Sex Positions for Couples Emily Hendrix 2020-01-03 Discover the Different Sex Positions You've Most Likely Never Tried Before. Are you searching for the best sex position guide? Wondering what are the most fulfilling and satisfying sexual positions you can try on? You are not alone! In fact, everyone knows that having great sex is one of the major factors in having a successful and romantic relationship. You're about to discover the top Sex Positions that will make your partner think that you are a Sex God. Sex has always been a hush-hush subject because of outdated beliefs and such. This has led to couples getting stuck in a rut when it comes to their sex life. They don't feel that it is "right" to talk to people about their sex life. Times are changing, and more and more people are comfortable talking about their sex life, and that is a good thing. This makes sex less taboo and enables couples to expand their sex repertoire. This new awakening doesn't necessarily mean that couples will find the answer they want or need from people they talk to, though, and that's what this book is here to do. I've created this book to bring together information about sex to help those couples who are tired of the same old thing night after night. Foreplay, that's the one word most couples dread to hear. For some reason, this is where most couples fail, yet we all know how important foreplay is, especially for women. It helps to get everybody in the right mind space and get things warmed up, so to speak. That's not the only issue couples incur when it comes to their sex life. Sometimes it's simply that things have become monotonous. That's understandable, especially when you have been with your partner for a while. It's easy to stick to the same thing because you know each other likes it, or simply because it is easy. But the two of you likely feel bored and may pass on sex because of it. Things don't have to be this way, though. You can bring the spark back into your sex life, whether it's foreplay or new positions. This book is here to help show you exactly how to improve your sex. In this book, you will find: The best reasons why you should bring Kama Sutra and Tantra into your bedroom The top 50 sex positions for men and women The truth about orgasms and how to keep them coming The best sex tips for beginners Foreplay games to get things going How massages can up your sex life The best way to use dirty talk without it feeling weird or awkward I get that you might still be skeptical that this book can help improve your sex life. Even if you have tried new things to try and spice up your sex life without success, this book can teach you things that you may not have thought about. The information in this book can be applied to anybody's sex life. You'll even find that within the descriptions of various sex positions, there will be warnings, so you are guided throughout the entire process. I'm certain that if you buy this book today, you won't regret it. Even if you think you know everything discussed here, give this book a shot. It's a short, informative and entertaining read, and you may pick up some valuable tools and new ways of thinking you've never read or heard of before. Now is the time to make the decision! The Kama Sutra of Vatsyayana Vatsyayana 2021-08-29 The Kama Sutra of Vatsyayana Vatsyayana - The Kama Sutra of Vatsyayana by Richard Francis Burton is an edition of the ancient Indian text on sexuality and emotional needs. Vatsayana was an ancient Indian philosopher who lived during the second or third century. Although it is often thought of as a sex manual, it is much more, with guides on living well, the nature of love, and finding a partner. Indeed, Vatsyayana says himself: 'This work is not to be used merely as an instrument for satisfying our desires'. Burton did not in fact translate the Kama Sutra - it was translated by the Indian scholar Bhagwan Lal Indraji. It was edited by Burton to suit prevailing British attitudes to sex, but was still banned in England and the United States until 1962. Other criticisms levelled at Burton's translation is that instead of using English words for the sex organs, he uses the words 'lingam' and 'yoni', despite those words not appearing in the original work. This was seen as an attempt to distance them and make them 'other', rather than about English people's sexual organs. He also removes the agency of women, and where in the original, women's words are direct quotes, in the Burton translation, women's words are removed and put into the passive state (i.e., A woman saying 'Stop!' becomes 'She continually utters words expressive of prohibition'). Despite all this, it has been such an influential translation that even modern editions in the Hindi language are re-translations of the Burton version. The Kama Sutra is an ancient Indian Hindu text widely considered to be the standard work on human sexual behavior in Sanskrit literature written by Vatsyayana. A portion of the work consists of practical advice on sexual intercourse. It is largely in prose, with many inserted anustubh poetry verses. "Kama" which is one of the four goals of Hindu life, means desire including sexual desire the latter being the subject of the textbook, and "sutra" literally means a thread or line that holds things together, and more metaphorically refers to an aphorism (or line, rule, formula), or a collection of such aphorisms in the form of a manual. Contrary to popular perception, especially in the western world, Kama sutra is not exclusively a sex manual; it presents itself as a guide to a virtuous and gracious living that discusses the nature of love, family life and other aspects pertaining to pleasure oriented faculties of human life.

Sex Positions Handbook for Adults Nancy Emily 2022-10-25 SEX POSITIONS HANDBOOK FOR ADULTS:40 BEST SEX POSITIONS GUIDE After reading this book, you can perform 40 Kama Sutra postures with a partner. You can choose how to approach them, and if you want to change things up, go ahead. It is best to alternate between positions that differ in who experiences the greatest feelings of pleasure and who exerts the greatest amount of energy or weight. Since the required level of effort varies, it is frequently best to start in a position that is more cooperative and simple before moving on to one that demands more effort. In addition, despite what many films or pornographic images might have you believe, once you reach that stage, you do not necessarily need to have continuous penetration till climax. Following a pause, coreplay, foreplay, or even brief touching is perfectly enjoyable. The most important thing is that you behave in a way that makes you feel happy. Above all, the Kama Sutra should be fun, but occasionally fun can be lost if there is too much strain or effort placed into having beautiful sex or intercourse that results in pelvis-shattering orgasms. If you realize that you are not enjoying it, stop. Positions are not created with a one-size-fits-all philosophy, and not every person will be suited for them. If you find that you are unpleasant for psychological reasons when performing any of these postures, there may be something you need to focus on. At the very least, you should feel comfortable doing any of these postures. Above all, keep in mind that during your amorous activities, you should love one another and become closer.
