Full length novel. No cliffhangers. Features a vampire who knows how to suck! I have to sell myself to the vampires. I know it's not safe, but there's no other option. Not for the amount of money I need. It's either become a blood courtesan or watch my mom die while we lose the only home I've ever known. So I leap before I look

and soon I'm sharing a bed with vampire Kristos Anastos. He's hot, rich and his fangs hurt so good. The courtesan thing is better than I thought it would be...until bullets start to fly. Kristos believes he's the target, but it soon becomes clear it's not him they're after. It's me. And if I want to live, I'd better figure out why. I thought I was just a college student, a good kid raised by a single mom down on her luck, but I

have secrets even I don't know about. Blood is money and mine may be worth the most of all. What readers say... "Kept me turning the pages to see what twists and turns were going to happen next . ABSOLUTELY LOVE the intriguing intricacies of her creative writing about the vampires." "Please make more vampire books like this I loved it. What I like about this book is there is a good story behind it. Its not just vampires killing humans. I love when there is that one vampire that falls so in life with a human woman that he will risk his own life for her and go against his own rules just to save her and keep her for himself. And this book gives us readers that and more. If you have not read this book read it!!! This book was so good I loved it!" "Incredibly likable characters. Snarky dialogue. Adventure. Gunfire. Vile bad guys. Smoldering hot hero. Funny, sweet heroine. Kidnapping. Daring rescues. Steamy sex. Happy ending. This story has it all. Loved it!" (NOTE: Previously published as

Blood Struck and revised and expanded in this new edition for an even more fangalicious read)

Sex in a Dream - D. Amin
2021-05-12

This book is a dream of desires and fear of the worst thing that can happen to a person, and a wonderful moment to make you want everything you can have, with a twist of love and abuse that will make one want to give up. However, it also makes you want to fight for what is rightly yours, and you will subdue anything to get it back by standing through it all and whatever a thing or person can cast your way, but it comes at a price that will change your thinking for the best or for the worst in you. Lisa endured all she could from Duncan, a hybrid vampire she came to love, knowing the difference of the two Duncans, her childhood friend and the beast, keeping the secret to herself with the hate she also carried for them. It will make you want to rethink your life for what is yours and sometimes forsake it altogether for the dark blood.

In a dream, anything is possible as it is filled with things and wants that come true and the feeling of such. Duncan, her childhood friend, comes to Lisa telling her it is a dream and she could do anything she wants in it and leaves her as he wakes for the day, and Lisa sleeps and forgets what he said and becomes more of her dreams than life outside it. Duncan, her childhood friend, loved Lisa since he could understand it, seeing the twins, Kisha, the oldest, and Lisa. He loved them, but they never came together in life but played as children. As time goes on, they grow apart in the same world of school and in the neighborhood, but they never come together.

Oxford Blood - Georgiana Derwent 2012-10-01

A 2013 Amazon Breakthrough Novel Award Quarter-Finalist. The Paranormal Romance Guild say - "Georgiana Derwent has managed to merge the world of Oxford University, with its rich history and very British traditions with a totally entertaining and plausible vampire story. This is going to be a favourite series." A Tale of the Posh, the Privileged and the Paranormal... The Cavaliers are the most elite society at Oxford University - rich, powerful, and beautiful. No one realises that they are no ordinary students, but a group of aristocratic vampires from the English Civil War. For four hundred years they have groomed the most promising students to run the government, police, and finance in the way the vampires wish, granting them eternal life in return for absolute obedience. When

Harriet French arrives at Oxford University from her working class northern state school, she's prepared for a culture shock, but not to become embroiled in the Cavaliers' scheming and bloodlust. Harriet thought she'd be busy enough juggling her demanding tutor, new friends, and the murky world of student politics. But now, she must find the rebel vampire who is killing off the members, stop the Cavaliers from orchestrating a massacre of the year's most beautiful and successful students, and defy the Society to be with the man of her dreams. *Oxford Blood* is a British, adult, paranormal romance. It's a tale with vampires that aren't afraid to kill and a heroine who's not afraid of sex or her own ambition. ABOUT THE AUTHOR Georgiana Derwent read History at Oxford University. Aside from the vampires, *The Cavaliers Series* is an exaggerated but fairly accurate portrayal of her time there. She now works in London and lives with her

fiance. He's been very supportive throughout the writing of her books, mainly because he likes to claim that all the most attractive characters are based on him. Georgiana fell in love with vampire novels after reading "The Vampire Diaries" back in 2000. At the time it was a struggle to find any similar paranormal romances, a situation that it's fair to say seems to have been rectified in the last few years. She now loves paranormal series such as True Blood, fantasy novels, and modern literary works in roughly equal measure. Ever since her teens, she wanted to write a vampire series. Ever since going to Oxford she wanted to write a book about her experiences there. During a dull few months between finishing university and starting her graduate job, she had the idea of combining the two and "The Cavaliers Series" was born.

Blood Vine Series Box Set - Amber Belledene 2014-12-23
The three book box set of The Blood Vine Series by Amber

Belledene includes Blood Vine, Blood Entangled, Blood Reunited, and the short Blood Eternal. Blood Vine: In Blood Vine, bites are an inconvenient bliss, exiled vampires are wasting away, and the fate of their kind depends on the perfect PR campaign. When public relations pro Zoey Porter arrives at an enchanting California winery, she discovers her sexy new client is the almost one-night stand she can't forget. After her husband's suicide, Zoey has vowed never to risk her heart again. But can she walk away from the intriguing winemaker a second time? Driven from Croatia by his ancient foes, vampire Andre Maras has finally made a blood-like wine to cure his fellow refugees. Now he needs Zoey's PR expertise to reach them. After his wife's death, Andre has a vow of his ownâ€”never to risk another painful blood bond. And one taste of the tempting Zoey would bind him to her eternally. His secrets stall her PR plans. Her jealousy is stoked by the blissed-out

beauties leaving his bedroom. At every turn, he utterly fails to resist her. When she discovers he is a vampire, will she be lost to the golden-eyed Hunters, or lose herself to the emptiness in her heart, before she can help him save his kind? Blood Entangled : Kos Maras's orderly life is in shambles--he must distribute Blood Vine to a population of ailing vampires, but Hunters block him at every turn. To make matters worse, each night he watches over a temptingly beautiful woman sleeping in his bed. He is convinced love cannot last a vampire-long lifetime and an entanglement will only cause them grief, but he doesn't have the heart to send her away. From a long line of blood servants, Lena Isaakson is destined to serve a vampire, but a string of humiliating rejections thwarts her pleasure. When Kos shows her kindness, she hopes he will claim her. Instead he proves himself a coward in the face of love and sends her to serve another. Will the dark seduction of a rakish new

vampire finally bring Lena the pleasure she desires or deliver her into the hands of Hunters who want to destroy everything the Maras family has worked for? Blood Reunited: Brooding vampire halfling and biologist Bel Maras is determined to create a cure for the wasting disease that plagues his vampire family. His work becomes essential as the Hunters intensify their global and bloody campaign. When Bel's cure fails, only his ancient and estranged godmother Uta Ilirije can help. But seeing the ice-cold Uta reveals something shocking--she is his bonded mate. She may be a dangerous warrior, but Uta feels her failures acutely. She has been unable to protect her kind from Hunters, and vampires are dying out. Worse, she tied Bel to her long ago in an accident of blood, then abandoned him for his own good--a choice he has never forgiven. Many days, she is convinced Bel and the vampires would be better off if she just walked into the sun. Biology has fated them to be mates. Now these old enemies

must overcome their past to save the vampires and come to peace with the bond they never chose.

Out for Blood - Breanne Fahs
2016-09-30

Frames menstruation as a site of resistance, defiance, and shamelessness, showcasing the work of those who fight back against shame and silence.

Winner of the 2017

Distinguished Publication

Award presented by the Association for Women in Psychology

Transporting the reader to worlds in which Komodo dragons prey on menstruating women, artists prowl the streets of Spain in blood-stained pants, and the myths of women bleeding in synchrony with each other are drawn and redrawn, these eleven essays on menstruation and resistance evoke thought-provoking tensions between silence and confrontation, shame and rebellion, and compliance and disobedience. Fusing together gender and feminist theory, critical body studies, political activism, and menstrual anarchy, Breanne

Fahs illuminates the troubling omissions of menstrual coming-of-age narratives in the museum, the outdated terminology of “feminine hygiene,” and the moral panics about blood that erupts from in and outside of our bathrooms, classrooms, and cell phones. Borrowing from a multitude of voices—single moms, trans teenagers, zine makers, menstrual artists, college students, tour guides, French philosophers, and culture jammers—Fahs forcefully argues for a new culture of menstruation, one where the joys, rhythms, and controversies of menstrual cycles collides with the defiant, shameless, and bold new possibilities of menstrual resistance. Breanne Fahs is Associate Professor of Women and Gender Studies at Arizona State University. She is the author of *Performing Sex: The Making and Unmaking of Women’s Erotic Lives*, also published by SUNY Press, *Valerie Solanas: The Defiant Life of the Woman Who Wrote SCUM (and Shot Andy Warhol)*,

[Blood, Land, and Sex](#) - Lyda Favali 2003-06-18

In Eritrea, state, traditional, and religious laws equally prevail, but any of these legal systems may be put into play

depending upon the individual or individuals involved in a legal dispute. Because of conflicting laws, it has been difficult for Eritreans to come to a consensus on what constitutes their legal system. In *Blood, Land, and Sex*, Lyda Favali and Roy Pateman examine the roles of the state, ethnic groups, religious groups, and the international community in several key areas of Eritrean law -- blood feud or murder, land tenure, gender relations (marriage, prostitution, rape), and female genital surgery. Favali and

Pateman explore the intersections of the various laws and discuss how change can be brought to communities where legal ambiguity prevails, often to the grave harm of women and other powerless individuals. This significant book focuses on how Eritrea and other newly emerging democracies might build pluralist legal systems that will be acceptable to an ethnically and religiously diverse population.
