[Siren's Lure](#) - Renee Pace 2021-07-10

I drowned and something happened to me. One minute I thought I was dead and the next, I turned into a mermaid. None of it makes sense. My parents won't talk about the incident and my mom's got me popping anti-psychotic pills in the hope of making me forget. I can't forget. I've changed. My parents don't understand. When I died and became a mermaid, something called to me in the sea and I'm trying every day to

ignore that summons. I've got enough on my plate. High school sucks big time and since the incident if I touch someone, I can sense their thoughts so I'm wearing my goth attire which keeps everyone away. Everyone except Ash, a teenage heartthrob hallucination who became real and is now enrolled in my school, and who keeps telling me I'm a long-lost siren princess. Right! Strange things start to happen; first my parents get kidnapped, Ash tells me he's my protector and I'm not sure that's a good thing and the new Captain of the Hockey team wants to be more than just friends. My life feels out of control. I might not know who or what I am anymore, but I will do anything to free my parents and if that means forcing myself back into the cold Atlantic waters, I vow not to fail them. Between juggling learning high school math, which almost makes me want to kill someone, it's now a race against time as I learn how to control my newfound powers before an evil Sea Witch destroys my family while seizing control of all the Seas. Then again if my mother's right and this is a psychotic episode, I'm hoping I'll wake up with legs instead of a tail.

She is mated to Gemini, Second in Command to the Squaw Valley Pack of the Lake Tahoe Region, and the sole werewolf to possess the ability to split into two wolves. And although they are mates, Taran's insecurities have driven them apart. Devastated by an injury that left her with a zombie-like limb, Taran struggles to regain command over her magic. But when her arm and her power turn against her, lashing out on those she most loves, she knows she can no longer carry this burden alone. Not that she likes the alternative. The only way to regain control of her magic is to align and learn from the local coven of witches, the very ones who sought to banish her when she and her three unique sisters first moved to the mystical region. But although Taran is trying, the teachings don't come easy, and the tasks leave her weak and emotionally shattered. Yet Taran must learn and learn fast. Time is running out. The fire she once mastered so easily has become her greatest adversary and is now slowly burning her

Astrology for Real Relationships - Jessica Lanyadoo 2019-12-31

A modern, inclusive guide to astrology that uses the zodiac to illuminate your love life as well as your relationships with your family, your friends, and yourself. When it comes to friendship, family, and romance, we all want the same things: to love and be loved, to communicate, to fight fair, and to feel okay in our own skin. Illuminating and accessible, *Astrology for Real Relationships* includes a primer on basic zodiac knowledge—including the importance of your Sun, Moon, and the planets in your birth chart—before exploring how self-love and self-care affects all types of relationships. Once your mental health and spiritual and emotional wellness are balanced, you can be empowered in your relationships, including:

- Friends and chosen family: The Sun governs your identity and your will. Are you comfortable being yourself? Do your friends see you in the same ways that you see yourself?
- Hanging out and dating: The Moon governs your feelings and emotions. Are you honest with yourself about how you feel and what you really need from a partner?
- Long term relationships: Mars is the planet of conflict. Do you always seem to be attracted to the wrong people? Are women really from Venus and men from Mars? Full of real talk about attraction, dating, sex, frenemies, self-love, mental health, and how to deal with family, this book will help you build and maintain strong connections—with your crushes, your spouse, your boss, or your mom—and uncover and empower you to get what you really want in relationships, not what you think you should want.

[Friends on a Rotten Day](#) - Hazel Dixon-Cooper 2008-05-01

It's about time for Friends on a Rotten Day, the first astrology book to

focus entirely on friendships. After all, lovers come and go, but our girlfriends sustain, nurture, and protect us from cradle to grave. Friends on a Rotten Day explores the supportive, uproarious, and sometimes complex, relationships between girlfriends through an in-depth astrological analysis of each Sun sign. Dixon-Cooper shows readers what makes their friend tick on a soul level, revealing each friend's inner character, friendship style, love style (including what to do or not do if a pal picks a loser), and party style. She offers suggestions on the best gifts to buy your friend, how to calm her down, cheer her up, and return the unconditional support and love that she gives you. Readers will discover why their Gemini buddy changes her mind so often, why the Virgo gal pal sweats the small stuff, why a Scorpio girlfriend sometimes seems distant, and why the Leo chum needs frequent headpats. They'll also learn why a Pisces pal should never be forced to make a snap decision, why a Capricorn girlfriend might seem too serious for her own good, the truth about a Taurus friend's hidden anxieties, the competitive side of an Aries chum, what causes Cancer pal's emotional train wrecks, why the Aquarius buddy has a rebellious side, and why the Sagittarius girlfriend has occasional angry outbursts. "Dixon-Cooper reveals what every astrologer knows but none has dared say. (She) takes us on a seriously humorous ride through the land of truth and consequences. I highly recommend it." --Suzanne White
