

Civilizing Sex On Chastity And The Common Good

First Things - 2002-06

From Women's Experience to
Feminist Theology - Linda
Hogan 2016-10-06

What are the implications of adopting a primacy of praxis position in feminist theology? How can we respect the diversity of women's experience while retaining it as a useful analytic category? Do these twin resources of women's experience and praxis together imply that feminist theology is ultimately relativist? Through an analysis of the work of some of today's key feminist theologians - Christian, womanist and post-Christian - Linda Hogan considers these and other methodological questions.

Biblical Captivity - Robert
Kimball Shinkoskey 2012-09-11
Early literary man learned that

free speech and free labor were frequently suppressed or obliterated by powerful governments in the Near Eastern world. This is the source of the Bible's passionate interest in liberation from political and economic repression. Moses and his people in Egypt, for example, experienced the rapid disintegration of their traditional right to religious liberty and self-directed labor. They attempted to rectify the situation at Sinai and in Canaan. Mesopotamians and Egyptians, Greeks, Sicilians, and Romans labored against tyranny as well. Robert Kimball Shinkoskey focuses on stories, laws, and movements dealing with the problem of political idolatry in the ancient world. His purpose is to show that the Bible is a civic narrative as

much as a religious one, and that the Ten Commandments are articles in a constitutional law system that promotes the steady rule of law rather than the capricious rule of man.

Flame of Yahweh - Richard M. Davidson 2007

The Flame of Yahweh offers a thorough exploration of gender relationships and sexual activity in the Old Testament. Topics include sexuality in Eden, the elevation vs. the denigration of women, exclusivity vs. adultery and pre-marital sex, permanence vs. divorce and remarriage, intimacy vs. incest, and sexuality in the Song of Songs.

The Great Life - Michael J. Aquilina 2005

The great life is the Catholic life. This collection of essays presents the answer of faith to many questions of our culture. It is an invitation not only to know the Faith but also to love, live, and teach it from the heart of the Church.

Vocation to Virtue - Kent Lasnoski 2022-08-05

Vocation to Virtue seeks to answer a perennial difficulty in

the Catholic theology of marriage: how do the practice and bond of marriage lead to Christian perfection in spouses and their children? If the Second Vatican Council is correct in saying that all in the church are called to Christian perfection, we need an account of how those consecrated in the sacrament of marriage can fulfill that vocation. If the perfection of charity consists in Christ himself, then couples must imitate Christ. But how? If Christ is the poor, chaste, and obedient bridegroom of the church, then spouses achieve holiness inasmuch as they participate in Christ's own virtues: poverty, chastity, and obedience. The thesis is that the language of the evangelical virtues (poverty, chastity, and obedience), a rule of life, and robust preparation (maybe a novitiate) belongs as properly to marriage as to consecrated religious life. Both states are specifications of a common baptismal consecration to Christ himself. Lasnoski seeks to establish this fact and constructively apply this

language to conjugal life. The book begins by explaining our marriage crisis and theological paradigms for speaking about Christian marriage as "relationship" or as "practice," and considers modern scholarly attempts to relate conjugal life and consecrated religious life. The book then offers a theological groundwork in Christ and the Trinity for a deeper, noncompetitive relationship between the consecrated religious life and married life. It offers an Augustinian account of the relationship between marriage and consecrated life, and develops the ecclesial connection between the states with recourse to John's Gospel, which sees Christian life in terms of "householding." The church's tradition has a dialogical relationship between the consecrated and married - a mutual sharing of both "monastic" and "domestic" language. The final chapter develops practices of Christian householding for conjugal life using the language of poverty,

chastity, and obedience, a rule of life, and a kind of novitiate preparation.

The Good Girl's Guide to Great Sex - Sheila Wray

Gregoire 2012-03-06

Candid and contemporary, this book gives you a Christian place to turn for answers to your most intimate--and embarrassing--questions.

Billions of people have had sex. Far fewer have made love. In *The Good Girl's Guide to Great Sex*, author Sheila Wray Gregoire helps women see how sexual intimacy was designed to be physically stupendous but also incredibly intimate.

Whether you're about to walk down the aisle, newly married, or you've been married for decades, *The Good Girl's Guide to Great Sex* will lead you on a wonderful journey of discovery toward the amazing sex life God designed you for. With humor, research, and lots of anecdotes, author Sheila Wray Gregoire helps women see how our culture's version of sex, which concentrates on the physical above all else, makes sex shallow. God, on the other

hand, intended sex to unite us physically, emotionally, and spiritually. Gregoire walks through these three aspects of sex, showing how to make each amazing, and how to overcome the roadblocks in each area we often encounter. Drawing on survey results from over 2,000 people, she also includes lots of voices from other Good Girls, giving insight into how other women have learned to truly enjoy sex in marriage.

Humanae Vitae, 50 Years Later - Charles J. Chaput 2019

"Experts representing a variety of disciplines including history, culture, theology, medicine, law, and psychology reflect upon the Catholic Church's teachings on marriage and licit methods for the regulation of births, on the occasion of the 50th anniversary of the papal document *Humanae vitae*.

Includes selected bibliography"--

True Sexual Morality - Daniel R. Heimbach 2004-11-09

Daniel Heimbach examines the biblical teachings on sexual morality as well as four counterfeit views that have

crept into our "sexually revolutionized" society. He gives us an in-depth look at the moral relativism that has spread through our culture and opens our eyes to the effects that nonbiblical sexual choices have on individuals, the family, the church, and the culture.

An A-Z of Feminist Theology - Lisa Isherwood 2016-10-06

This exciting volume brings together a wide range of perspectives on one of the most important and challenging areas of modern theology.

There are entries on all the major themes of Christian feminist theology, including models of God and of the Church, ethics and spirituality, sexuality and liberation. Many of the entries push their respective discussions beyond the rigid boundaries of previous theological discourse. Together they present the far-reaching concerns of feminist theology in an accessible and stimulating way. The compendium is both a resource and an inspiration for scholars and students of feminist theology and for all those who

are interested in this field of reflection and activity.

The Spirit of Witness - Martyn Percy 2023-02-28

The term 'witness' has become synonymous with evangelism, but true witnessing is usually found in dissenting: it refuses to bow to idols, or to take the easy road, or deny Christ and all he died for. This collection is rooted in that belief that having the mind of Christ means we will do things differently. It offers practical resources for pastoral care that celebrates people on the margins of the church, and provides liturgies for those who suffer racism or injustice, who experience tragedy and loss, who raise their voices in protest or lament, and more. These texts do not carry the stamp of approval of any church body, but will bring the light of the gospel where it is needed. Arranged in six sections, it includes contributions from well-known and new voices covering the themes of: • Witness in Ordinary Time • Communion • Birth and Baptism • United in

Love • Suffering Presence • Death and Resurrection

Defining the New Testament Logia on Divorce and Remarriage in a Pluralistic Context - Yordan Kalev Zhekov 2009-01-01

Christian marriage is a permanent union which requires the commitment of both spouses for its maintenance through fulfillment of its stipulations. The failure of the fulfillment of the latter provides legitimate grounds for divorce and remarriage of the innocent party. This work employs a fourfold approach for the development of NT ethical argumentation based on Richard B. Hays' Moral Vision of the New Testament. The author establishes the proper contextual grounds for the NT study through formulation of the Old Testament perspective on marriage as covenant. The relevant NT passages are examined through historical-critical and narrative-critical methods. A critical study of the main Christian traditions leads to an ecumenical formulation

of the theological conclusions. Pragmatic implementation of the thesis follows an examination of the contemporary pluralistic context and applications in both Christian communities and the larger society within its legislative system.

Civilizing Sex - Dr. Patrick Riley 2018

"Patrick Riley explores the Judeo-Christian tradition from its origins as well as the struggle of pagan Rome to restore stable families. He shows how marriage came to contain the force of sexuality, to harness its energies both to create and serve the family, and the well being of wider communities. The idea that sex is entirely a private issue is an error Dr. Riley argues, with potentially disastrous consequences, both for the individual and societies."-- Bloomsbury Publishing.

Civilizing Sex - Patrick Riley 2016-10-06

A fascinating account of the role of sex as a civilizing force in the west, this lucid and compelling book contends that

keeping sex within marriage is essential for the well-being of any society. Riley explores the Judaean-Christian tradition on marriage and sexuality and shows how marriage came to contain the force of sexuality, harnessing its energies to serve both the family and the wider community. He argues that the idea that sex is entirely a private issue is an error with potentially disastrous consequences both for the individual and for society.

A Wild Constraint - Jenny Taylor 2008-01-01

Forms an argument for chastity based on the negative consequences of sexual freedom on society and people, and explains why the church needs to change its new position against chastity.

How Christianity Saved Civilization - Mike Aquilina 2019-01-10

Ancient Rome's brutal culture exploited the weak and considered human life expendable. Women were used as property; unwanted children were left on the streets to die.

Four centuries later, even ordinary men and women prospered in what had become a vigorous new Christian society - a society that served the vulnerable, exalted women, treasured virtue, and loved peace. Faith had triumphed. Truth was proclaimed. And on this rock-solid foundation, Christian society flourished in the West for the next 1500 years. These eye-opening pages document the many ways in which Christians penetrated and civilized that debased Roman empire, introducing then-radical notions such as the equal dignity of women, respect for life, protection of the weak and vulnerable, and the obligation of rulers to serve those they rule and maximize their freedom. Here you'll learn about the seven specific areas where any paganism, ancient or modern, is particularly vulnerable. They provide a roadmap for modern Christians to reclaim for the Faith our own neo-pagan modern culture. Facing an overwhelmingly dark and hostile culture, Rome's early

Christians took the steps necessary to transform it. Their struggles and the hard lessons they learned - documented here - afford us hope that, by imitating their example, we may do the same for our culture today.

That They May be Many - Ann Kirkus Wetherilt 2016-10-06
The relationship of 'The Word' to notions of unity and oneness has often served as a tool of tyranny and oppression in Christian history. Static, authoritarian religious institutions have formed and developed the central tenets of their faith, excluding from participation the voices of those who do not mirror the reality of the power brokers - overwhelmingly white, Western, heterosexual and male. Yet other voices have continually emerged in multiple locations to challenge the hegemony of 'The Word' and to claim authority and agency in the struggle for basic rights and justice. Some of these voices are explicitly religious, others not. All challenge the adequacy of a

unilateral 'Word' to embody the dynamic and all-encompassing movement of the sacred in the world. This book suggests that a metaphor of 'voices' provides possibility for the intercourse of many diverse expressions of holy power in the world without insisting upon either a primal or an ultimate oneness. The implications of this shift are many. The sources where such revelations of the divine appear are broadened to include many texts not traditionally seen as theological. Conceptions of community are revolutionized, to include not only groupings of like-minded individuals coming together for support and nourishment, but also coalitions of diverse persons, who share no particular social or cultural identity but rather their commitment to work together for a more just world. Traditional theological categories are renamed and redefined, as their original definition and subsequent development are disclosed as limiting and inadequate. And the God whom we have been

told is One is revealed as many-faceted and articulate, speaking through and among a radical multiplicity of created and creative beings who struggle together to live authentically in the world.

The Salt of the Earth - Martyn Percy 2016-10-06

This is a sparkling collection of essays by one of Britain's best-known and acute commentators of the church scene and of contemporary religious life. Martyn Percy explores new liberalism, the churches and human rights in the European Union, football and religion, pilgrimage, demonology, common spirituality, religious attitudes to nudity, and the relationship between religion and advertising. The argument running throughout this book is that despite claims--and the appearance--of increasing secularity, the influence of religious themes and values on our everyday life remains pervasive.

Dictionary of Christian Spirituality - Zondervan, 2016-11-22

In recent decades Christian spirituality, spiritual formation and spiritual theology have become important concepts in the global evangelical community. Consequently, an accessible and reliable academic resource is needed on these topics—one that will offer a discerning orientation to the wealth of ecumenical resources available while still highlighting the distinct heritage and affirming the core grace-centered values of classic evangelical spirituality. The Dictionary of Christian Spirituality reflects an overarching interpretive framework for evangelical spiritual formation: a holistic and grace-filled spirituality that encompasses relational (connecting), transformational (becoming), and vocational (doing) dynamics. At the same time, contributors respectfully acknowledge the differences between Reformed, Holiness, and Pentecostal paradigms of

the spiritual life. And, by bringing together writers from around the world who share a common orthodoxy, this reference work is truly global and international in both its topical scope and contributors. Entries give appropriate attention to concepts, concerns, and formative figures in the evangelical tradition of spirituality that other reference work neglect. They offer a discerning orientation to the wealth of ecumenical resources available, exploring the similarities and differences between Christianity and alternate spiritualities without lapsing into relativism. The Dictionary of Christian Spirituality is a resource that covers a wide range of topics relating to Christian spirituality and is biblically engaged, accessible, and relevant for all contemporary Christians. [Heythrop Journal](#) - 2003 A select book list appears quarterly.
