

# Between The Acts Lives Of Homosexual Men 1885 1967

**Hello Sailor!** - Paul Baker  
2015-10-23

When gays had to be closeted, ships were the only places where homosexual men could not only be out but also camp. And on some liners to the sun and the New World, queens and butches had a ball. They sashayed and minced their way across the world's oceans. Never before has the story been told of the masses. These are the thousands of queer seafarers, mainly stewards, who sometimes even outnumbered the straight men in the catering departments of ships that were household names and the pride of the British fleet. *Hello Sailor!* uniquely shows what it was like to be queer at sea at a time when land meant straightness. [Queer Fictions of the Past](#) - Scott Bravmann 1997-10-09

In *Queer Fictions of the Past*, Scott Bravmann explores the complexity of lesbian and gay engagement with history and considers how historical discourses animate the present. Characterising historical representations as dynamic conversations between then and now, he demonstrates their powerful role in constructing present identities, differences, politics, and communities. In particular, his is the first book to explore the ways in which lesbians and gay men have used history to define themselves as social, cultural, and political subjects. *Batman Unmasked* - Will Brooker 2001-09-18  
A work of scholarship and a labor of love. "This is the definitive history of the Batman in all media: comics, film, television and the internet. The

book's combination of rigorous historical research and a witty, fluid writing style make it both vastly instructive and vastly entertaining."-- Roberta Pearson, editor of *The Many Lives of the Batman* "Will appeal to avid students of pop culture and comics, and a gay cult audience...Brooker's impressive overview of Batman's history reflects on the masked one's origins, early arch rivals and the introduction of Robin, and concentrates on four periods: WWII, the mid 1950s, the '60s and the '90s. In 1954, child psychologist Fredric Wertham attacked the comic book industry's noting homoerotic undercurrents between Batman and Robin; Brooker's lengthy and fascinating 'gay reading' supports Wertham's claim, albeit with a positive, postmodern twist. After recalling the campy image of Batman spawned by ABC's 1960s TV show, the author takes a look at Batman writers, fans, fanzines and the Net, concluding with a hilarious chapter on how his research

was ridiculed by the British media." -Publishers Weekly  
Brooker's account is bolstered by his fan expertise. This book usefully expands upon *The Many Lives of Batman*. Recommended-- *Library Journal* "A historical, detailed, deep analysis of Batman as a cultural icon in America. This isn't a simple polemic or surface-shallow analysis. This is deep stuff-- analyzing art styles, histories, individual panels, cultural concepts, and historical documents. plenty of startling revelations and analyses. This is a stunningly well-done, intelligent book. It's proof that comics are not throwaway ephemera, but real, vital, analyzable parts of our culture. It's also a must-have for the hardcore Batman fan and comics fan-who doesn't mind some ideas being challenged."-- [www.super-heroes.net](http://www.super-heroes.net) Brooker cuts through the mumbo jumbo to deliver incisive analysis and very sharp reporting, particularly on the comic book's homoerotic subtext and on the 60's TV show's knowing

self-mockery, as well as on how the 'official' 21st Century Batman nods to both. Over the sixty years of his existence, Batman has encountered an impressive array of cultural icons and has gradually become one himself. This fascinating book examines what Batman means and has meant to the various audiences, groups and communities who have tried to control and interpret him over the decades. Brooker reveals the struggles over Batman's meaning by shining a light on the cultural issues of the day that impacted on the development of the character. They include: patriotic propaganda of the Second World War; the accusation that Batman was corrupting the youth of America by appearing to promote a homosexual lifestyle to the fans of his comics; Batman becoming a camp, pop culture icon through the ABC TV series of the sixties; fans' interpretation of Batman in response to the comics and the Warner Bros.

The Routledge History of Loneliness - Katie Barclay  
2023-02-28

The Routledge History of Loneliness takes a multidisciplinary approach to the history of a modern emotion, exploring its form and development across cultures from the seventeenth century to the present. Bringing together thirty scholars from various disciplines, including history, anthropology, philosophy, literature and art history, the volume considers how loneliness was represented in art and literature, conceptualised by philosophers and writers and described by people in their personal narratives. It considers loneliness as a feeling so often defined in contrast to sociability and affective connections, particularly attending to loneliness in relation to the family, household and community. Acknowledging that loneliness is a relatively novel term in English, the book explores its precedents in ideas

about solitude, melancholy and nostalgia, as well as how it might be considered in cross-cultural perspectives. With wide appeal to students and researchers in a variety of subjects, including the history of emotions, social sciences and literature, this volume brings a critical historical perspective to an emotion with contemporary significance. *The Hidden Consumer* - Christopher Breward 1999 This work uncovers the consuming habits of urban men from the second half of the 19th century to the outbreak of World War I. It focuses on the fraught relationships which emerged at this time between ideal models of manly behaviour and attitudes towards the expression of sexual and class identities through the medium of dress. The period has been identified by many historians as a crucial moment in the development of a commodity culture and its characteristics have generally been discussed in terms of a feminization of practices linked with shopping and fashionable

display.

Historical Dictionary of Homosexuality - Brent Pickett 2022-04-04

Historical Dictionary of Homosexuality, Second Edition contains a chronology, an introduction, and an extensive bibliography. The dictionary section has more than 200 cross-referenced entries on important historical figures, philosophic, artistic, and literary treatments of same-sex love, historical terms, and contemporary events.

**Crime and Deviance in Canada** - Chris McCormick 2005

This unique and timely collection brings together 24 of the very best and most controversial readings on the history of crime, deviance and criminal justice in Canada. Divided into five sections, the first part of Crime and Deviance examines developing issues in crime and punishment while the second part introduces key aspects of a 'working criminal justice system'. Policing ethnicity is the focus of section three,

which includes articles on the relocation phenomenon and the Africville study as well as Ontario Aboriginal women confronting the criminal justice system, 1920-1960. Similarly, regulating gender and sexuality, section four, examines moral reform in English Canada, 1885-1925; and anti-homosexual campaigns in the Canadian Civil Service in the mid-20th century. The final section profiles the moral regulation of behaviour. Articles in this section include non-medical opiate use and control policies in Canada, 1870-1970; as well as moral fervour and the evolution of Canada's prostitution laws, 1867-1917. Power relations is a very strong unifying theme that is, relations of gender, social class, ethnicity and age. regulation of sexuality, we can trace these relations of power and how they link to the definition of crime in society. Canada's top criminologists and social critics are included in this special collection. This impressive list includes Russell

Smandych, Rick Linden, Constance Backhouse, Helen Boritch, John Hagan, Carolyn Strange, Tina Loo, Joan Sangster, Mariana Valverde, Kelly Hannah-Moffat, Gary Kinsman and Robert Menzies.

**Annual Report of the American Historical Association** - American Historical Association

**Writing Desire** - Bertram Cohler 2007-05-15

Exploring nearly sixty years of memoir and autobiography, Writing Desire examines the changing identity of gay men writing within a historical context. Distinguished scholar and psychoanalyst Bertram J. Cohler has carefully selected a diverse group of ten men, including historians, activists, journalists, poets, performance artists, and bloggers, whose life writing evokes the evolution of gay life in twentieth-century America. By contrasting the personal experience of these disparate writers, Cohler illustrates the social transformations that these men helped shape.

Among Cohler's diverse subjects is Alan Helms, whose journey from Indiana to New York's gay society represents the passage of men who came of age in the 1950s and 1960s, when homosexuality was considered a hidden "disease." The liberating effects of Stonewall's aftermath are chronicled in the life of Arnie Kantrowitz, the prototypical activist for gay rights in the 1970s and the founder the Gay and Lesbian Alliance against Defamation. The artistic works of Tim Miller and Mark Doty evoke loss and shock during of the early stages of the AIDS epidemic in the 1980s. Cohler rounds out this collective group portrait by looking at the newest generation of writers in the Internet age via the blog of BrYaN, who did the previously unthinkable: he "outed" himself to millions of people. A compelling mix of social history and personal biography, *Writing Desire* distills the experience of three generations of gay America. Finalist, LGBT Studies, Lambda Literary Foundation

### **A History of Homosexuality in Europe, Vol. I & II -**

Florence Tamagne 2006

Just crawling out from under the Victorian blanket, Europe was devastated by a gruesome war that consumed the flower of its youth. Tamagne examines the currents of nostalgia and yearning, euphoria, rebellion, and exploration in the post-war era, and the b"

The Culture of Male Beauty in Britain - Paul R. Deslandes  
2021-12-20

Setting the Stage: The Foundations of Modern Male Beauty -- Physiognomists and Photographers -- Beauty Experts and Hairdressing Entrepreneurs -- Artists, Athletes, and Celebrities -- Poets, Soldiers, and Monuments -- Men on Display in the Twentieth and Twenty-First Centuries -- Brylcreem Men, Cinema Idols, and Uniforms -- Teenagers, Bodybuilders, and Models -- Youthful Rebels, Gender-Benders, and Gay Men -- Insecure Men, Metrosexuals, and Spornosexuals.

*Nights Out* - Judith Walkowitz

2012-05-15

London's Soho district underwent a spectacular transformation between the late Victorian era and the end of the Second World War: its fin-de-siècle buildings and dark streets infamous for sex, crime, political disloyalty, and ethnic diversity became a center of culinary and cultural tourism servicing patrons of nearby shops and theaters.

Indulgences for the privileged and the upwardly mobile edged a dangerous, transgressive space imagined to be "outside" the nation. Treating Soho as exceptional, but also representative of London's urban transformation, Judith Walkowitz shows how the area's foreignness, liminality, and porousness were key to the explosion of culture and development of modernity in the first half of the twentieth century. She draws on a vast and unusual range of sources to stitch together a rich patchwork quilt of vivid stories and unforgettable characters, revealing how Soho became a showcase for a new

cosmopolitan identity.

Between the Acts - Jeffrey Weeks 1998

The interviews in this book reflect the difficulties homosexual men faced and overcame, as well as giving an idea of the loneliness they sometimes suffered in the days when being homosexual was illegal.

**A Handful of Mischief** -

Donat Gallagher 2011-04-18

*A Handful of Mischief: New Essays on Evelyn Waugh* is a collection of essays based on presentations at the Evelyn Waugh Centenary Conference at Hertford College, Oxford in 2003. There are twelve different essays by authors from various countries, including Australia, Canada, Russia, the United Kingdom, and the United States.

**A History of Homosexuality in Europe Vol. II** - Florence Tamagne 2004

Just crawling out from under the Victorian blanket, Europe was devastated by a gruesome war that consumed the flower of its youth. Tamagne examines the currents of nostalgia and

yearning, euphoria, rebellion, and exploration in the post-war era, and the b"

**The Spectre of Promiscuity -**

Christian Klesse 2016-03-03

Wide-ranging research suggests that partners in gay male and bisexual relationships do not necessarily expect monogamy, or see it as an important issue. Although the frequency of gay male and bisexual non-monogamous partnerships tends to be widely acknowledged in social science literature, these relationships have rarely been explored in more detail. By providing rich empirical data, thoughtful analysis and theoretical debate, this book makes a significant contribution to the sociological literature on sexual and intimate relationships. More specifically it explores the diversity of gay male and bisexual relationship practices in the context of heteronormative citizenship and intra-social movement conflict, and highlights the complexity of power relations that circumscribe queer people's relationships and

sexual lives. Written in an accessible and engaging manner, *The Spectre of Promiscuity* provides important insights for further studies on sexual culture, discourse, citizenship, politics and ethics.

*The Spiv and the Architect -*

Richard Quentin Donald  
Hornsey 2010

Explores how London's queer culture was influenced by postwar efforts to create model citizens ...

*Posting the Male -* 2022-06-08

The essays collected in *Posting the Male* examine representations of masculinity in post-war and contemporary British literature, focussing on the works of writers as diverse as John Osborne, Joe Orton, James Kelman, Ian Rankin, Carol Ann Duffy, Alan Hollinghurst, Ian McEwan, Graham Swift and Jackie Kay. The collection seeks to capture the current historical moment of 'crisis', at which masculinity loses its universal transparency and becomes visible as a performative gender construct. Rather than denoting just one fixed, polarised point on a

hierarchised axis of strictly segregated gender binaries, masculinity is revealed to oscillate within a virtually limitless spectrum of gender identities, characterised not by purity and self-containment but by difference and alterity. As the contributors demonstrate, rather than a gender 'in crisis' millennial manhood is a gender 'in transition'. Patriarchal strategies of man-making are gradually being replaced by less exclusionary patterns of self-identification inspired by feminism. Men have begun to recognise themselves as gendered beings and, as a result, masculinity has been set in motion.

Queer London - Matt

Houlbrook 2006-10-15

'Queer London' explores the underground gay culture of London during four decades when homosexual acts between

consenting adults remained illegal. The author discovers how queer men made sense of their sexuality and how their lifestyles were affected by and in turn influenced the life of the metropolis.

**Growing Up Before**

**Stonewall** - Peter Nardi

2014-04-04

This book tells the stories of 11 American gay men who tried to make sense of their identities in the years before the modern gay movement began. In their own words, these men recollect fascinating accounts of what it was like negotiate their desires within a social and psychological context in which homosexuality was marginalized. The editors carefully situate the lifestories in US culture before Stonewall and skillfully raises the issues and problems in presenting such stories.
