The 9 Secrets of Highly Attractive Men - Kamal Jahid 2016-04-18

My whole life, people thought they were teaching me to be a polite kid, but they were actually holding me back Once I realized this... things started changing fast... I worked hard at identifying the things that successful guys were doing, and started implementing them in my own life. My confidence in business was off the charts, and women that previously saw me as a little brother or friend, started taking a romantic interest in me. The changes I was making in my life had ripple effects at every turn. I took careful notes over the years, and when I started as a dating and life coach, I made sure to give them the concrete steps that helped me, and push them towards realizing their personal goals. Here's the crazy thing: it worked, and it worked fast. I know this because I have watched 100s of men focus on the secrets of attraction, and completely transform them. The truth is this: with focus and effort, you can stand out as a man of class, superior style, and separate yourself from the boring masses of guys that pay no attention to style, posture, and overall excellence. And that is why I wrote The 9 Secrets of Highly Attractive Men. It is a very special book for me, and something that I cannot wait to share with you. I have identified the features of attractive men, and have given you specific exercises to help transform you into the kind of gentleman that attracts the respect of men, and the love and admiration of hordes of women. Believe it or not, you can start seeing results fast. It is no secret that becoming the optimal version of you will take some serious time and commitment. But the truth is that much of what I will tell you in this book can be implemented today. What does that mean? It means that there are changes you can make today that can begin to transform the image you project to the world. Habits take time to form, but I guarantee that you will begin to see changes from the very beginning. I could give you hundreds of examples from my own life, of men I have seen make considerable changes even in the course of a single day that I spend coaching them, that have allowed them to boost their confidence and become more attractive. This stuff is not rocket science. I really, really value simplicity. I like to write with simplicity. But I also like to be specific, and explain why, not just how. To explain the 9 habits I use a combination of stories, scientific research, lessons from history, and calls to action. My favorite feeling in the world is reading something that makes so much sense to me, it feels like I had known it all along, but just did not know how to put words to it. I think you will have this feeling reading my book. I want to open your eyes to ideas that are founded in pure logic, but that may have escaped you. You will find the simple lessons in the book refreshing, and life-changing. I want to give you

simple lessons that you can start using day one. When you start implementing the secrets that I have identified, you will be joining hundreds of my clients on the path to excellence.

How to Attract Your Ideal Partner - Michael Moore 2017-11-04

THIS BOOK IS WRITTEN TO BOTH WOMEN AND MEN AND FOR ANY AGE GROUP Why do so many people seem not to be able to find the person they really desire? Most people are very sincere in trying to find their perfect partner. Yet they settle for less while they could have had more, or they give up and don't date at all. So often, people give up too easily. Maybe they're not sure what they want, or they don't know how to be the best they can be to attract someone really great. And sometimes they just didn't have a good roadmap to show them how to get there. In his book, Michael Moore is going to show you how. He will coach you to success in attracting and discovering your best partner. You probably have heard of the 80/20 rule: Most people spend 80% of their time trying to get 20% results. That's backwards from how it should be! This rule works in every area of life including dating. The author will show you how to spend 20% of your time to get 80% results. Who wouldn't want this kind of success? The principles shared in this book have been tried and used and Michael is 100% sure it will transform your love life just as it has transformed many others' for the better... In the many years that Michael has worked with individuals and couples, there are many things he has learned that are highly valuable to the person who honestly wants to find their ideal partner. He is sharing with you valuable resources in this book to help you become one of the GREAT SUCCESS STORIES in your RELATIONSHIP AND LIFE. Research has shown that most women have a strong desire to get married, to find that incredible special one they can love and be loved by, and to build a family. Many women have a natural instinct within them to build the nest, to get things cozy and right and enjoy a secure family atmosphere. Even the majority of most men want to get married, although men are waiting much later these days. Marriage is a wonderful thing that brings with it a sense of belonging, of ownership, and of exclusivity with your husband or wife. After all, life is enjoyed most with someone that you love and that loves you... touching, smiling, laughing, and even doing simple things together. HERE IS WHAT YOU WILL LEARN-AND BECOME AN EXPERT IN-FROM READING THIS BOOK: It will show you HOW TO WORK ON YOURSELF to become the BEST YOU that you can be. It covers many areas that will help you develop an INCREDIBLE SELF-CONFIDENCE and be at your peak You'll learn the 5 major LAWS OF ATTRACTION including sexual attraction Discover the POWER OF EYE CONTACT and how to speak with your eyes Learn the PSYCHOLOGY OF ACHIEVEMENT and the POWER OF DESIRE How to become a truly Charming Man or Charming Woman What are the SECRET HOT BUTTONS within both men and women BECOME IRRESISTIBLE to the men and women you meet and date If you're ready to take control of your life, take control of your relationships, and take control of your future, you can start now. If you desire to have the perfect person to spend holidays with, plan a family and a future with, then you can start being coached RIGHT NOW. When the winds of chance blow, they won't affect you. Because you take control, you choose your own destiny, and you choose the person you will be with forever.

The Biology of Beauty - Rachelle M. Smith 2018-06-08

This thought-provoking book examines the science behind human attractiveness—the ratios, proportions, and other factors that to a large extent dictate what we find "beautiful." It's said that "beauty is in the eye of the beholder," but recent scientific research suggests that human attractiveness is much more objective than we once thought, deeply rooted in our biology and evolutionary history. For instance, facial symmetry is considered extremely attractive because it indicates good health and nutrition during the formative developmental years. This book explores these insights. Part I of *The Biology of Beauty: The Science behind Human Attractiveness* takes a closer look at what traits we find the most alluring and why. It discusses why attractiveness is important from an evolutionary standpoint and the advantages (and disadvantages) of being attractive. In addition to exploring these beauty "universals," it examines how beauty ideals can be shaped by factors such as culture, religion, and the media. Part II provides an in-depth analysis of individual features that contribute to attractiveness, offering scientific explanations for our preferences. The book also includes a collection of insightful sidebars that highlight beauty ideals in different parts of the world and at other times in history.

How To Speak Dog - Stanley Coren 2010-09-21

"A must read for all dog owners." —The Washington Post "The best key to what dogs are thinking." —The

Seattle Times How to Speak Dog is one of the few books today that show us what dogs are trying to tell us, not just how we can control them. Parlez-vous Doggish? At long last, dogs will know just how smart their owners can be. By unlocking the secrets of the hidden language of dogs, psychologist Stanley Coren allows us into the doggy dialogue, or "Doggish," and makes effective communication a reality. Drawing on substantial research in animal behavior, evolutionary biology, and years of personal experience, Coren demonstrates that the average house dog can understand language at about the level of a two-year-old human. While actual conversation of the sort Lassie seemed capable of in Hollywood mythmaking remains forever out of reach, Coren shows us that a great deal of real communication is possible beyond the giving and obeying of commands. How to Speak Dog not only provides the sounds, words, actions, and movements with which we can effectively communicate with our dogs, but also deciphers the signs that our dogs give to us. With easy-to-follow tips on how humans can mimic the language dogs use to talk with one another, original drawings illustrating the subtleties of their body language, and a handy visual glossary and "Doggish" phrasebook, How to Speak Dog gives dog lovers the skills they need to improve their relationships with their pets.

39 Ways Women Drive Men Away - John Livingstone 2017-02-17

Your goal is to find Love and Romance, Passion and Playfulness. In the eyes of many men, women make 39 key mistakes that drive men away. You will discover what make a woman attractive from a unique perspective - a male perspective. Many women, especially those with any feminist beliefs, may find this book to have some chauvinistic thinking. In fact, the author believes feminism is best defined as freedom of thought and freedom of action for a woman. This freedom includes being feminine with all the charms and grace that one desires. Single women, and those in relationships that lack love will learn how being a decent, considerate human being towards a man, can lead to that wonderful feeling of loving and being loved. This is not a fanciful, blue-sky and sunshine book with musings about feelings, mindfulness, self-

realization, and manipulative techniques, but rather a practical guide to a successful and loving relationship with a man.

[Encyclopedia of the Mind](#) - Harold Pashler 2013-01-14

It's hard to conceive of a topic of more broad and personal interest than the study of the mind. In addition to its traditional investigation by the disciplines of psychology, psychiatry, and neuroscience, the mind has also been a focus of study in the fields of philosophy, economics, anthropology, linguistics, computer science, molecular biology, education, and literature. In all these approaches, there is an almost universal fascination with how the mind works and how it affects our lives and our behavior. Studies of the mind and brain have crossed many exciting thresholds in recent years, and the study of mind now represents a thoroughly cross-disciplinary effort. Researchers from a wide range of disciplines seek answers to such questions as: What is mind? How does it operate? What is consciousness? This encyclopedia brings together scholars from the entire range of mind-related academic disciplines from across the arts and humanities, social sciences, life sciences, and computer science and engineering to explore the multidimensional nature of the human mind.

In Your Face - David Perrett 2017-09-16

In our daily lives, in our memories and fantasies, our mental worlds overflow with faces. But what do we really know about this most remarkable feature of the human body? Why do we have faces at all, and brains that are good at reading them? What do our looks say - and not say - about our personalities? And perhaps the most compelling question of all: Why are we attracted to some faces more than others? In *Your Face* is an engaging and authoritative tour of the science of facial beauty and face perception. David Perrett, the pre-eminent scholar in the field, reveals and interprets the most remarkable findings and in the process demolishes many popular myths, setting the record straight on what neuroscience and evolutionary psychology are teaching us about beauty. The record is more surprising and often more unsettling than you might think.

Through a Man's Eyes - Shaunti Feldhahn 2015-07-21

What Happens When Women See What Men See? You already know that your husband, boyfriend, or son is wired differently from you, but do you know what that really means? It means, among other things, that he's been given the gift of a unique visual wiring—and the challenges that come with it. In *Through a Man's Eyes*, Shaunti Feldhahn and Craig Gross team up to help open our eyes to something we are often blind to. They address questions like: · “Why are guys so visual—and what does that mean, anyway?” · “How do I help my son navigate this sex-crazed culture?” · “How dare someone tell a woman to watch what she wears! Isn't it a man's responsibility not to look?” · “If he's tempted by visual images, is there something wrong with him? With me?” · “My husband is an honorable guy, so why would he be tempted by porn?” · “How can I talk to my husband or son about this? What can I do to support him?” Through the compassion and candor in this book, we can learn what men have long wished we knew (but didn't know how to explain)—and see the difference it makes when we do!

A Woman's Guide to the Male Mind - Sam Geraldo 2011-01-14

A Woman's Guide to the Male Mind is the indirect result of a blog that I wrote in 2005 *How Do You Tell If a Guy Fancies You?* The article was so popular, receiving more than 70 replies from women with lots more questions, that I launched my web site www.seducemen.co.uk. Since then, most of the advice I've given in hundreds of published articles was based on my own experiences and those of my friends. To write the book, however, I adopted a more scientific approach. I performed a significant amount of research into recent discoveries by anthropologists, sociologists, psychologists and biochemists on topics ranging from basic sexual attraction to personality type and male/female communications strategies. It's my belief, therefore, that *A Woman's Guide to the Male Mind* features the best of two worlds: common sense opinions backed by solid empirical evidence. By helping ladies understand the male point of view with regard to sex, dating and relationships; I hope to eliminate the senseless conflicts that so often erupt between lovers and would-be lovers. Once you understand a few fundamentals about the male mind and male behaviour, you will stop thinking of men as inscrutable blockheads and primitive misfits. You will no longer regard them as you would a small, nasty child or an alien race. Arming yourself with the wisdom in this book, you'll increase your odds of finding happiness and harmony in romantic relationships, and you will help ensure that this bliss lasts a lifetime. By the time a man reaches maturity, he has passed through four evolutionary stages in his attitude toward women and relationships. It's very important to understand and identify these four stages, because it will save you from wasting time on guys who aren't ready for serious romance.

Men - Christine Hogan 2003

A witty survey of why some women are so much better than others at finding the right man, handling him and keeping him. The result: humorous, occasionally outrageous, suggestions on how to decide what kind of man is right for you, how to find him, how to get him interested in you and, most importantly, how to keep him.

The Unofficial Guide to Dating Again - Tina Tessina 1999-02-05

For many varied reasons, a vast numbers of adults may find themselves single. Maybe they've postponed marriage to concentrate on a career. Perhaps they find themselves alone after divorce or the breakup of a long-term relationship. Or maybe their reaching out again after the death of their spouse. But the one thing they have in common is questions, questions, and more questions about just how to reenter the dating scene. *The Unofficial Guide to Dating, Again* explains the range of dating options available today and provides practical tools that will help readers assess their needs, research their options, and make decisions accordingly. Touching on such issues as STDs, AIDS, date rape, sexual harassment, lifestyle changes, social changes, and self-esteem, along with concerns about stepfamilies, children, and mature dating, this book will provide unbiased, street-smart information to those facing this adventure once again.
