

Ecstatic Sex A Guide To The Pleasures Of Tantra

Kiss of the Yogini - David Gordon White 2006-07-07

For those who wonder what relation actual Tantric practices bear to the "Tantric sex" currently being marketed so successfully in the West, David Gordon White has a simple answer: there is none. Sweeping away centuries of misunderstandings and misrepresentations, White returns to original texts, images, and ritual practices to reconstruct the history of South Asian Tantra from the medieval period to the present day. *Kiss of the Yogini* focuses on what White identifies as the sole truly distinctive feature of South Asian Tantra: sexualized ritual practices, especially as expressed in the medieval Kaula rites. Such practices centered on the exchange of powerful, transformative sexual fluids between male practitioners and wild female bird and animal spirits known as Yoginis. It was only by "drinking" the sexual fluids of the Yoginis that men could enter the family of the supreme godhead and thereby obtain supernatural powers and transform themselves into gods. By focusing on sexual rituals, White resituates South Asian Tantra, in its precolonial form, at the center of religious, social, and political life, arguing that Tantra was the mainstream, and that in many ways it continues to influence contemporary Hinduism, even if reformist misunderstandings relegate it to a marginal position. *Kiss of the Yogini* contains White's own translations from over a dozen Tantras that have never before been translated into any European language. It will prove to be the definitive work for persons seeking to understand Tantra and the crucial role it has played in South Asian history, society, culture, and religion.

Red Hot Tantra - David Alan Ramsdale 2004

Red Hot Tantra was the first book about red tantra -- the hot, lusty version of tantric sex. This book drops the robes of holiness to offer the first shamelessly erotic, blissfully sensual, and devoutly naughty tantric

guide. When most people think of tantric sex, they think of white tantra, which was developed by monks and encourages dispassionate remoteness. Red tantra, on the other hand, is an ancient, orgasm-positive, woman-centered tradition based on erotic goddess worship. This book combines erotic stories, instructions for a tantric experience, and a commentary on the insights dramatized by the story and experienced by the reader.

The Kama Sutra - Vatsyayana 2022-12-26

One of the best English translations of this ancient Indian treatise on politics, social mores, love, and intimacy are the Kama Sutra, which Mallanaga Vatsyayana wrote in the second century CE. Its clean presentation raised the bar for Sanskrit translation. The Kama Sutra is a unique combination of sexology, society, psychology. It has been hailed as a great work of Indian literature for more than 1,700 years and has served as a window for the West into the mysticism and culture of the East. The Kama Sutra, a prehistoric Indian literature, is regarded as the most important Sanskrit study of human sexuality. The Kama Sutra remains one of the most accessible and entertaining of all the ancient classics, having been written with frankness and unassuming simplicity. The Kama Sutra is so significant as a work of philosophy, psychology, sociology, theology, science, and sexology that it simultaneously had an impact on Indian civilization and remained a crucial component in understanding it.

Mastering the Core Teachings of the Buddha - Daniel Ingram 2020-01-20

The very idea that the teachings can be mastered will arouse controversy within Buddhist circles. Even so, Ingram insists that enlightenment is an attainable goal, once our fanciful notions of it are stripped away, and we have learned to use meditation as a method for examining reality rather than an opportunity to wallow in self-absorbed mind-noise. Ingram sets out concisely the difference between concentration-based and insight (vipassana) meditation; he provides example practices; and most importantly he presents detailed maps of the states of mind we are likely to encounter, and the stages we must negotiate as we move through clearly-defined cycles of insight. It's easy to feel overawed, at first, by Ingram's assurance and ease in the higher levels of consciousness, but consistently he writes as a down-to-earth and compassionate guide, and to the practitioner willing to commit themselves this is a glittering gift of a book. In this new edition of the bestselling book, the author rearranges, revises and expands upon the original material, as well as adding new sections that bring further clarity to his ideas.

Tantric Sex for Men - Diana Richardson 2010-06-18

A revolutionary approach to male sexuality offers the keys to achieving sexual fulfillment • Teaches how to retain semen for increased vitality

and longer lovemaking • Explains the relationship-strengthening benefits of deep, sustained penetration • Includes foreplay approaches and position sequences Fulfilling sex nourishes love, increases vitality, and boosts mental health. Unfortunately, prevailing attitudes about male sexuality and what is good sex work against these innate features by focusing on the excitement of ejaculation as the one and only goal. Using the tantric guidelines they have practiced for more than 25 years, Diana and Michael Richardson show men how to move beyond their preconceptions of sex as a goal-oriented—and often unintentionally stressful—event so they can relax into sex as a meditative union of complementary energies. They explain how retaining semen allows for increased vitality and extended lovemaking sessions and show the relationship-strengthening benefits of deep, sustained penetration. They also explain how to perform soft penetration and how to avoid premature ejaculation. *Tantric Sex for Men* includes tried-and-true foreplay approaches, diagrams of sexual position sequences, ways to increase sexual sensitivity through awareness, and how to have ecstatic experiences through reaching a woman's body on a sexually deeper level. The authors also demonstrate how the sexual organs can be used to heal both men and women physically, emotionally, and spiritually.

Tantric Love - Ma Ananda Sarita 2001

Sometimes it can be difficult for even the closest of partners to fully express their love during sex. Tantra can help you dissolve these barriers to intimacy, and invites you to awaken the physical and spiritual energy that can bring partners together as loving soul mates. *Tantric Love* unlocks the secret powers of meditation, breathing, massage, and more to help you celebrate and revitalize your love life. Each chapter focuses on one of the chakras -- or energy centers -- in the body and offers simple exercises that will help you share this energy and open the door to ecstasy. Discover new ways of pleasing your partner Enjoy sexual satisfaction through and beyond orgasm Learn how to open up to your partner -- both in and out of the bedroom As you move

from one stage to the next, you'll find that you're not only connecting with your lover on a physical level but on a deep spiritual level, too -- one that prepares you for a loving, lasting commitment to each other.
