Weighing her answer carefully, she pointed toward the top of the ridge and said, "From there." "From the other side of the mountain?" he asked. "No. From the other side of the morning."

Green comes a devastating tale of psychological suspense: A teen pageant queen is found murdered in a small New England town and her sister's search for answers unearths more than she bargained for. Days after a young pageant queen named Jenny is found murdered, her small town grieves the loss alongside her picture-perfect parents. At first glance, Jenny's tragic death appears clear-cut for investigators. The most obvious suspect is one of her fans, an older man who may have gotten too close for comfort. But

Jenny's half-sister, Virginia—the sarcastic black sheep of the family—isn't so sure of his guilt and takes matters into her own hands to find the killer. But for Jenny's case and Virginia's investigation, there's more to the story. Virginia, still living in town and haunted by her own troubled teenage years, suspects that a similar darkness lies beneath the sparkling veneer of Jenny's life. Alternating between Jenny's final days and Virginia's determined search for the truth, the sisters' dual narratives follow a harrowing trail of suspects, with surprising turns that race toward a shocking finale. **The Girl in the Green Dress** Dr Haynes 2022-08-31 'I didn't know that you're only supposed to have one personality. I didn't realise that having lots of voices in your head was abnormal. But you are protecting yourself. You are protecting your soul, and that's what I did.' An intelligent, poised woman, Jeni Haynes sat in court and listened as the man who had abused her from birth, a man who should have been her protector, a man who tortured and terrified her, was jailed for a non-parole period of 33 years. The man was her father. The abuse that began when Jeni was only a baby is unimaginable to most. It was physically, psychologically and emotionally sadistic and never-ending. The fact she survived may be called a miracle by some - but the reality is, it is testament to the extraordinary strength of Jeni's mind. What saved her was the process of dissociation - Multiple Personality Disorder (MPD) or Dissociative Identity Disorder (DID) - a defence mechanism that saw Jeni create over 2500 separate personalities, or alters, who protected her as best they could from the trauma. This army of alters included four-year-old Symphony, teenage motorcycle-loving Muscles, elegant Linda, forthright Judas and eight-year-old Ricky. With her army, the support of her psychiatrist Dr George Blair-West, and a police officer's belief in her, Jeni fought to create a life for herself and bring her father to justice. In a history-making ruling, Jeni's alters were empowered to give evidence in court. In speaking out, Jeni's courage would see many understand MPD for the first time. THE GIRL IN THE GREEN DRESS is an unforgettable memoir from a woman who refused to be silenced. Jeni Haynes is an inspiration and her bravery and determination to live is a powerful reminder of the resilience of the human spirit. This is a unique and profoundly important book as it is not only a story of survival, it also includes incredible insight from Dr George Blair-West, Jeni's psychiatrist and an expert in DID.

Girl in a Green Gown Carola Hicks 2011 "The Arnolfini portrait, painted by Jan van Eyck in 1434, is one of the world's most famous paintings. It intrigues all who see it. Scholars and the public alike have puzzled over the meaning of this haunting gem of medieval art, a subtle and beautiful double portrait of a wealthy Bruges merchant and his wife. The enigmatic couple seem to be conveying a message to us across the centuries, but what? Is the painting the celebration of marriage or pregnancy, a memorial to a wife who died in childbirth, a fashion statement or a status symbol? Using her acclaimed forensic skills as an art historian, Carola Hicks set out to decode the mystery, uncovering a few surprises along the way. She also tells the fascinating story of the painting's survival through fires, battles, hazardous sea journeys, and its role as a mirror reflecting the culture and history of the time - from jewel of the Hapsburg empire to Napoleonic war trophy. Uniquely, for a masterpiece this old, it can be tracked through every single owner, from the mysterious Mr Arnolfini via various monarchs to a hard-up Waterloo war hero, until it finally came to rest in 1842 as an early star of the National Gallery. These owners, too, have cameo parts in this enthralling story of how an artwork of genius can speak afresh to each new generation"--Publisher's website.

*Green Girl* Kate Zambreno 2014-06-24 With the fierce emotional and intellectual power of such classics as Jean Rhys's *Good Morning, Midnight*, Sylvia Plath's *The Bell Jar*, and Clarice Lispector's *The Hour of the Star*, Kate Zambreno's novel *Green Girl* is a provocative, sharply etched portrait of a young woman navigating the spectrum between anomie and epiphany. First published in 2011 in a small press edition, *Green Girl* was named one of the best books of the year by critics including Dennis Cooper and Roxane Gay. In *Bookforum*, James Greer called it "ambitious in a way few works of fiction are." This summer it is being republished in an all-new Harper Perennial trade paperback, significantly revised by the author, and including an extensive P.S. section including never before published outtakes, an interview with the author, and a new essay by Zambreno. Zambreno's heroine, Ruth, is a young American in London, kin to Jean Seberg gamines and contemporary celebutantes, by day spritzing perfume at the department store she calls *Horrids*, by night trying desperately to navigate a world colored by the unwanted gaze of others and the uncertainty of her own self-regard. Ruth, the green girl, joins the canon of young people existing in that important, frightening, and exhilarating period of drift and anxiety between youth and adulthood, and her story is told through the eyes of one of the most surprising and unforgettable narrators in recent fiction—a voice at once distanced and maternal, indulgent yet blackly funny. And the result is a piercing yet humane meditation on alienation, consumerism, the city, self-awareness, and desire, by a novelist who has been compared with Jean Rhys, Virginia Woolf, and Elfriede Jelinek.

*The Only Girl* Robin Green 2018-08-21 A raucous and vividly dishy memoir by the only woman on the masthead of Rolling Stone Magazine in the Sixties. A female Almost Famous. In 1971, Robin Green had an interview with Jann Wenner at the offices Rolling Stone Magazine. She had just moved to Berkley, California, a city that promised "Good Vibes All-a Time." Those days, job applications asked just one question, "What are your sun, moon and rising signs?" Green thought she was interviewing for clerical job like the other girls in the office, a "real job." Instead, Green was hired as a journalist. A brutally honest, intimate memoir of the first girl on the masthead of Rolling Stone magazine, *The Only Girl* chronicles the beginnings of Robin Green's career. In this voice-driven humorous careening adventure, Green spills stories of stalking the Grateful Dead with Annie Liebowitz, sparring with Dennis Hopper on a film set in the desert, scandalizing fans of David Cassidy and spending a legendary evening on a water bed in the dorm room of Robert F. Kennedy Jr. In the seventies, Green was there as Hunter S. Thompson crafted *Fear and Loathing in Las Vegas*. Now, she presents that tumultuous time in America, written with a distinctly gonzo female voice.

*The Explorer* Katherine Rundell 2017-09-12 From the Boston Globe-Horn Book Award-winning author of *Cartwheeling in Thunderstorms* comes an exciting new novel about a group of kids who must survive in the Amazon after their plane crashes. 5 1/2 x 8 5/16.
