F*ck the Insecurities J C Ragners 2020-08-03 Have a Heart-to-Heart With Your Insecurities and Make Them get Off For Good. For as long as humans have existed, they have been preyed upon by a powerful enemy. One that targets both males and females, old and young. It doesn't care how much money you have, where you live, or how successful you are. It can sicken your mind, make your day a living hell, and hinder your career. And it affects every single person on the planet. Yes, we're talking about self-doubt. It is one of the strongest feelings in the world, one that can take down even the most powerful individuals and can cause mayhem in anyone's life. There are many causes of insecurity, and it doesn't manifest the same in everyone. Some people hide themselves behind baggy clothes because they don't feel pretty enough. Others stay at home and avoid social events, worried that they might say something "stupid" and embarrass themselves. No matter what form your insecurity takes, the result is always the same: you are missing out on life. You could be out there, making friends, finding love, getting promoted, if your self-doubt wasn't holding you back. It's a tough rival to beat. But just like any other predator, self-doubt has a natural enemy, one that conquers it every time: confidence. Yes, confidence is the king of the jungle. Once you arm yourself with it, you're ready for the battle, and insecurities have no chance against this power. But becoming a strong, confident individual is easier said than done. Or is it? In this book, you'll discover: Simple techniques to break free from those hardwired negative thoughts that are poisoning your mind How to stop comparing yourself to others and eliminate destructive pangs of jealousy Why being perfect sucks, and how you can use your imperfections to your advantage Shocking revelations on self-sabotage, and how to recognize when you're doing it (hint: prepare to be surprised) How to use powerful tools such as CBT and self-talk to fight social anxiety, and rejoin the world How you are

unconsciously projecting your insecurity to others by acting a certain way Strategies for boosting your defense mechanism and creating a shield of confidence no insecurity can penetrate And much more. A healthy dose of self-doubt has never hurt anyone. In fact, research suggests it can even help you progress and make you a better, more confident individual. But insecurities are subtle. They start slow, like you hiding your tummy on a beach, or avoiding public speaking. If left unchecked, they can grip you extremely fast and leave you vulnerable, self-conscious, and unsure in your own abilities. But if you react in time and employ confidence as your ally, self-doubt doesn't stand a chance. If you're ready to meet your insecurities on the battlefield, and emerge victorious, then scroll up and click the "Add to Cart" button right now.

What's Love Got to Do With It Dr. John Chirban 2012-06-04 Having trouble talking to your kids about sex? Their friends at school don't... Unfortunately, for many parents, the most important conversations are the hardest. Ninety-three percent of adults are dissatisfied with the sex education they received as children, which is precisely why they are so bad at teaching their kids—they have no frame of reference. Renowned Harvard Medical School psychologist and frequent Dr. Phil guest John Chirban helps parents talk to their kids . . . about sex. Kids are going to learn about sex, and it is up to parents to decide if their kids are going to learn from them or from MTV. How parents address sex—their openness, the context, and their attitudes—will impact how their children view their own sexuality and self worth. Dr. Chirban helps parents know when, how, and how much. He uses humor, compassion, and real-life examples to prepare parents for a healthy and ongoing conversation that will equip their kids to own their own sexuality and an understanding of the larger issues of relationships, love, commitment, and intimacy. In addition, parents understand how helping their children understand these veiled yet critical keys of a fulfilling life deepens their own connection with their children.

Easy Way to Recognize Your Crush Jessica King 2023-02-07 Do you find yourself wondering who has a crush on you? If so, don't worry, you're not alone. In fact, according to a recent study, almost half of all people have wondered this at some point in their lives. So, if you're looking for a way to figure out who has a crush on you, here are ten best ways to do it. 1. Look out for signs that someone might be interested in you. This might include sending you romantic messages, being overly affectionate, or pursuing you in a way that seems out of the ordinary. 2. Ask someone out. This might be the easiest way to figure out who has a crush on you, especially if the person is someone you know well. Just be sure to take things slow and be prepared for a response. 3. Watch for subtle clues. If someone repeatedly compliments you or pays attention to you in a way that seems too friendly, it might be a sign that they have a crush on you. 4. Be observant. If someone seems to be watching you or following you around, it might be a sign that they have a crush on you. 5. Check your social media profiles. If someone you know has been posting a lot of pictures or videos of you, it might be a sign that they have a crush on you. 6. Ask your friends. If they know who the person with a crush on you is, they might be able to give you a hint. 7. Pay attention to your feelings. If you're not sure whether the person with a crush on you is serious about them or not, it might be a good idea to take things slow. 8. Talk to a therapist. If you're not sure what to do or how to proceed, talking to a therapist might be a good idea. 9. Get a love reading. If you're feeling lost or unsure about what to do, getting a love reading might be a good solution. 10. Trust your gut. If you're certain that the person with a crush on you is interested in you, go ahead and let them know. After all, it might be the best thing for both of you.
