whose unresolved issues keep them emotionally bound to their ex-husbands, even years after a divorce is final. • Does your ex-husband still have the key to your house? • Does your anger about your divorce prevent you from trusting in new relationships? • Do you allow yourself to be seduced by your ex-husband and then hate yourself for letting it happen? If you said yes to any of the above, you may be a victim of the ex-wife syndrome. Psychotherapist Sandra S. Kahn has observed time and again that divorced women often find it difficult to separate from their ex-husbands, even when the marriage is over. Held captive by strong emotions—fear, anger, shame, even love—they relive the past when they need to make a break and forge a new, self-sufficient life. In *Leaving Him Behind*, Kahn helps women to recognize how they are still trapped by a marriage gone bad—and what they can do about it. She offers a step-by-step program to regain self-confidence and independence. Praise for *Leaving Him Behind* “Chock full of advice any divorced woman could use.”—The Toronto Star “Thoughtful . . . Helpful . . . Long-divorced women could benefit from [her] advice.”—The Cincinnati Post “How to transform . . . into a self-sufficient matriarch, capable of assuming full responsibility for oneself and one’s children . . . Useful hard-nose advice.”—Kirkus Reviews

Divorced Girl Smiling Jackie Pilossoph 2013-11-23 Smile! It's not just the end of your marriage, it's the beginning of your second chance! Missy Benson has a two and a half carat diamond engagement ring with color grade H, VS2 clarity and a value of \$36,000. It's absolutely gorgeous, practically flawless, and let's be honest, really big! But what the successful Chicago realtor doesn't have anymore is a husband. After 12 years of marriage, her husband, Paul, a handsome, wealthy attorney has devastated her by breaking up their marriage for Priscilla Sommerfeld, a young, personal trainer, who according to Missy's sassy assistant, J.J., looks more like a Las Vegas stripper than a fitness expert. Not sure what to do with her ring, and with no financial issues to worry about, Missy decides to put it up for sale on Craigslist. The price: 99 cents! The catch: She gets to pick the buyer. In essence, she's looking for the perfect guy, but not for herself. Her hope is to regain faith that good men do exist, and that marriages can last forever. Now referring to herself as "the divorced girl," Missy interviews dozens of young men who are vying for the huge ring. It's a contest that includes outrageous characters, hilarious and sentimental stories, and two finalists, both of whom Missy adores and who she must choose between. Then there's Parker Missoni, the sexiest contestant by far, who drives her crazy with his brutal honesty, and at the same time stops her heart with his deep brown eyes. *Divorced Girl Smiling* is the story of a woman's journey to do whatever it takes to heal herself from divorce. It's about acceptance, reflection, taking accountability for mistakes, and appreciating all of life's wonderful gifts. In other words, if you have the guts to put the past behind, admit your mistakes, embrace your future, and give love another chance, you will surely be a divorced girl smiling.

The Leading Cause of Divorce Is Marriage Betty C. Blevins 2012-10-01 People get divorced for good reasons. While there were huge increases in divorce after divorce is legalized or becomes more easily available, that change in the law itself is not even necessarily the trigger. Although it's debated, what is sometimes blamed the trigger for the U.S. increase in divorce is the availability of a "no-fault" divorces. That's when some argue the rates skyrocketed. But in that critique, there's an embedded presumption that the divorces are really "no fault." And that the couples who get them are taking are the easy way out, when, in fact, that really may not be the case. I'll admit that's an

understandable reaction, if you just look at the timeline on divorce. You might disapprove of the number of divorces in general, but then think about your friend who got divorced. Think about your own divorce. Because in critiques of the rising numbers of divorces, we forget that divorces aren't numbers. They are relationships. People get divorced for really good reasons. For example, from 20 to 30 percent of divorced marriages involved domestic violence. Separated and divorced women are 14 times more likely to report that they've been victims of violence. In Canada found that 50 percent of divorced women there had been abuse victims. It used to be that wife-beating wasn't a reason to leave your husband/wife. In some cultures, it still isn't. (And in case we think those cultures are so distant, it wasn't until 1992 that the U.S. Catholic Bishops issued a statement that women didn't have to stay married in an abusive relationship - because Catholic wives thought (or were being told) that they had to stay and save their marriage.) Once you start adding in infidelity, alcohol and drug abuse, the idea that divorces are really "no fault" becomes a farce. Yes, of course, there are the opportunist divorces as well, but how would we protect those with real reasons to divorce without getting them, too? What's the alternative?

continue to live with the same standards and build the same house again? Or, do you recognize what went wrong and examine what you need to do differently in order to build a new, better house that won't burn down? Your first serious job after divorce is to heal your inner self and recreate yourself exactly as you want to be. The dating process can help you do that. Dating is like a shopping mall where you can buy it all. But what do you want to get? And what can you afford to buy? The main point of dating at this stage is to start seeing yourself as an adult and mature woman. The main point of dating after divorce is not to find a new partner. That shocks most people because they see dating as a way to find a new relationship. But it's absolutely clear that unless you change yourself as a person, you'll choose a partner and a relationship pattern that are exactly the same as the previous ones. Your second job after divorce is to recognize your existing paradigm of relationships, or the so-called "relationship model," and modify it according to your desires. Chapter 1 You'll read about the emotions that you may face while dating. Whatever these emotions are, you should learn how to recognize and manage them. Be aware of them the moment they appear, and learn to control yourself until they're gone. Chapter 2 These are the ten main types of men--or more precisely, male dating behaviors--that you may run into. The descriptions of these personas provide insight into a man's intentions toward you and what you can expect from him. Remember: There are no good or bad types of men. There are only men who are or are not suitable for you at certain stages of your life. Also, every man can behave differently with different women. Basically, it's the woman who determines how a man will treat her! Chapter 3 This chapter helps you with self-analysis. I hope you use it to see more clearly what your needs are right now, and what your nearest and most distant relationship goals are. Each section focuses on practical exercises that help you find out what areas need improvement before you can move toward a serious, long-term relationship. At the end, I want

The YOU Plan Connie Wetzell 2014-01-28 You never thought divorce would happen to you. But it did. You may feel traumatized, relieved, hopeful, afraid, or all of the above. What choices will help you heal? How can you minimize the trauma for your kids? When is too soon to date...and what about sex? How can you learn from your mistakes instead of repeating them? And where is God in all of this? Michelle and Connie have been where you are. They're Christian women who are a little ahead of you on the journey. Michelle was divorced seven years and now is happily remarried. Connie is ten years into the journey and at peace with being single. They've each made good choices and their fair share of mistakes. In this book they rally their collective experience to help you navigate some of the twists and turns of the post-divorce journey, avoid pitfalls, and emerge stronger and more confident. This is not one of those authoritative, "do as we say" tomes. It's a woman-to-woman, been-there-done-that, faithful, and hopeful approach to such topics as acceptance, forgiveness, loneliness, online dating (or "CON-line dating"), sex, money, respect, finding friends, and caring for your physical, financial, and spiritual health. Most of all, it's a powerful reassurance that no matter what has happened or what may happen next, God still has good plans for you. You will live and laugh and love again. This book can help you do it.

put woman in submission to her husband, he did not put her under his feet--a false balance is abomination to the Lord. If woman above man is a false balance, then woman below man is ALSO a false balance! The marriage balance needed restoration, and, the only way to do that was to put the wife in submission to her husband. The only thing God did was put Eve right back at Adam's side again--a just weight, God's delight! You see, without submission, a wife has too much power in the marriage relationship! The Lord saw the incredible influence Eve had over Adam and had to put a leash on it! This book will help you understand how important you are to your world, and give you the thrust you need to rise above feelings of insignificance, inadequacy and failure! Remember: you are not at the mercy of anyone except God. It doesn't matter what your background is, what you've done, or haven't done. Forget about your past failures. You need to understand your power as a Christian woman. Get rid of frustration and gain the respect of men and women, alike, and be the incredible influence you were born to be!

LAW, CUSTOM AND PROPERTY RIGHTS AMONG THE ĀMA/NYIMAJ OF THE NUBA

MOUNTAINS IN THE SUDAN Hunud Abia Kadouf 2013-06-13 This book is based on an extensive field work in which the author tried to study the customary law of property of an African agrarian tribal community of Ama - also known as Nyima? - of the Nuba Mountains in the northern Sudan. The writer has tried to explain the nature of property holding in the light of the people's philosophy evidenced in their social structure and their traditional beliefs. Special attention is paid to the traditional structure of political leadership in this highly segmented society that was prone not only to inter-tribal wars but was also in a constant 'fission and fusion' among themselves when not at war with other neighboring tribes. In discussing jurisdictional issues, and traditional settlement mechanisms based partly on law and custom, both adopted by this egalitarian society, the study is made currently relevant by keen observation on the effect of modernity on traditional ethics and morality of the Ama society that was once described by some authors as being 'impervious to foreign influence". Furthermore, the reception and assimilation of the state law together with the Shari'ah laws in various areas such as that relating to property devolution, family institution, and burial rites is treated as being of great significance in the overall development of the tribal customary laws. Like any other Nuba tribe, the consciousness of the Ama people of their ethos of identity marks their ferociously guarded customs and traditions prevalent up-to-date. The book is not only a precious
