Whitney Dineen, Number One Bestselling Author of Relatively Normal "Loveless is more than a name, it's a curse. I, Emma Loveless, have a destiny. It's not the greatest of destinies, but when you have a name like Loveless, what can you do? I'm cursed to always be the friend, never the girlfriend. Unless you count my love affair with Duncan Hines, Dr. Pepper, and the ever-lovable Pillsbury Doughboy. They've seen me through it all, but a girl needs more than refined sugar to curl up to every night. It doesn't help that I have a meddling, albeit wonderful, mother who can't help playing matchmaker. Thanks to her, I can say I've been on a date with a felon. Now she swears she's found the one for me, her new optometrist, Dr. Sawyer King. Meanwhile, I'm preparing for the inevitable restraining order. That is, until I meet the sexy doctor and have to admit my mother is right—love at first sight does exist. Unfortunately, my last name means business. Not only do I find myself in the friend zone, but also the twilight zone. Only in my world would Mr. Right turn into my stepbrother. To top it off, he brings with him a wicked stepmother who will do anything to keep us apart. Despite all this my heart-or is that my mom?-keeps telling me Sawyer is the one. But what if true love isn't strong enough to interfere with my destiny? It'll be me and the Doughboy...for eternity.

What Do Women Want? - Daniel Bergner 2013-06-20

In this headline-making book, Daniel Bergner turns everything we thought we knew about women's desire on its head. Drawing on extensive research and interviews with renowned behavioural scientists, sexologists, psychologists and everyday women, Daniel Bergner asks: - Do women really crave intimacy and emotional connection? - Are women more disposed to sex with strangers or multiple partners than either science or society have ever let on? - And is 'the fairer sex' actually more sexually aggressive and anarchic than men?

Sex at Dawn - Christopher Ryan 2021-01-05

The 10th-anniversary edition of the book that radical re-evaluates the origins and nature of human sexuality. Since Darwin's day, we've been told that sexual monogamy comes naturally to our species. Mainstream science — as well as religious and cultural institutions — has maintained that men and women evolved in families in which a man's possessions and protection were exchanged for a woman's fertility and fidelity. In this groundbreaking book, however, Christopher Ryan and Cacilda Jethá argue that human beings evolved in egalitarian groups that shared food, child care, and, often, sexual partners. Weaving together evidence from anthropology, archaeology, primatology, anatomy, and psychosexuality, the authors show how far from human nature monogamy really is. With intelligence and humour, Ryan and Jethá explain how our promiscuous past haunts our contemporary struggles. They explore why many people find long-term fidelity so difficult; why sexual passion tends to fade even as love deepens; why homosexuality persists in the face of standard evolutionary logic; and what the human body reveals about the prehistoric origins of modern sexuality. Shocking, enlightening, and ultimately inspiring, *Sex at Dawn* offers a revolutionary understanding of why we live and love as we do.

The Beast - Katee Robert 2020-04-06

Once upon a time, I fell in love with two men. Their feelings for me were matched only by their hatred for each other. Gaeton, with his brash charm and casual cruelty. Beast, his lust equal to his penchant for violence. Being with them was sinful and perfect in different ways. In the end, I couldn't choose, and I lost them both. Now, my sisters have tasked me with securing our power base, no matter the cost. I will do anything for my family—even if it means agreeing to the terms set by Gaeton and Beast. The three of us. Together. But only for as long as it takes me to choose one of them once and for all. When playing games of power, happily ever after isn't a priority. Not even for me. Especially not for me. Content Warning: Contains the aftermath of a death of a parent by cancer.

You're Teaching My Child What? - Miriam Grossman 2009-08-04

If you think sex education is still about the birds and the bees, think again. And it's not about science either. In her shocking exposé, *You're Teaching My Child What?*, Dr. Miriam Grossman rips back the curtain on

sex education today, exposing a sordid truth. Today's sex ed programs aren't based on science; they're based on liberal lies and politically correct propaganda that promote the illusion that children (yes, children) can be sexually free without risk. As a psychiatrist and expert on sexual education, Dr. Grossman cites example after example of schools and organizations whitewashing—or omitting altogether—crucial information that doesn't fit in with their "PC" agenda. Instead, sex educators only tell teens the "facts of life" that promote acceptance, sexual exploration, and experimentation. What sex educators call an education, scientists would call a scam:

- Sex educators won't tell girls their bodies are biologically and chemically more susceptible to STDs; they will only say 3 million girls have a sexually transmitted infection
- Educators say it's natural for children to "explore" their sexuality from a young age and only they can decide when it's right to have sex—the real truth is neurobiologists say teen brains are not developed to fully reason and weigh consequences, especially in "the heat of the moment"
- Teens are told condoms, vaccines and yearly testing provide adequate protection, without being told that studies now show condoms are no match for herpes, HPV and gonorrhoea

In *You're Teaching My Child What?*, Dr. Grossman reveals biological truths that you won't find in today's classrooms. *You're Teaching My Child What?* is critical reading for parents with teens and instrumental in teaching children the truth about sex.
