

Girl Like Me Shakira Dance Tutorial

Reggaeton - Raquel Z. Rivera
2010-07-01

A hybrid of reggae and rap, reggaeton is a music with Spanish-language lyrics and Caribbean aesthetics that has taken Latin America, the United States, and the world by storm. Superstars—including Daddy Yankee, Don Omar, and Ivy Queen—garner international attention, while aspiring performers use digital technologies to create and circulate their own tracks. Reggaeton brings together critical assessments of this wildly popular genre. Journalists, scholars, and artists delve into reggaeton's local roots and its transnational dissemination; they parse the genre's aesthetics, particularly in relation to those of hip-hop; and they explore the debates about race, nation, gender, and

sexuality generated by the music and its associated cultural practices, from dance to fashion. The collection opens with an in-depth exploration of the social and sonic currents that coalesced into reggaeton in Puerto Rico during the 1990s. Contributors consider reggaeton in relation to that island, Panama, Jamaica, and New York; Cuban society, Miami's hip-hop scene, and Dominican identity; and other genres including reggae en español, underground, and dancehall reggae. The reggaeton artist Tego Calderón provides a powerful indictment of racism in Latin America, while the hip-hop artist Welmo Romero Joseph discusses the development of reggaeton in Puerto Rico and his refusal to embrace the upstart genre. The collection features interviews

with the DJ/rapper El General and the reggae performer Renato, as well as a translation of "Chamaco's Corner," the poem that served as the introduction to Daddy Yankee's debut album. Among the volume's striking images are photographs from Miguel Luciano's series *Pure Plantainum*, a meditation on identity politics in the bling-bling era, and photos taken by the reggaeton videographer Kacho López during the making of the documentary *Bling'd: Blood, Diamonds, and Hip-Hop*. Contributors. Geoff Baker, Tego Calderón, Carolina Caycedo, Jose Davila, Jan Fairley, Juan Flores, Gallego (José Raúl González), Félix Jiménez, Kacho López, Miguel Luciano, Wayne Marshall, Frances Negrón-Muntaner, Alfredo Nieves Moreno, Ifeoma C. K. Nwankwo, Deborah Pacini Hernandez, Raquel Z. Rivera, Welmo Romero Joseph, Christoph Twickel, Alexandra T. Vazquez

[Ontopower](#) - Brian Massumi 2015-08-12

Color coded terror alerts, invasion, drone war, rampant surveillance: all manifestations of the type of new power Brian Massumi theorizes in *Ontopower*. Through an in-depth examination of the War on Terror and the culture of crisis, Massumi identifies the emergence of preemption, which he characterizes as the operative logic of our time. Security threats, regardless of the existence of credible intelligence, are now felt into reality. Whereas nations once waited for a clear and present

danger to emerge before using force, a threat's felt reality now demands launching a preemptive strike. Power refocuses on what may emerge, as that potential presents itself to feeling. This affective logic of potential washes back from the war front to become the dominant mode of power on the home front as well. This is ontopower—the mode of power embodying the logic of preemption across the full spectrum of force, from the “hard” (military intervention) to the “soft” (surveillance). With Ontopower, Massumi provides an original theory of power that explains not only current practices of war but the culture of insecurity permeating our contemporary neoliberal condition.

Switched on Pop - Nate Sloan
2019-12-13

Pop music surrounds us - in our cars, over supermarket speakers, even when we are laid out at the dentist - but how often do we really hear what's playing? Switched on Pop is the book based on the eponymous podcast that has been hailed by NPR, Rolling Stone, The Guardian, and Entertainment Weekly for its witty and accessible analysis of Top 40 hits. Through close studies of

sixteen modern classics, musicologist Nate Sloan and songwriter Charlie Harding shift pop from the background to the foreground, illuminating the essential musical concepts behind two decades of chart-topping songs. In 1939, Aaron Copland published What to Listen for in Music, the bestseller that made classical music approachable for generations of listeners. Eighty years later, Nate and Charlie update Copland's idea for a new audience and repertoire: 21st century pop, from Britney to Beyoncé, Outkast to Kendrick Lamar. Despite the importance of pop music in contemporary culture, most discourse only revolves around lyrics and celebrity. Switched on Pop gives readers the tools they need to interpret our modern soundtrack. Each chapter investigates a different song and artist, revealing musical insights such as how a single melodic motif follows Taylor Swift through every genre that she samples, André 3000 uses metric manipulation to get listeners to "shake it like

Replete with engaging discussions and eye-catching illustrations, *Switched on Pop* brings to life the musical qualities that catapult songs into the pop pantheon. Readers will find themselves listening to familiar tracks in new ways and not just those from the Top 40. The timeless concepts that Nate and Charlie define can be applied to any musical style. From fanatics to skeptics, teenagers to octogenarians, non-musicians to professional composers, every music lover will discover something ear-opening in *Switched on Pop*.
Dragged Off - David Anh Dao
 2021-03-16

A Vietnamese Refugee, a Viral Video, and the United Airlines Scandal That Started It All "His refusal to give up his seat on a United Airlines flight, and the ensuing assault he suffered, is emblematic of how far we, the people, still have to travel to create a world with liberty and

justice for all." —Marlena Fiol, PhD, globally recognized scholar and speaker and author of *Nothing Bad Between Us*. Dr. David Dao was dragged off United Express Flight 3411 on April 9, 2017 after refusing to give up his seat. In the tradition of contemporary immigrant stories comes a personal narrative of the many small but significant acts of racial discrimination faced on the way to the American Dream. The unseen effects of discrimination. The United Airlines scandal of 2017 garnered over a million views on YouTube. A result of an overbooking overlook, security officials forcibly removed Dr. Dao after refusing to give up his seat. He awoke in the hospital to a concussion, a broken nose, several broken teeth, and worldwide attention. Things aren't always fair for an immigrant, but according to Dr. Dao, you can prevail if you firmly advocate for yourself. A response to a lifetime of oppressive acts. Why was Dr. Dao so adamant on his right to a seat? His entire life had led

This is his story. If you are moved by immigrant stories, or books like *America for Americans*, *Minor Feelings*, *How to Be an Antiracist*, or *The Making of Asian America*, then you'll want to read Dr. David Dao's story, *Dragged Off*.
