Stephanie - Derrick Rubush 2019-10-15 Stephanie!100+ reasons why I love you. Things every man should be telling their women every day. Why wait till it's all over to notice all the little things that you miss. Your man should be telling you things that he loves about you that make you unique and different from everyone else. You are one of a kind woman, you should have a man that recognizes these differences and love you for who you are. I wrote this book, not because I didn't tell my woman what I loved

about her, but because I needed to remind her why I love her. After working on a business venture and becoming too consumed in work, I wasn't able to pay enough attention to my woman, and make her feel loved the way I did before. She eventually left, and I tried to make things work out. Over the past year that we have been separated, she made the statement "maybe you don't love me for me, and you just love the idea of me". I told my woman everyday she was beautiful, because she deserved to hear it. I didn't fall in love with her because I loved the idea of having someone next to me in a relationship, I fell in love with my best friend, because of these exact reasons. I love my woman for these 100 reasons. So how do you prove to a woman you love her for who she truly is? You write a book with specific unique traits, features, and behaviors that make her special. Publish the book and give her a paperback copy as a birthday gift. I've pulled all the strings I have to make one last big shot at getting my best friend back and my woman back.

How to Fall in Love with Anyone - Mandy Len Catron 2018-02-01

In 2014, 33-year-old Mandy Len Catron went on a date with an acquaintance. They decided to try an experiment: inspired by a study designed to create romantic feelings, Mandy and Mark spent the evening asking each other 36 increasingly intimate questions, wondering if it would lead to them falling in love. In How to Fall in Love with Anyone, this experiment is Catron's starting point for investigating what it means to love someone and to be loved, and how we present our love to the world. What makes love last? Can love ever work the way it seems to in films, books and social media? Is there a "right" way to fall in love? In these candid, charming and wise essays, Catron blends memoir with cultural and social commentary on the psychology, biology, history and literature of love. How to Fall in Love with Anyone is a deeply personal, yet universal investigation into the one thing we all want—or think we want—more than anything. Includes "To Fall in Love with Anyone, Do This", one of the most popular essays to appear in the New York Times' "Modern Love" column "In our age of total romantic confusion, Mandy Len Catron is a voice of good sense, warm humor,

and consoling wisdom. Through the lens of her own relationships, she teaches us—with a deft, convincing intelligence—some of the vital moves in the art of love.” —Alain de Botton, internationally bestselling author of *How Proust Can Change Your Life* and *The Course of Love*
MANDY LEN CATRON lives in Vancouver, British Columbia. Her writing has appeared in the *New York Times* and the *Washington Post*. She writes about love and love stories at The Love Story Project, and teaches English and creative writing at the University of British Columbia.
