Gay Gene - Luis Alexandre Ribeiro Branco
2014-09-29

When we think about postmodernism we have to consider its implication in every aspect of society and none would doubt that homosexuality is one of these major implication especially for the contemporary church. The influence of relativism and the paradigm shift in humanity made homosexuality not just acceptable, but in many cases a norm. For a long time the church barricaded herself not only behind her Jewish-Christian worldview and theological values, but also behind the absolutes of science that just has to agree that in the beginning there were only male and female. For long time homosexuality has been viewed as a behavior option, but what about if science has come up with a new discovery so called Gay Gene? That is exactly what we want to discuss in this essay.

Homosexualidad y matrimonio - Carmen Peña García 2004-02-26

Se aborda, desde una perspectiva canónica, pero abierta a los datos ofrecidos por las restantes ciencias, un tema sugestivo: el de la validez o nulidad de los matrimonios contraídos por homosexuales. A partir de un estudio pormenorizado y crítico de las sentencias sobre homosexualidad dictadas en diversos tribunales eclesiásticos, se analiza la evolución jurisprudencial y doctrinal que se ha producido respecto a esta cuestión desde el Concilio Vaticano II hasta nuestros días.

Una actitud es una predisposición aprendida para responder consistentemente de una manera favorable o desfavorable respecto a un objeto o sus símbolos. Los seres humanos tenemos actitudes hacia muy diversos objetos o símbolos, por ejemplo: actitudes hacia el aborto, la política económica, la familia, un profesor, diferentes grupos étnicos, la Ley, nuestro trabajo, el nacionalismo, hacia nosotros mismos, etcétera (Hernández, Fernández-Collado y Baptista, 1991).

Queer Issues in Contemporary Latin American Cinema - David William Foster 2004-01-01

Viewing contemporary Latin American films through the lens of queer studies reveals that many filmmakers are exploring issues of gender identity and sexual difference, as well as the homophobia that attempts to defeat any challenge to the heterosexual norms of patriarchal culture. In this study of queer issues in Latin American cinema, David William Foster offers highly perceptive queer readings of fourteen key films to demonstrate how these cultural products promote the principles of an antiheterosexist stance while they simultaneously disclose how homophobia enforces the norms of heterosexuality. Foster examines each film in terms of the ideology of its narrative discourse, whether homoerotic desire or a critique of patriarchal heterosexism and its implications for Latin American social life and human rights. His analyses underscore the difficulties involved in constructing a coherent and convincing treatment of the complex issues involved in critiquing the patriarchy from perspectives associated with queer studies. The book will be essential reading for everyone working in queer studies and film studies. The films discussed in this book are: De eso no se habla (I Don't Want to Talk about It)El lugar sin límites (The Place without Limits)Aqueles dois (Those Two)Convivencia (Living Together)Conducta impropia (Improper Conduct)The Disappearance of García LorcaLa Virgen de los Sicarios (Our Lady of the Assassins)Doña Herlinda y su hijo (Doña Herlinda and Her Son)No se lo digas a nadie (Don't Tell Anyone)En el paraíso no existe el dolor (There Is No Suffering in Paradise)A intrusa (The Interloper)Plata quemada (Burnt Money)Afrodita (Aphrodite)Fresa y chocolate

El defensor - Víctor Gay Zaragoza 2015-10-08

¿Qué llevó a Ramón Colubí a arriesgar su vida y su carrera por defender a Companys? La apasionante y desconocida historia del abogado del president Companys. Una novela sobre dos hombres distintos unidos por la justicia. En agosto de 1940, Lluís Companys, president de la Generalitat de Cataluña en el exilio, era detenido por las fuerzas de ocupación nazi en Francia y trasladado a Barcelona para ser juzgado. El Régimen designó a Ramón de Colubí, un joven e inexperto abogado que había militado en el bando nacional, para llevar su defensa según un guion preestablecido. El juicio iba a ser un trámite. El acusado sería condenado y ejecutado sin dilación. Pero el joven abogado se rebeló contra el papel que parecía que la historia le tenía reservado. Poniendo en riesgo su vida y su carrera, luchó hasta el último momento por hacer justicia, dignificar su labor como defensor de Lluís Companys e impedir su muerte. Después de manejar una exhaustiva e inédita documentación y de investigar los entornos más cercanos de ambos personajes -defensor y defendido- Víctor Gay Zaragoza, pariente del abogado, dibuja perfectamente la cara más humana de Companys y de Colubí y relata una historia que trasciende los sentimientos de pertenencia a bandos o ideas, promulgando una verdadera lección de humanidad y sentido común. Una novela sobre la lucha contra la injusticia. Una historia verdadera sobre heroísmos y prejuicios.
