Love and Other Words - Christina Lauren
2018-04-10

An uplifting and unforgettable read that will make you fall in love with life again . . . 'You can never go wrong with Christina Lauren!' Paige Toon 'A true joy from start to finish' Kristin Harmel Macy is settling into an ambitious if emotionally tepid routine: work hard as a new paediatrics resident, plan her wedding to an older, financially secure man, keep her head down and heart tucked away. But when she runs into Elliot - the first and only love of her life - the careful bubble she's constructed begins to dissolve. Once upon a time, Elliot was Macy's entire world - growing from her gangly teen friend into the man who coaxed her heart open again after the loss of her mother . . . only to break it on the very night he declared his love for her. Told in alternating timelines between Then and Now, teenage Elliot and Macy grow from friends to much more - spending weekends and lazy summers together reading books and talking through their growing pains and triumphs. As adults, they have become strangers

to one another until their chance reunion. Although their memories are obscured by the agony of what happened that night so many years ago, Elliot will come to understand the truth behind Macy's decade-long silence, and will have to overcome the past and himself to revive her faith in the possibility of an all-consuming love. The heart-breaking and heart-warming read from No. 1 international bestselling author Christina Lauren, author of *The Unhoneymooners* and *The Soulmate Equation*. Find out why readers LOVE Christina Lauren: 'Pure, irresistible magic from start to finish' Emily Henry 'Heartbreaking and hopeful' Amy Reichert 'Pure joy' Sally Thorne 'What a joyful, warm, touching book! This is the book to read if you want to smile so hard your face hurts' Jasmine Guillory '(A) tender story of first love, mature love, and the people who change us in the best possible ways' Washington Independent Review of Books 'A coming-of-age tale exquisitely blended with second-chance love' RT Book Reviews 'This is the angsty, emotional book from Christina Lauren that will break your heart into a million pieces' Goodreads 'This book will reel you in with the beauty of first love' Goodreads

Old School Photography - Kai Wong 2021-11-09
Old School Photography is a must-have modern manual for learning how to create great photographs with a 35mm film camera. Famed YouTube personality Kai Wong expertly and humorously shares 100 essential tips for selecting and using film cameras, shooting with film and various lenses, and employing specific techniques to ensure you can get great results quickly. Known for his breadth of knowledge and quick wit, Kai Wong delivers an informative and entertaining read on how to take great film photos. • An informative and entertaining read on how to take great film photos • A must-have guide for those new to old-school film techniques • A much-needed book for the current resurgence of vintage 35mm film cameras
Renewed interest in film photography has surged in the past few years, both among those rediscovering their past passion and those discovering it for the first time. Vintage cameras that had previously lost their value are now often worth more than they first sold for due to high demand amongst enthusiasts, students, and

collectors. Film manufacturers have even started reissuing long discontinued stocks—for example, Kodak's much-loved and recently re-released classic Ektachrome slide film. In our modern world, billions of people have access to instantaneous photography on their mobile phones, but as a result there has been a resurgent desire for a more tactile, physical, unaltered, and thus honest medium. Much of which, ironically, ends up on the internet, with photography fans and influencers sharing their images across Instagram, Flickr, YouTube, and the like. More so than with digital photography, film photography requires a sense of craft, skill, patience, technical knowledge, and a trial-and-error process that results in a greater sense of accomplishment. Old School Photography is both enlightening and humorous, and attracts a new generation of fans who are eager to experiment with film cameras, make prints, and post their film photographs online.
