*Love on the Range* - Jessica

Nelson 2012-04-03

"Any other socialite would view being packed off to a remote Oregon ranch as a punishment. But Gracelyn Riley knows that this is her opportunity to become a real reporter. If she can make her name through an interview with the elusive hero known as Striker, then she'll never have to depend on

anyone ever again. Rancher Trevor Cruz can't believe his secret identity is being endangered by an overly chatty city girl. But if there's one thing he knows, it's that Gracie's pretty little snooping nose is bound to get her in trouble. So he'll use her determination to find 'Striker' to keep an eye on her ... and stick close by her side"--P. [4] of cover.

attractive - but really doesn't. You see; men LACK success with women because they either don't understand what women are attracted to, or because they THINK that they do know, but have the wrong ideas and hence waste a lot of time - sometimes their entire life - chasing things they don't need. You know you have to get this book if you believe women want men with money, cars, or anything else that is manmade, because that doesn't make any sense. If women really were attracted to something unnatural, how did men meet women before any of those things were invented? The approach you'll learn in *The Manual* is very different from conventional dating and the advice you find in the mainstream media because it focuses on natural attraction - on what women REALLY want - not what they CLAIM they want or what males in general BELIEVE women want. It incorporates men's and women's socialization and explains phenomena's such as why men

think women are attracted to things such as money (yet money is a man-made invention that has not even EXISTED very long) and why women "play hard to get" (a well-known phrase which amusingly reveals that women ARE easy but only pretend not to be). This is why the beginning of the book addresses your basic beliefs and mindset, because if you learn to THINK correctly, you will automatically behave correctly around women. Even if they are so stunning they normally take your breath away, your mind goes blank, and you run out of words. You already have what it takes to seduce women. Like, if you never run out of words around your close friends or family, you should be able to talk to a hot girl without making a fool out of yourself. You are the Man!!!

everything you need to know, courtesy of the world's only major female PUA (pick-up artist), Kezia Noble! Unknown until a couple of years ago, Kezia was approached by the organisers to attend a PUA class meeting. She gave it to the other attendees straight, not caring if she offended anyone; the men took it on the chin and took her constructive criticisms on board. Within days and weeks they were trying out her suggested techniques and starting to become more successful with women. Kezia returned to the PUA classes and started to make a name for herself. Kezia Noble is the first woman to offer the aspiring pick-up artist advice on how to attract women from a woman's point of view. She now runs many classes and a workshop, and even produces corporate videos on the chemistry of attracting women. Now, in answer to requests from her students, Kezia has written a book on the 15 steps to becoming a master seducer - which will also prove an

invaluable aid to men who cannot afford her classes, who work too far away or don't have enough time. The Noble Art of Seducing Women is the first and only sure-fire pick-up guide to be written by a woman. It has the potential to transform a lonely man into someone who need never be single again . . . unless, of course, he wants to be. Kezia Noble works with her students instead of belittling them. As a sensitive and intelligent young woman, she is becoming known as the best PUA in the business...

*Building Strong Friendships* - David C. Cook 2002-09-01  
Building Strong Friendships . . . We Need Them! "Sin always tends to make us blind to our own faults," writes James Houston, quoted in the book *Connecting*. "We need a friend to stop us from deceiving ourselves that what we are doing is not so bad after all. We need a friend to help us

overcome our low-image, insulated self-importance, selfishness, pride, our deceitful nature, our dangerous fantasies. . . ." True, but there are so many other reasons we need close friends! And they are happy reasons, having nothing to do with sin and dysfunction. After all, what good is a smashing success without a close friend to share in our joy? What would a scrumptious dinner be like without a pal across the table to savor it with? And how can we ever truly know the good in ourselves unless our friend reminds us to take a second look and —especially in the times when we're so down on ourselves, blinded to the wonderful gifts God has given us. The Scripture agrees when it says: Two are better than one, because they have a good return for their work. If one falls down, his friend can help him up. But pity the man who falls and has no one to help him up! - Ecclesiastes 4:9-10 Yes, we need close friends because we often stumble and need help getting up. In short, we

need encouragement, affirmation, warmth, and smiling eyes looking back into ours. We'll never grow beyond our need for close friends, so let's learn how to create those friendships and keep them going strong.

**Cranky Pants** - Kayt Miller  
2021-02-23

Maggy Fitzgerald is happy. She works at her best friend's flower shop with the full knowledge that this is probably as good as its going to get. That is until that same friend talks her into going out to a biker bar so they can "live on the wild side" for a night. Nate Black is cranky. He has a right to be. At least that's what he thinks. Spending an evening now and then, drinking a beer with the guys EasyRiders, is one of the only things that he enjoys, sort of. Then, he meets her. A sexy, curvy woman who makes him smile. Laugh. A dangerous woman. Good thing he's an a\*\*hole because getting rid of her the next morning is easy. The hard part? Forgetting her.

*God, No!* - Penn Jillette

2012-06-05

The outspoken half of magic duo Penn & Teller presents an atheistic reinterpretation of the Ten Commandments, discussing why doubt, skepticism, and wonder should be celebrated and offering humorous stories from his own experiences.

**Nordau to NASDAQ** - Miryam Yağil 2012

So how much are we worth, in your opinion? I asked. Just in case someone, maybe you, wants to buy us tomorrow morning, how much are we worth? Rick Gardner, obviously delighting in the wine's clarity as he held it up against the light, replied, In my estimation, New Dimension is worth six hundred, maybe six hundred and twenty million dollars. Then he laughed, and emptied his glass. This exchange, which took place in a meeting in Germany, marks a turning point in the history of The New Dimension Software, one of the most successful software companies in Israel in 1999 which was subsequently sold to Texas-based BMC Software for

675 million dollars. Nordau to NASDAQ is the moving story of Roni Einav, a pioneer entrepreneur in Israeli high-tech, whose journey to success began in the modest environments of an apartment on Tel-Aviv's Nordau Boulevard. Encouraged to believe that free enterprise, determination and perseverance are the keys to real achievement, he started to make his way. The book exposes the power struggles, moves and bold decisions that led to the extraordinary success of The New Dimension from its earliest beginnings. Mr. Einav describes his considerable experience and raises the curtain on trade secrets: How do you recognize a good idea? How do you cope with bureaucracy or inner dissent? How do you identify or create a significant share for your software products in the global market? Where can you find financing and what can you do if you are not successful in your search? The book offers an insight into how to balance family and professional life,

and still achieve significant success. Mr. Einav, whose personal journey coincides with that of the State of Israel, has served his country in a weapons development unit, and participated in major new urban planning and construction in Iran of the Shah. Nordau to NASDAQ highlights the amazing talents, vision, leadership and dedication of one man, who played an integral role in the development of the Israeli high-tech industry, helping transform this small nation into a land of start-ups, with the largest number of companies traded on Wall Street after the U.S. and Canada.
