Organizational Autoethnographies - Andrew Herrmann 2017-05-17

This text takes a new approach to autoethnography by using personal narratives to analyze our work across multiple disciplines and subdisciplines. These stories feature authors working at the intersections of autoethnography and critical theory within a given organizational context. Organizations are not simply entities, but systems of meaning. As such they are sites of cultural practices and performances, and of domination, resistance and struggle. Working at the intersection of organizational studies and autoethnography, this book explores the ability of autoethnographic and personal narrative approaches to generate important, innovative, and empowering understandings of difference, discourses, and identities, while attending to the various powerful dynamics that are at play in organizations. These are stories of work, at work, and help to finally bring theory and direct exemplars together.

Evvie Drake Starts Over - Linda Holmes 2019-06-25

NEW YORK TIMES BESTSELLER • Read with Jenna Book Club Pick as Featured on Today • “Everything a romantic comedy should be: witty, relatable, and a little complicated.”—People A heartfelt debut about the unlikely relationship between a young woman who’s lost her husband and a major league pitcher who’s lost his game. NAMED ONE OF THE BEST BOOKS OF THE YEAR BY NPR In a sleepy seaside town in Maine, recently widowed Eveleth “Evvie” Drake rarely leaves her large, painfully empty house nearly a year after her husband’s death in a car crash.

Everyone in town, even her best friend, Andy, thinks grief keeps her locked inside, and Evvie doesn’t correct them. Meanwhile, in New York City, Dean Tenney, former Major League pitcher and Andy’s childhood best friend, is wrestling with what miserable athletes living out their worst nightmares call the “yips”: he can’t throw straight anymore, and, even worse, he can’t figure out why. As the media storm heats up, an invitation from Andy to stay in Maine seems like the perfect chance to hit the reset button on Dean’s future. When he moves into an apartment at the back of Evvie’s house, the two make a deal: Dean won’t ask about Evvie’s late husband, and Evvie won’t ask about Dean’s baseball career. Rules, though, have a funny way of being broken—and what starts as an unexpected friendship soon turns into something more. To move forward, Evvie and Dean will have to reckon with their pasts—the friendships they’ve damaged, the secrets they’ve kept—but in life, as in baseball, there’s always a chance—up until the last out. A joyful, hilarious, and hope-filled debut, *Evvie Drake Starts Over* will have you cheering for the two most unlikely comebacks of the year—and will leave you wanting more from Linda Holmes. Praise for *Evvie Drake Starts Over* “A quirky, sweet, and splendid story of a woman coming into her own.”—Taylor Jenkins Reid, New York Times bestselling author of *Daisy Jones & The Six* “Effortlessly enjoyable . . . [a] pitch-perfect . . . adult love story that is as romantic as it is real.”—USA Today “Charming, hopeful, and gently romantic . . . Evvie Drake is great company.”—Rainbow Rowell, #1 New York Times bestselling author of *Eleanor & Park*

The Choral Revival in the Anglican Church (1839-1872) - Bernarr Rainbow 2001

Survey of an important period in the development of the choral tradition in the Anglican church. When Bernarr Rainbow was director of music at

the College of St Mark and St John, Chelsea, he came across the 1849 diary of service music of Thomas Helmore. Astonished at its breadth of repertoire, he was inspired to investigate the circumstances of the document. His findings are recorded in this book, which sets Thomas Helmore's contribution in perspective against the background of the Choral Revival as a whole. In tracing the history of the remarkable revival of care for the music of the liturgy, the author produced a socio-musical history of a period vital in the evolution of the Anglican Church, and made clear, probably for the first time, how music in the Anglican Church came to follow lines which are unique in Christendom. His book was originally published at a time of important changes in ecclesiastical thinking; his presentation of the decisions taken in the past which led to the existing relationship between choirs and congregations, interesting in itself, is also valuable in the continuing debate.

Like a Little Dog - Anthony E. Grudin 2022-10-25

A bold, compelling, and original study of nonhuman life in Warhol. Like a Little Dog examines a dimension of Andy Warhol that has never received critical attention: his lifelong personal and artistic interest in nonhuman life. With this book, Anthony E. Grudin offers an engaging new overview of the iconic artist through the lens of animal and plant studies, showing that Warhol and his collaborators wondered over the same questions that absorb these fields: What qualities do humans share with other life forms? How might the vulnerability of life and the unpredictability of desire link them together? Why has the human/animal/plant hierarchy been so rigidly, violently enforced? Nonhuman life impassioned every

area of Warhol's practice, beginning with his juvenilia and an unusually close creative collaboration with his mother, Julia Warhola. The pair codeveloped a transgressive animality that permeated Warhol's prolific career, from his commercial illustration and erotica to his writing and, of course, his painting, installation, photography, and film. Grudin shows that Warhol disputed the traditional claim that culture and creativity distinguish the human from the merely animal and vegetal, instead exploring the possibility of art as an earthy and organic force, imbued with appetite and desire at every node. Ultimately, by arguing that nonhuman life is central to Warhol's work in ways that mirror and anticipate influential texts by Toni Morrison and Ocean Vuong, *Like a Little Dog* opens an entirely unexplored field in Warhol scholarship.

D. H. Lawrence In Context - Andrew Harrison 2018-11-15

This collection of original, concise essays by leading international scholars draws closely on the Cambridge Edition of the Letters and Works of D. H. Lawrence to provide up-to-date insights into the key contexts to the author's life, career and legacy. It opens with an overview of Lawrence's life as it is explored in biographies and revealed in his letters and writing, before reassessing his relationship to the contemporary literary marketplace, and his response to - and intervention in - a range of literary/cultural and social/historical contexts. It ends with sections on Lawrence's changing critical reception and his powerful legacy in the work of later authors and filmmakers. The essays present a detailed and nuanced picture of Lawrence as an enterprising professional author with a truly cosmopolitan outlook who engaged deeply and strongly with his contemporary culture, and with currents of thought across a range of disciplines.

Ecologies of Invention - Andy Dong 2018-08-30

Ecologies of Invention is the first collection of essays that brings together writers and scholars of international standing to examine assumptions underlying notions of inventiveness. The writers explain how inventiveness borne out of aesthetic ambitions is impacting on and changing our culture and society, describing the articulation of inventive capacities across disciplines and across multiple scales, from personal

capacities to the social, spatial and network configurations that drive people to produce inventions.

The Rainbow Comes and Goes by Anderson Cooper | Conversation Starters - dailyBooks 2016-09-13

The Rainbow Comes and Goes: By Anderson Cooper | Conversation Starters A Brief Look Inside: The Rainbow Comes and Goes: A Mother and Son on Life, Love and Loss is a work of non-fiction falling in the genres of motivational books and family/relationship books. The book captures the year-long conversations between the two authors, Anderson Cooper and Gloria Vanderbilt, bonded by a mother-son relationship and covering details of their personal lives. Andy Warhol Screen Tests - Callie Angell 2006-04

"The films that Andy Warhol made in the 1960s are now recognized as among the most important works of his career. One of the most ambitious projects of Warhol's cinema is the Screen Tests, a series of 472 short, black-and-white portraits of Warhol's friends, colleagues, and acquaintances filmed over a period of three years, from 1964 through 1966." "Taken as a whole, the Screen Tests are a conceptual portrait of a New York era - the complex, interconnected avant-garde art world of the mid-1960s. They also offer a reflected portrait of Warhol himself - his friendships and connections, his egalitarianism and his ambition, his fascination with personality and the human face, his eye for talent and for beauty, his mastery of the photographic, cinematic image."--BOOK JACKET.

The Rainbow After the Storm - Michael J. Rosenfeld 2021-11-26

"The Rainbow after the Storm tells the story of the rapid liberalization of attitudes toward gay rights that made same-sex marriage the law of the U.S. sooner than almost anyone thought was possible. The book explains how and why public opinion toward gay rights liberalized so much, while most other public attitudes have remained relatively stable. The book explores the roles of a variety of actors in this drama. Social science research helped to shift elite opinion in ways that reduced the persecution of gays and lesbians. Gays and lesbians by the hundreds of thousands responded to a less repressive environment by coming out of the closet. Straight people started to know the gay and lesbian people in their lives, and their view of gay rights shifted accordingly. Same-sex couples embarked on years-long legal struggles to try to force states to recognize their marriages. In courtrooms across the U.S. social scientists behind a new consensus about the normalcy of gay couples and the health of their children won victories over fringe scholars promoting discredited antigay views. In a few short years marriage equality, which had once seemed totally unrealistic, became realistic. And then almost as soon as it was realistic, marriage equality became a reality"--Back cover.

Credo - Andrew Feldmar 2023-06-08

Tamas Vekerdy, one of the most well-known Hungarian psychologists, called Credo an 'essential insight not just into Feldmar's life but into the world and the era that we currently live in.' Feldmar was three and a half years old when the Arrow Cross came and took his mother to Auschwitz, his father to labour service, and his grandmother to the ghetto. A young Catholic woman hid him for a year and a half - perhaps she inspired Feldmar to become the kind stranger in many other people's lives years later. Feldmar was sixteen in 1956 when the revolution was crushed, and he escaped from Hungary to Canada all by himself. He fled from bleak prospects and a controlling, critical mother into the unknown. He ended up in Toronto, Canada, and became an academic. In the early 1970s, he met the person who radically changed his thinking: R. D. Laing. The book's longest chapter, 'Journal Entries', comes from notes Feldmar took in 1974-1975 when he studied with Laing in London. He adds notes and remarks in the present to the past, increasing the tension in the already fascinating passages. Following this is the text of an important conversation with Laing, covering topics such as love, therapy, and change. Next is a paper by his lifelong friend Francis Huxley, 'Shamanism, Healing, and R. D. Laing'. The book concludes with perhaps its most influential chapter, 'Fantasy and Reality'. Here, Feldmar speculates on the fundamental elements of his approach to psychotherapy: the nature of responsibility and ethics, politics, freedom, individuality, community, solidarity, will, and relationships. The bond between Feldmar and Laing permeates every page of Credo. The reader can closely follow Feldmar's remarkable journey of how their relationship shaped his therapeutic approach and helped him develop into the radical and inspirational psychotherapist he is today. This book is essential reading for all psychotherapists, psychoanalysts, and fans of R. D. Laing.

Why Can't Relationships be like Pizza? - Andy V. Roamer 2021-03-16
As RV enters sophomore year, his friendships and relationships create more questions than answers. RV still cares for Bobby, but Bobby seems a different, more distant person. RV's best friend Carole is distracted by the ups and downs in her relationships with her French boyfriends, while RV's new friend Mark is more focused on his family's troubles. School is a mixed bag. RV enjoys the Spanish club he has joined, which is run by his beautiful Spanish teacher, Señorita Sanchez. But he struggles with other subjects and annoying teachers and always has to watch out for the school bullies who seem to know how to stay under the detention radar. As always, RV's former teacher and mentor, Mr. Aniso, is there for advice, especially when near-tragedy strikes and RV needs Mr. Aniso's counsel to stay strong and provide help where it's needed most.

Hell Followed with Us - Andrew Joseph White 2022-06-07

A furious, queer debut novel about embracing the monster within and unleashing its power against your oppressors. "A long, sustained scream to the various strains of anti-transgender legislation multiplying around the world like, well, a virus." —The New York Times
INSTANT NEW YORK TIMES BESTSELLER Sixteen-year-old trans boy Benji is on the run from the cult that raised him—the fundamentalist sect that unleashed Armageddon and decimated the world's population. Desperately, he searches for a place where the cult can't get their hands on him, or more importantly, on the bioweapon they infected him with. But when cornered by monsters born from the destruction, Benji is rescued by a group of teens from the local Acheson LGBTQ+ Center, affectionately known as the ALC. The ALC's leader, Nick, is gorgeous, autistic, and a deadly shot, and he knows Benji's darkest secret: the cult's bioweapon is mutating him into a monster deadly enough to wipe humanity from the earth once and for all. Still, Nick offers Benji shelter among his ragtag group of queer teens, as long as Benji can control the monster and use its power to defend the ALC. Eager to belong, Benji accepts Nick's terms...until he discovers the ALC's mysterious leader has a hidden agenda, and more than a few secrets of his own. Perfect for fans of Gideon the Ninth and Annihilation. A New York Public Library Best Book
