Salud Mental y Adolescencia Alejandro Sarmiento 2023-10-10 La adolescencia es una de las etapas más importantes en el desarrollo de las personas, que marca el paso de la niñez a la adultez. Suele estar marcada por importantes cambios tanto para los adolescentes que se preparan para lanzarse al mundo, como para sus padres que muchas veces quedan desorientados al ver a sus hijos tan diferentes. Durante este período surgen diversos riesgos, pero también se presentan oportunidades tanto para los jóvenes como para los adultos. Esta guía ofrece un recorrido por los temas clave de la adolescencia y sintetiza algunos aspectos teóricos y prácticos con la intención de que puedan servirles tanto a padres como a líderes y pastores, a fin de favorecer que los adolescentes puedan alcanzar un desarrollo saludable y pleno, con énfasis en la prevención y promoción de la salud.

Aprender entre imágenes y pantallas. XXIX Jornadas Internacionales Universitarias de Tecnología Educativa Gallardo Fernández, Isabel María 2023-03-09 Las Jornadas Internacionales Universitarias de Tecnología Educativa (JUTE 2022) forman parte de las actividades de la red académica RUTE (Red Universitaria de Tecnología Educativa) y su XXIX edición se celebró en la Universitat de València los días 15, 16 y 17 de junio de 2022. Las JUTE 2022 tienen como lema Aprender entre imágenes y pantallas, con el cual se abre un espacio de reflexión y debate sobre las posibilidades que ofrecen los medios digitales para promover una ciudadanía diversa e inclusiva. Los más jóvenes viven y disfrutan intensamente de la iconosfera en la que

adquieren nuevos patrones culturales y cognitivos. De modo que cabe preguntarse, ¿qué estrategias de aprendizaje adquieren en la sobreexposición a tantas imágenes y pantallas? Aprender entre imágenes y pantallas es también un reto para los docentes y demás profesionales que les invita a aprender a mirar y a ponerse en el lugar de quienes viven frente a ellas. Solo así se llegará a comprender sus emociones y su relación con los medios digitales desde el debate sobre los últimos avances en la investigación. Las JUTE 2022 se dirigen a ese conjunto amplio de profesionales con distintos perfiles formativos y responsabilidades, tienen relación con las generaciones socializadas en el entorno audiovisual. A todo el conjunto hacemos extensiva la invitación a participar, de forma presencial o en la modalidad virtual, en esta convocatoria ya sea con sus aportaciones en forma de comunicación o con la palabra en las sesiones presenciales.

The State of the World's Children 2019 United Nations 2019-10-15 This report examines nutrition, providing a fresh perspective on a rapidly evolving challenge. Despite progress in the past two decades, around 200 million under-fives suffer from undernutrition. Adding to this toll is rising obesity, which affects 38 million children. All these forms of malnutrition threaten children's development, while obesity is creating a lifelong legacy of disease. At the heart of this evolving challenge is a global shift towards modern diets that do not meet children's nutritional requirements. The report provides unique data and analysis of malnutrition in the 21st century and outlines recommendations to put children's needs at the heart of global and national food systems.

¿Por qué el celibato?: Reclamando la paternidad del sacerdote Fr.

Carter Griffin 2019-09-01 "La Iglesia hoy en día exige una renovación profunda del sacerdocio célibe y de su paternidad a la cual está orientada." Algunos dicen que el celibato sacerdotal es una reliquia anticuada de otra época. Otros lo ven como una vida solitaria. Pero como lo expone el P. Carter Griffin en ¿Por qué el celibato?: Reclamando la paternidad del sacerdote, esta antigua práctica del celibato, cuando se vive bien, le ayuda al sacerdote a ejercer su paternidad espiritual con alegría y con muchos frutos. A lo largo de su exposición, el P. Griffin explora: la cuestión del celibato opcional los desafíos de la paternidad célibe la elección y formación de los candidatos para el sacerdocio célibe por qué los padres biológicos también están llamados a la paternidad espiritual el poderoso impacto que tiene el celibato en la Iglesia y en toda la cultura En este momento crítico para el sacerdocio católico, el P. Griffin ofrece luz y esperanza con una nueva perspectiva de la sabiduría perene de la Iglesia en torno al celibato.

Building the Bonds of Attachment Daniel A. Hughes
2017-06-15 An invaluable resource for students and professionals as well as parents, this text offers a composite case study of one child's development following years of abuse and neglect. Blending theory and research into a powerful narrative, Hughes offers effective strategies for facilitating attachment in children who have experienced serious trauma.

The 6 Needs of Every Child Amy Elizabeth Olrick 2020-06-09

Like most parents, Amy and Jeffrey Olrick left the hospital with their first child desperate to know, "What do we do?" But years of parenting three kids and Jeffrey's work as a child psychologist convinced them to ask a better question: "How shall I be with this new person?" In a culture obsessed with parenting formulas, it's easy to miss the fact that science and lived experience have proven that human development and thriving are a matter of relationship. Drawing on decades of psychological research, neuroscience, and their own experience as parents and people of faith, the Olricks present six relational needs for human growth that will transform the way you think about your child--and

yourself. Together, the needs form a trustworthy compass to guide you and your child to a path of purpose and relational wholeness. For parents who feel pulled in a hundred directions, dizzyed by the volume of clashing strategies, and jaded by the parenting programs that complicated their own childhoods, *The 6 Needs of Every Child* is a groundbreaking roadmap integrating the science of connection with practical tools. You'll be equipped with: An in-depth look at the six essentials your child needs to thrive Tools to use when you feel stuck The secret to secure connection with your child Self-assessment tools to discern your unique parenting style More than a parenting guide, this book is your invitation to break free from the myth of perfect parenting and embrace your child's long journey of growth. With insight, humor, and compassion, it calls parents to discover the power of being imperfectly present with their children, developing mental, emotional, and spiritual resilience that will sustain them for a lifetime.

Stress and Anxiety Management & Alcohol Addiction Charlie Mason 2021-03-02 Stress And Anxiety Management & Alcohol Addiction Stress And Anxiety Management: Are you suffering from stress, anxiety, or panic attacks and are looking for a lasting solution? You have come to the right place! This book seeks to equip you with understanding and techniques to help you shift your thinking so that you can better respond to negative emotions. The solution is not out there—it is right inside of you, and this book seeks to help you activate it. The good news here is that stress and anxiety management does not have to be a daunting task. Herein you will find techniques that you can practice anywhere—be it at home, in the office, or even while traveling. CBT is your permanent stress solution—guiding you on how to alter your thinking and perceptions so that you can face life's situations without worrying yourself sick, literally. Coping with stress has never been easier. The book includes topics on stress/anxiety management, resetting body and mind for optimum

mental health, stopping panic attacks, relaxation techniques, healing from tragedy, and so on. This book is backed by comprehensive research on the factors that affect stress and anxiety as well as the remedies that different people have tried—with both positive and negative results. CBT has produced consistent positive and long-lasting results, and the same is in store for you once you acquire this book. Alcohol Addiction: Alcohol is a wonderful thing. It can be used for celebrations, both good and bad! It can be used to toast to someone's good fortune or hope for a better future. It can be used in an expression of undying love or simply to enjoy a relaxing moment at the end of a difficult work week. But alcohol can be an evil thing, also. Alcohol can cause brain damage, heart problems, and strokes. Alcohol can lead to liver damage. Alcohol can lead to drunken driving accidents and even death. Why alcohol is such a problem for some people and not for others still remains a mystery. But the fact is that alcohol is such a problem for some people that it can have life-threatening consequences. These people are called alcoholics, and this book was written for them. The alcoholic has a disease called alcoholism, and like anyone else with a disease, they need help. This book is the consummate guide for anyone who is finally ready to admit to the problems that alcoholism brings and is ready to accept the help needed to begin recovery. From learning exactly what alcoholism is and how it begins to learning the benefits of quitting, no topic is off limits. We will discuss how one person's alcohol addiction affects the remainder of the family and how family dynamics shift to accommodate the alcoholic. We will talk about the enabler and what they mean to the alcoholic. We will discuss the best ways to quit drinking and the pros and cons of each method. We will talk about recovery plans and the importance of having people available that will assist in the path to recovery. And there will be tips on ways to enjoy life now that alcohol is no longer a problem!

Love Is a Decision Gary Smalley 2000-12-30 Proven techniques

to keep your marriage alive and lively from marriage expert Gary Smalley. More than 150K in print In this practical book, family counselor and best-selling author Gary Smalley, with John Trent, reveals a simple yet profound plan for a marriage of depth, warmth, and excitement. Guide your marriage for a lifetime by learning how to make your spouse feel truly honored, keep courtship alive, rebuild trust, and become best friends with your family. According to Smalley, good marriages are no accident. And deciding to love-in the practical ways outlined here-can result in relationships that are tougher than tough times. Love is a Decision is also available in Spanish, El amore s una decision.

The Key to Your Child's Heart Gary Smalley 1995-09-27 A repeat bestseller for two decades, this child-rearing classic cuts to the heart of the anger and alienation that mar so many modern homes. In this ultimately practical book, Gary Smalley outlines effective steps for parents to open up a child that has shut them out. He describes family-tested ways for parents to set limits and enforce them, and he reveals the simple but powerful secret for achieving a close-knit family. Learn proven parenting methods that can spell the difference between an angry, rebellious, distant child and a happy, cooperative one.

Modern Families Susan Golombok 2015-03-12 This book provides an expert view of research on parenting and child development in new family forms.

Claves para una Saludable Sexualidad de Tus Hijos Chrystal De Freitas 1999 Este libro es una verdadera ayuda para los padres que se ven enfrentados al momento en que sus hijos comienzan a interesarse por la sexualidad. Para eso, deben estar preparados y dar respuestas claras sobre los temas más reales que se viven en torno a este tema. El libro se enfocará en que la enseñanza sexual que se le entrega a los jóvenes debe ser entregada en primera instancia por los padres, porque son ellos los encargados de traspasar los valores de la familia a sus hijos y

por ello deben estar alertos en los mensajes que los jóvenes reciben día a día que los pueden llevar por el camino errado. Es por esto que la autora nos entrega una serie de capítulos que ayudarán a los padres a orientarse a cerca de este tema importante en la formación del criterio de los jóvenes.

Parenting for a Digital Future Sonia Livingstone 2020 "In the decades it takes to bring up a child, parents face challenges that are both helped and hindered by the fact that they are living through a period of unprecedented digital innovation. Drawing on extensive research with diverse parents, this book reveals how digital technologies give personal and political parenting struggles a distinctive character, as parents determine how to forge new territory with little precedent, or support. The book reveals the pincer movement of parenting in late modernity. Parents are both more burdened with responsibilities and charged with respecting the agency of their child-leaving much to negotiate in today's "democratic" families. The book charts how parents now often enact authority and values through digital technologies-as "screen time," games, or social media become ways of both being together and setting boundaries. The authors show how digital technologies introduce both valued opportunities and new sources of risk. To light their way, parents comb through the hazy memories of their own childhoods and look toward varied imagined futures. This results in deeply diverse parenting in the present, as parents move between embracing, resisting, or balancing the role of technology in their own and their children's lives. This book moves beyond the panicky headlines to offer a deeply researched exploration of what it means to parent in a period of significant social and technological change. Drawing on qualitative and quantitative research in the United Kingdom, the book offers conclusions and insights relevant to parents, policymakers, educators, and researchers everywhere"--

Digital Parenting Guide to Technology Jennifer Geller 2018-11-26

Savvy Cyber Kids is focused on educating and empowering today's digital citizens to make smart decisions as they grow up with technology. What is the best way to reach children? Through their parents and teachers of course! You can feel confident that by using the tools provided here, you will help your children make smart digital decisions. Given all of the dangers inherent in a digital world, it may be tempting to ban your children from games and social media. No engaging means no trouble, right? But that is not a reality in today's world, where all kids want to do (even toddlers!) is play games on your phone or tablet and social media is a key way tweens and teens socialize and spend their time. Instead of saying no to each request, use each new app, game, or social media request as a teachable moment with your child. Like it or not, you are parenting Digital Natives, young people born into a world that is, if not defined by tech, then certainly surrounded by technology in ever-evolving ways. This means, you are a Digital Parent. From the Savvy Cyber Kids point-of-view we--parents, grandparents, educators and any adult who cares for a young person--have a responsibility to raise cyber aware kids. Their safety, if not their lives, depends on it. And their reputation and their ability to not make negative decisions that will impact the rest of their lives depends on it, too.

Advances in Family Research J. J. Hox 1995 The book is organized in three sections: child rearing, parenting, and measurement and analysis issues.

The Christian Parenting Handbook Scott Turansky 2013-04-29 With advice on parenting coming from several angles, what do you listen to and what do you ignore? Develop your own biblical philosophy of parenting and use it to filter the many ideas that come your way. In this book you'll learn how to: Identify character qualities to address problems Build internal motivation Transfer responsibility for change to the child Teach kids to be solvers instead of whiners Use creativity to teach your kids spiritual truths Avoid the "boxing ring" Envision a positive future

And much more! With these strategies you'll be able to move from behavior modification to a heart-based approach to parenting. Instead of relying on rewards, incentives, threats, and punishment, you'll learn how to identify heart lessons to teach your child and implement them in practical ways. The Christian Parenting Handbook by Dr. Scott Turansky and Joanne Miller, founders of the National Center for Biblical Parenting, compiles fifty parenting principles that use heart-based strategies to teach you how to face daily challenges. When parents focus on the heart, kids learn to ask different questions about life. Instead of asking, "What's in it for me?" they learn to ask, "What's the right thing to do?" You'll soon see how a heart-based approach to parenting looks deeper and brings about greater, lasting change. The daily interaction you have with your children can impact them for the rest of their lives. With these fifty heart-based strategies, you'll develop your own biblical philosophy of parenting and gain perspective, greater motivation, and confidence that you're moving in the right direction. As you envision a positive future for your children, they'll experience hope and direction and you will too. Start applying these principles today!

The New Dare to Discipline James C. Dobson 2014-08-22 Much-needed answers to your toughest parenting questions! Why are boundaries so important? Do children really want limits set on their behavior? My spouse doesn't seem to care about discipline; why I am I stuck being the "bad guy?" Is it okay to spank my child, or will it lead him to hit others and become a violent person? Join the millions of caring parents who have found answers in the wisdom of parenting authority and family counselor Dr. James Dobson. The New Dare to Discipline is a revised and updated edition of the classic bestseller, designed to help you lead your children through the tough job of growing up.

This practical, reassuring guide will teach you how to meet your children's needs of love, trust, affection—and discipline. (This new edition is part of Dr. James Dobson's Building A Family Legacy initiative.)

Medical Eligibility Criteria for Contraceptive Use World Health Organization 2010 Medical Eligibility Criteria for Contraceptive Use reviews the medical eligibility criteria for use of contraception, offering guidance on the safety and use of different methods for women and men with specific characteristics or known medical conditions. The recommendations are based on systematic reviews of available clinical and epidemiological research. It is a companion guideline to Selected Practice Recommendations for Contraceptive Use. Together, these documents are intended to be used by policy-makers, program managers, and the scientific community to support national programs in the preparation of service delivery guidelines. The fourth edition of this useful resource supersedes previous editions, and has been fully updated and expanded. It includes over 86 new recommendations and 165 updates to recommendations in the previous edition. Guidance for populations with special needs is now provided, and a new annex details evidence on drug interactions from concomitant use of antiretroviral therapies and hormonal contraceptives. To assist users familiar with the third edition, new and updated recommendations are highlighted. Everyone involved in providing family planning services and contraception should have the fourth edition of Medical Eligibility Criteria for Contraceptive Use at hand.

Veinte barreras que impiden hablar de sexualidad con niñas, niños y adolescentes Ángela María Rojas Martínez 2021-03-01 En diversos estudios se ha identificado que aquellos programas de educación de la sexualidad en los que hay más involucramiento parental logran un mayor impacto en el bienestar

de niñas, niños y jóvenes; sin embargo, la evidencia indica que la mayoría de madres, padres y cuidadores tiene dificultades para hablar de sexualidad. El objetivo de este libro es ayudarte a identificar y superar veinte barreras que te impiden resolver con éxito diversas situaciones que suelen presentarse en la educación de la sexualidad de niñas, niños y jóvenes, lo que te permitirá participar en mayor medida, incluir en tus actividades cotidianas información sobre sexualidad basada en evidencia y crear espacios seguros que promuevan la comunicación sobre el desarrollo de la sexualidad. Todo ello por medio de una metodología basada en los principios del aprendizaje activo, autónomo y participativo, que te facilitan aplicar el contenido desde el primer capítulo y, si lo deseas, replicarlo en diversos contextos.

From de Abyss to the Light Miguel Núñez 2017-12-25 A real character, Rahab, in a novel where he tries to reproduce what could have been his life, showing, first, his process of conversion. Moving from darkness to light should not be easy for anyone, but even more difficult in an age where women practically had no rights. Sometimes we are too relentless with mistakes or circumstances outside, and we seldom wonder what we would have done to be in a similar situation. That is the challenge of this book. Bring us with the imagination to a world very different from what we know, to be able to experience, even through literature, what could have been the life of this extraordinary woman. Rahab - the great-grandmother of Jesus Christ - has a lesson to teach current generations, especially those who find it difficult to pass from death to life, from darkness to light, from the abyss to a completely new reality.

Parenting: From Surviving to Thriving Charles R. Swindoll 2008-05-06 Everything that parents need to survive and thrive in the 21st Century. Marriage, children and family have been lifelong priorities for Charles Swindoll. Based on his extensive study of both the Old and New Testaments, Chuck has drawn

together those timeless insights for building close and rewarding family relationships. Following a biblical exploration of God's purpose and plans for families, readers are equipped with all the tools necessary to grow strong healthy families. Chuck then takes a clear-eyed look at those areas where parents and families often experience difficulties. In typical Swindoll fashion, these discussions are frank and direct but always leave the reader filled with hope and encouragement. Selected Chapters: This Is not your Grandfather's Family Practical Advice on Making a Marriage Stick Cultivating a Life of Self-Worth The Best Kept Secret of Wise Parenting Increasing the Priority of Your Family Staying Young as Your Family Grows Older Danger Signs of Domestic Erosion Restoring Relationships After You've Blown It Affirming and Encouraging Words to Dads Secret Struggles...Family Troubles From Resentment to Rebellion Final Words to Families Then and Now

Keys to Your Child's Healthy Sexuality Chrystal De Freitas 1998 An experienced pediatrician and educator who is also a parent offers advice on how to talk about the facts of life and sexuality to children of all ages, from preschoolers to preteens, and describes a value system for the entire family that promotes a healthy attitude toward sexuality.

Sexually Victimized Children David Finkelhor 2010-05-11 Based on a large-scale survey and in light of demographic and cultural factors, the author examines why children are sexually victimized, the sources of trauma, differences between reported and unreported cases of assault, and possible increases in sexual victimization.

Help I'm Raising My Children Alone T.D. Jakes 2011-10-03 The loss of a spouse through death, divorce, or even abandonment can leave a mom or dad feeling uncertain about how to pull the family together and raise spiritually healthy children. In this best-selling book, Bishop T. D. Jakes, the father of five children, offers hope,

encouragement, and biblical advice for single parents--and for those who feel as if they are single. Using discussion questions, interactive parent/child activities, and prayers at the end of each chapter, Jakes helps you learn how to embrace your family's future and let go of your painful past as you reflect on topics including: Learn how to accept unexpected changes. Know that past failure does not prevent future success. Learn how to love imperfect people. Turn pain into power. Know that it is OK to ask for help.

A Chicken's Guide to Talking Turkey with Your Kids About Sex Kevin Lemman 2009-10-14 You're already establishing a track record with your kid by how you listen, by what you say when you're angry, and by how you treat your spouse. We like to surprise parents who ask us, "When do I start talking about sex?" The answer is, you've already started. As difficult as talking with your child about sex, peer pressure, and self-image may seem, you can do it—and you must. Your child's future depends on it. Fortunately, you've got plenty of guidance and insight available in *A Chicken's Guide to Talking Turkey with Your Kids about Sex*. Family psychologist Dr. Kevin Lemman and sexuality educator Kathy Flores Bell guide you safely along the sometimes rocky road of pubescence as your child heads toward adolescence. This practical and engaging book covers his or her development not just from the waist down, but also from the neck up, where the important decisions about sex are made. Illustrated with real life scenarios, this book is filled with practical knowledge and biblical wisdom. It is a book of firsts: first bra, first shave, first period, first nocturnal emission, first school dance, first discussion about relating to the opposite sex. *A Chicken's Guide* takes on the difficult things parents face with their kids today, such as dating

relationships, sexual activity and “rite of passage” attitudes, STDs, molestation, and more. Leman and Bell take you beyond sex education and frank conversations to cultivating a relationship with your child. Get ready to acquire some unanticipated life skills in the process. Moms, discover how to buy that first athletic supporter for your son in Little League. Dads, learn how to navigate the feminine hygiene aisle at the supermarket for your daughter. You’ll do more than meet your child’s physical needs. You’ll create the trust, support, and security he or she needs in your relationship. And in turn, you’ll gain a credible voice on such intimate topics as what sexual intercourse is and why to abstain from sex until marriage. With Bell’s expert yet simple knowledge of the dynamics of human sexuality and Dr. Leman’s winsome, lighthearted approach, you’ll gain confidence for those difficult but essential talks. Here are the tools you need to help your kids not only understand their growing bodies, but cope with the temptations and social pressures that go with them.
