**Finding the Love of Your Life** - Neil Clark Warren 1992

In 25 years of counseling couples, Dr. Neil Clark Warren discovered that marriages most often fail because people simply choose the wrong person to marry. In this Gold Medallion award-winner, an 11-month Christian Booksellers Association bestseller, Dr. Clark shares ten proven principles for finding the perfect mate. *Raised on the Registry* - Nicole Pittman 2013 This report details the harm public registration laws cause for youth sex offenders. The laws, which can apply for decades or even a lifetime and are layered on top of time in prison or

juvenile detention, require placing offenders' personal information on online registries, often making them targets for harassment, humiliation, and even violence. The laws also severely restrict where, and with whom, youth sex offenders may live, work, attend school, or even spend time.

### **Confronting Gun Violence in America -**

Thomas Gabor 2016-09-12

This book critically examines the link between guns and violence. It weighs the value of guns for self-protection against the adverse effects of gun ownership and carrying. It also analyses the role of public opinion, the Second Amendment to the US Constitution, and the firearms industry and lobby in impeding efforts to prevent gun violence. *Confronting Gun Violence in America* explores solutions to the gun violence problem in America, a country where 90 people die from gunshot wounds every day. The wide-range of solutions assessed include: a national gun licensing system; universal background checks; a ban on military-style weapons; better regulatory oversight of the gun industry; the use of technologies, such as the personalization of weapons; child access prevention; repealing laws that encourage violence; changing violent norms; preventing retaliatory violence; and strategies to rebuild American communities.

This accessible and incisive book will be of great interest to students and researchers in criminology and sociology, as well as practitioners and policy-makers with an interest in gun ownership and violence.

**An American Travesty** - Franklin E. Zimring  
2009-03-02

*An American Travesty* is the first scholarly book in half a century to analyze the justice system's response to sexual misconduct by children and adolescents in the United States. Writing with a refreshing dose of common sense, Franklin E. Zimring discusses our society's failure to consider the developmental status of adolescent sex offenders. Too often, he argues, the American legal system ignores age and developmental status when adjudicating young sexual offenders, in many cases responding as they would to an adult. "An opinionated, articulate, and forceful critique of current politics and practices. . . . I would recommend this book for anyone interested in rethinking the fundamental questions of how our courts and systems should respond to these cases."—Law and Politics Book Review "One of the most important new books in the field of juvenile justice. . . . Zimring offers a thoughtful, research-based analysis of what went wrong with legal policy development."—Barry Krisberg, President, National Council on Crime and Delinquency
