*Staying afloat in the milk business: Borrowing and selling on credit among informal milk vendors in Nairobi* - Myers, Emily 2021-08-25  
Studies on credit schemes for small-scale entrepreneurs have documented their potential to alleviate poverty and improve food security, nutrition, and health outcomes in low- and middle-income countries. Other studies find mixed impacts of credit schemes on reducing income inequality, empowering women, and enhancing children's education. Moreover, growing evidence finds that entrepreneurs offer credit to customers; little is known about what this practice means for entrepreneurs, and even less about gendered differences in this practice. Herein, we consider the case of formal retailers in agricultural value chains and examine how male and female informal milk vendors from peri-urban Nairobi borrow and sell on credit, and how these experiences affect their businesses where there are few formal safeguards to ensure repayment. In 2017, we conducted 49 individual interviews, four key informant interviews, and six focus groups with men and women who were current or former milk vendors. A thematic analysis revealed that vendors sell on credit to appeal to customers, which may be advantageous when vendors need to rid themselves of milk before it spoils, regardless of gender. With few strategies to recoup costs from customers who fail to repay, however, failure to collect debt may cause default for vendors who acquired milk via informal borrowing. The consequences are likely more severe for women vendors, who generally have less capital to fall back on relative to men. Development organizations should identify gender-sensitive financial services that can help entrepreneurs maintain viable businesses despite the volatility of borrowing and selling on credit.

**Visionaire 3** - 1991

"Jean-Paul Goude showed us his sexy drawings-naughty "doodles" stashed away in his carnets intimes. Also around that time, Mats Gustafson showed us a couple of the first male nudes he had ever done. And so the idea for our next issue was born. To us, the brown corrugated box sleeve held shut by a black elastic band represented a certain rawness and reminded us of those raunchy magazines that arrive in the mail in a plain brown-paper envelope. Mats also provided the "illustrated" writing for the cover. (We did not realize that he had also drawn the logos for Interview and Mirabella.) Inside, the credits were written out on a rickety old typewriter. They say sex sells, and EROTICA flew out of the stores (after Issue 1, it is the hardest issue to come by). In printing Steven Meisel's anatomical close-up we came to an important realization. Namely, that Visionaire was here to print things that no other publication would. We were worried that some of the material might shock our printers until we found out that they had dealt in hard-core pornography. Compared to what they were used to seeing, our stuff was nothing. Internet Comedy Television Series, 1997-2015 - Vincent Terrace 2016-02-25

Created around the world and available only on the web, Internet "television" series are independently produced, mostly low budget shows

that often feature talented but unknown performers. Typically financed through crowd-funding, they are filmed with borrowed equipment and volunteer casts and crews, and viewers find them through word of mouth or by chance. The fourth in a series covering Internet TV, this book takes a comprehensive look at 1,121 comedy series produced exclusively for online audiences. Alphabetical entries provide websites, dates, casts, credits, episode lists and storylines.

Degrees of Deception - Kimberly Thacker Webb 2014-01-02

Jackie Jones is a wealthy but naïve college student from Texas who knows there are two things her mother expects her to obtain at Karrington University: a degree and a husband. Influenced by her row house roommate and caught up in the racy Washington, D.C. lifestyle, Jackie spends nearly all her allowance in one afternoon on a frivolous shopping spree. Fearful to ask her parents for more money, Jackie decides to follow through on an offer for what she thinks is a quick, one-time sales job to recoup the funds. She has no idea that her choice is about to land her in the hands of Nita Lockheart, the ruthless head of a coke party empire. Trapped in a battle between her conscience and her desperate need for cash, Jackie finally gives in to temptation and begins hosting secret cocaine parties in her home. With her life quickly unraveling, she must do everything she can to retain her scholarship, end a dangerous and intoxicating love triangle, and reclaim her life. After more than two years of being beaten, traumatized, and manipulated, Jackie finally finds the courage to confront Nita. In this suspenseful tale, a college student must face the consequences of a bad choice that will leave her wondering if there is any way to find the redemption she so badly needs.

*Cultures of Selling* - John Benson 2006

This volume explores the cultural and social values attached to retail selling in various historical contexts and locations. The articles shed light on different aspects of an activity that is both 'mundane' and almost universal: that of selling commodities for a profit. This is a field of study that is of growing interest to scholars from a variety of disciplines, but on which relatively little has yet been published.

**Finance for Youth** - W. Stanton 2010-04-29

After almost 20 years of working with young people and finance both in banking and as a teacher, I found that teenagers aren't getting useful financial education. This book is the first step on the path of teaching teens and young adults the skills that they will need throughout their lives. Not a get-rich-quick book, this isn't even about getting rich. Instead, Finance For Youth: This Book covers basic, time-tested strategies like: - Getting and keeping a job-Choices in financial institutions-Making a budget based on priorities-Getting a car-Living on your own for the first time, and much more! Since our schools either cannot or will not teach financial literacy, Finance For Youth has stepped in to give parents, teens, young adults, and those who might need a little nudge in the right direction an alternative based on experience and authority in the subject.

Foreword INDIES Book of the Year Award Gold Winner for Mystery  
When the murder of a "nobody" triggers an avalanche Every human life is supposed to be important. Everyone should matter. But that's not the case in the cutthroat TV news-rating world where Clare Carlson works. Sex, money, and power sell. Only murder victims of the right social strata are considered worth covering. Not the murder of a "nobody." So, when the battered body of a homeless woman named Dora Gayle is found on the streets of New York City, her murder barely gets a mention in the media. But Clare—a TV news director who still has a reporter's instincts—decides to dig deeper into the seemingly meaningless death. She uncovers mysterious links between Gayle and a number of wealthy and influential figures. There is a prominent female defense attorney; a scandal-ridden ex-congressman; a decorated NYPD detective; and—most shocking of all—a wealthy media mogul who owns the TV station where Clare works. Soon there are more murders, more victims, more questions. As the bodies pile up, Clare realizes that her job, her career, and maybe even her life are at stake as she chases after her biggest story

ever. Perfect for fans of Harlan Coben and Robert Crais While all of the novels in the Clare Carlson Mystery Series stand on their own and can be read in any order, the publication sequence is: Yesterday's News Below the Fold The Last Scoop Beyond the Headlines It's News to Me (coming in 2022)

**Sex Sells!** - Rodger Streitmatter 2004-09-22

In 1953 when Lucille Ball became pregnant, the censors required the characters on "I Love Lucy" to say only that the wacky redhead was "in the family way"-they feared the word "pregnant" might conjure up, in the minds of viewers, images of a man and woman having sexual intercourse. Now, some fifty years later, from giant billboards featuring nearly nude models in Times Square to Bill Clinton's creative definition of sex to Madonna and Britney's prime-time kiss, sex pervades virtually every aspect of public life, including the films and television programs we watch, the music we listen to, and the racy ads that bombard us. What happened?Through lively prose and engaging examples, *Sex Sells!* illuminates this arc from repression to obsession vis-à-vis changing sexual mores during the last five decades. Not only does the author examine how a broad range of media genres have reflected this libidinous journey, but he also shows how the media have played a leading role in propelling the Sexual Revolution. Whether it was the decision by Cosmo editor Helen Gurley Brown to run a photo of a nude Burt Reynolds in 1972 or the recent success of Showtime's sexually explicit "Queer as Folk," the media have led the charge in bringing sex into the mainstream. Along the way, what the author terms "sexual literacy" has become vital, especially for young media consumers. For Rodger Streitmatter, unlike many critics, believes that much of the media's sexual content is beneficial, as it gives parents and educators a jumping-off point from which to discuss such matters as AIDS, sexual identity, and sexual mores. In this age of continuing sexual liberation, such a viewpoint seems especially important and timely.

[Successful Management in the Digital Age](#) - John Harte 2017-07-05  
 Successful Management in the Digital Age examines key factors for

success in today's business environment?finding markets, being vigilant for new trends and changes, exploiting opportunities, and overcoming obstacles. While acknowledging the benefits of technological advances in some areas, John Harte shows how artificial intelligence is limited and often imperfect. Becoming thoughtlessly dependent on it may replace the far more rewarding benefits of human ingenuity, creativity and innovation.For Harte, organizational complacency is one of the prime causes of business inertia. It often results from past successes that create an illusion of wisdom and invulnerability which blinds leaders to warning signs. De-industrialization is just one example of a movement that led to the present market stagnation.Harte reminds executives and entrepreneurs of the basic formula for success in any business?producing a product or service that people want, and providing it at the right time for the right price, in order to make a suitable profit. He warns us to resist temptations of the digital era, such as automation that results in over-production and market saturation, outsourcing that risks losing customers, and losing control of brands and markets by needless offshoring.
