*A Whosoever Church - Gary David Comstock  
2001-01-01*

This book features interviews with twenty black scholars and religious leaders who speak out--from various theological perspectives--against institutional prejudice toward gay and lesbian people. The interviews are conducted in a conversational format in language that will be accessible and interesting to lay readers.

*Reader's Guide to Lesbian and Gay Studies - Timothy Murphy 2013-10-18*

The Reader's Guide to Lesbian and Gay Studies surveys the field in some 470 entries on individuals (Adrienne Rich); arts and cultural studies (Dance); ethics, religion, and philosophical issues (Monastic Traditions); historical figures, periods, and ideas (Germany between the World Wars); language, literature, and communication (British Drama); law and politics (Child Custody); medicine and biological sciences (Health and Illness); and psychology,

social sciences, and education (Kinsey Report).

*The Ashgate Research Companion to Lesbian and Gay Activism - David Paternotte 2016-03-03*

The Ashgate Research Companion to Lesbian and Gay Activism provides scholars and students with a comprehensive and authoritative state-of-the-art review of the current research in this subject. Each of the 22 specially commissioned chapters develops and summarises their key issue or debate in relation to activism--that is the claims, strategies and mobilisations (including internal debates and divisions, impediments and state responses) of the lesbian and gay movement. By drawing together leading scholars from political science, sociology, anthropology and history this companion provides an up to the minute snapshot of current scholarship as well as signposting several fruitful avenues for future research. This book is both an invaluable resource for scholars and an indispensable teaching tool for use in the classroom.

~~The Drag Queen Anthology - Lisa Underwood~~  
2013-01-11

Examine the cultural and political implications of male-to-female gender performance! The Drag Queen Anthology: The Absolutely Fabulous but Flawlessly Customary World of Female Impersonators examines the phenomena of male-to-female gender performance and the people who live it. This provocative collection of original essays explores the possibilities, limitations, ironies, and controversies surrounding men who perform as women to an audience that knows the truth but celebrates the illusion. The book's contributors call on extensive backgrounds in sociology, anthropology, theater, literature—even military studies—and use a variety of approaches to address common themes and genres of presentation, performance, and style in a wide range of historical settings and cultures. The Drag Queen Anthology explores female impersonation in the past and present, addressing the often-contradictory cultural impulses found in the performance of femininity. The book examines the important issues of this unique form of gendering, including the cultural and sociopolitical implications of drag, the symbolic cultural ideals associated with women, the impact of the performer's social identities on his performance, and the reactions of the GLBT, straight, and feminist communities to drag. The book looks at traditional drag performance, challenges accepted perceptions about female impersonation, and exposes the notion of the effeminate drag queen as an outdated myth. The Drag Queen Anthology examines the important issues of male-to-female gender performance, including: how drag queen performance is used to attain situational status and power how drag queens challenge contemporary notions of gender what embodiment occurs when men undertake performances of femininity how drag queen performance is viewed as a theatrical presentation of self what representations of drag queens in film suggest about current gender relations why communities organize around drag queen performers how drag queen performance differs on-stage and off how male-to-female gendered performance intersects with performances of sexual identity, social class, race, age, and ethnicity The Drag Queen

~~Anthology: The Absolutely Fabulous but~~

Flawlessly Customary World of Female Impersonators is an indispensable resource on drag's core elements of performance and parody and how each affects contemporary notions of gender.

**Sexual Orientation and Human Rights in American Religious Discourse** - Saul M. Olyan  
1998-07-02

Sexual orientation is a topic of intense debate within America's religious traditions. These discussions have had a significant impact on the formation of public policy, as speakers who locate themselves squarely within religious traditions have articulated positions on both sides in recent arguments concerning gays in the military, civil rights protections for gays and lesbians, gay marriage, parenting and foster parenting, and benefits for partners of gay and lesbian employees of major corporations and institutions. This volume, which stems from a 1995 conference at Brown University, aims to promote both academic and public understanding of the different positions that exist on sexual orientation and its public policy dimensions within four major American religious traditions. Writers from within the Jewish community, the Roman Catholic church, Mainline Protestant churches, and African-American churches explore the history and tradition of their communities on same-sex orientation, discuss the moral stance they advocate, and consider the legal and public policy implications of that stance. For each of these traditions, two opposing views are represented, and a respondent frames the issue in a larger context. The book concludes with essays by Michael McConnell and Andrew Koppelman exploring how our society might find a modus vivendi in a state position of neutrality on the moral status of homosexuality. This book will appeal to a broad range of readers interested in these crucial issues, and in the role the religious communities play in these debates, while helping to foster the climate for a more reasoned and civil dialogue.

**The Queer Bible Commentary, Second Edition** - Mona West 2022-09-30

First published over ten years ago, The Queer Bible Commentary brings together the work of several scholars and pastors known for their

## Unrepentant Self Affirming Practicing Lesbian Bisexual Gay People Within Organized Religion

interest in the areas of gender, sexuality and Biblical studies. Contributors draw on feminist, queer, deconstructionist, utopian theories, the social sciences and historical-critical discourses. The focus is both how reading from lesbian, gay, bisexual and/or transgender perspectives affect the reading and interpretation of biblical texts and how biblical texts have and do affect LGBTQ+ communities. This revised 2nd edition includes updated bibliographies and chapters taking into account the latest literature relating to queer interpretation of scripture.

**America's Religions** - Peter W. Williams 2008  
A panoramic introduction to religion in America, newly revised and updated

*Unrepentant, Self-Affirming, Practicing* - Gary David Comstock 2002-06-14

Praise for Unrepentant ... : "For open-minded religious leaders, there are nuggets of enlightenment in this ecumenical array."-- Publishers Weekly "Surprisingly readable as well as informative." - San Francisco Chronicle "A significant body of knowledge." - Theology Today "Publishers' catalogues are full of books on the church's view of homosexuality; Comstock here offers gay views of the church. Given the often hostile environment, he asks why gay people stay in religious institutions. Using social scientific methods, he summarizes thirty-six surveys of gay attitudes toward religious communities, including Jewish, Buddhist, Muslim, and Native American traditions. He adds data from his survey of gay people in two mainline Protestant denominations." --Religious Studies Review "Explores how each religions accepts, half-accepts, or rejects gays and lesbians and how they themselves feel about their religion. The book is also filled with personal stories of how spiritual people who discovered they are homosexual came out within their community and their congregation, and how they feel about the central figures and tenets of their belief." --Gatherings "With its succinct, accessible language and rich collection of empirical research findings on lesbigay peoples, *Unrepentant, Self-Affirming Practicing*, would be an excellent addition to academic libraries and could be appropriately used as well in an undergraduate religion or sociology classroom." --Journal for Scientific Study of Religion>

**Acts of Faith, Acts of Love** - Dugan McGinley  
2006-04-19

McGinley uses the autobiographies of Gay men to explore the overlap between their religious and sexual identities. >

*Gay Histories and Cultures* - George E. Haggerty  
2000

First Published in 2000. Routledge is an imprint of Taylor & Francis, an informa company.

**Spiritual Direction & The Gay Person** - James Empereur 1998-01-01

Intended for counsellors and spiritual directors, this text aims to assist gay men and lesbian women in relationships, prayer, liturgy, and in the problems produced by their commitment to, or rejection of, institutional religion.

**Handbook of the Social Psychology of Inequality** - Jane D. McLeod 2014-08-18

This volume provides the first comprehensive overview of social psychological research on inequality for a graduate student and professional audience. Drawing on all of the major theoretical traditions in sociological social psychology, its chapters demonstrate the relevance of social psychological processes to this central sociological concern. Each chapter in the volume has a distinct substantive focus, but the chapters will also share common emphases on: • The unique contributions of sociological social psychology • The historical roots of social psychological concepts and theories in classic sociological writings • The complementary and conflicting insights that derive from different social psychological traditions in sociology. This Handbook is of interest to graduate students preparing for careers in social psychology or in inequality, professional sociologists and university/college libraries.

*We Shall Not Be Moved* - Jane Ellen Nickell  
2014-10-15

As Protestant denominations are fracturing over whether to ordain gays and lesbians, this work looks at The United Methodist Church's conversations about the issue, in light of Methodism's historic contests over the leadership of African Americans and women, to see what can be learned from these earlier periods of change. Using the uniform context of the Methodist General Conference, where denominational policy is set, the book analyzes

transcripts of floor debates in key years of these struggles, letting those who argued for and against the changes speak for themselves. Those arguments are read through the lens of French sociologist Pierre Bourdieu, whose theory offers a sophisticated model that goes deeper than simple "resistance to change" in articulating a dialectic between social structures and agents that predisposes both to reproduce existing power relationships. This interdisciplinary, historical study seeks to move beyond conscious motivations for the exclusion of these three groups and uncover deeply embedded, misrecognized social dynamics. In exploring these groups' stories, this book examines who holds power in Methodist churches, how changes in authority structures occur, and why it is such a long and painful process.

**Men and Masculinities in Christianity and Judaism** - Bjorn Krondorfer 2013-02-12

Bjorn Krondorfer, one of the leading scholars in this field, has collected 35 key texts that have shaped this field within the wider area of the study of gender, religion and culture. The texts in this critical reader engage actively and critically with the position of men in society and church, men's privileged relation to the sacred and to religious authority, the ideals of masculinity as engendered by religious discourse, and alternative trajectories of being in the world, whether spiritually, relationally or sexually. Each of the texts is introduced by the editor and accompanied by bibliographies that make this the ideal tool for study.

*Queer Women and Religious Individualism* - Melissa M. Wilcox 2009

Melissa M. Wilcox explores the complex spiritual lives of queer women in the Los Angeles area. She takes the reader on a tour of a colorful array of religious and secular groups that serve as spiritual resources for these women—from the well-known Metropolitan Community Churches to Wiccan covens, from the Gay and Lesbian Sierrans to the Sisters of Perpetual Indulgence. Arguing that these women's stories are exemplary cases of postmodern patterns of religious identity, belief, and practice, Wilcox offers a nuanced analysis of contemporary Western spirituality and selfhood, and a detailed exploration of the history of queer religious organizing in Los Angeles. *Queer Women and*

Religious Individualism is important reading for scholars in religious studies, sociology, women's studies, and LGBT studies.

**Seeking the Straight and Narrow** - Lynne Gerber 2012-08-01

Losing weight and changing your sexual orientation are both notoriously difficult to do successfully. Yet many faithful evangelical Christians believe that thinness and heterosexuality are godly ideals—and that God will provide reliable paths toward them for those who fall short. *Seeking the Straight and Narrow* is a fascinating account of the world of evangelical efforts to alter our strongest bodily desires. Drawing on fieldwork at First Place, a popular Christian weight-loss program, and Exodus International, a network of ex-gay ministries, Lynne Gerber explores why some Christians feel that being fat or gay offends God, what exactly they do to lose weight or go straight, and how they make sense of the program's results—or, frequently, their lack. Gerber notes the differences and striking parallels between the two programs, and, more broadly, she traces the ways that other social institutions have attempted to contain the excesses associated with fatness and homosexuality. Challenging narratives that place evangelicals in constant opposition to dominant American values, Gerber shows that these programs reflect the often overlooked connection between American cultural obsessions and Christian ones.

**God, Sex, and Politics** - Dawne Moon 2004-07

*God, Sex, and Politics* examines both sides of the church controversy over homosexuality to consider the ways in which people develop, in everyday thought and interaction, their beliefs about God and justice. Dawne Moon explores how members of Protestant congregations determine what is just and what is not, what is right and what is wrong, what is loving and what is sinful. Through this compelling work we learn that the considerable turmoil surrounding homosexuality in churches has less to do with homosexuality than with the fear of weakening the church's spiritual, communal solidarity. We learn too how the church mirrors the secular world—the fear of division and politics leads members to avoid conflict in the congregations Moon examines. And so, the Protestants who are

the subject of her study avoid debating the key issue of whether homosexuality is sinful because of its potentially polarizing effects. The religious culture Moon uncovers is ultimately critical of politics and of the intense moral and social discord that members believe it entails. God, Sex, and Politics will be of enormous value to sociologists of religion and anyone interested in religious controversies over sexuality.

*Religion in America Since 1945* - Patrick Allitt  
2003

Discusses the Cold War, communism, Eisenhower, the civil rights movement, African-Americans and religion, Mormons, Vietnam, Catholics, feminism, cults, creationism and evolution, American Islam, home schooling, abortion, homosexuality and religion, and the Christian Right.

*Sociology of Religion* - William Mirola  
2015-09-16

A reader that seeks to explore the relationship between the structure and culture of religion and various elements of social life in the U.S., *Sociology of Religion: A Reader, 2e* is ideal as either a standalone reader or supplement to the text written by the same author team, *Why Religion Matters*. Based on both classic and contemporary research in the sociology of religion, this reader highlights a variety of research methods and theoretical approaches. It explores the ways in which religious values, beliefs and practices shape the world outside of church, synagogue, or mosque walls while simultaneously being shaped by the non-religious forces operating in that world.

**Queer Christianities** - Kathleen T. Talvacchia  
2015

Queerness and Christianity, often depicted as mutually exclusive, both challenge received notions of the good and the natural. Nowhere is this challenge more visible than in the identities, faiths, and communities that queer Christians have long been creating. As Christians they have staked a claim for a Christianity that is true to their self-understandings. How do queer-identified persons understand their religious lives? And in what ways do the lived experiences of queer Christians respond to traditions and reshape them in contemporary practice? *Queer Christianities* integrates the perspectives of queer theory, religious studies, and Christian theology into a lively conversation—both transgressive and traditional—about the fundamental questions surrounding the lives of queer Christians. The volume contributes to the emerging scholarly discussion on queer religious experiences as lived both within communities of Christian confession, as well as outside of these established communities. Organized around traditional Christian states of life—celibacy, matrimony, and what is here provocatively conceptualized as promiscuity—this work reflects the ways in which queer Christians continually reconstruct and multiply the forms these states of life take. *Queer Christianities* challenges received ideas about sexuality and religion, yet remains true to Christian self-understandings that are open to further enquiry and to further queerness.
