*Bastard Out of Carolina* - Dorothy Allison 2012-08-02

'About as close to flawless as any reader could ask for' The New York Times Book Review 'For anyone who has ever felt the contempt of a self-righteous world, this book will resonate within you like a gospel choir. For anyone who hasn't, this book will be an education' Barbara Kingsolver *Carolina* in the 1950s, and *Bone* - christened Ruth Anna Boatwright - lives a happy life, in and out of her aunt's houses, playing with her cousins on the porch, sipping ice tea, loving her little sister Reece and her beautiful young mother. But Glen Waddell has been watching them all, wanting her mother too, and when he promises a new life for the family, her mother gratefully accepts. Soon Bone finds herself in a different, terrible world, living in fear, and an exile from everything she knows. *Bastard Out of Carolina* is a raw, poignant tale of fury, power, love and family. This edition contains an introduction by the author. Dorothy Allison was awarded the 2007 Robert Penn Warren Award for Fiction, and has been likened to Flannery O'Connor, William Faulkner and Harper Lee.

**Something in the Heir** - Jenny Gardiner 2015-04-24

He's a prince with a problem, she's a commoner with a getaway plan. Modern-day Prince Adrian of Monaforte has a most old-fashioned problem: his demanding mother wants him wed to her best friend's daughter, the hard-partying Serena. When his refusal falls on deaf ears, Adrian decides it's time for him to slip away from his gilded cage and figure out his life, all on his own. As luck would have it, event photographer Emma Davison, weary of a revolving door of lost-cause men and tired of her outsider-looking-in career, is in need of her own escape clause, just in time to help a wayward prince in need. And she soon discovers that sometimes a girl's gotta sweep a prince off his feet.

For any girl that's ever held out hope that some day her prince would come...or better yet, hoped that some day she'd come to him.

*Bitter is the New Black* - Jen Lancaster 2012-09-01

Jen Lancaster had the perfect man, the perfect job, the perfect life and there was no reason to think it wouldn't last. Or maybe there was, but Jen Lancaster was too busy being manicured, pedicured, and generally adored to notice. Fired from a Vice President sales job two weeks after September 11, she is forced to cope with the indignity of unemployment lines and the loss of her quarter million dollar salary, jewels and designer purses. Bitter? Absolutely. We follow Jen as she searches for jobs to the point of harassing headhunters and media figures. Her application letters are written with such wit and hilarity you wonder how she wasn't hired. We are at her marriage in Vegas; the adoption of two dogs; her search for a new, less expensive apartment; and weight gain. We journey with her through her initial high point of confident, well-paid employment, through the lows of drinking cask wine and the reality of possible eviction, and back to the relative high solvency and discovery of a new career. Jen slowly changes from a self-absorbed, self-involved, selfish yuppie to a frugal, more self-aware and self-assured person. Her stylish road map to ruin and back will resonate with those who wish they were rich and also those who sometimes wish that the rich could become poor. Filled with caustic wit and unusual insight, BITTER IS THE NEW BLACK is a rollicking read as speedy and unpredictable as the trajectory of a burst balloon.

[I'm Not the Biggest Bitch in This Relationship](#) - Wade Rouse 2011-09-06

An anthology of bark-out-loud original essays about dogs from some of today's most popular writers. Critically acclaimed memoirist Wade Rouse has gathered some of America's best known humorists- authors,

comedians, and actors-to offer biting commentary on what it means to share a life, and a heart, with a dog. From battling for bed space to trying to transform a pampered NYC pup into a Texas rawhide, and from helping a shelter rescue navigate through her new life to interpreting dog run dynamics (and politics), being a canine companion has challenges as tough as any agility course, but laughter is just a tail-wag away. This collection features uncanny insight and witty prose from... Jen Lancaster Rita Mae Brown Laurie Notaro Jane Green Beth Harbison W. Bruce Cameron and many others, including a Foreword by Chelsea Handler's dog, Chunk

*Crash Override* - Zoë Quinn 2017

You've heard the stories about the dark side of the internet?hackers, #gamergate, anonymous mobs attacking an unlucky victim, and revenge porn?but they remain just that: stories. Surely these things would never happen to you. Zoe Quinn used to feel the same way. She is a video game developer whose ex-boyfriend published a crazed blog post cobbled together from private information, half-truths, and outright fictions, along with a rallying cry to the online hordes to go after her. They answered in the form of a so-called movement known as #gamergate?they hacked her accounts; stole nude photos of her; harassed her family, friends, and colleagues; and threatened to rape and murder her. But instead of shrinking into silence as the online mobs wanted her to, she raised her voice and spoke out against this vicious online culture and for making the internet a safer place for everyone. In the years since #gamergate, Quinn has helped thousands of people with her advocacy and online-abuse crisis resource Crash Override Network. From locking down victims' personal accounts to working with tech companies and lawmakers to inform policy, she has firsthand knowledge about every angle of online abuse, what powerful institutions are (and aren't) doing about it, and how we can protect our digital spaces and selves. Crash Override offers an up-close look inside the controversy, threats, and social and cultural battles that started in the far corners of the internet and have since permeated our online lives. Through her story?as target and as activist?Quinn provides a human look at the ways

the internet impacts our lives and culture, along with practical advice for keeping yourself and others safe online.

*The Things They Carried* - Tim O'Brien 2015-09-24

The million-copy bestseller, which is a ground-breaking meditation on war, memory, imagination, and the redemptive power of storytelling.

**America's Boy** - Wade Rouse 2006

A journalist remembers his childhood struggles to gain acceptance from the jeans-wearing set, his envy of his admired older brother, his parent's atypical personalities, and the Fourth of July accident that ended his brother's life.

*At Least in the City Someone Would Hear Me Scream* - Wade Rouse 2010-06-01

We all dream about it, but Wade Rouse actually did it. Discover his journey to live the simple life in this hilarious memoir. Finally fed up with the frenzy of city life and a job he hates, Wade Rouse decided to make either the bravest decision of his life or the worst mistake since his botched Ogilvie home perm: to uproot his life and try, as Thoreau did some 160 years earlier, to "live a plain, simple life in radically reduced conditions." In this rollicking and hilarious memoir, Wade and his partner, Gary, leave culture, cable, and consumerism behind and strike out for rural Michigan—a place with fewer people than in their former spinning class. There, Wade discovers the simple life isn't so simple. Battling blizzards, bloodthirsty critters, and nosy neighbors equipped with night-vision goggles, Wade and his spirit, sanity, relationship, and Kenneth Cole pointy-toed boots are sorely tested with humorous and humiliating frequency. And though he never does learn where his well water actually comes from or how to survive without Kashi cereal, he does discover some things in the woods outside his knotty-pine cottage in Saugatuck, Michigan, that he always dreamed of but never imagined he'd find—happiness and a home. *At Least in the City Someone Would Hear Me Scream* is a sidesplitting and heartwarming look at taking a risk, fulfilling a dream, and finding a home—with very thick and very dark curtains.

*Hot Cripple* - Hogan Gorman 2012-03-06

From Prada to poverty-one woman's harrowing and hilarious journey Ex-model Hogan Gorman was living the typical New York working actor's life-auditions and classes by day, waitressing and fending off handsy customers by night-when a wise (or just crazy) friend convinced her to ask the universe for a change. And she got one-coming at her at forty miles per hour. Hit by a car and suffering debilitating injuries, and with no health insurance, the fashionista attempts to bounce back into her (thrift store-purchased) Jimmy Choos even as she deals with short-term memory loss, stalker ambulance drivers, trying to stay vegan on food stamps, crazy judges, hot doctors, and unsympathetic government workers. Inspired by her acclaimed one-woman show, this is a bitingly funny and keenly observed account of the cracks in our medical and social welfare system and how one woman's resilience combined with a generous dollop of humor helped her fight her way to recovery.

**Heir Today, Gone Tomorrow** - Jenny Gardiner 2015-04-30

It's all fun and royal games until somebody's heart gets hurt In his line of work, royal heir Darcy Squires-Thornton has always been content playing second fiddle to close friend Prince Adrian, and happy, too, with whatever brief romantic encounters come his way. Especially one with carefree Caroline McKenzie, whose best friend is engaged to the prince. Fun-loving Caroline McKenzie's motto has always been "love the one you're with". But when the one she's no longer with is the one with whom she's fallen in love, what's a girl an ocean away to do?

**Hounded** - Matt Ziselman 2013-05-14

Living with three strong-willed, highly individual Dachshunds can be equal parts entertaining, frustrating and rewarding. Just ask Matt Ziselman. Armed with a fresh, creative voice that is unabashedly cranky one moment and profoundly poignant the next, Ziselman mixes hilarious canine stories, with heartfelt reminiscences from his own life, the results of which is a memoir of illuminating life lessons, courtesy of the three thoroughly Teutonic Dachshunds that he shares his life (and couch) with: Baxter, Maya and Molly. Seemingly mundane moments, like Baxter's incessant, neuroses inducing staring, Maya's inexplicable refusal to walk through the front door and Molly's obsessive compulsive love for a torn

and tattered blanket become, through Ziselman's insightful eyes, a treasure trove of observations that any dog-lover will appreciate. In a market where Americans spend more than \$40 billion a year on their pets, this work of razor-sharp wit and quiet tenderness will reach out and grab readers everywhere by the heartstrings and-quite possibly-their leashes. **HOUNDED** wraps universal insights in hot-dog-shaped packages, providing true dog lovers with many knowing nods, honest belly laughs and an accurate, warts-and-all reflection of the fascination, wonder and love that they have for their dogs. And that Matt Ziselman obviously has for his.

*The Disappearing Spoon* - Sam Kean 2011

The infectious tales and astounding details in 'The Disappearing Spoon' follow carbon, neon, silicon and gold as they play out their parts in human history, finance, mythology, war, the arts, poison and the lives of the (frequently) mad scientists who discovered them.

**Fierce Attachments** - Vivian Gornick 2005-09-14

In this deeply etched and haunting memoir, Vivian Gornick tells the story of her lifelong battle with her mother for independence. There have been numerous books about mother and daughter, but none has dealt with this closest of filial relations as directly or as ruthlessly. Gornick's groundbreaking book confronts what Edna O'Brien has called "the principal crux of female despair": the unacknowledged Oedipal nature of the mother-daughter bond. Born and raised in the Bronx, the daughter of "urban peasants," Gornick grows up in a household dominated by her intelligent but uneducated mother's romantic depression over the early death of her husband. Next door lives Nettie, an attractive widow whose calculating sensuality appeals greatly to Vivian. These women with their opposing models of femininity continue, well into adulthood, to affect Gornick's struggle to find herself in love and in work. As Gornick walks with her aged mother through the streets of New York, arguing and remembering the past, each wins the reader's admiration: the caustic and clear-thinking daughter, for her courage and tenacity in really talking to her mother about the most basic issues of their lives, and the still powerful and intuitively-wise old woman, who again and again

proves herself her daughter's mother. Unsparring, deeply courageous, *Fierce Attachments* is one of the most remarkable documents of family feeling that has been written, a classic that helped start the memoir boom and remains one of the most moving examples of the genre.

**The Tunnel** - William H. Gass 1999

"Gass has produced a book that burrows inside us then wails like a beast, a book that mainlines a century's terror direct to the brain."--Voice Literary Supplement

What the Dog Did - Emily Yoffe 2008-12-13

Dave Barry meets *The Secret Lives of Dogs* in Emily Yoffe's funny and insightful look at all things canine. Filled with adventures of heroic dogs, lovable and lazy dogs, malodorous dogs, phlegmatic and incontinent dogs, *What the Dog Did* delivers some of the most outlandish and certainly the funniest dog stories on record.

*Bad to the Throne* - Jenny Gardiner 2015-06-29

Sometimes you can let your heir down a little too much... When wild-child Prince Alexander goes on a naked bender in a Vegas swimming pool, cocktail waitress Andi McDonough decides to preserve a shot of those family jewels on her phone. But when she's fired for capturing the royal treasures, she heads off to find herself. After backpacking the world-over on a dime and a prayer, she finds herself in Rome, where a chance encounter with the wayward prince only reinforces to her that Prince Zander is indeed bad to the throne. And more than likely to her fragile heart as well.

**Tramping on Life** - Harry Kemp 2022-09-04

**It's All Relative** - Wade Rouse 2011-02-01

How come the only thing my family tree ever grows is nuts? Wade Rouse

attempts to answer that question in his blisteringly funny new memoir by looking at the yearly celebrations that unite us all and bring out the very best and worst in our nearest and dearest. Family is truly the only gift that keeps on giving—namely, the gifts of dysfunction and eccentricity—and Wade Rouse's family has been especially charitable: His chatty yet loving mother dresses her son as a Ubangi tribesman, in blackface, for Halloween in the rural Ozarks; his unconventional engineer of a father buries his children's Easter eggs; his marvelously Martha Stewart-esque partner believes Barbie is his baby; his garage-sale obsessed set of in-laws are convinced they can earn more than Warren Buffett by selling their broken lamps and Nehru jackets; his mutt Marge speaks her own language; and his oddball collection of relatives includes a tipsy Santa Claus with an affinity for showing off his jingle balls. In the end, though, the Rouse House gifted Wade with love, laughter, understanding, superb comic timing, and a humbling appreciation for humiliation. Whether Wade dates a mime on his birthday to overcome his phobia of clowns or outruns a chubchasing boss on Secretary's Day, he captures our holidays with his trademark self-deprecating humor and acerbic wit. He paints a funny, sad, poignant, and outlandish portrait of an an all-too-typical family that will have you appreciating—or bemoaning—your own and shrieking in laughter. Praise for *It's All Relative* "[Filled with] sparkling humor . . . Listen to Wade Rouse—which you most assuredly should, especially if you value laughter and wisdom."—Chicago Tribune "[Wade Rouse's] stories are not only laugh-inducing, but also truly revealing of what it means to be a family through all stages of life, and show that no matter how kooky his family might be, love is what brings them together and defines them."—St. Louis Magazine "Filled with uproarious one-liners and enough soul to truly satisfy, readers are going to clamor for a seat at Rouse's holiday table! I can't tell you how much I loved this book."—Jen Lancaster, New York Times bestselling author of *My Fair Lazy*

*A Wolf at the Table* - Augusten Burroughs 2009-03-05

From the author: 'My father doesn't feature much in *Running with Scissors*. And one of the reasons for this is because he didn't feature

much in my life. But there's another reason, too: Our relationship was so complicated, so dark, so confusing and so big, that to tell the story would require a book. So finally, upon the death of my father in 2005, I decided to tell the story I have been most afraid yet most compelled to tell.' This prequel to international hit *Running With Scissors* tells the story of Augusten's relationship with his tormented father: a man who sent his wife mad and saw his other son run away from home, prior to Augusten going into foster care. Harrowing, insightful and amusing by turns.
