The last one was many years ago when I was studying in Singapore. The next day, after my heartbreak, my roommate, Michael, called me and said, "Barack Obama is around. He's at Orchard to meet with Lee Kuan Yew-come, come, come." Michael didn't know what I was going through. He was at Orchard having fun, but I was at home feeling heartbroken and

Obama wasn't the solution I needed at that moment-I needed a relationship expert. Luckily, I have become that person I needed and I'll guide you through the ups and downs of how women work, how to get any woman without being friend-zoned and many more things acclaimed dating gurus won't tell you. In all things, honesty and foundation are key, and that's how we'll start. Skip this stage and you'll be in trouble... You've been lied to by dating gurus. Listen, my case was worse than yours. up and did something about it. Many men just say "women are crazy," and they leave it at that, not trying to understand them. I couldn't have that... While women are in fact crazy, I have put together a book which explains what they want, what attracts them to men, and how you can start attracting women. It's taken me many, many years, and many, many sleepless nights, but after all was said and done, I believe I have made the best book available when it comes teaching men everything it takes to successfully attract women. Here's What You'll Learn in This Book Chapter 1: Appearance - While it's been this way for many years, the advent of website profiles and dating apps has made a masculine appearance much more important for men in this day and age. Here I share with you the many ways you can appear more attractive to women, as well the ideal body type women are looking for in a man (hint: it's not abs). Chapters 2 & 3: Attractive & Unattractive Qualities - Ever notice how women are attracted to jerks and "bad boys?" It's because they display many attractive qualities women desire. In these chapters, I share with you what exactly these qualities are, while also going over attributes you need to stay away from, which push women away. Chapter 4 & 5: Talking to Women - Next, we go over how to talk to women and connect with them, in turn attracting them to you. I show you how to approach girls, get their contact information, and how to conversant with them afterwards to secure a date. I go over the number one mistake most guys make during this process, as well as the one quality that will put you above all other men when talking to women (hint: it's not a lifted truck). Chapter 6: The Date - We then go over how to handle the date. I show you exactly how to ask for the date, where to go, and what to do during the date. This includes conversation topics that release dopamine (feel good) chemicals in a woman's brain, as well as techniques you can employ during the date to keep her attention. I then go over what to do after the date to keep her interested in you for the long run to make her your girlfriend. Chapter 7: The What

time is always very nervous and this is where many men fail, when they walk away feeling like losers and the ladies are left wondering what a coward you are. The information in this book has been narrowed down to using texting as a tool to lure a lady and make her want to be with you and stick with you as your woman. When used properly, texting will reveal the kind of person you are and the lady will be able to know the kind of a man she is giving her time to. Eventually she will make her mind whether to agree to your request or simply throw your pleas to the usual dustbin of losers. The battle starts when you plan to engage a certain lady in a conversation, because the process of asking her for the number is an action that gives many men Goosebumps. Not to worry, we will show you how to take that first step and get the vital number that will link you to that lovely lady who is giving you sleepless nights when you think of how lovely she is, and how much you want to spend time with her. We however need to get some facts right before we get too much into the power of texting when you want a woman. Your failure to get the lady you want may be due to poor interaction or communication techniques, and the fact that you can type some lovely words on your Smartphone instead of voicing them does not guarantee that the lady will accept your requests. You need to do it right to get her attracted to you. The texting style should create enough rapport and attraction for the lady you want to spend your precious time with, and the effort should not go down the drain because the connection of the hard work should be solid. Have a look at how you are supposed to initiate a conversation that will lead to great friendship. This book gives a comprehensive guide on the following: - The approach - Getting her phone number the right way - The perfect first text - Structure of an effective text messaging plan - Bad text messaging behaviors - Turn her on through texts - Sexualizing text messages - Avoid getting rejected by text message - Playing the game with roles - Do's and don'ts: how to be a gentleman -

Woman: One night, I sat up late reading email after email from attractive, witty guys who were single and ready to date, and instead of being impressed and enraptured, I began to wonder what on earth was going wrong in the world. You see, these emails were not the typical online dating messages. They weren't asking me out on dates, or vying for desire or attention. They were sent from great guys, who no matter what they tried, always seemed to find that beautiful women ended up dating jerks and never calling them back. Now, you might be wondering what all these guys are doing emailing me their questions, but as a professional Wing Girl, it's my duty to be the girl who gives it to guys straight of the dating community. I'm always brutally honest and have been told I have a gift for seeing things from both sides of the dating lines, but it took me a few glasses of wine and some seriously deep thinking to try to piece the puzzle together. What was going on? I knew all my gorgeous girlfriends were looking for these types of men. Men who were exciting, fun, good, honest and who had their life together... So as they were they emailing me, detailing their failed attempts, I tried to find the one common factor that was holding these great guys back. I spoke with them at length about their dating history, trying to figure out if they were doing something wrong, and then it struck me. It wasn't them; it was "The Game" they had been told to play. They had the best intentions, but they were going about attracting and dating beautiful women in all the wrong ways. They were dating from the male perspective and in a way that seemed right to other guys; but this wasn't communicated clearly to women! As I started to reply to each email, instead of telling them what I thought they wanted to hear or what I thought male Pick Up Artists might tell them, I started to lay it all out on the line. Later on, when I asked my girlfriends for their opinion, they couldn't believe what I had written. I was revealing all secrets women would never tell men. I was putting it out there in a way that would give guys what my girlfriends called the upper hand, but I defended my actions.

These were genuinely great guys! I was tired of hearing how women could never find what they were looking for. Now, when I was gave the men a road map to go out and find them, they freaked out! That's when I knew I had something worth sharing. Something that would turn the dating world on its head; finally, I thought, "It's time to shake things up!" If you have ever wondered why you aren't on the calendars of beautiful women, why they never seem to call back, or always end up with the jerks of the world, then you have to hear what I have to say. You need to accept that it's not your fault and face the facts. Men and women are different. We act, think, and date differently. If you want to find success, you have to see things from a different perspective. You have to gain the world's first (and best) awarded female Pick Up Artists perspective! Discover the secrets that will make women want you, chase you, and call you back every time. Become the man you have always wanted to be but didn't know how.

glad it happened... My heart is heavy to share this story-it's embarrassing and I don't want you to laugh yet. Listen, if I count how many times I have been friend-zoned, you'll feel depressed on my behalf. The last one was many years ago when I was studying in Singapore. The next day, after my heartbreak, my roommate, Michael, called me and said, "Barack Obama is around. He's at Orchard to meet with Lee Kuan Yew-come, come, come." Michael didn't know what I was going through. He was at Orchard having fun, but I was at home feeling heartbroken and Obama wasn't the solution I needed at that moment-I needed a relationship expert. Luckily, I have become that person I needed and I'll guide you through the ups and downs of how women work, how to get any woman without being friend-zoned and many more things acclaimed dating gurus won't tell you. In all things, honesty and foundation are key, and that's how we'll start. Skip this stage and you'll be in trouble... You've been lied to by dating gurus. Listen, my case was worse than yours. I thought it was because I came from a not-so-rich family or because I wasn't too tall and handsome. The truth is: I was in my head. I was the one killing myself-just the same way you're mentally sabotaging yourself without knowing. I wish someone had told me all the things I discovered throughout my struggles in understanding women-it would've saved me time and energy. Imagine the shame and pains you feel emotionally, but you have no one to run to for help except Google, yet there are too many inaccurate info by "acclaimed gurus" trying to fill your brain with pickup lines. Sometimes, you feel resentful towards women because they either rejected or friend-zoned you. This makes you feel undesirable and angry. From today, things will forever change for you with the info you'll discover soon. After learning these secrets, don't revenge women-forgive them, but flaunt your newly found confidence and skills. ### **F\*CK Him! - Nice Girls Always Finish Single - a Guide for Sassy Women Who Want to Get Back in Control of Their Love Life**

Brian Nox 2016-10 The MANipulator Manual: Keep Your Man Interested and Begging for More Without Playing Games Let me start off by explaining I am in no way talking about the sexual act. F\*ck him in this case is not physical, it's mental. So many women get in trouble in their love lives, and 99.9 percent of that trouble could have been avoided if they'd said, "Well, f\*ck him!" a bit more often. Too many women are way too nice and compliant to their men, especially when these men don't deserve that kind of treatment. And yet, every woman I've ever met tries to not be needy or wear her heart on her sleeve. She simply wants to protect her feelings. Nevertheless, most women I've coached have had men seem very interested only to disappear suddenly. These women are left standing in the dark. Once the guy vanishes, they often find out it's easier to get the President of the United States on the phone than the man who seemingly really liked them..just not enough to stick around. This should stop. I, as a dating coach and author of books for women who want to get men, cannot take it anymore. You deserve better. This is not your fault. It's his! He needs to learn to be much more transparent and upfront. That said, we both know most men won't change. We can lead a horse to water, but we can't make it drink. Or can we? What if there was a way to change a guy's behavior? What if you could get into his head and take over the driver's wheel? What if you could make him do more of the things that you appreciate and need and less of the bad behaviors you dislike? At first, this might seem impossible. Nevertheless, I'm sure you've already met women who are good at manipulating their men.

Enter the high-value woman. You know her. You've seen her. She's the woman who always has great men drooling over her. It's the woman you see getting all the attention. You often wonder, "How does she do it? What do they see in her? What does she know that I don't?" You might have even complained to your girlfriends that men just don't seem to notice what a catch you are. Your girlfriends may have even said, "He doesn't know what he's missing." What if you could make him see it? When you look at these high-value women who get their way with men, it might have surprised you that their looks don't seem to matter. The high-value woman can be great looking, average looking, or even bad looking. It doesn't matter. She knows her way around men. She knows how to mentally f\*ck them. Are you ready to implement her strategies? You'll see behavior you've never seen from him. He'll start to put in an effort that makes you feel like you're a queen because to him, you are. At first, it will be strange. If you've never truly been in control of a man, it might feel like riding a horse for the first time. But soon, it will make you feel all tingly inside. I'm not kidding. There's nothing more powerful than being in a relationship with a guy and having him do exactly what you want while he thinks it was his idea. (This is important, as you'll see. He needs to think he is the one in the driver's seat, even though you actually are.) This book is not about becoming someone you're not or turning your boyfriend into a spineless manslave. It's about your empowerment, about taking back what's yours. No man should ever be able to play games with you, to take you for granted, to treat you even a tiny bit less than you deserve. By the time you've finished this book, this will all be part of your past. Are you ready? Then hit the buy button at the top of this page and start your high value woman journey right away!

**Seducing a Woman with Words** Lucas Lautier 2018-05-31 "Hi, how are you?" Do you count on seducing a girl with this kind of line? Really? May he who has never ended up in the friendzone cast the first stone at me. We've all already found ourselves in this uncomfortable situation: the one where we try to go further with a friend before being gently rejected. And yet, by applying some powerful advice that would have allowed you to position yourself otherwise in the nascent relationship, you would surely be in a relationship with this woman at this time. The secrets I am about to pass on to you have made me the man I am today: a true and complete man who is aware of the hidden power of words. The seduction techniques that you will soon learn have allowed me to sleep with more than forty women at only 22 years old. Passionate about human psychology (and female beauty), I looked into the subject very early to reach my goals. I ended up mastering the tricks of the trade to a point where everything became too easy... Seducing a woman by SMS, approaching on Facebook or flirting on Tinder is child's play for me. This is what you're going to learn in this book: - How to never again end up in the Friendzone by learning the difference between a classic conversation and flirting (many people confuse the two). We don't talk to a friend in the same way that we would talk to a potential future girlfriend. - How to effectively start a conversation with a

woman on a dating site or Facebook and make her want to get to know you, by differentiating yourself from other men. - How to never run out of subjects to talk about, by using the storytelling technique. - How to position yourself in the emerging relationship to be and continue to be the alpha-male and to control the upcoming sequence of events. - How to make a girl want you without seeming like a pervert. To handle the art of sexualisation like a God. - How to appear mysterious and make her crazy for you in a short amount of time. - How to be light-hearted, funny and endearing by using humour. The examples will be as real as can be and modelled on real conversations. All of the extracts from discussions which will be presented to you are not made up but rewritten versions of, or strongly inspired by, my past conversations: everything is authentic (except the names used for obvious confidentiality reasons).
