A Girl Walks into a Book Miranda K. Pennington 2017-05-16 How many times have you heard readers argue about which is better, *Jane Eyre* or *Wuthering Heights*? The works of Charlotte, Emily, and Anne continue to provoke passionate fandom over a century after their deaths. Brontë enthusiasts, as well as those of us who never made it further than those oft-cited classics, will devour Miranda Pennington's delightful literary memoir. Pennington, today a writer and teacher in New York, was a precocious reader. Her father gave her *Jane Eyre* at the age of 10, sparking what would become a lifelong devotion and multiple re-readings. She began to delve into the work and lives of the Brontës, finding that the sisters were at times her lifeline, her sounding board, even her closest friends. In this charming, offbeat memoir, Pennington traces the development of the Brontës as women, as sisters, and as writers, as she recounts her own struggles to fit in as a bookish, introverted, bisexual woman. In the Brontës and their characters, Pennington finally finds the heroines she needs, and she becomes obsessed with their wisdom, courage, and fearlessness. Her obsession makes for an entirely absorbing and unique read. *A Girl Walks Into a Book* is a candid and emotional love affair that braids criticism, biography and literature into a quest that helps us

understand the place of literature in our lives; how it affects and inspires us.

Why We Love Helen Fisher 2005-01-02 A groundbreaking exploration of our most complex and mysterious emotion Elation, mood swings, sleeplessness, and obsession—these are the tell-tale signs of someone in the throes of romantic passion. In this revealing new book, renowned anthropologist Helen Fisher explains why this experience—which cuts across time, geography, and gender—is a force as powerful as the need for food or sleep. *Why We Love* begins by presenting the results of a scientific study in which Fisher scanned the brains of people who had just fallen madly in love. She proves, at last, what researchers had only suspected: when you fall in love, primordial areas of the brain "light up" with increased blood flow, creating romantic passion. Fisher uses this new research to show exactly what you experience when you fall in love, why you choose one person rather than another, and how romantic love affects your sex drive and your feelings of attachment to a partner. She argues that all animals feel romantic attraction, that love at first sight comes out of nature, and that human romance evolved for crucial reasons of survival. Lastly, she offers concrete suggestions on how to control this ancient passion, and she optimistically explores the future of romantic love in our chaotic modern world. Provocative, enlightening, and persuasive, *Why We Love* offers radical new answers to the age-old question of what love is and thus provides invaluable new insights into keeping love alive.

I Love My Women, Sometimes They Love Me Cathy Arellano 2017-08 I have no great lessons or words of wisdom to share. Just some experiences. Maybe I'm just trying to heal myself, forgive myself, love myself. I was in kindergarten and so was she. Her sweet chocolate milk face and shiny pigtails held with colorful clips melted my heart. We moved and I finished kindergarten at a different school. No little girl aroused my interest, stumped me for words. But in bilingual second grade--she to learn English, me Spanish--during one of those lucky whole class play situations that I asked another girl to come to my birthday party. She came and dazzled me with her royal blue crocheted dress and hair in a bun that had me believing in princesses for the first time in my life. I didn't have the words. I just knew I was feeling something different. And I kept having these feelings for other girls, teenagers, women. I wasn't a rebel. I waited for guides. I wasn't brave and listened to spoken and unspoken warnings from mother, church, and society. Until another girl after confusing sleepovers and intimate showers. I would've made Sly, Slick, and Wicked proud for confessing my feelings for her. She said she wasn't a lesbian, and I couldn't admit I was. I never liked that word. The s next to b together sound like z. Lezzzbian. So harsh. What word would be acceptable to my younger, homophobic self? Probably nothing. I'm more comfortable with dyke though I know

fundamentalists of any religion don't care what I call myself and feel justified to hate me. The government that decriminalized us before I came out the first time is swinging back to punishing us without impunity for our desire and daring to live and sex freely. In the middle of this, I'm sharing these words.
