

Encyclopedia Of Sex And Gender Men And Women In The Worlds Cultures 2 Volumes

[Pulling the Right Threads](#) Laura Zimmer-Tamakoshi 2008 Crucial insights into effective ethnographic research

Pink Tax and the Law Alara Efsun Yaz?c?o?lu 2018-06-11 The emergence of the terms 'pink tax' and 'tampon tax' in everyday language suggests that women, who already suffer from an economic disadvantage due to the gender wage gap, are put in an even more detrimental position by means of 'discriminatory consumption taxes'. This book is the first conducting a legal analysis to establish to what extent this public perception is accurate. Does the practice of 'pink tax' effectively amount to a tax in the legal sense? Does the so-called 'tampon tax' genuinely constitute an anomaly within the general consumption tax system? Most importantly, can these two 'taxes' be legally qualified as discriminatory? This book provides scientific answers to these questions. It first cuts through the existent information clutter by elucidating the pertinent economic, sociological and psychological components of the practices referred to as 'pink tax' and 'tampon tax'. It then proceeds with a thorough legal analysis of all relevant aspects to determine whether women are indeed subject to discriminatory consumption taxes. It is well-established that women earn less than men. This book investigates if they simultaneously pay more due to 'discriminatory consumption taxes'.

Encyclopedia of American Indian Issues Today [2 volumes] Russell M. Lawson 2013-04-02 This essential reference examines the history, culture, and modern tribal concerns of American Indians in North America. Despite the fact that 565 federally recognized tribes exist on the continent of North America, non-Native Americans typically know very little about the modern world of American Indians. In a few instances, the uneasy coexistence of the two cultures has served to create controversy, such as fake Indians fraudulently leveraging ethnicity-based benefits, U.S. officials disposing of nuclear waste near reservations, and sports clubs basing mascots on cultural stereotypes. This unique survey scrutinizes the historical background as well as the contemporary issues of American Indian societies as both part of—and completely separate from—the world around them. *Encyclopedia of American Indian Issues Today* features subjects commonly discussed, including reservations, poverty, sovereignty, the problem of solid waste on reservations, and the lives of urban Indians, among other contemporary issues. Organized into ten sections, the book also provides helpful sidebars and informative essays to address topics on casinos and gaming, sexual identity, education, and poverty.

Our Inner Ape Frans de Waal 2006 We have long attributed man's violent, aggressive, competitive nature to his animal ancestry. But what if we are just as given to cooperation, empathy, and morality by virtue of our genes? From a scientist and writer whom E.O. Wilson has called 'the world authority on primate social behavior' comes a lively look at the most provocative aspects of human nature - power, sex, violence, kindness, and morality - through our two closest cousins in the ape family. For nearly 20 years, Frans de Waal has worked with both the famously aggressive chimpanzee and the lesser-known egalitarian, erotic, matriarchal bonobo, two species whose DNA is nearly identical to that of humans. He brings these apes to life on every page, revealing their personalities, relationships, and power struggles, creating an engrossing narrative that explores what their behaviour can teach us about ourselves and each other.

Internationalizing the Teaching of Psychology Uwe Gielen 2017-08-01 "How can psychology professors in the USA and other nations make their courses more international?" This question is addressed in this indispensable new sourcebook, co-authored by 73 contributors and editors from 21 countries. In recent decades psychology has evolved from an American-dominated discipline to a much more global discipline. Preliminary estimates by Zoma and Gielen (2015) suggest that approximately 76%-78% of the world's one million or so psychologists reside outside the U.S. However, most textbooks in the field continue to rely predominantly on research conducted in North America and Europe. Our book is intended to introduce psychology instructors to a variety of broad perspectives as well as specific suggestions that can support their efforts to internationalize their course offerings at both the undergraduate and graduate levels. In this way they can prepare their students to become more culturally sensitive and function more effectively as citizens and psychologists in the evolving globalized world. To achieve these ambitious goals the editors have assembled an international group of 73 distinguished contributors who, taken together, have taught and conducted research in all regions of the world. The chapters in the book include both core areas of psychology and subdisciplines that represent rapidly expanding and internationally important areas such as cross-cultural psychology and the psychology of gender. The chapters cover key topics and areas included in the course offerings of psychology departments both in the United States and in other countries. In addition to a discussion of international perspectives relevant to a given area, all chapters include an annotated bibliography of pertinent books, articles, web-related materials, films, videos, and so on. Based on this information, both highly experienced and less experienced psychology instructors can add globally and culturally oriented dimensions to their respective courses. This is important because universities, departments, and accrediting agencies increasingly put pressure on instructors to broaden and internationalize their courses. "As a long-time international psychologist myself, I see this bold new volume as a great leap forward for international psychology. The 73 distinguished contributors and editors from 21 countries have carefully crafted a handbook that will be the go-to resource on the topic for years to come. For psychology to continue to be relevant in the 21st century it must become more international; I am grateful this book will help us accomplish this challenging but rewarding goal." ~ Philip G. Zimbardo, Ph.D Past-President American Psychological Association "What could be more important than understanding human behavior and the thoughts and emotions that underlie it? By teaching psychology to the world, we offer the possibility of using our discipline to create a better future for all of us. The chapters in this excellent book help teachers of psychology move from an ethnocentric perspective to a global way of thinking about and telling about a truly international psychology." ~ Diane F. Halpern, Ph.D Past-President of the American Psychological Association and Professor of Psychology "This is a brilliant, unprecedented collection of international scholarship that every psychology professor and student should read. The 21st century in the teaching of psychology has truly arrived with this book, creating a thoroughly needed international focus for our pedagogy." ~ Frank Farley, Ph.D, L. H. Carnell Professor, Temple University; Former President, American Psychological Association (APA), International Council of Psychologists, American Educational Research Association (AERA), and the Society for International Psychology (Division 52 of APA) "Internationalizing Teaching of Psychology contains chapters authored by eminent psychologists of diverse cultural background, inclusive of different cultural perspectives on range of topics of contemporary importance. Thus, the volume integrates research emanating from varied cultural contexts facilitating development of a truly universal psychological science. The volume is a major resource for teaching courses on Cultural/Cross-cultural /Global psychology and in enhancing internationalization of psychology." ~ Prof. Janak Pandey, University of Allahabad, India, Editor, *Psychology in India: The State-of-the-Art* "All involved in the training of psychologists will want to recommend this book, which thoroughly presents an international perspective on the teaching of psychology. Rich, Gielen and Takooshian consider the basic nature of psychology, at the same time emphasizing cultural differences and relating it all to real life. As expert, cross-cultural researchers, the contributors provide a much needed resource and up-to-date reference for psychologists and students, as well as for any scholar interested in our discipline around the globe." ~ Laura Hernández-Guzmán, Ph. D. Professor of Psychology, Universidad Nacional Autónoma de México, Past-President of the Mexican Psychological Society "Since the mid-twentieth century the world has become an increasingly smaller place, at least in the figurative sense. And yet, Western psychology has been slow to grasp the culturally limited scope of much of our science. Although the movement toward a more culturally inclusive psychology had its roots at least as early as the 1960s, more recent meta-analyses have shown that a large percentage of the psychological literature has represented a small percentage of the world's population. In *Internationalizing the Teaching of Psychology*, Grant Rich, Uwe Gielen, and Harold Takooshian are making a noteworthy effort to inform and support teachers who would move the field toward a psychology of all people. From advice about getting involved in international psychology, to stand-alone international psychology courses, to the problems of culture-bound specialized courses, these well-traveled and experienced editors have assembled a resource that psychology teachers will find both interesting and valuable." ~ Kenneth D. Keith, President, Society for the Teaching of Psychology, University of San Diego "This volume is a positive contribution to the internationalization of the psychology curriculum. Given the very large numbers of

psychology undergraduate and graduate students across the world, such internationalization has significant potential to provide learners with opportunities to better understand the similarities and differences in the behavior of humans in different local, national and international contexts. Such understanding can lead to a greater appreciation of, and perhaps respect for and celebration of, these similarities and differences, thus potentially leading to actions that reduce global human suffering. This volume should become an indispensable tool for psychology educators interested in such outcomes." ~ Jacquelyn Cranney, Psychology, UNSW Sydney, Australia "This book is a necessity, given the increasing mobility of psychologists, use of technology in psychology practice, and need to regulate the psychology profession globally. The content in this book will go a long way to improve psychological literacy in our East and Central Africa region. I chaired the first ever East and Central African Regional Psychology Conference in Uganda in 2013 and am on the Board of Directors of the International Association of Applied Psychologists (IAAP), so am keenly aware that the internationalization of scientific psychology knowledge and skills is an imperative." ~ James Kagaari, Ph.D, President, Uganda Council of Psychologists "Teaching psychology in your own country—especially when it is a country as vast and diverse as the United States, where fewer than half its citizens hold a passport—makes it all too easy to give courses in which students come away with the impression that what psychological scientists have learned about behavior and mental processes at home applies equally in the rest of the world. That is not always the case, of course, and the chapters in this valuable volume serve not only to remind us of that fact, but to stimulate us to consider adjusting the content of our courses to make them, as they should be, more international in scope." ~ Douglas Bernstein, Courtesy Professor of Psychology, University of South Florida USA "Bravo to this all-star cast of international contributors for showing us how to help students appreciate both our cultural diversity and our human kinship—and for providing us with accessible articles, books, media, and online materials for teaching every area of psychology from a more international perspective." ~ David G. Myers, Hope College, co-author, Psychology 12th Edition and Social Psychology, 12th Edition "Imagine that you convened an invitation-only panel of 73 experts from around the world and asked that they guide the profession in internationalizing the teaching of psychology. This book would be the impressive result! Here's the definitive, how-to guide on adding global and cross-cultural perspectives to courses throughout the psychology curricula." ~ John C. Norcross, Ph.D, ABPP, Distinguished Professor of Psychology at University of Scranton, Adjunct Professor of Psychiatry at SUNY Upstate Medical University "In today's increasingly interconnected world, the ever-emerging importance and impact of integrating psychology into education is powerfully presented in this book. The editors - themselves outstanding experts in the field - have assembled an exceptionally impressive collection of 28 chapters by 73 expert contributors covering varied aspects of teaching psychology from an international and multicultural perspective. Educators, students, psychologists, as well as stakeholders in related disciplines will find the theories and practical guides as essential and useful resources." ~ Judy Kuriansky, PhD, United Nations NGO representative, the International Association of Applied Psychology; Department of Psychology, Columbia University Teachers College

The British National Bibliography Arthur James Wells 2005

Conflict Archaeology Manuel Fernández-Götz 2017-12-14 In the past two decades, conflict archaeology has become firmly established as a promising field of research, as reflected in publications, symposia, conference sessions and fieldwork projects. It has its origins in the study of battlefields and other conflict-related phenomena in the modern Era, but numerous studies show that this theme, and at least some of its methods, techniques and theories, are also relevant for older historical and even prehistoric periods. This book presents a series of case-studies on conflict archaeology in ancient Europe, based on the results of both recent fieldwork and a reassessment of older excavations. The chronological framework spans from the Neolithic to Late Antiquity, and the geographical scope from Iberia to Scandinavia. Along key battlefields such as the Tollense Valley, Baecula, Alesia, Kalkriese and Harzhorn, the volume also incorporates many other sources of evidence that can be directly related to past conflict scenarios, including defensive works, military camps, battle-related ritual deposits, and symbolic representations of violence in iconography and grave goods. The aim is to explore the material evidence for the study of warfare, and to provide new theoretical and methodological insights into the archaeology of mass violence in ancient Europe and beyond.

Gender and Education [2 volumes] Barbara J. Bank 2007-09-30 In this two volume set, educators explore the intersection of gender and education. Their entries deal with educational theories, research, curricula, practices, personnel, and policies, but also with variations in the gendering of education across historical and cultural contexts. The various contributors discuss gender as a social construction. The latest research on boys and masculinities, as well as girls and feminism, is included. The entries in this work cover the breadth of topics related to gender and education. They provide reference information on the history and condition of gender and education from elementary to high school. Entries cover such topics as: alternative schools, historically black colleges and universities in the United States, military colleges and academies, private and public single-sex and co-educational schools, literacy, mathematics achievement, women's centers, teacher interactions with girls and boys, affirmative action in U.S. higher education, sororities and fraternities, educator sexual misconduct, expectations of teachers for boys and girls, heterosexism and homophobia, bullying, harassment, and violence among students, salaries of male and female educators, school choice and gender equity, disabled students and gender equity, Title IX and school sports, black feminism, womanism, and queer theory.

Encyclopedia of Lesbian and Gay Histories and Cultures George Haggerty 1999 Beginning in 1869, when the study of homosexuality can be said to have begun with the establishment of sexology, this Encyclopedia offers accounts of the most important international developments in an area that now occupies a critical place in many fields of academic endeavours. While gays and lesbians have shared many aspects of life, their histories and cultures developed in profoundly different ways. To reflect this crucial fact, the Encyclopedia has been prepared in two separate volumes assuring that both histories receive full, unbiased attention and that a broad range of human experience is covered. Written by some of the most famous names in the field, as well as new researchers this is intended as a reference for students and scholars in all areas of study, as well as the general public.

Encyclopedia of Sex and Sexuality [2 volumes] Heather L. Armstrong 2021-03-01 Providing a comprehensive framework for the broad subject of human sexuality, this two-volume set offers a context of historical development, scientific discovery, and sociopolitical and sociocultural movements. The broad topic of sex—encompassing subjects as varied as sexuality, sexual and gender identity, abortion, and such crimes as sexual assault—is one of the most controversial in American society today. This two-volume encyclopedic set provides readers with more than 450 entries on the subject, offering a comprehensive overview of major sexuality issues in American and global culture. Themes that run throughout the volumes include sexual health and reproduction, sexual identity and orientation, sexual behaviors and expression, the history of sex and sexology, and sex and society. Entries cover a breadth of subjects, such as the major contributors to the field of sexology; the biological, psychological, and cultural dimensions of sex and sexuality; and how the modern-day political climate and the government play a major role in determining attitudes and beliefs about sex. Written in clear, jargon-free language, this set is ideal for students as well as general readers.

Encyclopedia of Rape and Sexual Violence [2 volumes] Merril D. Smith 2018-05-03 This two-volume set provides an authoritative overview of rape and other forms of sexual violence, containing the latest information about victims and perpetrators; events, laws, and trends related to sexual violence; and attitudes toward it. This encyclopedia will help readers to develop a deeper understanding of rape and other forms of sexual violence in the United States and around the world. Content illuminates all aspects of this serious issue, including the forms of trauma experienced by survivors/victims; different types of rape, from incest to acquaintance rape to prison rape; specific cases, events, and controversies; laws, policies, movements, and organizations pertaining to the issue; and legal, political, and cultural contributors to rape and other forms of sexual violence. Encyclopedia of Rape and Sexual Violence follows an A-Z format, but instead of comprising brief overview entries, it features twenty chapters, each of which is a long-form entry that covers key perspectives, laws, court cases, and statistics on survivors/victims and perpetrators. Leading scholars' and activists' perspectives on the subject add depth to the information provided; the set also includes a selection of essential primary documents.

Worldmark Encyclopedia of Cultures and Daily Life Timothy L. Gall 2009 Provides information on the cultures of the world, covering different areas of daily life including clothing, food, language and religion.

Virgin Territory Julia Kelto Lillis 2022-12-13 Women's virginity held tremendous significance in early Christianity and the Mediterranean world. Early Christian thinkers developed diverse definitions of virginity and understood its bodily aspects in surprising, often nonanatomical ways. Eventually Christians took part in a cross-cultural shift toward viewing virginity as something that could be perceived in women's sex organs. Treating virginity as anatomical brought both benefits and costs. By charting this change and situating it in the larger landscape of ancient thought, *Virgin Territory* illuminates unrecognized differences among early Christian sources and historicizes problematic ideas about women's bodies that still persist today.

Women and Music in America Since 1900 [2 Volumes] Kristine H. Burns 2002-12-30 This two-volume reference describes the role of women in all types of music in the U.S. since 1900. The alphabetically-arranged entries cover important individuals (chosen for the significance of their contributions rather than for their popularity), biographical overviews, gender issues, education, music genres, honors and awards, organizations and professions. Entries (ranging from half a page to several pages in length) conclude with a short list of further readings, and about 100 are accompanied by a b & w photograph. A historical overview and a chronology are also included. Annotation (c)2003 Book News, Inc., Portland, OR (booknews.com).

Encyclopedia of Women's Folklore and Folklife [2 volumes] Pauline Greenhill 2008-12-08 From the stone age to the cyber age, women and men have experienced the world differently. Out of a cosmos of goddesses and she-devils, earth mothers and madonnas, witches and queens, saints and whores, a vast body of women's folklore has come into bloom. International in scope and drawing on more than 130 expert contributors, this encyclopedia reviews the myths, traditions, and beliefs central to women's daily lives. More than 260 alphabetically arranged entries cover the lore of women across time, space, and life. Students of history, religion and spirituality, healing and traditional medicine, literature, and world cultures will value this encyclopedia as an indispensable guide to women's folklore. In addition, there are entries on women's folklore and folklife in 15 regions of the world, such as the Caribbean, Central Asia, the Middle East, and Western Europe. Entries provide cross-references and cite works for further reading, and the encyclopedia closes with a selected bibliography of print and electronic resources. Students learning about history, world cultures, religion and spirituality, healing and traditional medicine, and literature will welcome this companion to the daily life of women across time and continents.

Encyclopedia of Women and Gender, Two-Volume Set Judith Worell 2001-10-16 The study of gender differences began in earnest in the 1970s and has since increased dramatically to infiltrate virtually all fields of study in the social and behavioral sciences. Along the way, it was discovered that while women very often think and behave differently than do men, industrialized societies cater to masculine perspectives. The "Psychology of Women" emerged as a field of study focusing on just those areas in which women most often butted against assumed roles. And similarly, in the 1990s, the "Psychology of Men" emerged to focus on the same issues for men. The Encyclopedia of Gender covers all three areas under one cover, discussing psychological differences in personality, cognition, and behavior, as well as biologically based differences and how those differences impact behavior. Coverage includes studies of these differences in applied settings such as education, business, the home, in politics, sports competition, etc. Key Features * Over 100 In-depth chapters by leading scholars in the psychology of women and gender * Addresses critical questions of similarities and differences in gendering across diverse groups, challenging myths about gender polarization and the "Venus/Mars" distinction * Broad coverage of topics from theory and method to development, personality, violence, sexuality, close relationships, work, health, and social policy * Sensitive attention to multicultural and cross-cultural research * Clearly written, readable, comprehensive, with helpful guides (outline, glossary, reference list) * Raises difficult questions related to power, inequality, ethics, and social justice * Challenges the reader to revise established "truths" and to seek further information * Maintains a feminist and woman-centered focus

Nomadic Peoples 2009

Men & Masculinities [2 volumes] Michael S. Kimmel 2003-12-11 The first encyclopedia to analyze, summarize, and explain the complexities of men's lives and the idea of modern manhood. The process of "making masculinity visible" has been going on for over two decades and has produced a prodigious and interesting body of work. But until now the subject has had no authoritative reference source. *Men & Masculinities*, a pioneering two-volume work, corrects the oversight by summarizing the latest historical, biological, cross-cultural, psychological, and sociological research on the subject. It also looks at literature, art, and music from a gender perspective. The contributors are experts in their specialties and their work is directed, organized, and coedited by one of the premier scholars in the field, Michael Kimmel. The coverage brings together for the first time considerable knowledge of men and manhood, focusing on such areas as sexual violence, intimacy, pornography, homophobia, sports, profeminist men, rituals, sexism, and many other important subjects. Clearly, this unique reference is a valuable guide to students, teachers, writers, policymakers, journalists, and others who seek a fuller understanding of gender in the United States.

Encyclopedia of Medical Anthropology Carol R. Ember 2003-12-31 Medical practitioners and the ordinary citizen are becoming more aware that we need to understand cultural variation in medical belief and practice. The more we know how health and disease are managed in different cultures, the more we can recognize what is "culture bound" in our own medical belief and practice. The Encyclopedia of Medical Anthropology is unique because it is the first reference work to describe the cultural practices relevant to health in the world's cultures and to provide an overview of important topics in medical anthropology. No other single reference work comes close to marching the depth and breadth of information on the varying cultural background of health and illness around the world. More than 100 experts - anthropologists and other social scientists - have contributed their firsthand experience of medical cultures from around the world.

Gender Across Languages Marlis Hellinger 2015-04-15 This is the fourth volume of a comprehensive reference work which provides systematic descriptions of the manifestations of gender in languages of diverse areal, typological and socio-cultural affiliations. To the 30 languages already analysed in previous volumes, Vol. 4 adds another 12 languages whose gendered structures have received little or no academic attention in the past. Again, the collection includes a broad spectrum of languages: It contains languages with and without grammatical gender, a language with noun classification and a classifier language; larger national languages as well as smaller languages with minority status; and, of course, members of diverse language families, i.e. Indo-European as well as Finno-Ugrian, Iroquois, Tai-Kadai and Niger-Congo. The volume illustrates the tremendous variation found in the area of gender representation across languages. At the same time, it will provide the much-needed material required for an explicitly comparative approach to linguistic manifestations of gender.

Multicultural America [4 volumes] Ronald H. Bayor 2011-07-22 This encyclopedia contains 50 thorough profiles of the most numerically significant immigrant groups now making their homes in the United States, telling the story of our newest immigrants and introducing them to their fellow Americans. One of the main reasons the United States has evolved so quickly and radically in the last 100 years is the large number of ethnically diverse immigrants that have become part of its population. People from every area of the world have come to America in an effort to realize their dreams of more opportunity and better lives, either for themselves or for their children. This book provides a fascinating picture of the lives of immigrants from 50 countries who have contributed substantially to the diversity of the United States, exploring all aspects of the immigrants' lives in the old world as well as the new. Each essay explains why these people have come to the United States, how they have adjusted to and integrated into American society, and what portends for their future. Accounts of the experiences of the second generation and the effects of relations between the United States and the sending country round out these unusually rich and demographically detailed portraits.

Cultural Encyclopedia of the Body [2 volumes] Victoria Pitts-Taylor 2008-09-30 Pop culture and the media today are saturated with the focus on the aesthetics of the human body. Magazines and infotainment shows speculate whether this or that actress had breast implants or a nose job. Americans are not just focusing on celebrities but on themselves too and today have unprecedented opportunities to rework what nature gave

them. One can now drop in to have cosmetic surgery at the local mall. Contemplating the superficial nature of it all grows tiresome, and pop culture vultures and students can get a better fix for their fascination with the body beautiful through the cultural insight provided in this amazing set. *Cultural Encyclopedia of the Body* is a treasure trove of essays that explore the human body alphabetically by part, detailing practices and beliefs from the past and present and from around the world that are sometimes mind-blowing and eye-popping. Body parts are examined through a multifaceted cultural lens. Readers will explore how the parts are understood, what they mean to disparate societies, how they are managed, treated, and transformed, and how they are depicted and represented. The entries draw from many disciplines that are concerned to some degree or another with human bodies, including anthropology archeology, sociology, religion, political history, philosophy, art history, literary studies, and medicine. The encyclopedia proffers information on a number of cultures, tribes, and customs from East and West. Ancient practices to the latest fad, which in fact might continue ancient practices, are illuminated. Other considerations that arise in the essays include comparisons among cultures, the changing perceptions of the body, and issues of race, gender, religion, community and belonging, ethnicity, power structures, human rights.

Encyclopedia of Women and Gender Judith Worell 2001 Provides a detailed subject index at the end of volume 2.

Encyclopedia of Sex and Gender Carol R. Ember 2003-12-31 The central aim of this encyclopedia is to give the reader a comparative perspective on issues involving conceptions of gender, gender differences, gender roles, relationships between the genders, and sexuality. The encyclopedia is divided into two volumes: Topics and Cultures. The combination of topical overviews and varying cultural portraits is what makes this encyclopedia a unique reference work for students, researchers and teachers interested in gender studies and cross-cultural variation in sex and gender. It deserves a place in the library of every university and every social science and health department. Contents:- Glossary. Cultural Conceptions of Gender. Gender Roles, Status, and Institutions. Sexuality and Male-Female Interaction. Sex and Gender in the World's Cultures. Culture Name Index. Subject Index.

Encyclopedia of Gender and Information Technology Trauth, Eileen M. 2006-06-30 "This two volume set includes 213 entries with over 4,700 references to additional works on gender and information technology"-- Provided by publisher.

Culture and Customs of Hungary Oksana Ritz-Buranbaeva 2011-09-22 This book provides a one-stop introduction to the history, culture, and personalities of Hungary, a fascinating country located at the heart of Europe and born at the crossroads of civilizations. Hungary today is most certainly a Central European nation in terms of a modern geopolitical and cultural understanding of Europe. Additionally, it has occupied a central position in the constellation of European kingdoms for centuries. The story of Hungary is about a country at the heart of Europe, geographically as well as culturally, and of a people quite distinct from their eastern and western neighbors yet irrevocably intertwined with them in terms of their histories and futures. *Culture and Customs of Hungary* is an absolute must-have for high school, public, and undergraduate library bookshelves. Readers will explore Hungary's fascinating contemporary life and culture in this unique and all-encompassing reference work that highlights the most important Hungarian historical personalities and explains their role in the development of Hungarian culture and society, as well as their standing in modern Hungary. Topics covered include history; art, including literature, architecture, film, and music; customs and traditions; modern society and culture; media; gender roles; language; and religion.

Exploring Materiality and Connectivity in Anthropology and Beyond Philipp Schorch 2020-03-30 *Exploring Materiality and Connectivity in Anthropology and Beyond* provides a new look at the old anthropological concern with materiality and connectivity. It understands materiality not as defined property of some-thing, nor does it take connectivity as merely a relation between discrete entities. Somewhat akin to Heisenberg's uncertainty principle, it sees materiality and connectivity as two interrelated modes in which an entity is, or more precisely - is becoming, in the world. The question, thus, is how these two modes of becoming relate and fold into each other. Throughout the four-year research process that led to this book, the authors approached this question not just from a theoretical perspective; taking the suggestion of 'thinking through things' literally and methodologically seriously, the first two workshops were dedicated to practical, hands-on exercises working with things. From these workshops a series of installations emerged, straddling the boundaries of art and academia. These installations served as artistic-academic interventions during the final symposium and are featured alongside the other academic contributions to this volume. Throughout this process, two main themes emerged and structure Part II, Movement and Growth, and Part III, Dissolution and Traces, of the present volume, respectively. Part I, Conceptual Grounds, consists of two chapters offering conceptual takes on things and ties - one from anthropology and one from archaeology. As interrelated modes of becoming, materiality and connectivity make it necessary to coalesce things and ties into thing~ties - an insight toward which the chapters and interventions came from different sides, and one in which the initial proposition of the editors still shines through. Throughout the pages of this volume, we invite the reader to travel beyond imaginaries of a universe of separate planets united by connections, and to venture with us instead into the thicket of thing~ties in which we live.

Encyclopedia of Women in World Religions [2 volumes] Susan de-Gaia 2018-11-16 This reference offers reliable knowledge about women's diverse faith practices throughout history and prehistory, and across cultures. Across the span of human history, women have participated in world-building and life-sustaining cultural creativity, making enormous contributions to religion and spirituality. In the contemporary period, women have achieved greater equality, with more educational opportunities, female role models in public life, and opportunities for religious expression than ever before. Contemporaneously with this increased visibility, women are actively and energetically engaging with religion for themselves and for their communities. Drawing on the expertise of a range of scholars, this reference chronicles the religious experiences of women across time and cultures. The book includes sections on major religions as well as on spirituality, African religions, prehistoric religions, and other broad topics. Each section begins with an introduction, followed by reference entries on specialized subjects along with excerpts from primary source documents. The entries provide numerous suggestions for further reading, and the book closes with a detailed bibliography.

Encyclopedia of Sex and Gender Carol R. Ember 2003-12-31 The central aim of this encyclopedia is to give the reader a comparative perspective on issues involving conceptions of gender, gender differences, gender roles, relationships between the genders, and sexuality. The encyclopedia is divided into two volumes: Topics and Cultures. The combination of topical overviews and varying cultural portraits is what makes this encyclopedia a unique reference work for students, researchers and teachers interested in gender studies and cross-cultural variation in sex and gender. It deserves a place in the library of every university and every social science and health department. Contents:- Glossary. Cultural Conceptions of Gender. Gender Roles, Status, and Institutions. Sexuality and Male-Female Interaction. Sex and Gender in the World's Cultures. Culture Name Index. Subject Index.

The World of Antebellum America [2 volumes] Alexandra Kindell 2018-09-20 This set provides insight into the lives of ordinary Americans free and enslaved, in farms and cities, in the North and the South, who lived during the years of 1815 to 1860. Throughout the Antebellum Era resonated the theme of change: migration, urban growth, the economy, and the growing divide between North and South all led to great changes to which Americans had to respond. By gathering the important aspects of antebellum Americans' lives into an encyclopedia, *The World of Antebellum America* provides readers with the opportunity to understand how people across America lived and worked, what politics meant to them, and how they shaped or were shaped by economics. Entries on simple topics such as bread and biscuits explore workers' need for calories, the role of agriculture, and gendered divisions of labor, while entries on more complex topics, such as aging and death, disclose Americans' feelings about life itself. Collectively, the entries pull the reader into the lives of ordinary Americans, while section introductions tie together the entries and provide an overarching narrative that primes readers to understand key concepts about antebellum America before delving into Americans' lives in detail.

Investigation of the Inter-individual Variability of Physiological Responses to Changes in Activity Levels-, Gravity Loading-, Nutritional Status, Pharmaceuticals and Exposure to Radiation Tobias Weber 2022-05-06

Recommended Reference Books for Small and Medium-Sized Libraries and Media Centers Shannon Graff Hysell 2006-04 Based on the highly acclaimed reviews of American Reference Books Annual, RRB features only those resources that have been recommended for purchase by small and medium-sized academic, public, or school libraries. Written by over 200 subject specialists, the reviews will help librarians quickly identify the best, most affordable, and most appropriate new reference materials in any given field. All reviewer comments--both positive and negative--have been retained, since even recommended works may be weak in one respect or another. If your budget precludes ARBA, this tool will provide you with the necessary information for the development of your collection. Features 530 critical reviews of reference books, CD-ROMs, and Web sites from the years 2004-2006 written by academic, public, and school librarians or professionals in the field. The reviews are selected based on their appropriateness for school libraries, small college libraries, or small public libraries (i.e., lower priced, highest quality, etc.), and feature a coded letter (i.e., C, P, S) indicating the type of library for which the medium is recommended. The reviews are pulled from ARBA 2006.

Encyclopedia of Government and Politics Mary Hawkesworth 2013-11-07 This is a brand-new edition of the critically acclaimed Encyclopedia of Government and Politics which has been fully revised and updated to provide a systematic account of politics and political studies at the beginning of the new millennium. Providing a penetrating analysis of government and politics at a global, regional and nation-state level, the Encyclopedia assesses both traditional and contemporary approaches, and projects the paths of future research. The articles provide a degree of critical analysis far beyond a simple descriptive outline of the subject. Internationally respected contributors have been carefully selected to present contending approaches to related topics, both to clarify the political implications of the various methodologies and to enrich the portrayal of political life. With its expanded, revised and updated coverage, Encyclopedia of Government and Politics is more than ever an indispensable tool for students, teachers, professional analysts and policy-makers.

American Reference Books Annual Bohdan S. Wynar 2006 1970- issued in 2 vols.: v. 1, General reference, social sciences, history, economics, business; v. 2, Fine arts, humanities, science and engineering.

Encyclopedia of Library and Information Science Allen Kent 2000-12-21 This encyclopaedia of library and information science explores business information visualization. It offers guidance for research and practice to Virtual Reality Modelling Language (VRML).

Pilgrimage [2 volumes] Linda Kay Davidson 2002-11-17 Nationalistic meccas, shrines to popular culture, and sacred traditions for the world's religions from Animism to Zoroastrianism are all examined in two accessible and comprehensive volumes. Pilgrimage is a comprehensive compendium of the basic facts on Pilgrimage from ancient times to the 21st century. Illustrated with maps and photographs that enrich the reader's journey, this authoritative volume explores sites, people, activities, rites, terminology, and other matters related to pilgrimage such as economics, tourism, and disease. Encompassing all major and minor world religions, from ancient cults to modern faiths, this work covers both religious and secular pilgrimage sites. Compiled by experts who have authored numerous books on pilgrimage and are pilgrims in their own right, the entries will appeal to students, scholars, and general readers.

Encyclopedia of Mental Health, Volume 2 Howard S. Friedman 1998 Review: "Edited by Howard S. Friedman of the University of California/Riverside (called "the most cited psychologist" by the Social Science Citation Index), this work will be informative and accessible to college students and interested adults. In addition to discussing mental disorders, treatments, and personality attributes, articles focus on such subjects as burnout, caffeine, and commuting and mental health. Each article is formatted clearly with an outline describing its content and a short glossary to explain terminology. A complete table of contents for all volumes in the front of each, bibliographies for further reading at the end of every article, and an extensive index aid use"--"Outstanding Reference Sources : the 1999 Selection of New Titles", American Libraries, May 1999. Comp. by the Reference Sources Committee, RUSA, ALA

Historical Developments and Theoretical Approaches in Sociology - Volume II Charles Crothers 2010-11-30 Historical Developments and Theoretical Approaches in Sociology in two volumes is a component of Encyclopedia of Social Sciences and Humanities in the global Encyclopedia of Life Support Systems (EOLSS), which is an integrated compendium of twenty Encyclopedias. Sociology is one of several social science disciplines and smaller bodies of knowledge which seeks to understand the patterns in social life. There is a broad congruence between the objective configurations of social life and the components of the disciplines studying them, the body of sociological knowledge is socially constructed and the pathways to its gaining of knowledge influenced by a variety of factors. Moreover, since social life is ever-changing, sociology often has to scramble to catch-up with the changing social world. This work is built up around four broad topics, the first providing important shared contextual material and then followed by three broad levels of social analysis: with each of these four parts containing a number of chapters with more specific and in-depth information. The theme essay provides a general introduction and overview of the theme as a whole. In total, the work holds 40 contributions written by a selection of many international renowned specialists from 12 countries. It was important to obtain a wide range of viewpoints giving the ways in which social issues arise quite differently in a range of countries. These two volumes are aimed at the following five major target audiences: University and College Students Educators, Professional Practitioners, Research Personnel and Policy Analysts, Managers, and Decision Makers, NGOs and GOs.

Encyclopedia of Gender and Society Jodi O'Brien 2008-11-26 2009 RUSA Outstanding Reference CHOICE Outstanding Academic Title for 2009 "Given both the interdisciplinarity of the field of gender scholarship and the immense significance of gender to both individuals and societies, it is probably impossible to produce such a compendium. The editor, advisory team, and contributors are to be credited for tackling a project of such immense scope...O'Brien's commitment to the possibility of a more-informed discourse on the highly complex and nuanced topic of gender and society promises to benefit a broad readership...Highly recommended for academic libraries of all sizes and for large public libraries." —Booklist STARRED Review "All topics in this wide-ranging resource are addressed in an unbiased and unprejudiced manner, and facts are stated clearly and coherently. The coverage of changing topics is kept current. A valuable addition to any library." —Library Journal For decades, scholars of gender have been documenting and analyzing the various ways in which gender shapes individual lives, cultural beliefs and practices, and social and economic organization. Including contributions by experts in the field, the Encyclopedia of Gender and Society covers the major theories, research, people, and issues in contemporary gender studies. This comprehensive, two-volume encyclopedia is distinguished by a cross-national/cross-cultural perspective that provides comparative analyses of the life experiences of men and women around the world. Key Features: · Provides users with a "gender lens" on society by focusing on significant gender scholarship within commonly recognized areas of social research · Offers "framing" essays that summarize commonly used concepts and directions of research and provide an overview of each area (e.g., Media and Gender Socialization; Religion, Gender Roles in; Sexuality and Reproduction; Women's Social Movements, History of) · Examines basic aspects of social life from the most individual (self and identity) to the most global (transnational economics and politics). · Contains new information on well-known subjects, including surprising facts that may counter common assumptions and research in areas of study where the impact of gender has been traditionally overlooked · Reflects cutting-edge discussion and scholarship on current issues and debates regarding gender and society

Marriage and the Family Julie Xuemei Hu 2019-04-23 Marriage and the Family: Mirror of a Diverse Global Society is a comprehensive text about marriage and the family in sociology, family science, and diversity studies. The book is divided into four parts: studying marriage patterns and understanding family diversity; developing and maintaining intimate relationships; tackling family issues and managing household crises; and appreciating contemporary living arrangements in a diverse American society and across the global community. Marriage and the Family is unique in its focus on diversity as well as its global perspective. Diversity Overview boxes feature vignettes of family diversity in America. Global Overview boxes invite students to experience family life in different areas of the world. Indeed, families become a mirror that helps students see a diversifying American society and a globalizing world.

So, let's dive into the exciting world of eBooks and discover how to access a world of literary wonders with ease and convenience.

Understanding Encyclopedia Of Sex And Gender Men And Women In The Worlds Cultures 2 Volumes

Before you embark on your journey to find Encyclopedia Of Sex And Gender Men And Women In The Worlds Cultures 2 Volumes online, it's essential to grasp the concept of Encyclopedia Of Sex And Gender Men And Women In The Worlds Cultures 2 Volumes eBook formats. Encyclopedia Of Sex And Gender Men And Women In The Worlds Cultures 2 Volumes come in various formats, each with its own unique features and compatibility. Understanding these formats will help you choose the right one for your device and preferences.

Different Encyclopedia Of Sex And Gender Men And Women In The Worlds Cultures 2 Volumes eBook Formats Explained

1. EPUB (Electronic Publication):

EPUB is one of the most common eBook formats, known for its versatility and compatibility across a wide range of eReaders and devices.

Features include reflowable text, adjustable font sizes, and support for images and multimedia.

EPUB3, an updated version, offers enhanced interactivity and multimedia support.

2. MOBI (Mobipocket):

MOBI was originally developed for Mobipocket Reader but is also supported by Amazon Kindle devices.

It features a proprietary format and may have limitations compared to EPUB, such as fewer font options.

3. PDF (Portable Document Format):

PDFs are a popular format for eBooks, known for their fixed layout, preserving the book's original design and formatting.

While great for textbooks and graphic-heavy books, PDFs may not be as adaptable to various screen sizes.

4. AZW/AZW3 (Amazon Kindle):

These formats are exclusive to Amazon Kindle devices and apps.

AZW3, also known as KF8, is an enhanced version that supports advanced formatting and features.

5. HTML (Hypertext Markup Language):

HTML eBooks are essentially web pages formatted for reading.

They offer interactivity, multimedia support, and the ability to access online content, making them suitable for textbooks and reference materials.

6. TXT (Plain Text):

Plain text eBooks are the simplest format, containing only unformatted text.

They are highly compatible but lack advanced formatting features.

Choosing the right Encyclopedia Of Sex And Gender Men And Women In The Worlds Cultures 2 Volumes eBook format is crucial for a seamless reading experience on your device. Here's a quick guide to format compatibility with popular eReaders:

EPUB: Compatible with most eReaders, except for some Amazon Kindle devices. Also suitable for reading on smartphones and tablets using dedicated apps.

MOBI: Primarily compatible with Amazon Kindle devices and apps.

PDF: Readable on almost all devices, but may require zooming and scrolling on smaller screens.

AZW/AZW3: Exclusive to Amazon Kindle devices and apps.

HTML: Requires a web browser or specialized eBook reader with HTML support.

TXT: Universally compatible with nearly all eReaders and devices.

Understanding Encyclopedia Of Sex And Gender Men And Women In The Worlds Cultures 2 Volumes eBook formats and their compatibility will help you make informed decisions when choosing where and how to access your favorite eBooks. In the next chapters, we'll explore the various sources where you can find Encyclopedia Of Sex And Gender Men And Women In The Worlds Cultures 2 Volumes eBooks in these

formats.

Encyclopedia Of Sex And Gender Men And Women In The Worlds Cultures 2 Volumes eBook Websites and Repositories

One of the primary ways to find Encyclopedia Of Sex And Gender Men And Women In The Worlds Cultures 2 Volumes eBooks online is through dedicated eBook websites and repositories. Smashwords is a platform for independent authors and publishers to distribute their eBooks.

It offers a wide selection of genres and supports multiple eBook formats.

Some eBooks are available for free, while others are for purchase.

Encyclopedia Of Sex And Gender Men And Women In The Worlds Cultures 2 Volumes Legal Considerations

While these Encyclopedia Of Sex And Gender Men And Women In The Worlds Cultures 2 Volumes eBook websites provide valuable resources for readers, it's essential to be aware of legal considerations:

Copyright: Ensure that you respect copyright laws when downloading and sharing Encyclopedia Of Sex And Gender Men And Women In The Worlds Cultures 2 Volumes eBooks. Public domain Encyclopedia Of Sex And Gender Men And Women In The Worlds Cultures 2 Volumes eBooks are generally safe to download and share, but always check the copyright status.

Terms of Use: Familiarize yourself with the terms of use and licensing agreements on these websites. Encyclopedia Of Sex And Gender Men And Women In The Worlds Cultures 2 Volumes eBooks may have specific usage restrictions.

Support Authors: Whenever possible, consider purchasing Encyclopedia Of Sex And Gender Men And Women In The Worlds Cultures 2 Volumes eBooks to support authors and publishers. This helps sustain a vibrant literary ecosystem.

Public Domain eBooks

Public domain Encyclopedia Of Sex And Gender Men And Women In The Worlds Cultures 2 Volumes eBooks are those whose copyright has expired, making them freely accessible to the public. Websites like Project Gutenberg specialize in offering public domain Encyclopedia Of Sex And Gender Men And Women In The Worlds Cultures 2 Volumes eBooks, which can include timeless classics, historical texts, and cultural treasures.

As you explore Encyclopedia Of Sex And Gender Men And Women In The Worlds Cultures 2 Volumes eBook websites and repositories, you'll encounter a vast array of reading options. In the next chapter, we'll delve into the world of eBook search engines, providing even more ways to discover Encyclopedia Of Sex And Gender Men And Women In The Worlds Cultures 2 Volumes eBooks online.

Encyclopedia Of Sex And Gender Men And Women In The Worlds Cultures 2 Volumes eBook Search

eBook search engines are invaluable tools for avid readers seeking specific titles, genres, or authors. These search engines crawl the web to help you discover Encyclopedia Of Sex And Gender Men And Women In The Worlds Cultures 2 Volumes across a wide range of platforms. In this chapter, we'll explore how to effectively use eBook search engines and uncover eBooks tailored to your preferences.

Effective Search Encyclopedia Of Sex And Gender Men And Women In The Worlds Cultures 2 Volumes

To make the most of eBook search engines, it's essential to use effective search techniques. Here are some tips:

1. Use Precise Keywords:

Be specific with your search terms. Include the book title Encyclopedia Of Sex And Gender Men And Women In The Worlds Cultures 2 Volumes, author's name, or specific genre for targeted results.

2. Utilize Quotation Marks:

To search Encyclopedia Of Sex And Gender Men And Women In The Worlds Cultures 2 Volumes for an exact phrase or book title, enclose it in quotation marks. For example, "Encyclopedia Of Sex And Gender Men And Women In The Worlds Cultures 2 Volumes."

3. Encyclopedia Of Sex And Gender Men And Women In The Worlds Cultures 2 Volumes Add "eBook" or "PDF":

Enhance your search by including "eBook" or "PDF" along with your keywords. For example, "Encyclopedia Of Sex And Gender Men And Women In The Worlds Cultures 2 Volumes eBook."

4. Filter by Format:

Many eBook search engines allow you to filter results by format (e.g., EPUB, PDF). Use this feature to find Encyclopedia Of Sex And Gender Men And Women In The Worlds Cultures 2 Volumes in your preferred format.

5. Explore Advanced Search Options:

Take advantage of advanced search options offered by search engines. These can help narrow down your results by publication date, language, or file type.

Google Books and Beyond

Google Books:

Google Books is a widely used eBook search engine that provides access to millions of eBooks.

You can preview, purchase, or find links to free Encyclopedia Of Sex And Gender Men And Women In The Worlds Cultures 2 Volumes available elsewhere.

It's an excellent resource for discovering new titles and accessing book previews.

Project Gutenberg Search:

Project Gutenberg offers its search engine, allowing you to explore its extensive collection of free Encyclopedia Of Sex And Gender Men And Women In The Worlds Cultures 2 Volumes.

You can search by title Encyclopedia Of Sex And Gender Men And Women In The Worlds Cultures 2 Volumes, author, language, and more.

Internet Archive's eBook Search:

The Internet Archive's eBook search provides access to a vast digital library.

You can search for Encyclopedia Of Sex And Gender Men And Women In The Worlds Cultures 2 Volumes and borrow them for a specified period.

Library Genesis (LibGen):

Library Genesis is known for hosting an extensive collection of Encyclopedia Of Sex And Gender Men And Women In The Worlds Cultures 2 Volumes, including academic and scientific texts.

It's a valuable resource for researchers and students.

eBook Search Engines vs. eBook Websites

It's essential to distinguish between eBook search engines and eBook websites:

Search Engines: These tools help you discover eBooks across various platforms and websites. They provide links to where you can access the eBooks but may not host the content themselves.

Websites: eBook websites host eBooks directly, offering downloadable links. Some websites specialize in specific genres or types of eBooks.

Using eBook search engines allows you to cast a wider net when searching for specific titles Encyclopedia Of Sex And Gender Men And Women In The Worlds Cultures 2 Volumes or genres. They serve as powerful tools in your quest for the perfect eBook.

Encyclopedia Of Sex And Gender Men And Women In The Worlds Cultures 2 Volumes eBook Torrenting and Sharing Sites

Encyclopedia Of Sex And Gender Men And Women In The Worlds Cultures 2 Volumes eBook torrenting and sharing sites have gained popularity for offering a vast selection of eBooks. While these platforms provide access to a wealth of reading material, it's essential to navigate them responsibly and be aware of the potential legal implications. In this chapter, we'll explore Encyclopedia Of Sex And Gender Men And Women In The Worlds Cultures 2 Volumes eBook torrenting and sharing sites, how they work, and how to use them safely.

Find Encyclopedia Of Sex And Gender Men And Women In The Worlds Cultures 2 Volumes Torrenting vs. Legal Alternatives

Encyclopedia Of Sex And Gender Men And Women In The Worlds Cultures 2 Volumes Torrenting Sites:

Encyclopedia Of Sex And Gender Men And Women In The Worlds Cultures 2 Volumes eBook torrenting sites operate on a peer-to-peer (P2P) file-sharing system, where users upload and download Encyclopedia Of Sex And Gender Men And Women In The Worlds Cultures 2 Volumes eBooks directly from one another.

While these sites offer Encyclopedia Of Sex And Gender Men And Women In The Worlds Cultures 2 Volumes eBooks, the legality of downloading copyrighted material from them can be questionable in many regions.

Encyclopedia Of Sex And Gender Men And Women In The Worlds Cultures 2 Volumes Legal Alternatives:

Some torrenting sites host public domain Encyclopedia Of Sex And Gender Men And Women In The Worlds Cultures 2 Volumes eBooks or works with open licenses that allow for sharing.

Always prioritize legal alternatives, such as Project Gutenberg, Internet Archive, or Open Library, to ensure you're downloading Encyclopedia Of Sex And Gender Men And Women In The Worlds Cultures 2 Volumes eBooks legally.

Staying Safe Online to download Encyclopedia Of Sex And Gender Men And Women In The Worlds Cultures 2 Volumes

When exploring Encyclopedia Of Sex And Gender Men And Women In The Worlds Cultures 2 Volumes eBook torrenting and sharing sites, it's crucial to prioritize your safety and follow best practices:

1. Use a VPN:

To protect your identity and online activities, consider using a Virtual Private Network (VPN). This helps anonymize your online presence.

2. Verify Encyclopedia Of Sex And Gender Men And Women In The Worlds Cultures 2 Volumes eBook Sources:

Be cautious when downloading Encyclopedia Of Sex And Gender Men And Women In The Worlds Cultures 2 Volumes from torrent sites. Verify the source and comments to ensure you're downloading a safe and legitimate eBook.

3. Update Your Antivirus Software:

Ensure your antivirus software is up-to-date to protect your device from potential threats.

4. Prioritize Legal Downloads:

Whenever possible, opt for legal alternatives or public domain eBooks to avoid legal complications.

5. Respect Copyright Laws:

Be aware of copyright laws in your region and only download Encyclopedia Of Sex And Gender Men And Women In The Worlds Cultures 2 Volumes eBooks that you have the right to access.

Encyclopedia Of Sex And Gender Men And Women In The Worlds Cultures 2 Volumes eBook Torrenting and Sharing Sites
