**Heart on My Sleeve** - Ellen Wittlinger  
2012-06-26

Told entirely via email, instant messages, letters, and postcards, this novel tells of two teens' long-distance relationship after they meet at a college visit during senior year of high school. "I'm not picking Cartwright just because I met Julian there. For all I know he'll change his mind and not even go! Although that would be a shame because I want him to be the father of my firstborn child. KIDDING! :-}" While on a college visit, Chloe meets Julian, another prospective freshman, and infatuated, the two high school seniors begin a long-distance relationship. Chloe is thrilled that she'll have a boyfriend at college, although she doesn't know how to break the news to Eli, her best friend whom she's sort of dating. As Chloe and Julian prepare to meet again, they must face the question of whether their relationship is based on who they really are or who they imagine each other to be.

*Hypnotize Your Wife Live a Better Life [Or Your Girlfriend for That Matter]* - The Nameless Hypnotist 2015-02-23

People have been conditioned to believe certain things about the way relationships should operate. Sometimes gender roles are blurred. In recent times this seems to be more evident, doesn't it? My beliefs, now, are that gender roles should be very specific and quite clearly defined. I believe that men are the stronger sex. I believe that men tend to be more logical thinkers. I believe girls should be subservient; that is: prepared to obey their man unquestioningly and are, by nature, the weaker sex. I also believe when a girl knows her place and a man knows his place in a relationship that the relationship functions better and both sexes are happier. When a girl is docile; that is, ready to accept control or instruction; submissive, she knows instinctively that the relationship is solid and that she will be rewarded for her submissiveness. This causes her to lose her depression, her fear, and her feelings of uncertainty and constant confusion and lack of safety. These are positive benefits that have been forgotten by girls, which, when reminded, and rekindled, prove their significance and relevance to the girl's happiness. The more your girl accepts your control and instruction the more happy both of you will be, let me assure you. This is something most men and girls get excited about when they adhere to their respective gender roles. In many ways this book will teach you a relationship system that utilizes conversational hypnosis; so that, as a man, you can define your relationship in this way, so you are happy and your wife or girlfriend is happy too. It is your responsibility to learn this information and even more your responsibility to implement it; that is, training your wife or girlfriend to be servient. Follow these instructions carefully and your wife or girlfriend will be the perfect little girl you've always hoped her to be. I promise. Grab Your Copy Now! Do not think twice; I promise it works!

*How to Get Your Ex Girlfriend Back* - C. Powell 2012-01-24

The answer to the question 'can i get my girlfriend back?' is yes... probably. You see if your girl still loves you, no matter how much you've messed up in the past, she will more than likely be receptive to you if you can prove to her that she won't be wasting her time and that she won't get hurt again. No one wants to be hurt and no one wants to set themselves up to be hurt by trusting someone who has already proven they can't be trusted. For this reason you will probably be able to win her back but you had better expect an uphill climb. The first step is to give her a little time and space. Don't rush her or expect everything to happen quickly. It takes a lot longer to rebuild trust than it took to tear it apart. More than likely by the time you've gotten to this point you've let her down more than once. Please don't think that all that past hurt and all those mistakes will go away and she'll forget about them just because you say 'I'm sorry' or you tell her that 'I've changed'. She'll probably need to see some proof that that is true. It's important for you to concentrate on yourself instead of just trying to convince her you've changed. It will take you time to truly change the person that you are and you don't want to make the mistake of thinking you can somehow 'trick' her into believing you are a different man.
