Book #2 in the three-book saga of a woman on the run. (This ongoing story begins in "Who Hates Marigold Flowers", Book #1, and concludes in "Bury Me in Paradise", Book #3.) In Book #1, the former Marigold Flowers was booted out of WitSec when she was suspected of orchestrating the attempted murder of a US Marshal. Will he abandon her just when the mastermind of this convoluted plot gets close enough to destroy her?

*A Killer Welcome* - Dionne Lister 2021-09-20

From the USA Today bestselling author of the Paranormal Investigation Bureau Cozy Mystery Series comes a fun new paranormal mystery series with ghosts. Avery Winters was overjoyed to be brought back to life... unfortunately, the dead were waiting for her. Aussie journalist Avery Winters was content—she had a caring boyfriend, great job, and supportive... okay, so her parents weren't actually supportive, but she'd accepted she could never be the son they'd wanted seeing as how she was born a girl. Avoiding them seemed to work well, and, she reasoned, no one's life was perfect. And that was fine, except whilst covering a news story in a storm, Avery's cosy life disappeared in a flash. Lightning struck, stopping her heart and blowing her favourite black boots to smithereens. It was pure luck that an off-duty nurse was walking nearby. When Avery came to in the ambulance en route to hospital, she'd thought the worst was over. She was wrong. Her

lightning-induced hallucinations—there was no way they were ghosts—were impossible to hide. Her boyfriend soon left, and her boss suggested she take extended leave. Unable to cover her rent, she moved back in with her parents. And that's when the fun really began. Unable to cope with their insistence she was crazy, and desperate for an escape, she responded to a journalist-wanted ad... in the UK, because getting mega far away from her parents could only be a good thing. Armed with a new fear of storms, companions others couldn't see, and the hope that leaving the stress behind would improve her mental state, she boarded a plane for London. What she didn't count on was not being able to leave her ghosts behind... literally. Oh, and that the quaint English village she'd be living in had more skeletons in its closet than the Natural History Museum. When she stumbles upon a dead body in her rented apartment on her first day, she's tempted to get back on the plane. But whilst it's not a good omen, returning

to her parents would be worse, so she decides to stay. Only, she's not sure if it's the best decision she's ever made, or the worst. She's about to find out. A fun, light-hearted paranormal cozy mystery with a sassy heroine, ghosts, murder, romance, quirky characters set in England.

The latest action-packed instalment of a bestselling paranormal cozy mystery series. When one of Lily's friends is in trouble, she'll do whatever she can to help, even if it means risking her life. When one of Beren's ex-girlfriends is killed in a hit-and-run accident, the team is quickly on the case. It doesn't take long for them to realise it wasn't an accident. What's worse is that all the evidence points to Beren. Chad is happy to jump on the throw-Beren-in-Jail bandwagon, and he tries to thwart Angelica, James, Lily and the gang at every turn. While the good witches at the PIB do their best to untangle the mystery, they might have to face the fact that Beren is guilty.
