

Sexual Politics La Politique Du Male

La politique du mâle - Kate Millett 1971

Réédition d'un ouvrage paru chez le même éditeur en 1971. C'est une analyse critique d'une certaine envergure, souvent virulente et parfois contestée, de la prétendue supériorité du mâle. Trois parties bien distinctes: 1. La politique sexuelle. L'auteur dégage l'aspect politique souvent négligé de la sexualité. C'est le sujet de la thèse soutenue par l'auteur, à partir des concepts de puissance et de domination utilisés dans les relations entre les sexes - 2. L'arrière-plan historique. Fait ressortir les transformations de la relation entre les sexes: la révolution sexuelle entre 1830 et 1930; le climat de réaction entre 1930 et 1960 - 3. Le reflet littéraire. Etude basée sur la critique littéraire. L'auteur y montre comment quatre écrivains, Lawrence, Miller, Mailer et Genet, ont contribué à perpétuer l'idée de domination masculine. Importante bibliographie.

A History of Women Cartoonists - Mira Falardeau 2020-08-01

In this volume, Mira Falardeau looks at the work of great women artists and their experiences in the industry to reveal advice and positive encouragement for future cartoonists. Heavily illustrated with cartoons and artwork from many of the best in the field, the book also asks serious questions about why there have been so few women cartoonists in the field of visual humor and if the digital age is opening more opportunities for female humorists. Falardeau is uniquely positioned to ask these questions. She has spent decades as an art historian, a specialist in visual humor, and the author of several books and essays on cartoonists

and their history. She was also a former cartoonist herself—among the first generation of women in her field during the 1970s and 1980s. A History of Women Cartoonists is the first book to offer a truly global survey and analysis of the great women cartoonists of the last three decades—and a welcome addition to the history of comics and cartoons.

From Tarzan to Homer Simpson - Sócrates Nolasco 2017-06-09

Men have lower life expectancy than women; they account for 90% of the incarcerated population; they die more often in traffic accidents, from alcohol and drug consumption, and they commit more suicides than women. Since that information has been accessible for a long time, why is it not taken into account when campaigns are created and actions are defined? Violence is not an 'entity': it is male. Confronted with that reality, the author sought to formulate the question orientating towards the following working hypothesis: this 'common knowledge' should be forgotten, given that the involvement of men in situations of violence plays an important role in the preservation of political ideation in contemporary societies. During this study it became clear that men are exposed to a more complex type of death than mere physical death, but just as important, which is relative to their social representation. This insight led to understanding other aspects that could be associated with men's intense involvement in situations of violence. Could it be that in contemporary culture a purpose is served by keeping men involved with situations of violence? If so, what might that be?

Sex, France, and Arab Men, 1962-1979 - Todd Shepard 2021-07-12

The aftermath of Algeria's revolutionary war for independence coincided with the sexual revolution in France, and in this book Todd Shepard argues that these two movements are inextricably linked. Sex, France, and Arab Men is a history of how and why—from the upheavals of French

Algeria in 1962 through the 1970s—highly sexualized claims about Arabs were omnipresent in important public French discussions, both those that dealt with sex and those that spoke of Arabs. Shepard explores how the so-called sexual revolution took shape in a France profoundly influenced by the ongoing effects of the Algerian revolution. Shepard's analysis of both events alongside one another provides a frame that renders visible the ways that the fight for sexual liberation, usually explained as an American and European invention, developed out of the worldwide anticolonial movement of the mid-twentieth century.

Política sexual - Kate Millett 2017-10-12

El gran interés de este ensayo de Kate Millett radica en la coexistencia en su análisis de dos críticas, la literaria y la cultural, que permiten captar los nítidos reflejos que la literatura ofrece de esa vida que describe, interpreta e incluso deforma. "Política sexual" se divide en tres grandes partes. La primera gira en torno a la afirmación de Millett de que el sexo reviste un cariz político que suele pasar inadvertido la mayoría de las veces. La segunda parte es eminentemente histórica y su objetivo es aclarar la transformación de las relaciones sexuales tradicionales, experimentada a finales del siglo XIX y principios del XX. En la tercera parte Kate Millett se centra en las consideraciones literarias estudiando la obra de autores tan representativos de esa época como D. H. Lawrence, Henry Miller, Norman Mailer y, como contraste

frente a éstos, Jean Genet.

socialisme - Kristen Ghodsee 2020-10-15T00:00:00-04:00

Le capitalisme nuit gravement. Surtout aux femmes. Il les confine à la dépendance envers les hommes et les contraint de soumettre leurs relations intimes à des considérations économiques. Voilà ce que Kristen Ghodsee a conclu des vingt années qu'elle a passées à observer les répercussions de la transition du socialisme d'État au capitalisme sur le quotidien des habitantes des pays de l'ancien bloc de l'Est. Sans pour autant réhabiliter les dictatures du communisme réel, elle démontre qu'il y avait beaucoup à sauver des ruines du Mur, et que, contre le mortifère triomphalisme néolibéral d'aujourd'hui, il est encore temps de raviver l'idéal du socialisme. D'une plume libre et généreuse qui va de l'anecdote personnelle à l'analyse de statistiques, en passant par les notes de terrain, l'anthropologue s'adresse d'abord aux jeunes femmes, puis à quiconque souhaite contrecarrer les effets délétères du libre marché. Sous l'égide des grandes figures féministes du socialisme, Alexandra Kollontaï, Rosa Luxemburg, Clara Zetkin, elle aborde tous les aspects de la vie des femmes - le travail, la famille, le sexe et la citoyenneté - et propose des pistes pour qu'elles aient une vie (sexuelle) plus épanouie.

Only Paradoxes to Offer - Joan Wallach Scott 2009-06-30

Joan Wallach Scott's interpretation of the dilemma of feminism underlines the paradox that arises as theorists introduced the very idea of difference they had sought to eliminate by arguing from the standpoint

that difference was irrelevant.

Gender-Responsive Governance in Sierra Leone - John Idriss Lahai
2023-07-28

This book investigates gender equality and women's empowerment in Sierra Leone, focusing especially on women's interactions with the state and its development partners. In particular, it highlights women's increasing agency in acquiring knowledge, diffusing power, engaging in grassroots politics, and compelling the government to adopt more gender-responsive policies. Exploiting extensive fieldwork and original multidisciplinary research methods (including econometric and statistical models), the book first sets out the history and impact of inequality in Sierra Leone, and then goes on to shed light on the constructive and collaborative engagement of women and the state on a variety of local and external strategies for promoting gender equality. Drawing throughout on insights from across gender studies, sociology, anthropology, economics, and political science, the book highlights how women are succeeding in transforming marginality into agency in order to build a platform for influencing change. By qualifying and quantifying the challenges of gender inequality in Sierra Leone, and the progress that is being made, this book provides important insights that will be relevant to other fragile, post-conflict states within Africa. The book will be of interest to students and researchers studying women and gender studies, African studies, economics, international development, sociology, and political science and international relations. It will also deepen policymakers' and practitioners' understanding of women's diverse trajectories and experiences, and how the typology of government affects the patterns of inequality and equality.

Sexual Politics - Kate Millett 2016-02-16

A sensation upon its publication in 1970, *Sexual Politics* documents the subjugation of women in great literature and art. Kate Millett's analysis targets four revered authors—D. H. Lawrence, Henry Miller, Norman Mailer, and Jean Genet—and builds a damning profile of literature's patriarchal myths and their extension into psychology, philosophy, and politics. Her eloquence and popular examples taught a generation to recognize inequities masquerading as nature and proved the value of feminist critique in all facets of life. This new edition features the scholar Catharine A. MacKinnon and the *New Yorker* correspondent Rebecca Mead on the importance of Millett's work to challenging the complacency that sidelines feminism.

Femmes libres, hommes libres. Sexe, genre, féminisme - Camille Paglia 2019-07-02T00:00:00-04:00

Présentation et traduction de GABRIEL LAVERDIÈRE « Les principes directeurs du présent livre sont la libre pensée et la libre expression, ouvertes, mobiles et affranchies des idéologies conservatrices ou progressistes. » La guerre des sexes n'est pas morte : sous la pression de mouvements dénonciateurs ou en raison de clivages politiques grandissants, hommes et femmes semblent poussés à l'affrontement. Aussi nombreuses que soient les voix s'élevant pour arbitrer la rixe, celle de Camille Paglia connaît peu d'égaux. Ce recueil convie à un riche programme : l'histoire du féminisme, les rapports entre l'inné et l'acquis, l'avortement, la chirurgie plastique, les femmes en politique, le sadomasochisme ou encore l'esthétique (qu'il s'agisse de la représentation évolutive des corps féminins dans l'histoire de l'art ou de l'étude de figures inspirantes, du buste de Néfertiti à la belle du Sud, en passant par Madonna et Germaine Greer). Pareille diversité atteste un apport précieux et original aux débats féministes et culturels contemporains.
